Title: AHRRA Multi-party Framework Agreements for the provision of Legal Services
Description: The Contracting Authority proposes to engage in a competitive process for the establishment of multi-party framework agreements for the provision of legal services to AHRRA. Two [2] Multi-party Framework Agreements for Legal Services. The Framework Agreements will be established under the light-touch regime applicable to Title III services pursuant to Part 3, Chapter 1 of the European Union (Award of Public Authority Contracts) Regulations 2016. Accordingly, the procurement process, the framework agreements and contracts awarded under them will be governed by the provisions of the Regulations applicable to such services. The Contracting Authority intends to establish the frameworks in the following Lots: · Lot 1: Regulatory Legal Support · Lot 2: Corporate Operations Legal Support Candidates may apply to qualify for one or both Lots. Given the nature and complexity of the services and their classification as Title III Services; - Social and Other Specific Services, the Contracting Authority intends to conduct a multi-stage procurement process utilising the procedural flexibility available under applicable procurement law. The procedure may involve the following stages: 1. Pre-Qualification (this stage); 2. Tender; 3. Negotiation, where utilised; 4. Best and Final Offer (BAFO), where utilised; and 5. Establishment of the Framework Agreements and award of Service Contracts The estimated total value of the framework agreements for all lots is in the region of €3.5M to €7M (excl. VAT) over the lifetime of the agreements. The following are estimated values for each of the Lots: • Lot 1: Regulatory Legal Support - €2.5M to 4.5M • Lot 2: Corporate Operations Legal Support €1M to 2.5M Given the nature of the Services and the status of the Contracting Authority as a newly established regulator, the future volume, nature and allocation of legal services requirements cannot be forecast with precision, including as between the Lots. Requirements may be significantly affected by matters that cannot be predicted in advance, including investigations, enforcement activity, litigation, judicial review proceedings, appeals, regulatory developments, organisational requirements and other matters arising during the term of the Framework Agreement(s). The Contracting Authority may ultimately spend more or less than the estimated individual framework values, however the overarching figure for this procurement is the maximum value, thus once financial cover is available in the maximum value, individual lot frameworks may exceed the estimated value outlined per lot.
