QS FOR FUEL FACILITIES AND EQUIPMENT

Dear Sir/ Madam,

On behalf of Iarnród Éireann we invite applicants to submit a PreQualification Questionnaire for Fuel Facilities and Equipment.

The initial call-off from this Qualification System will be for the Cork Fuel Slab project. We are enclosing the specification and pricing documents for the Cork Fuel Slab project to facilitate a quick turnaround in tender submissions.

We are providing these documents now to expedite the tender process for the Cork project. Once applicants have been notified of their successful prequalification, we will issue the Cork ITT (Invitation to Tender) with a two-week turnaround for tender submissions.

We look forward to receiving your prequalification questionnaire and working with you on future projects

Yours sincerely,

David Behan
