Ireland: Fire engines
Supply and Delivery of a new Water Tanker Fire Appliance to Carlow County Council

Contract or concession notice – standard regime

1 *Buyer*

1.1 *Buyer*

Official name: Carlow County Council
Legal type of the buyer: Local authority
Activity of the contracting authority: General public services

2 *Procedure*

2.1 *Procedure*

Title: Supply and Delivery of a new Water Tanker Fire Appliance to Carlow County Council
Description: Water Tanker Fire Appliance Water tankers carry approximately 8,000 litres of water to an operational incident, invariably to large or remote fires. This water can then be dumped into a dam at the incident location while the water tanker goes to refill, or the water tanker can remain on site at the incident and feed water directly to a Class B or Aerial fire appliance. Fire service water tankers have also been used extensively over many years to assist with community resilience, particularly in times of severe weather. Fire service water tankers have provided water to vulnerable communities, local businesses and hospitals amongst others during periods of cold weather and droughts. The availability of large volumes of water is a fundamental requirement for fire-fighting operations. Water availability is not always guaranteed as seen recently during major storms. In these circumstances, water tankers provide a crucial logistical support for fire-fighting operations.
Procedure identifier: 46c9632d-9bb4-4874-bfe2-9a0dac513959
Type of procedure: Open
The procedure is accelerated: *no*

2.1.1 *Purpose*
