1	26-08-2025	DPS: Provision of training services to the Positive2Work Skillnet	1) In attempting to apply for Lot 1 I found that I was unable to submit an application for just that Lot. It was showing only 25 per cent completed. We asked for a workaround and were told to just submit a word document saying "N/A" to the other 3 Lots so we could get the submission across the line. Can this be adjusted so we can apply for individual lots in the future? Also if there is a preferred workaround from your side please let us know and we'll incorporate it into our future submissions. 2) In the DPS ARD 3.1 Economic and Financial Standing on pages 9 and 12 there is a discrepancy in that it states "4. Tenderers meet the minimum turnover requirement of €50,000 over each of the last three financial years and will provide evidence from their accountants / auditors to this effect. " vs "I confirm that we have achieved the turnover stated below. (Minimum turnover required to pass is 500,000 EUR for each financial year)" - obviously I imagine this is a simple typo but it does cause some confusion as there is a big difference. Can the correct turnover be confirmed please. 3) In the DPS ARD section 4. Compliance Checks - the wording is unfortunately very confusing. It is not clear who is being addressed in the Compliance sections "Tenderers" and "Applicants" seem to be addressed simultaneously but it is implied that they are 2 different entities. Could the distinction please be clarified. We have answered as best we could but if we are incorrect could you please highlight and let us know.	1) As this is a system issue and out of our hands, please follow the guidance provided to you by the eTenders Helpdesk. We advise that all DPS Applicants clearly state in their ARD the Lots they are applying for. 2) Minimum turnover is 50,000 Euro. The documents have been updated to reflect this. 3) As this is a DPS, all tenderers are to be referred to as DPS Applicant prior to their admission to the DPS. Tenderers/Applicants who successfully admitted into the DPS are referred to as the DPS Members.
