Any contract that may result from this Competition (the “Goods Contract”) will be issued for a term of 2 years (“the Term”).

The Contracting Authority reserves the right to extend the Term for a period or periods of up to 2 years with a maximum of 1 such extension or extensions on the same terms and conditions, subject to the Contracting Authority’s obligations at law.

1.6 The Contracting Authority estimates that the expenditure on the Goods to be covered by the proposed Goods Contracts may amount to some €300,000 to €400,000 (excl. 1.7 Contracting Authority policy seeks to encourage participation on a fair and equal basis by Small and Medium Enterprises (“SME”s) in this Competition. SMEs that believe the scope of this Competition is beyond their technical or business capacity are encouraged, subject to paragraph 2.5, to explore the possibilities of forming relationships with other SMEs or with larger enterprises. Through such relationships they can participate and contribute to the successful implementation of any Goods Contract that may result from this Competition and therefore increase their social and economic benefits.

Larger enterprises are also encouraged, subject to paragraph 2.5, to consider the practical ways that SMEs can be included in their proposals to maximise the social and economic benefits of any Goods Contract that may result from this Competition.

Part 2: Instructions to Tenderers

2.1.1 While every effort has been made to provide comprehensive and accurate information in all notices and documents prepared for the purposes of this Competition, the Contracting Authority does not accept any liability or provide any express or implied warranty in respect of any such information. Tenderers must form their own conclusions about the solution needed to meet the requirements set out in this RFT and may wish to consult their legal advisers.

2.1.2 The Contracting Authority does not bind itself to accept the lowest priced or any Tender.

This RFT does not constitute an offer or commitment to enter into a Goods Contract.

No contractual rights in relation to the Contracting Authority will exist unless and until a formal written Goods Contract has been executed by or on behalf of the Contracting Authority.

Any notification of preferred bidder status by the Contracting Authority shall not give rise to any enforceable rights by the Tenderer.

The award of a Goods Contract does not confer exclusivity on the successful Tenderer.

The Contracting Authority may cancel this Competition [REDACTED] at any time prior to a formal written Goods Contract being executed by or on behalf of the Contracting Authority.

2.1.3 This RFT supersedes and replaces any and all previous documentation, communications and correspondence between the Contracting Authority and Tenderers, and Tenderers should place no reliance on such previous documentation and correspondence.

A.	Ultimate Cost to contracting authority ex VAT	3000	30%	N/A
B.	Order & Delivery Tenderers should set out in detail how they process orders following receipt of the official purchase order from the school/training centre to scheduling the delivery. Tenderers should address the following elements in their response: · Lead times from order to delivery · Tenderers should set out in their proposal the process for installation, commissioning, and training of any applicable items. · Your proposal under this element should address how the Tenderer will meet the specific delivery dates for delivery of equipment as this is critical to the contract. · Please indicate who will be responsible for delivery to site and who will be responsible for sign off. · Tenderers should outline in their proposal the procedure for disposal of all waste packaging from the contracting authority. · Tenderers should address continuity of supply - the purpose of this criterion is to establish the extent to which the Contracting Authority may place due confidence in the tenderers ability to provide the goods as specified.	1500	15%	50%
C.	Quality of Equipment Tenderers should demonstrate that the quality of the equipment is fit for purpose and suitable for use in a school environment. Tenderers need to ensure the specification is of a durable nature for everyday use in school environment. The technical specifications outlined in the documentation are the minimum required.	3000	30%	50%

	Tenderers should provide details in the tender response document of the manufacturer of the equipment along with details of the range proposed.			
D.	After Sales/Customer Support Service Tenderers should address the following elements in their response: · Details of contract management team for this contract. · Response times to customer queries and complaints. · Policy for returns and replacement goods, and timelines. · Invoicing procedure as per contracting authority's requirement, including issuing of credits. · Maintenance of the equipment, where applicable. · Familiarisation and training on equipment where applicable.	1000	10%	50%
E.	Warranty and Maintenance of Equipment The Contracting Authority requires a minimum warranty of those stated in the specifications/pricing schedule. Tenderers should provide details of extended warranty and service and maintenance arrangements available to the Contracting Authority.	500	5%	50%
F.	Commitment to Sustainability Tenderers must clearly and comprehensively demonstrate how they will ensure sustainability in the provision of supplies. Include details such as, membership of REPAK or equivalent and WEEE (Waste Electrical and Electronic Equipment) or equivalent, to reduce environmental impact.	1000	10%	50%

	Tenderers should demonstrate their commitment to sustainability and how this is incorporated into your business. Tenderers should outline any Corporate Social Responsibility initiatives that they participate in within their communities.			
	Total	10000	100%	N/A

Minimum Requirements: Tenderers must achieve the minimum marks allocated to each of the qualitative sub-criteria. Failure to achieve the minimum mark in any one of the qualitative sub-criteria will result in the elimination of the Tender from the Competition.

Evaluation Process

Step 1: Evaluation of Qualitative Sub-Criteria

A total of 7000 marks is allocated across the qualitative criteria, which equates to 70% of the overall marks available. For each of the non-cost sub-criteria included in Table 1 above, the scoring methodology set out in Table 2 will apply.

In accordance with the scoring methodology:

A) the tender evaluation panel will determine into which of the six bands the response falls. The available marks for each criterion are divided evenly amongst bands 1-5.

B) the tender evaluation panel will then assign a mark within the scoring range of the selected band depending on the quality of the response.

No.	Score	Category	Description
5	90 – 100%	Exceptional	An exceptional response demonstrating extensive understanding offering full assurance to client – fully supported with no reservations.
4	80 – 89%	Excellent	An excellent response demonstrating excellent understanding offering assurance to client – fully supported.
3	70 – 79%	Very good	A very good response demonstrating very good understanding offering assurance to client – strongly supported.
2	60 – 69%	Good	A good response demonstrating good understanding offering assurance to client – well supported.
1	50 – 59%	Acceptable	An acceptable response demonstrating a minimum understanding offering assurance to client - satisfactorily supported.
0	0 – 49%	Unacceptable	A response which fails to address the criterion to the required standard or presents risk of non-

			performance; is therefore deemed inadmissible and therefore not eligible for further consideration.
Example: Where the maximum mark available for a qualitative sub-criterion is 1000 and the tender evaluation panel determines that the response falls under the “very good” description (Scoring Band 3), then the evaluation panel may award a minimum of 70% of the total marks available (i.e. 700 marks) and a maximum of 79% of the total marks available (i.e. 790 marks), dependant on the quality of the response.			

Only those Tenders that achieve the minimum marks allocated to each of the qualitative sub-criteria will proceed to be assessed under the cost criterion, as set out below.

Step 2: Evaluation of Costs

For the purpose of this Competition, Tenderers are required to quote a Total Fixed Price Sum to deliver the services required. There is a total of 3000 marks allocated to the cost award criterion, which equates to 30% of the overall marks available. The Tender that proposes the lowest Fixed Price Sum will receive 100% of the marks available. All other Tenders will be scored using the following formula:

$$\text{Cost Score} = \frac{\text{Lowest Tendered Total Fixed Price Sum}}{\text{Tendered Total Fixed Price Sum under evaluation}} \times \text{Maximum Marks Available}$$

The total marks achieved for the qualitative award criterion and sub-criteria (Step 1) will be added to the total marks achieved for the cost criterion (Step 2) to arrive at a Total Overall Score. The Tender with the highest Total Overall Score will be deemed to be the MEAT and will be deemed successful, subject to meeting all other requirements of this SRFT.

Tender respondents should note that:

- LMETB are not bound to accept the lowest priced, or any, Tender. LMETB reserves the right not to award the contract or place any orders as a result of this tender competition. No commitment of any kind, contractual or otherwise will exist unless and until a formal contract has been executed by or on behalf of LMETB. The award of the contract will not give rise to any enforceable rights by the successful Tenderer. LMETB may cancel this competition at any time prior to a contract being executed.
- Tenderers should elaborate on all points addressed in the requirements section in order to gain as many points as possible. Merely repeating the mandatory requirements set out in these specifications without going into detail or adding any value will result in a very low score.
- Tenderers will be required to ensure that their tenders provide detailed information on their offers for assessment against the award criteria stated above. This will enable LMETB to assess all tenders fully and score them appropriately.
- LMETB reserves the right to interview individual Tenderers, and/or contact referees prior to awarding the contract.

3.3.2 Subject to paragraphs 2.1 (Important Notices) and 3.5 (Standstill Period) of this RFT, award of the Goods Contract to the highest ranked Tenderer (as determined by paragraph 3.3.1) will be conditional upon:

- (a) the Tenderer submitting the following evidence in respect of the Tenderer (including the Prime Contractor and any Subcontractors, as applicable in accordance with paragraph 3.1 above) to the extent not already provided, within seven (7) days of request by the Contracting Authority: (i) a Declaration in the form attached at Appendix 4; (ii) if applicable, evidence to the effect that measures taken by the entity concerned are sufficient to demonstrate its reliability despite the existence of a relevant Exclusion Ground; (iii) all or any of the supporting documents specified at paragraph 3.2; and
- (b) the evidence specified at paragraph 3.3.2 (a) above demonstrating that each entity concerned meets the Selection Criteria and the compliance requirements specified at paragraph 3.1 (b) and (c) above.

3.4 PRESENTATION OF PROPOSALS

Tenderers may be required to make a presentation of the proposal contained in their Tender. The Contracting Authority will not be responsible for the cost of such presentations (in accordance with paragraph 2.8). Performance at presentations will NOT be evaluated.

3.5 STANDSTILL PERIOD

3.5.1 In circumstances where the European Communities (Public Authorities' Contracts) (Review Procedures) Regulations 2010 (Statutory Instrument 130 of 2010), as amended by the European Communities (Public Authorities' Contracts) (Review Procedures) (Amendment) Regulations 2015 (Statutory Instrument 192 of 2015) and the European Communities (Public Authorities' Contracts) (Review Procedures) (Amendment) Regulation 2017 (Statutory Instrument 327 of 2017) apply, no contract can or will be executed or take effect until at least fourteen (14) calendar days after the day on which the Tenderers have been sent a notice informing them of the result of this Competition ("Standstill Period") if such notice is sent by electronic means. The Standstill Period shall be sixteen (16) calendar days if such notice is sent by other means. The preferred bidder will be notified of the decision of the Contracting Authority and of the expiry date of the Standstill Period

3.5.2 Tenderers should note that the Contracting Authority may, when notifying Tenderers of the results of this Competition, include the scores obtained by the Tenderer concerned and the scores obtained by the preferred bidder in respect of each award criterion assessed by the Contracting Authority.

3.6 RETURN OF SIGNED CONTRACTS

3.6.1 The successful Tenderer must sign and return the Goods Contract and the Confidentiality Agreement, both in duplicate to the Contracting Authority no later than 7 calendar days from the date of expiry of the Standstill Period unless notified otherwise in writing by the Contracting Authority. A signed Goods Contract returned by the successful Tenderer is not binding on the Contracting Authority until the Contracting Authority has signed the Goods Contract in accordance with paragraph 2.1.2 above.

- 3.6.2** Where the signed Goods Contract and the Confidentiality Agreement have not been received by the Contracting Authority within the period as specified at paragraph 3.6.1 then the Contracting Authority may proceed to award the Goods Contract to the next highest-ranked Tenderer in accordance with paragraph 3.6.1 above.

Appendix 1: Requirements and Specifications

Tenderers must address each of the issues and requirements in this part of the RFT and submit a detailed description in each case which demonstrates how these issues and requirements will be dealt with / met and their approach to the proposed delivery of the Goods. A mere affirmative statement by the Tenderer that it can / will do so or a reiteration of the tender requirements is NOT sufficient in this regard.

ABOUT THE CONTRACTING AUTHORITY

Education and Training Boards (ETBs) are statutory authorities which have responsibility for education and training, youth work and a range of other functions. Formerly known as Vocational Education Committees (VECs) ETBs manage and operate second-level schools, further education colleges, multi-faith community national schools and a range of adult, further education and training centres delivering education and training programmes, including 19 (former FÁS) training centres. There are 16 Education and Training Boards spread throughout the country with over 650 sites under their remit. The Chief Executive (CE) of each ETB carries out the executive functions of the ETB, including those in relation to procurement.

Education and Training Boards Ireland (ETBI), based in Naas, Co Kildare is the national representative association for ETBs. Its job is to represent ETBs and promote their interests. It also provides services to its members in areas such as Policy, HR/ IR, Corporate and Procurement & Reform. ETBI coordinates the **ETB Procurement Network**, which brings procurement personnel from the 16 ETBs together on a quarterly basis.

The Contracting Authority is an ETB responsible for the delivery of services in the following location: Louth and Meath.

The Education and Training Boards Act 2013 provided for the establishment of 16 new education and training boards to replace the existing 33 VECs. On July 1st, 2013 Co Louth VEC and Co Meath VEC merged to form Louth & Meath Education and Training Board (LMETB).

LMETB manages 18 Post Primary schools and 4 Community National schools, a Community Special School, a Centre for European Schooling, 2 Colleges of Further Education and is also responsible for an extensive range of Adult Services throughout both counties, including Adult Learning Services, Community Education, Back to Education Initiative, VTOS and Adult Guidance. LMETB is also joint patron of 6 Community Schools.

Louth and Meath Education and Training Board is funded by the Department of Education in respect of primary and post primary and related education and by SOLAS in respect of further education and training.

LMETB established the Advanced Manufacturing and Technology Training Centre of Excellence (AMTCE) located in the Xerox Park Industrial Estate in Dundalk. The AMTCE grew out of an identified need to provide trades people with new skills in anticipation of Brexit and in order to address identified industry needs. The training provided will enable both a regional and national response to the changing needs of the manufacturing sector which is driven by the need to adopt industry 4.0 technologies and practices in the face of both Brexit and global competition challenges. The centre will also provide training through apprenticeships and traineeships for people who are interested in pursuing careers in the advance manufacturing domain.

It is envisaged that the centre will become a focal point for the delivery of upskilling and reskilling opportunities for the manufacturing sector. The centre will deliver a wide variety of courses ranging from customised training on specific skills needs to apprenticeship and certificate level courses through instructor led, blended and on-line learning delivery approaches. The AMTCE aims through the delivery of quality training to support and catalyse business development by giving companies the opportunity to transform innovation into profit and maintain/ increase their resilience, productivity and competitiveness by adopting new technologies.

SCOPE OF THE FRAMEWORK AGREEMENT

The Contracting Authority proposes to engage in a competitive process for the establishment of a framework agreement for the supply, delivery, installation, commissioning and training of health and wellbeing equipment and associated products.

A framework agreement constitutes a means of establishing overall terms and conditions in accordance with which, for a specified duration, individual contracts may or not be awarded.

In the case of a single party framework agreement contracts may be awarded directly on foot of the original tenders or by consultation with the framework member and invitation to provide a supplementary tender within the constraints laid down in this tender documentation and the framework agreement terms and conditions.

Indeed, the Contracting Authority reserves the right to operate outside of the framework agreement at its discretion, particularly should it become apparent that doing so would offer greater value for money. Notwithstanding the foregoing, the framework agreement approach has been adopted to leverage efficiencies and maximise cost savings over the duration of the framework.

NUMBERS ADMITTED TO THE FRAMEWORK AGREEMENT

The framework agreement will be established as a single party framework agreement with the tenderer selected following the tender stage and the application of the award criteria. Thereafter they will be considered for the award of all contracts within the scope of the framework agreement.

DURATION OF THE FRAMEWORK AGREEMENT

The framework agreement will be for 2 years, with the option to extend for a term of 2 years, subject to a maximum of one (1) such extension, subject to satisfactory performance, business needs and budgetary constraints.

For the avoidance of doubt, the Contracting Authority confirms that the period of any contracts awarded under the framework agreement may extend beyond the date of expiry of the agreement.

ESTIMATED VALUE OF THE FRAMEWORK AGREEMENT

The estimated total value of purchases pursuant to the framework agreement is in the region of €400,000 to €500,000 (ex. VAT) over the lifetime of the agreement. It is emphasised, however, that this figure is provided strictly for indicative purposes only, based on current and future expected provisions. There is no guarantee of contracts or volume of work under the framework agreement.

AWARDING CONTRACTS UNDER THE FRAMEWORK AGREEMENT

In the case of a single party framework agreement contracts may be awarded directly on foot of the original tenders or by consultation with the framework member and invitation to provide a supplementary tender (RFQ) within the constraints laid down in this tender documentation and the framework agreement terms and conditions.

Please note the list of equipment is a list generated for the purpose of this tender and does not guarantee that all items will be purchased or that additional items may be required. CHANGES

It shall be the responsibility of the tenderer (in the event of success) to fulfil the obligations under the Framework Agreement, notwithstanding any changes in circulars, laws, regulations, taxation, duties or other factors which might arise following the withdrawal of the United Kingdom from membership of the EU. If customs declarations and VAT apply to imports from the UK following the withdrawal this too will be the responsibility of the successful tenderer. The costs provided by the tenderer to this competition will not be amended to incorporate any additional costs incurred by the implementation of Brexit.

ENVIRONMENTAL CONSIDERATIONS

Tenderers should employ good environmental practice with regard to waste reduction and waste recovery, including the efficient use of materials and transport, and the minimisation of waste during production. Non-renewable materials should be kept to a minimum, packaging should be made from recyclable materials and be used only where absolutely necessary.

[To be completed by notifying parties where the value of the procurement procedure is equal to or greater than the financial thresholds in Article 28 of Regulation (EU) 2022/2560 and where the notifying party has been in receipt of aggregated foreign financial contributions in the three (3) years prior to notification, valued equal to or greater than €4M per third country].

1. Description of the public procurement (Section 1 of Form FS-PP)

2. Information about notifying parties (Section 2 of Form FS-PP)

3. Foreign Financial Contributions – (Section 3 of Form FS-PP)

3.1 For the purposes of this section 3.1, the notifying party(ies) should report foreign financial contributions falling into the scope of Article 5(1), points (a), (b), (c) and (e) of Regulation (EU) 2022/2560, which are amongst the most likely to distort the internal market.

3.1.1. In order to allow the Commission to determine whether a foreign financial contribution has been granted to an undertaking that was ailing within the meaning of Article 5(1)(a) of Regulation (EU) 2022/2560, notifying parties should indicate whether any of the following conditions were met at any point of time in the three years prior to the notification.

3.1.1.1. Is the notifying party a limited liability company, where more than half of its subscribed share capital has disappeared as a result of accumulated losses?

☐ yes ☐ no

3.1.1.2. Is the notifying party a company where at least some members have unlimited liability for the debt of the company, and where more than half of its capital as shown in the company accounts has disappeared as a result of accumulated losses?

☐ yes ☐ no

3.1.1.3. Is the notifying party subject to collective insolvency proceedings or does it fulfil the criteria under its domestic law for being placed in collective insolvency proceedings at the request of its creditors?

☐ yes ☐ no

3.1.1.4. In the case the notifying party in question is not an SME:

3.1.1.4.1. has the notifying party's book debt to equity ratio been greater than 7,5 for the past two years

and

3.1.1.4.2. has the notifying party's EBITDA interest coverage ratio been below 1,0 for the past two years?

☐ yes ☐ no

3.1.1.5. If the reply to any of the questions in sections 3.1.1.1 to 3.1.1.4 was 'yes' in relation to any of the notifying parties, please indicate whether during the period in which the undertaking in question was ailing, it received any foreign financial contributions that may have contributed to restore its long-term viability (including any temporary liquidity assistance designed to support that restoration of viability) or to keep that party afloat for the short time needed to work out a restructuring or liquidation plan.

Notifying party(ies) ☐ yes ☐ no

3.1.1.6. If the reply to any of the questions in sections 3.1.1.1 to 3.1.1.4 was 'yes' in relation to any of the notifying parties, indicate if there is a restructuring plan capable of leading to the long-term viability of that party and if this restructuring plan includes a significant own contribution by the notifying party and provide details of that plan.

3.1.1.7. If the reply to any of the questions in points 3.1.1.1 to 3.1.1.4 was 'yes', please substantiate the answer, including references in the answer to the supporting evidence or documents that are to be provided in annexes (such documents may include, but are not limited to, the notifying party's latest profit and loss account statements with balance sheets, or court decision opening collective insolvency proceedings on the company or documents providing evidence that the criteria for being placed under insolvency proceedings at the request of creditors under national company law are met, etc.).

3.1.2. Has the notifying party been in receipt of a foreign financial contribution in the form of an unlimited guarantee for the debts or liabilities of the undertaking, namely without any limitation as to the amount or the duration of such guarantee (Article 5(1)(b)) of Regulation (EU) 2022/2560.

☐ yes ☐ no

3.1.3 Has the notifying party been in receipt of an export financing measure that is not in line with the OECD Arrangement on officially supported export credits (Article 5(1)(c)) of Regulation (EU) 2022/2560.

☐ yes ☐ no

3.1.4. Has the notifying party been in receipt of a foreign financial contribution enabling an undertaking to submit an unduly advantageous tender on the basis of which the undertaking could be awarded the relevant contract (Article 5(1)(e)) of Regulation (EU) 2022/2560.

☐ yes ☐ no

- 3.2.** For each foreign financial contribution equal to or in excess of EUR 1 million granted to the notifying parties in the three years prior to the notification that may fall into any of the categories of Article 5(1), points (a) to (c) and (e) of Regulation (EU) 2022/2560, the notifying party must provide the following information and provide supporting documents:
- 3.2.1. Form of the financial contribution (e.g. loan, tax exemption, capital injection, fiscal incentive, contributions in kind, etc.).
 - 3.2.2. Third country granting the financial contribution. Specify also the granting public authority or entity.
 - 3.2.3. Amount of each financial contribution.
 - 3.2.4. Purpose and economic rationale for granting the financial contribution to the party
 - 3.2.5. Whether there are any conditions attached to the financial contributions as well as its use.
 - 3.2.6. Describe the main elements and characteristics of those financial contributions (e.g. interest rates and duration in the case of a loan).
 - 3.2.7. Explain whether the financial contribution confers a benefit within the meaning of Article 3 of Regulation (EU) 2022/2560 to the undertaking to which the foreign financial contribution has been granted. Please explain why, with reference to the supporting documents provided under Section 6 (below).
 - 3.2.8. Explain whether the financial contribution is limited in law or in fact, within the meaning of Article 3 of Regulation (EU) 2022/2560, to certain undertakings or industries. Please explain why, with reference to the supporting documents provided under Section 6 (below).
 - 3.2.9. Explain if the financial contribution is granted only for operating costs exclusively linked with the public procurement at stake.
- 3.3** Having regard to foreign financial contributions not falling within the categories set out in Section 3.1 above, notifying parties are required to provide an overview of the foreign financial contributions equal to or in excess of EUR 1 million granted to the notifying parties in the three years prior to the notification that do not fall into any of the categories of Article 5(1), points (a) to (e) of Regulation (EU) 2022/2560. In that regard, notifying parties are required to complete Table 1 below. Notifying parties should follow the instructions provided at Section 8 (Annex II) of Commission Implementing Regulation (EU) 2023/1441.

Table 1

Information to be included in Table 1 below by notifying parties.

- (i) Group the different financial contributions per third country and per type, such as direct grant, loan/financing instrument/repayable advances, tax advantage, guarantee, risk capital instrument, equity intervention, debt write-off, contributions provided for the non-economic activities of an undertaking (see recital 16 of Regulation (EU) 2022/2560), or other.

- (ii) Include only those countries where the estimated aggregate amount of all financial contributions per country granted in the three years prior to the notification (calculated according to point (iv) below is EUR 4 million or more.
- (iii) For each type of financial contribution, provide a brief description of the purpose of the financial contributions and the granting entities.
- (iv) Quantify the estimated aggregate amount of financial contributions granted by each third country in the three years prior to the notification in the form of ranges, as specified in the notes to the Table below. For the calculation of this amount, the following considerations are relevant:
 - (a) Take into account foreign financial contributions falling into the categories of Article 5(1) of Regulation (EU) 2022/2560 and on which information has been provided under Sections 3.1 and 3.2 (above) and;
 - (b) do not take into account foreign financial contributions excluded according to points (v) and (vi) below
- (v) Notifying Parties do not need to include (in the Table below) a description of the following foreign financial contributions:
 - (a) Deferrals of payment of taxes and/or of social security contributions, tax amnesties and tax holidays as well as normal depreciation and loss-carry forward rules that are of general application. If these measures are limited, for example, to certain sectors, regions or (types of) undertakings, they have to be included.
 - (b) Application of tax reliefs for avoidance of double taxation in line with the provisions of bilateral or multilateral agreements for avoidance of double taxation as well as unilateral tax reliefs for avoidance of double taxation applied under national tax legislation to the extent they follow the same logic as the provisions of bilateral or multilateral agreements.
 - (c) Provision/purchase of goods/services (except financial services) at market terms in the ordinary course of business, for example the provision/purchase of goods or services carried out following a competitive, transparent and non-discriminatory tender procedure.
 - (d) Foreign financial contributions below the individual amount of EUR 1 million.
- (vi) The foreign financial contributions that may be relevant for the assessment of each public procurement may depend on a number of factors such as the sectors or activities involved, the type of financial contributions or other specificities of the case. In light of these specificities, the Commission may request additional information where it considers such information necessary for its assessment.

Third Country	Type of Financial Contribution (FC)*	Brief Description of the purpose of the FC and the granting entity**	Total Estimated value of the FC granted***
Country A			
Country B			

Country C			
Country D			

Note: please provide a separate table for each of the notifying parties. Third countries and, where possible, types of contributions, should be ordered by total amount of foreign financial contribution, from the highest to the lowest.

* Identify the financial contributions grouping them by type: such as direct grant, loan/financing instrument/repayable advances, tax advantage, guarantee, risk capital instrument, equity intervention, debt write-off, contributions provided for the non-economic activities of an undertaking (see recital 16 of Regulation 2022/2560), or other. (

** General description of the purpose of the financial contributions included in each type and of the granting entity(ies). For instance, 'tax exemption for the production of product A and R & D activities', 'several loans with State-owned banks for purpose X', 'several financing measures with State investment agencies to cover operating expenses/for R & D activities', 'public capital injection in Company X'.

*** Use the following ranges: 'EUR 45-100 million', 'EUR > 100-500 million', 'EUR > 500-1 000 million', 'more than EUR 1 000 million'

4. Justification for absence of unduly advantageous tender – (Section 4 of Form FS-PP)

4.1 For any of the foreign financial contributions enabling an undertaking to submit an unduly advantageous tender on the basis of which the undertaking could be awarded the relevant contract (Article 5(1)(e) of Regulation (EU) 2022/2560), are there any elements which can be adduced to demonstrate that the tender is not unduly advantageous directly or indirectly due to the financial contribution(s) received, including the elements referred to in Article 69(2) of Directive 2014/24/EU.

In that regard, notifying parties should detail any elements that in their view may demonstrate that their tender is not unduly advantageous.

4.2 The elements may in particular refer to:

- 4.2.1. The economics of the manufacturing process, of the services provided or of the construction method;
- 4.2.2. The technical solutions chosen or any exceptionally favourable conditions available to the tenderer for the supply of the products or services or for the execution of the work;
- 4.2.3. The originality of the work, supplies or services proposed by the tenderer;
- 4.2.4. Compliance with applicable obligations in the fields of environmental, social and labour law;
- 4.2.5. Compliance with obligations regarding subcontracting.

5. Possible Positive Effects - (Section 5 of Form FS-PP)

5.1 If applicable, notifying parties should list and substantiate any possible positive effects on the development of the relevant subsidised economic activity on the internal market. Notifying parties should also list and substantiate any other positive effects of the foreign subsidies, such as broader positive effects in relation to the relevant policy objectives, in particular those of the Union, and specify when and where those effects have or are expected to take place. Notifying parties should provide a description of each of those positive effects.

6. Supporting Documentation – (Section 6 of Form FS-PP)

Notifying parties are required to provide the following for each notifying party:

- 6.1. Copies of all the supporting official documents relating to the financial contributions that may fall into any of the categories of Article 5(1), points (a) to (c) and (e) of Regulation (EU) 2022/2560 pursuant to Section 3.1.
- 6.2. Copies of the following documents prepared by or for or received by any member of the board of management, the board of directors or the supervisory board:

Analyses, reports, studies surveys, presentations and any comparable documents discussing the purpose, use and economic rationale of the foreign financial contributions that may fall into any of the categories of Article 5(1), points (a) to (c) and (e) of Regulation (EU) 2022/2560.

Provide the same documents prepared by or for or received by the entity granting the foreign financial contribution to the extent that they are in your possession or that they are publicly available.
- 6.3. An indication of the internet address, if any, at which the most recent annual accounts or reports of the notifying party(ies) are available, or if no such internet address exists, copies of the most recent annual accounts and reports.
- 6.4. Where the notifying party(ies) provide(s) justifications of the absence of an undue advantage of the tender by filling in Section 4 of this form, they also need to provide documentation for the period covering the three years preceding the notification, substantiating the adduced elements. Such documentation may include, inter alia, as relevant: (a) tax declarations for the period under review, including copies of company tax returns and VAT returns, (b) business plans and market research underlying the decision to participate in the public procurement procedure.

The Client shall within such Guarantee Period, or within 14 calendar days thereafter, give notice in writing to the Contractor of any defect in any of the Goods as may have arisen during such Guarantee Period under proper and normal use.
