- Section 1 contains instructions in relation to completing this Questionnaire.
- Section 2 contains the information particular to the project (“the Project Particulars”).
- Section 3 contains the Qualification Criteria and for each such criterion, the response type that Tenderers are required to provide, and the basis of evaluation of the response.

Tenderers should note that Qualification Criteria and requirements are also contained in any Health and Safety Supplements and, where applicable, Specialist Questionnaires, issued with this Questionnaire.

Tenderers should read this information carefully before submitting their response to this Questionnaire. Tenderers must follow the instructions set out in the Questionnaire and submit the information required in the format required, otherwise the submission may be declared invalid.

1.2. SAQ RESPONSE

Tenderers must complete and submit the following:

- (i) Part 2 (Tenderer Details and Declaration) of this Questionnaire; and
- (ii) where the Project Particulars state that grounds for exclusion in Regulation 57 of SI 284/2016 apply to this Competition, a self-declaration regarding the Tenderer’s circumstances either in the form of an ESPD, or Appendix A, as stated in the Project Particulars; and
- (iii) any evidence or other documentation required by the Questionnaire.

Completing Part 2 of the Questionnaire

The Tenderer must always complete and submit Part 2 of this Questionnaire. In Part 2, Tenderers must provide information on the Tenderer’s organisation(s) and, where applicable, any entities upon whose capacity they rely for the purpose of meeting the requirements of any Qualification Criteria.

1.3. APPLICATIONS BY CONSORTIA, JOINT VENTURES OR PARTNERSHIPS

For entities which apply and tender as a Consortium, Joint Venture or Partnership and the members have not set up together as a company (to be the legal entity which enters into the contract), one member of the Consortium must act as the lead member ("Lead Member") in compiling and submitting a single SAQ Response.

Notwithstanding the above, where a Tenderer is a Consortium, Joint Venture or Partnership each member of the Tenderer must respond to the applicable sections of Section 3 of this Questionnaire (and the applicable H&S Supplements and Specialist Questionnaires), the applicable sections of Part 2, and the responses are to be submitted as a single SAQ Response by the Lead Member.

Where, in order to meet any Qualification Criteria in Section 3.3 (Financial and Economic Standing) (including for the avoidance of doubt, with respect to evidence of turnover) and/or Section 3.4 (Technical Capability) (including in any Health and Safety Supplements and Specialist Questionnaires, where applicable), a Tenderer (or a member of the Tenderer, where the Tenderer is a Consortium, Joint Venture or Partnership) relies on the capacities of other entities or undertakings with which it is directly or indirectly linked, whatever the legal nature of those links may be (including, for example, but not limited to, a parent company and/or a subcontractor), the Tenderer will be required to demonstrate to the satisfaction of the Contracting Authority that the capacities relied upon will actually be available to the Tenderer if it is awarded the Contract.

If availability of capacities is not established to the satisfaction of the Contracting Authority, the Contracting Authority will assess the suitability of the Tenderer without taking into account the capacities of such an entity or entities.

For the purpose of responding to this Questionnaire, it shall suffice for an entity being relied upon to¹:

- (a) provide a response to applicable sections of Part 1 and Part 2 of the Questionnaire and provide a letter in the form set out in Appendix 1 to this Questionnaire; or
- (b) where the entity being relied upon is a Tenderer Specialist, the entity must provide a response to the applicable sections of Part 1 of the Questionnaire and complete the relevant Specialist Questionnaire.

At contract award stage, the Contracting Authority reserves the right to require the following from any entity relied upon with regard to:

- (a) any of the economic or financial standing Qualification Criteria, the entity relied upon may be required to enter into a guarantee in the form of Model Form MF 1.7 Reliance Guarantee in respect of the performance of the contract by the Tenderer²;
- (b) any of the technical capability Qualification Criteria, the entity relied upon may be required to enter into either a Reliance Warranty (in the form of Model Form MF 1.30) or Collateral Warranty in the form of Model Form MF 1.12 or MF 2.3 (as appropriate to the nature of the resource relied upon by the Tenderer) with regard to the making available the resources relied upon by the Tenderer³. Note that where a Tenderer relies on another entity for educational or professional qualifications, or, with regard to relevant professional experience (whether in Part 1, H&S Supplements or Specialist Questionnaires), the entity being relied upon must perform the works or services to which those educational or professional qualifications or professional experiences relate.
- (c) further evidence of the availability of the resources relied upon may be required by the Contracting Authority at a later stage in the Competition and/or upon award of the Contract.

¹ Alternate evidence may be acceptable to the Contracting Authority

² The Contracting Authority may accept alternate arrangements, in place of a guarantee, at its discretion.

³ The Contracting Authority may accept alternate arrangements at its discretion.

Section 1: INSTRUCTIONS FOR TENDERERS

Where Tenderers are required to submit an ESPD, each entity relied upon by the Tenderer (including Tenderer Specialists who are not the Tenderer themselves) must also submit an ESPD.

1.5. GROUNDS FOR EXCLUSION UNDER REGULATION 57 OF SI 284/2016

Note: Where a Competition is subject to the application of the European Procurement Regulations, grounds for excluding Tenderers in Regulation 57 of SI 284/2016 from participation in the Competition will automatically apply.

Where a Competition is not subject to the application of the European Procurement Regulations, a Contracting Authority may apply grounds for exclusion in Regulation 57 of SI 284/2016. The position for the Competition is set out in Section 2.2 of the Project Particulars.

The grounds under which the Contracting Authority may exclude a Tenderer, any member of the Tenderer (where the Tenderer is a Consortium, Joint Venture or Partnership), or any entity relied upon by the Tenderer, from participation in this Competition are set out below.

The term 'Tenderer' as used below refers to each of (a) the Tenderer (b) any member of the Tenderer (c) any entity being relied upon by the Tenderer.

Subject always to the provisions of Regulation 57 of the European Union (Award of Public Authority Contracts) Regulations 2016 (SI 284 of 2016):

(a) if:

- (i) the Tenderer is in one of the situations listed in Regulations 57(1) or 57(3) of SI 284 of 2016; or
- (ii) a member of the administrative, management or supervisory body of the Tenderer/member of the Tenderer, or a person having powers of representation, decision or control therein, is in one of the situations listed in Regulation 57(1) of SI 284 of 2016,

the Tenderer shall be excluded from the Competition;

- (b) if the Tenderer (or a member of the Tenderer, where the Tenderer is a Consortium, Joint Venture or Partnership), is in any of the situations listed in Regulation 57(4) or 57(8) of SI 284 of 2016 that are applied by the Contracting Authority for the purposes of this Competition, the Tenderer may be excluded from the Competition.

Any Tenderer which is in one of the situations referred to above must provide details of any factors or circumstances which it believes are relevant to the Contracting Authority's assessment of whether the existence of these grounds should lead to the exclusion of the Tenderer. For example, where a Tenderer is in one of the situations referred to above but has taken measures which it believes are sufficient to demonstrate its reliability, that Tenderer may provide evidence of such measures to the Contracting Authority for consideration. Tenderers should note that, with regard to the situations listed in (a) above, the circumstances which the Contracting Authority may take into account before deciding whether or not to exclude a Tenderer are prescribed by law, and Tenderers are directed to Regulation 57 of SI 284/2016 in this regard.

If an entity being relied upon is in one of the situations listed above, the Contracting Authority may require that the Tenderer replaces such entity with another entity which is not in any of these situations. In the event that the entity cannot be replaced with another entity to whom the grounds do not apply (including where the Contracting Authority concludes that to permit such replacement would be contrary to law), the Contracting Authority reserves the right to eliminate the Tenderer from the Competition.

Where grounds for exclusion apply in the Competition, the Tenderer, each member of the Tenderer and any entity being relied upon by the Tenderer (or any member of the Tenderer), must provide a self-declaration regarding the situations referred to above in the form of an ESPD, or, by completing the self-declaration in the form of Appendix A – Self Declaration re Regulation 57, as specified in the Project Particulars⁴.

⁴ CA Note: Where the Competition is subject to the European procurement regulations, an eESPD must always be selected in the Particulars. Where the Competition is not subject to the European procurement regulations, either an eESPD or Appendix A – Self Declaration re Article 57 may be selected in the Particulars.

Section 1: INSTRUCTIONS FOR TENDERERS

Note: The Contracting Authority may, at any time during the Competition (for example at shortlisting stage), require the Tenderer to provide a sworn oath in the form of Model Form MF 1.32 Declaration Under Oath/Solemn Oath regarding the situations referred to above, and where the date of the Declaration Under Oath/Solemn Oath pre-dates the date of submission of the SAQ Response, Tenderers must also provide a confirmation in the form of Model Form MF1.33 that the oath is still valid.

1.6. ADDITIONAL GROUNDS FOR EXCLUSION

The Contracting Authority reserves the right to exclude any Tenderer from the Competition should the Contracting Authority be of the view that entry into the Contract with such Tenderer (bearing in mind any Tenderer members (where the Tenderer is a Consortium, Joint Venture or Partnership), entities relied upon or subcontractors) would be contrary to any applicable law or regulation, including any applicable sanctions regimes.

Where required in the Particulars, Tenderers shall be required to disclose in their SAQ Response any issues giving rise to possible sanctions applications.

1.7. MEASURES UNDER THE INTERNATIONAL PROCUREMENT INSTRUMENT

Where the Project Particulars state that pursuant to Regulation (EU) 2022/1031 of the European Parliament and of the Council of 23 June 2022 *on the access of third-country economic operators, goods and services to the Union's public procurement and concession markets and procedures supporting negotiations on access of Union economic operators, goods and services to the public procurement and concession markets of third countries* ("The International Procurement Instrument" – IPI) an IPI measure applies to this Competition (having regard to the estimated value of the contract⁵, the scope of application of the IPI measure, or the date on which the IPI measure was made⁶),- the IPI Annex issued by the Contracting Authority forms part of this Questionnaire.

1.8. SPECIALISTS TO BE NAMED BY THE EMPLOYER (PW-CF1 to PW-CF5 only)

The Employer may name Novated Specialists (as described below) in the Contract for appointment by the Works Contractor as Specialist sub-contractors.

At the next stage of the Competition, the Contracting Authority will name the Novated Specialist(s) and provide the applicable conditions of contract, the novated contract sum and any other appropriate contract information in the Form of Tender and Schedule, part 3B, either in the tender documents or during the tendering period.

Supporting documents must prove that the Tenderer meets the relevant Qualification Criterion as of the date of submission of

Section 1: INSTRUCTIONS FOR TENDERERS

Where the Contracting Authority requests supporting documentation substantiating any declaration made in respect of any or all such Qualification Criteria, the supporting documents must be provided promptly and within the timeframe specified by the Contracting Authority. Failure to provide the requested supporting documentation within the timeframe specified may result in exclusion from the Competition.

- (b) Where the Contracting Authority has chosen "Evidence Required", Tenderers must include the evidence required in their SAQ Response. Tenderers should not purport to have responded to any such Qualification Criterion solely by having provided the completed Part 2 (and/or an ESPD where an ESPD is required). The evidence submitted must prove that the Tenderer (or an entity being relied upon for these purposes in accordance with the terms of this Questionnaire) meets the relevant Qualification Criteria as of the date of submission of the Tenderer's SAQ Response. Failure to submit the required evidence in the SAQ Response may result in exclusion from the Competition.

All Qualification Criteria are evaluated on a "Pass/Fail" basis, and the requirements specified in the Qualification Criterion must be met in full in order to pass. Where a Tenderer does not pass a Qualification Criterion, the Tenderer will be eliminated from the Competition.

1.11.2. Evaluation of Tenderer Specialists (applies to PW-CF2 or PW-CF4 only)

Where the Tenderer's Works Specialist does not pass the Specialist Qualification Criteria, the Tenderer will be eliminated from the Competition.

Where a Tenderer proposes more than one Works Specialist, in order for the Tenderer to pass overall (and subject always to the Tenderer passing all Qualification Criteria), at least one of the Tenderer's Works Specialists must pass the Specialist Qualification Criteria. Where none of the Tenderer's Works Specialists passes the Specialist Qualification Criteria, the Tenderer will be eliminated from the Competition. Where more than one of the Tenderer's Works Specialists passes the Specialist Qualification Criteria, and subject to the Tenderer passing overall, and being invited to tender, the Tenderer must name one of the Works Specialists that passed in the Form of Tender and Schedule Part 2E, at the next stage of the Competition.
