

HEALTH AND SAFETY COMPLIANCE DECLARATION by All General Service Providers

[All sections to be completed in BLOCK CAPITALS]

In relation to	Service Provider Entry: State Project Description [Project Title]
We	Service Provider Entry [Name of Service Providers Company]
Appointed to act as	Service Provider Entry [Professional service to be provided]

on the above project hereby declare the following:

1. We (the above stated company) are members of, or eligible to be a member of the

ACEI Service Provider Entry: where Other is selected provide details here [Recognised professional body for required role, i.e. ACEI / EI / RIAI / SCSi / (Other)]
--

being the relevant professional institution for the above stated role.

2. Health and Safety management of the project within the practice is the responsibility of:

Service Provider Entry [Name of person responsible]

3. We confirm that each member of staff is aware of his/her responsibilities under the Safety, Health and Welfare at Work Act 2005 and the *Safety Health & Welfare at Work (Construction) Regulations 2006 - 2013*. [The Regulations]

In particular we are aware of the general principles of prevention as enumerated below, and, where the professional service required is work related to the design of a project, will take those principles into account when carrying out design work associated with the project and undertake to liaise with, communicate and cooperate with the PSDP/HSC in his/her role.

GENERAL PRINCIPLES OF PREVENTION APPLICABLE TO DESIGNER

The purpose of the General Principles of Prevention is to provide a framework within which design and detailing issues can be assessed.

- i) The avoidance of risks
- ii) The evaluation of unavoidable risks
- iii) The combating of risks at source
- iv) The adaptation of work to the individual, especially as regards the design of places of work, the choice of work equipment and systems of work, with a view to alleviating monotonous work and work at a predetermined rate and to reduce their effect on health
- v) The adaptation of the workplace to technical progress
- vi) The replacement of dangerous articles, substances or systems of work by non-dangerous articles, substances or systems of work.
- vii) The giving to collective protective measures priority over individual protective measure
- viii) The development of an adequate prevention policy in relation to safety, health and welfare at work, which takes account of technology, organisation of work, working conditions, social factors and the influence of factors related to the working environment.
- ix) The provision of appropriate training and instruction to employees.

4. We are aware of the obligations of all Designers under Section 17 (2) of the Safety Health & Welfare at Work Act 2005 to ensure so far as is reasonably practicable that the project:
 - (a) *is designed and is capable of being constructed to be safe and without risk to health,*
 - (b) *can be maintained safely and without risk to health during use, and*
 - (c) *complies in all respects, as appropriate, with the relevant statutory provisions.*
5. In relation to enforcement actions, legal proceedings, accidents, fatalities or incidents associated with the discharge of our duties as Designers over the last three years.
 [Please select the appropriate option from the drop down box below]

There have been none

6. We confirm that in our opinion our organisation is competent and adequately resourced to fulfil its obligations under the Safety, Health and Welfare at Work Act 2005 and will allocate adequate resources to provide the service to which we are appointed.
