1.2 Small and Medium Enterprise Participation

It is the policy of the Contracting Authority to promote participation by Small and Medium Enterprises (SMEs) on a fair and equal basis.

SMEs are encouraged to explore the possibilities of forming relationships with other SMEs or with larger enterprises to meet the financial, economic or technical capacity requirements of the competition, if required.

Tenderers are reminded that they may rely on the resources of other entities to establish the requirements on condition that they can prove to the satisfaction of the Contracting Authority that they will have these resources at their disposal when necessary.

If the tender is from a consortium / joint venture, tenderers must ensure that all the relevant information is provided and where necessary, provide the information requested separately for each party. 2. SCOPE OF THE FRAMEWORK AGREEMENT

2.1 Type of Framework

This competition relates to a

Multi-Operator Framework

The Framework Agreement will be established with [5 economic operators]. Thereafter contracts will be awarded in accordance with the rules contained herein.

2.2 Scope of Requirements under the Framework

Brief Description of Initial Contract

[Dublin City Council (DCC) is seeking a contractor to undertake TTM on the roads and junctions within the Dublin City Council boundaries as required to enable Road Maintenance Direct Labour crews undertaken maintenance work on the footway and roadway.

In the first instance, it is 'anticipated' that a contract of one year's duration will be entered into with the first ranked framework member although this will be subject to demand and budget availability. (Option A) (see below) Where it is required at the discretion of Road Maintenance a mini-competition may be undertaken (Option B) where the individual job is estimated in excess of €5000.

A framework agreement constitutes a means of establishing overall terms and conditions in accordance with which, for a specified duration, individual Framework Agreements may or may not be awarded. It is emphasised that a framework agreement constitutes no guarantee to purchase a specific quantity of services from a particular economic operator. Indeed, Dublin City Council reserves the right to operate outside of the framework agreement at its discretion; particularly should it become apparent that doing so would offer greater value for money.

The tenderer(s) who has submitted a responsive tender and has passed the selection criteria, met minimum criteria in the award criteria and have submitted a completed Pricing Schedule and Form of Tender will be considered for admission to the Framework. The appointment to the Framework Agreement will be based on MEAT. The highest 5 ranked tenders will be admitted to the Framework Agreement. If fewer than 5 tenderers have successfully qualified then DCC may continue to operate the framework with fewer operators. Dublin City Council (DCC) is seeking a contractor to undertake TTM on the roads and junctions within the Dublin City Council boundaries as required. The selected contractor must be in a position to commence work within one week of prior notification from DCC or within an alternative agreed timeline.

Applications received in response to this competition will be evaluated against the Pass/Fail and Qualitative criterion set down in this Request for Tender Document and then ranked in order. The top five (5) highest scoring Applicants will be appointed to the Framework Agreement provided there are a sufficient number of suitable Applicants available.

Contracts for Services (Tasks) on the Framework will (subject to approval) be awarded in accordance with the following options;

- Option A: A Scope of Works prepared by the Employer priced at the tendered rates and offered to the first ranked Framework Member whose cost is lowest for that Scope of Works. This will be re-ranked on an annual basis.
In the event of the lowest contractor being unable to carry out the works within the required timescale the Employer reserves the right to offer the works to the second lowest tenderer based on their tendered rates and so on.
- Option B: Mini competition where all Framework participants are invited to tender

The successful Tenderer(s) is required required to enter into the Services Contract with the Contracting Authority. The Authority may procure the services in other ways and does not guarantee that any work will be procured using the Framework Agreement. [

Details of additional contracts under the Framework

[At least every 12 months a mini-competition will be sent out to the tenderers admitted to the Framework Agreement in order to re-rank.

It is 'anticipated' that a contract of one year's duration will be entered into with the first ranked framework member although this will be subject to demand and budget availability. Following expiry of this contract, matters such as supplier performance and the continued strategic appropriateness of the agreement will be assessed in order to determine whether subsequent contract(s) will be placed]

There is no guarantee of additional contracts, but where they arise, the Contracting Authority will consult the members of the framework agreement in accordance with the rules of operation outlined in this Request for Tender.

3. ESTABLISHMENT AND OPERATION OF THE FRAMEWORK

The Contracting Authority proposes to engage in a competitive process for the establishment of a framework agreement. A framework agreement constitutes a means of establishing overall terms and conditions in accordance with which, for a specified duration, individual contracts may or may not be awarded.

3.1 Numbers Admitted to the Framework Agreement

The framework agreement will be established as a multi-operator framework agreement with [five] [5] operators, subject to that number meeting the minimum criteria and rules.

3.4 Awarding Contracts under the Framework Agreement

In the case of a multi-operator framework agreement contracts may be awarded as follows:

(a) Use of Cascade Method

Through application of the cascade method whereby contracts are awarded on foot of the original tenders to the first ranked economic operator admitted to the framework agreement. Where they are not able to deliver the contract due to availability, conflict of interest, etc. the next ranked firm will be approached moving in ranked order through the Framework Members until the contract is awarded.

Please note that the cascade method will only be used in the following circumstances:

[If the first ranked tenderer cannot provide the service as requested within the timescale.

and

(b) Mini competition where all Framework participants are invited to tender (to be used where the individual Traffic Management estimate exceeds €5000)

Through invitation to a mini-competition of all the economic operators admitted to the framework agreement. On each occasion, a Supplementary Request for Tender will be issued detailing the scope of requirements, the award criteria, a closing date and time and methodology for submission of responses.

Please note that this will be used when in the opinion of the relevant engineer that the traffic Management is complex and would require its own competition eg works at complex junctions etc... |

3.5 Right to Tender outside of the Framework

The Contracting Authority intends to use the framework for the procurement of requirements falling within its scope during the specified period; however, it reserves the right to go outside the framework for the procurement of any requirement without reference to the Framework Member[s]. Admission to a framework does not guarantee the award of any contract to any economic operator, nor does it give the member[s] the right to be consulted in respect of, or tender for, any contract.

3.6 Compliance with the Terms and Conditions of the Framework Agreement

Admission to the framework agreement will be conditional upon acceptance of the Contracting Authority's Framework Terms and Conditions in Appendix [1].

Tenderers are required to review these terms and conditions and indicate their acceptance thereof as part of their tender submission.

|

If, following the award of any contract under this framework agreement, the Framework Member cannot, for whatever reason, deliver the required services to the satisfaction of the Contracting Authority; the Contracting Authority reserves the right to award the contract to the next highest-ranked tenderer emerging from the process at any time during the contract tender validity period of [twelve (12)] months.

If it is not possible following the conclusion of the competitive process to award the initial contract to the designated successful tenderer; the Contracting Authority reserves the right to award the initial contract to the Framework Member with the next highest score based on the original competition, at any time during the tender validity period. |

All official invoices must quote a Dublin City Council purchase order number. All invoices which do not quote the relevant order number(s) will be returned to the supplier unpaid.

Detailed invoicing arrangements will be agreed with the successful tenderer.

3.10 Review of Supplier Performance

The successful tenderer will be appointed for a probationary period of [three] months, during that time the supplier will be assessed based on various relevant criteria. At the end of the [three] months probationary period, the contract will either be allowed to continue if performance has been satisfactory or terminated if it has not and supplier shortcomings cannot be addressed.

In the event that the contract is continued, the contract will be subject to a further official review every [nine] months thereafter and will only be continued subject to satisfactory performance. In the event that the contract is terminated Dublin City Council reserves the right to revert to the tenderer who finished in second place (depending on said tenderer demonstrating continued compliance with all stated evaluation criteria) in this competition.

Supplier performance will however be continually monitored over the term of the contract. [Quality of service, cost competitiveness and turnaround time] will be the main criteria for measuring performance. It is expected that the successful tenderer will take a proactive role in monitoring performance with a view to making appropriate recommendations where necessary.

NOTE 1: Tenderers should note that they must achieve a minimum rating of 50% for criteria (A) - Proposed Project Team in order to avoid elimination from the competition. Please note that in relation to criterion (B – Cost Criterion), tenders will be scored in inverse proportion to the maximum score, which will be allocated to the lowest cost valid tender not previously eliminated on qualitative grounds.

NOTE 2: Tenderers should ensure in their tenders that they provide detailed information in respect of all aspects of the contract award criteria as stated above. This will enable the awarding authority to assess fully the extent of their offers.

NOTE 3: Tie-Break Rules: MEAT Assessment

In the event that there are two or more highest ranked Tenderers that obtain the same total marks (i.e. a tie for the highest ranked Tenderer) OR there is a tie for any place on the framework agreement the following tie-break rules will be adopted:

The Tenderer who has been awarded the highest marks for the total qualitative assessment (i.e. non-cost related element) of their Tender will be deemed to be the most economically advantageous tender (“MEAT”).

In the event the Tenderers receive the same marks for the qualitative assessment of their Tender, the Tenderer who has been awarded the highest marks for “A. Proposed Project Team” will be deemed the MEAT.

In the event of the application of this tie-break rule not resulting in the determination of a MEAT, this approach will continue to be applied to each of the award criteria in the descending order listed in below until such time as a MEAT can be determined:

Order of Tie Break Evaluation Criteria^[*]:

1. B. Cost

In the unlikely event of the rules set out above failing to determine a MEAT, the preferred Tenderer shall be selected on the basis of random selection. In such a circumstance, representatives of each Tenderer that achieved the same highest marks are invited to observe the random selection and Tenderers will be notified in advance of the time/date and location of the random selection procedure.

NOTE 4: Tie-Break Rules: Ranking

The Framework Agreement will result in a ranking system where the highest scoring tenderer by reference to the award criteria set out at Section 5 will be ranked number 1, the second highest scoring tenderer by reference to the award criteria will be ranked number 2, etc.

In the event that there is a tie for any position on the Framework Agreement other than last place, (i.e. a tie for positions 1-) the Tenderer who has been awarded the highest marks for total Qualitative Award of their Tender will be deemed to be the higher ranked tender for the purposes of framework ranking.

In the event the Tenderers receive the same marks for the Qualitative assessment of their tender, the Tie-Break rules will proceed as per above **Note 3: Tie-Break Rules: MEAT Assessment.**

5.1 Methodology for Calculating the Cost Score

The following formula will be applied to the cost score:

The lowest cost tender that also meets all the minimum requirements of the qualitative award criteria will receive the maximum score achievable under this criterion. The scores of the other valid tenders will be calculated using the following formula:

Lowest Cost from a Bona Fide Tender	A
Cost for the tender being evaluated	B
Maximum Points available for Cost	8000*
Formula employed	$\frac{8000*}{B} \times A$

5.2 Methodology for Scoring of Qualitative Criteria

Score	Meaning	Interpretation
90 – 100%	Outstanding	An outstanding response demonstrating extensive understanding offering full assurance to client – fully supported with no reservations.
80 – 89%	Excellent	An excellent response demonstrating excellent understanding offering assurance to client – fully supported.
70 – 79%	Very good	A very good response demonstrating very good understanding offering assurance to client – strongly supported.
60 – 69%	Good	A good response demonstrating good understanding offering assurance to client – well supported.
50 – 59%	Acceptable	An acceptable response demonstrating a minimum understanding offering assurance to client - satisfactorily supported.
Less than 50% is unacceptable		

Marks in the score ranges outlined above can be awarded where responses so merit additional marks.

5.3 Clarification and Verification Meetings

Award of contract/membership of the framework may be subject to attendance at a clarification and verification meeting. It would be essential that the key personnel assigned to this contract should be available and present at this meeting. If required, tenderers will be notified of the date, time, agenda and format for such meetings as soon as possible.

A visit to the Tenderer's premises may be required to clarify any questions or queries regarding the tender offer.

Tenderers should note that the Contracting Authority reserves the right to confirm that the financial and technical capacity of the tenderer is valid and unchanged prior to the award of any contract.

Refer to note re alternative meeting arrangements in Instructions to Tenderers section below.

5.4 Clarification of Abnormally Low Tenders

If the Contracting Authority considers the tender submission to be commercially unsustainable or otherwise problematic considering the tendered price or any other financial matter (including proposed indicative hours), the tenderer shall be invited to provide clarification to the Contracting Authority in respect of all elements of the tender submission that the Contracting Authority deems relevant. Any failure to satisfactorily comply with such a request, or to satisfactorily address the Contracting Authority's concerns, may, at the discretion of the Contracting Authority, result in the elimination of the tender in question based on it being considered abnormally low.

INSTRUCTIONS TO TENDERERS

Please note that due to the current COVID-19 pandemic, facilitation of all meetings, site visits, and clarification meetings, as well as assessments of sample products, etc. (as applicable) is severely impacted.

Where possible the Contracting Authority will put in place alternative arrangements such as on-line meetings, etc. Likewise, anticipated dates (closing date for receipt of clarifications or tender submissions) may change. Tenderers are required to inform Dublin City Council of any ambiguity, discrepancy or error in the Tender Documents. Dublin City Council shall, upon receipt of such notification, notify all Tenderers of its ruling in respect of any such ambiguity, discrepancy, error or omission. Such ruling shall be issued in writing and shall form part of the Invitation to Tender.

(c) Submission of Tenders via www.etenders.gov.ie

Tenders must be submitted electronically via the eTenders electronic tender facility on www.etenders.gov.ie only. Only Tenders submitted through the electronic tender facility will be accepted.
