1.4 This public procurement competition (the “Competition”) will be conducted in accordance with the open procedure under the European Union (Award of Public Authority Contracts) Regulations 2016 (Statutory Instrument 284 of 2016) (the “Regulations”). Any contract that may result from this Competition (the “Goods Contract”) will be issued for a term of N/A (“the Term”).

The Contracting Authority reserves the right to extend the Term for a period or periods of up to N/A with a maximum of N/A such extension or extensions on the same terms and conditions, subject to the Contracting Authority’s obligations at law.

Through such relationships they can participate and contribute to

the successful implementation of any Goods Contract that may result from this Competition and therefore increase their social and economic benefits.

Larger enterprises are also encouraged, subject to paragraph 2.5, to consider the practical ways that SMEs can be included in their proposals to maximise the social and economic benefits of any Goods Contract that may result from this Competition.

Part 2: Instructions to Tenderers

2.1 IMPORTANT NOTICES

2.1.1 While every effort has been made to provide comprehensive and accurate information in all notices and documents prepared for the purposes of this Competition, the Contracting Authority does not accept any liability or provide any express or implied warranty in respect of any such information. Tenderers must form their own conclusions about the solution needed to meet the requirements set out in this RFT and may wish to consult their legal advisers.

2.1.2 The Contracting Authority does not bind itself to accept the lowest priced or any Tender.

This RFT does not constitute an offer or commitment to enter into a Goods Contract.

No contractual rights in relation to the Contracting Authority will exist unless and until a formal written Goods Contract has been executed by or on behalf of the Contracting Authority.

Any notification of preferred bidder status by the Contracting Authority shall not give rise to any enforceable rights by the Tenderer.

The award of a Goods Contract does not confer exclusivity on the successful Tenderer.

The Contracting Authority may cancel this Competition [REDACTED] at any time prior to a formal written Goods Contract being executed by or on behalf of the Contracting Authority.

2.1.3 This RFT supersedes and replaces any and all previous documentation, communications and correspondence between the Contracting Authority and Tenderers, and Tenderers should place no reliance on such previous documentation and correspondence.

2.1.4 In this clause 2.1.4, “Data Protection Laws” means all applicable national and EU data protection laws, regulations and guidelines including but not limited to Regulation (EU) 2016/679 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (the “General Data Protection Regulation”), and any guidelines and codes of practice issued by the Office of the Data Protection Commission or other supervisory authority for data protection in Ireland from time to time.

The Contracting Authority will be a Data Controller (where Data Controller has the meaning given under the Data Protection Laws) in respect of any Personal Data (where Personal Data has the meaning given under the Data Protection Laws) required to be provided by the Tenderer in response to this RFT.

The Tenderer, as Data Controller in respect of any Personal Data provided by it in its Tender, is required to confirm in the statement required under paragraph 2.4 below that all Data Subjects (where Data Subject has the meaning given under the Data Protection Laws) whose Personal Data is provided by the Tenderer have consented to the processing of such Personal Data by the Tenderer, the Contracting Authority, the Evaluation Team and the supplier of the etenders.gov.ie website, for the purposes of the participation of the Tenderer in this Competition or that the Tenderer otherwise has a legal basis for providing

such Personal Data to the Contracting Authority for the purposes of its participation in this Competition.

- 2.1.5 The Contracting Authority would refer Tenderers in particular to the provisions of Regulation (EU) 2022/1031 on the access of third country economic operators, goods and services to the Union’s public procurement and concession markets and procedures supporting negotiations on access of Union economic operators, goods and services to the public procurement and concession markets of third countries (International Procurement Instrument – IPI), and to their obligation to comply therewith.

In particular, tenderers and candidates should note in Article 6 of Regulation (EU) 2022/1031, the obligations for a Contracting Authority in the context of a procurement procedure where the EU Commission has adopted an IPI measure.

- 2.1.6 Tenderers are referred to the provisions of Regulation (EU) 2022/2560 of the European Parliament and of the Council on Foreign Subsidies distorting the Internal Market, in addition to Commission Implementing Regulation (EU) 2023/1441, and their obligation to comply therewith. In particular, tenderers and candidates should note the requirements in Articles 28 and 29 of Regulation (EU) 2022/2560 relating to the prior notification or declaration of foreign financial contributions, where the estimated value of the public procurement procedure is equal to or greater than the applicable financial thresholds set out therein. In that regard, Tenderers and Candidates are referred to Appendix 3A of the RFT.

3.3 AWARD CRITERIA

3.3.1 The Goods Contract will be awarded on the basis of the most economically advantageous tender(s) as identified in accordance with the following criteria:

Tenderers **MUST** provide all information relating to the goods in the Tender response Document (Appendix 1.1) provided as a separate document. Responses will be scored accordingly by the Technical Evaluation team as set out in the Award Criteria below and in the RFT

*Please ensure all cost submissions are kept separate and included in the Excel file entitled:
Appendix 2 – Pricing Schedule.*

Payment Milestones

The Contracting Authority has a preference to pay the total charges due for all equipment upon completion of final acceptance testing of the equipment. However, it is recognised that in some instances Tenderers may require some staged payments. If this is the case, Tenderers are required to provide their preferred payment milestones. Please refer to Appendix 2 Pricing schedule and update table provided.

The acceptance of the tenderer's proposed payment milestones is non-binding and subject to agreement with the successful tenderer.

Only tenders which meet the Qualification Criteria and are confirmed as valid and responsive to the specifications set out in this document will be evaluated against the award criteria. Tenderers should ensure that they have submitted sufficient relevant information to allow their tenders to be assessed under each of the award criteria set out below.

The contract will be awarded based on the most economically advantageous compliant tender taking into account the following award criteria and weightings.

Next Ranked Supplier

The award of any contract is subject to the successful tenderer meeting the required specification and standards as set out in this RFT and Appendix 1. Should the required specification and standards not be met, the Contracting Authority reserves the right, to award any contract to the next highest-ranked Tenderer.

Tie Break

If the evaluation outcome results in a tie between two or more Tenderers, then the Tender submission with the highest score for criterion F (Ultimate Cost/Total Cost of Ownership) shall be deemed the most economically advantageous tender (“MEAT”). If two or more Tenderers receive the same marks for criterion F, the Tenderer who has been awarded the highest marks for criterion A (Technical Merit) will be deemed the MEAT. If the score remains in a tie, the remaining criterion will continue to be assessed in the following sequence to identify the Tenderer who has been awarded the highest marks for that criterion to be deemed the MEAT: criterion B (Quality and Health & Safety) criterion C (Warranty/Spare Parts, After-Sales and Training Support), criterion D (Delivery Plan), criterion E (Energy & Environmental). If the score remains a tie after all the criterion are assessed, the Tenderers will be asked to submit a Best and Final Offer (BAFO).

Award Criteria Table

| |
|---|
| <p>Note 1:</p> <p>The tender award criteria will be applied to each tender who has successfully passed the Selection Criteria as outlined in Section 3.2 of this RFT. Please Note: For section A each Sub-heading carries its own weighting. Tenderers MUST achieve a minimum of 60% in <u>each</u> subsection in section A, to avoid elimination. Tenderers MUST achieve a minimum of 60% in each section B-E, to avoid elimination. Note, the minimum score for Technical Merit applies to the total marks achieved over the combined marks assigned for each of the sub-criteria. Only tenderers who have achieved the 60% will be evaluated against Total Cost of Ownership.</p> |
| <p>Note 2: The award of contract will be on the basis of the Most Economically Advantageous Tender received, in accordance with the detailed award criteria and weightings set out in the Award Criteria Table above.</p> |
| <p>Note 3:</p> <p>The lowest Total Cost of Ownership tender, will receive the maximum score achievable under this criterion.</p> |

| |
|---|
| Pricing Score = $\frac{\text{Lowest Tendered Price} \times \text{Max Points}}{\text{Price of bid being evaluated}}$ |
| <p>Note 4:</p> <p>Tenderers are required to <i>complete the Tender Response Document (TRD) as directed below:</i></p> <ol style="list-style-type: none"> i. Ensure sections relevant to the selection & award criteria are completed in the Tender Response Document. ii. Scoring Methodology

Responses for non-cost Award Criteria items will be scored using the following matrix:

| Scoring Methodology | |
|----------------------------|---|
| Weighting | Meaning |
| 91% - 100% | An excellent response, with very few or no weaknesses, that demonstrates a complete understanding of requirements and provides comprehensive and convincing assurance that the Tenderer will deliver to an excellent standard. |
| 80% -90% | A very good response that demonstrates a real understanding and fully meets the requirements and assurance that the Tenderer will deliver to a high standard. |
| 60% - 79% | A satisfactory response which demonstrates a reasonable understanding of requirements and gives reasonable assurance of delivery to an adequate standard but does not provide sufficiently convincing assurance to award a higher mark. |
| 30% - 59% | A response where reservations exist. Lacks full credibility/convincing detail, and there is a significant risk that the response will not be successful. |
| 1% - 29% | A response where serious reservations exist. This may be because, for example, insufficient detail is provided, and the response has fundamental flaws, or is seriously inadequate or seriously lacks credibility with a high risk of non-delivery. |

| | |
|----|---|
| 0% | Response completely fails to address the criterion under consideration. |
|----|---|

3.3.2 Subject to paragraphs 2.1 (Important Notices) and 3.5 (Standstill Period) of this RFT, award of the Goods Contract to the highest ranked Tenderer (as determined by paragraph 3.3.1) will be conditional upon:

- (a) the Tenderer submitting the following evidence in respect of the Tenderer (including the Prime Contractor and any Subcontractors, as applicable in accordance with paragraph 3.1 above) to the extent not already provided, within seven (7) days of request by the Contracting Authority: (i) a Declaration in the form attached at Appendix 4; (ii) if applicable, evidence to the effect that measures taken by the entity concerned are sufficient to demonstrate its reliability despite the existence of a relevant Exclusion Ground; (iii) all or any of the supporting documents specified at paragraph 3.2; and
- (b) the evidence specified at paragraph 3.3.2 (a) above demonstrating that each entity concerned meets the Selection Criteria and the compliance requirements specified at paragraph 3.1 (b) and (c) above.

3.4 PRESENTATION OF PROPOSALS

Tenderers may be required to make a presentation of the proposal contained in their Tender. The Contracting Authority will not be responsible for the cost of such presentations (in accordance with paragraph 2.8). Performance at presentations will NOT be evaluated.

3.5 STANDSTILL PERIOD

3.5.1 In circumstances where the European Communities (Public Authorities' Contracts) (Review Procedures) Regulations 2010 (Statutory Instrument 130 of 2010), as amended by the European Communities (Public Authorities' Contracts) (Review Procedures) (Amendment) Regulations 2015 (Statutory Instrument 192 of 2015) and the European Communities (Public Authorities' Contracts) (Review Procedures) (Amendment) Regulation 2017 (Statutory Instrument 327 of 2017) apply, no contract can or will be executed or take effect until at least fourteen (14) calendar days after the day on which the Tenderers have been sent a notice informing them of the result of this Competition ("Standstill Period") if such notice is sent by electronic means. The Standstill Period shall be sixteen (16) calendar days if such notice is sent by other means. The preferred bidder will be notified of the decision of the Contracting Authority and of the expiry date of the Standstill Period

3.5.2 Tenderers should note that the Contracting Authority may, when notifying Tenderers of the results of this Competition, include the scores obtained by the Tenderer concerned and the scores obtained by the preferred bidder in respect of each award criterion assessed by the Contracting Authority.

3.6 RETURN OF SIGNED CONTRACTS

- 3.6.1** The successful Tenderer must sign and return the Goods Contract and the Confidentiality Agreement, both in duplicate to the Contracting Authority no later than Fourteen (14) calendar days from the date of expiry of the Standstill Period unless notified otherwise in writing by the Contracting Authority. A signed Goods Contract returned by the successful Tenderer is not binding on the Contracting Authority until the Contracting Authority has signed the Goods Contract in accordance with paragraph 2.1.2 above.
- 3.6.2** Where the signed Goods Contract and the Confidentiality Agreement have not been received by the Contracting Authority within the period as specified at paragraph 3.6.1 then the Contracting Authority may proceed to award the Goods Contract to the next highest-ranked Tenderer in accordance with paragraph 3.6.1 above.

Appendix 1: Requirements and Specifications

Tenderers must address each of the issues and requirements in this part of the RFT and submit a detailed description in each case which demonstrates how these issues and requirements will be dealt with / met and their approach to the proposed delivery of the Goods. A mere affirmative statement by the Tenderer that it can / will do so or a reiteration of the tender requirements is NOT sufficient in this regard.

The Technical Specifications requirement for this equipment are outlined in the Tender Response document (TRD) and the tenderer MUST complete their technical response within the Tender Response document in the comment boxes provided.

Notes to Tenderer

Risk and Title

Any equipment provided in this contract shall be with an unencumbered title and the Contracting Authority reserves the right to use any successfully contracted equipment for any purpose including commercial purposes as it may require

TAXATION – RCT

Relevant Contracts Tax (RCT) is a withholding tax system that operates in the construction sector. Where a principal contractor in that sector makes a “relevant payment” to a subcontractor, RCT must be operated. Please be advised that University College Cork (“UCC”) is a principal contractor for RCT purposes. If the equipment provided to UCC are deemed to fall within the scope of RCT, then UCC will be obliged to withhold this tax and pay it over to Irish Revenue. There are three withholding tax rates in the new electronic RCT system: 0%, 20% & 35%. In general, the 35% rate will be applied to subcontractors who are not known to Irish Revenue and to subcontractors where Irish Revenue consider that these subcontractors have compliance issues which have not been addressed. Please note that this is a complex area and it will not always be obvious from the outset as to whether a particular contract might fall within the scope of RCT. This will be dependent on the circumstances relating to each specific contract awarded. In some instances, contracts

relating to the supply and installation of equipment may fall within the scope of RCT. For more information on RCT, please see links to the Irish Revenue website below:

- RCT for subcontractors

- RCT for non-resident subcontractors

In that regard, notifying parties are required to complete Table 1 below. Notifying parties should follow the instructions provided at Section 8 (Annex II) of Commission Implementing Regulation (EU) 2023/1441.

Table 1

Information to be included in Table 1 below by notifying parties.

- (i) Group the different financial contributions per third country and per type, such as direct grant, loan/financing instrument/repayable advances, tax advantage, guarantee, risk capital instrument, equity intervention, debt write-off, contributions provided for the non-economic activities of an undertaking (see recital 16 of Regulation (EU) 2022/2560), or other.

- (ii) Include only those countries where the estimated aggregate amount of all financial contributions per country granted in the three years prior to the notification (calculated according to point (iv) below is EUR 4 million or more.
- (iii) For each type of financial contribution, provide a brief description of the purpose of the financial contributions and the granting entities.
- (iv) Quantify the estimated aggregate amount of financial contributions granted by each third country in the three years prior to the notification in the form of ranges, as specified in the notes to the Table below. For the calculation of this amount, the following considerations are relevant:
 - (a) Take into account foreign financial contributions falling into the categories of Article 5(1) of Regulation (EU) 2022/2560 and on which information has been provided under Sections 3.1 and 3.2 (above) and;
 - (b) do not take into account foreign financial contributions excluded according to points (v) and (vi) below
- (v) Notifying Parties do not need to include (in the Table below) a description of the following foreign financial contributions:
 - (a) Deferrals of payment of taxes and/or of social security contributions, tax amnesties and tax holidays as well as normal depreciation and loss-carry forward rules that are of general application. If these measures are limited, for example, to certain sectors, regions or (types of) undertakings, they have to be included.
 - (b) Application of tax reliefs for avoidance of double taxation in line with the provisions of bilateral or multilateral agreements for avoidance of double taxation as well as unilateral tax reliefs for avoidance of double taxation applied under national tax legislation to the extent they follow the same logic as the provisions of bilateral or multilateral agreements.
 - (c) Provision/purchase of goods/services (except financial services) at market terms in the ordinary course of business, for example the provision/purchase of goods or services carried out following a competitive, transparent and non-discriminatory tender procedure.
 - (d) Foreign financial contributions below the individual amount of EUR 1 million.
- (vi) The foreign financial contributions that may be relevant for the assessment of each public procurement may depend on a number of factors such as the sectors or activities involved, the type of financial contributions or other specificities of the case. In light of these specificities, the Commission may request additional information where it considers such information necessary for its assessment.

 - i. not to subcontract more than 50% of the total value of the contract to economic operators originating in a third country which is subject to an IPI measure;

 - iii. to provide to the Client, upon request, adequate evidence corresponding to point (i) or (ii) above;
 - iv. to pay a proportionate charge, in the event of non-observance of the obligations referred to at point (i) or (ii) above, of between 10% and 30% of the total value of the contract.

 2. Delivery shall include the unloading, stacking or installation of the Goods by the Contractor's staff, agents or carriers at such place as the Client or a duly authorised person shall reasonably direct.
 3. The Goods shall be packed and marked in a proper manner and in accordance with the Client's instructions and any statutory requirements and any requirements of the carriers and manufacturers. In particular the Goods shall be marked with the contract number (or other reference number if appropriate) and the net, gross and tare weights. The name of the contents shall be clearly marked on each container and all containers of hazardous Goods (and all documents relating thereto) shall bear prominent and adequate warnings.
 4. Unless expressly agreed to the contrary, the Client shall not be obliged to accept delivery by instalments. If, however, the Client does specify or agree to delivery by instalments, delivery of any instalment later than the date specified or agreed for its delivery shall, without prejudice to other rights or remedies of the Client, entitle the Client to terminate the whole of any unfulfilled part of the Agreement without further liability to the Client.
 5. The Client shall be under no obligation to accept or pay for any Goods delivered in excess of the quantity ordered. The risk in any over-delivered Goods shall remain with the Contractor.
 6. The Client shall be under no obligation to accept or pay for any Goods supplied earlier than the date for delivery stated in the Specification.
- C. Any Contractor pre-printed terms and conditions produced, signed or stamped by either Party and for whatever purpose during the Term are hereby disallowed.

D. *Not Used*

Time of delivery shall be of the essence and if the Contractor fails to deliver the Goods within the time period promised or specified in the Specification, the Client may by notice in writing to the Contractor's Contact release itself from any obligation to accept and pay for the Goods and / or terminate this Agreement in either case without prejudice to any other rights and remedies of the Client.

E.

Without prejudice to any general right to damages under this Agreement where the Contractor does not deliver the ordered amount within delivery dates or lead times in accordance with this Agreement, the Client may, at his discretion, deduct 10% per week, or part thereof, for each week of late delivery of the value of the entire relevant invoice or order as liquidated damages up to a maximum amount of 100%. Where the Liquidated Damages Threshold is met or exceeded (being that delivery continues not to be performed after the Liquidated Damages Threshold is met), the Client shall be entitled to:

1. claim any remedy available to it (whether under this Agreement or otherwise) for loss or damage incurred or suffered by it after the end of the Liquidated Damages Period; and;

- A. The Client or its authorised representative may inspect (to include a call for advance samples) or test the Goods either completed or in the process of manufacture, during normal business hours on reasonable notice at the Contractor's premises (including the premises of any subcontractor or agent) and the Contractor shall provide all reasonable assistance in relation to any such inspection or test free of charge. A failure to make a complaint at the time of any such inspection or test and / or the approval given during or after such inspection or test shall not constitute a waiver by the Client of any rights or remedies in respect of the Goods and the Client reserves the right to reject the Goods in accordance with clause 3B.
- B. The Client may by written notice to the Contractor reject any of the Goods which fail to conform to the approved sample or fail to meet the Specification. Such notice shall be given within a reasonable time after delivery to the Client of such Goods. If the Client rejects any of the Goods pursuant to this clause the Client may (without prejudice to other rights and remedies) either:
1. treat the Agreement as discharged by the Contractor's breach and obtain a refund (if payment for the Goods has already been made) from the Contractor in respect of the Goods concerned together with payment of any additional expenditure reasonably incurred by the Client in obtaining other Goods in replacement provided that the Client uses its reasonable endeavours to mitigate any additional expenditure in obtaining replacement Goods.
- or
2. have such Goods promptly, and in any event within 14 calendar days, either repaired by the Contractor or replaced by the Contractor with Goods which conform in all respects with the approved sample or with the Specification and due delivery shall not be deemed to have taken place until such repair or replacement has occurred.
- C. Rejected Goods shall be removed by the Contractor from the Client within 14 calendar days from the date of the notification to the Contractor of their rejection. In the event of failure by the Contractor to remove Goods within 14 calendar days of such notification, the Client may dispose of such Goods as he sees fit and pending such removal, the Goods will remain with the Client at the risk of the Contractor. Any costs incurred by the Client relating to such disposal shall at the option of the Client be borne by the Contractor.
