## Part 1: Introduction

---

1.1 The Education Procurement Service (EPS) on behalf of Atlantic Technological University (ATU) (the “Contracting Authority”) invites tenders (“Tenders”) to this Request for Tenders (“RFT”) from economic operators (“Tenderers”) for the appointment for the Provision of the Services described in the TRD Document (the “Services”).

1.2 In summary, the Service comprise:

Atlantic Technological University has a requirement for the production, supply and delivery of Student ID Cards.

- i. Supply of pre-printed cards
- ii. Supply of blank cards

to produce student ID Cards from uploaded files of student photographs and relevant student details and to deliver these ID Cards to students of ATU in a series of bulk batches starting September and subsequently to produce and deliver cards as required during the academic year.

### **Student ID cards for the ATU**

ID Card Production and Delivery Process to commence at start of Academic Year 2026/27.

### **General**

- From an uploaded file of student photographs and relevant student details to design, personalise, print, supply and deliver, by mail to students, a student ID card based on a layout and specification provided by the ATU.
- Suppliers are asked to outline their proposed process and provide costs in the Appendix 2 Pricing Schedule.
- The process must be secure, effective and GDPR compliant.

### **Additional Details**

- ATU will require approximately 19,000 cards for the Academic Year. Prior to procuring card stock for a contract under this Framework, the supplier should liaise with ATU regarding quantity to ensure as accurate an estimate as possible of requirements in a particular contract.
- ATU will also liaise with the supplier regarding pre-printing on card stock and will endeavour to ensure a generic card stock, which may be used for other contracts under this Framework.
- ATU will require proof of card, mailer and envelope prior to production.
- Suppliers should indicate industry standards they comply with.
- Suppliers should indicate weekly delivery schedule based on continuing card requests by students throughout the year.

**Blank Cards**

Specifications as above. Approximate number of cards required is 1,500 per academic year.

- ATU will also require approximately 1,500 blank cards for in-house printing for new or replacement cards throughout the year.

**Sample Cards Post Award**

The successful tenderer MUST provide samples of the cards for testing prior to final contract award. Contracting Authority will require Printed and encoded cards. If it does not meet the specification, we have the right to go to the next ranked Tender.

The testing of the cards is to ascertain that they meet the minimum specifications as outlined in this tender response, including printing and encoding. The test card produced MUST be a sample of the final card which a student will receive so that ATU can confirm that the quality is appropriate (e.g. per spec) and that the encoding works as expected on campus (e.g. door swipe access).

This test process will happen after the most economically advantageous tender is selected, and it is anticipated that only this one supplier will need to complete this test (unless this supplier fails to print and encode the card per the required specifications).

**Atlantic Technological University campuses.**

- 1) ATU Donegal Letterkenny, Port Road, Letterkenny, Co Donegal, F92 FC93, Ireland.
- 2) ATU Galway City, Dublin Road Galway City, H91 T8NW, Ireland.
- 3) ATU Sligo, Ash Lane, Co Sligo, F91 YW50, Ireland.

**1.3 *Not Used***

**1.4** This public procurement competition (the “Competition”) will be conducted in accordance with the open procedure under the European Union (Award of Public Authority Contracts) Regulations 2016 (Statutory Instrument 284 of 2016) (the “Regulations”). Any Contract that may result from this Competition (the “Services Contract”) will be issued for a term of Two (2) years (“the Term”).

**1.5** The Contracting Authority reserves the right, at its discretion, to extend the Term for a period or periods of up to Twelve (12) months with a maximum of Two (2) such extensions on the same terms and conditions, subject to the Contracting Authority’s obligations at law. The Term will not exceed Four (4) years in aggregate.

**1.6** The Contracting Authority estimates that the expenditure on the Service to be covered by the proposed Framework Agreement will not exceed €300,000 (Ex-VAT) over the Term and any

possible extensions. It is emphasised, however, that this figure is provided strictly for indicative purposes only as there is not guaranteed expenditure under the framework agreement.

Note: The Contracting Authority reserves the right to exclude submissions from tenderers which exceed the maximum budget available as stated above.

- 1.7 Contracting Authority policy seeks to encourage participation on a fair and equal basis by Small and Medium Enterprises (“SME”s) in this Competition. SMEs that believe the scope of this Competition is beyond their technical or business capacity are encouraged, subject to paragraph 2.5, to explore the possibilities of forming relationships with other SMEs or with larger enterprises. Through such relationships they can participate and contribute to the successful implementation of any Services Contracts that may result from this Competition and therefore increase their social and economic benefits.

Larger enterprises are also encouraged, subject to paragraph 2.5, to consider the practical ways that SMEs can be included in their proposals to maximise the social and economic benefits of any Services Contracts that may result from this Competition.

- Please note responses to individual questions will **NOT** be scored separately but collectively they will provide a basis for assessing the merits of the tenderer's overall response to each award criterion and sub-criterion.
- Compliance with all the standards as regards health and safety, quality assurance are expected.
- Where abnormally low tenders are received the Evaluation team shall require the tenderer to explain the price proposed in Appendix 2 (per Article 69 of the EU Procurement Directives 2014/24). Where the tenderer cannot provide a sufficient explanation, the contracting authority is entitled to reject the tender
- **Next Ranked Supplier** - The award of any contract is subject to the successful tenderer meeting the required specification and standards as set out in this RFT and TRD. Should the required specification and standards not be met, EPS reserves the right, in consultation with the Contracting Authority, to award any contract to the next highest-ranked Tenderer.
- **Tie Break** - If the evaluation outcome results in a tie between two or more Tenders, then the Tender with the highest score for the highest weighted criterion shall be deemed the most economically advantageous tender. If the score remains in a tie, the remaining criterion will be assessed by the highest weighted until there is no longer a tie. If the score remains a tie after all criterions are assessed, the tenderers will be asked to submit a Best and Final Offer (BAFO).

A failure to answer question(s) may leave the contracting authority with insufficient information on which to base a thorough evaluation and in turn may result in loss of marks in respect of the relevant Award Criterion. Therefore, please ensure you complete ALL sections of this questionnaire.

The award of contract will be on the basis of the Most Economically Advantageous Tender received, in accordance with the above tender award criteria, weightings and rules.

The lowest Cost of Service tender, will receive the maximum score achievable under this criterion.

$$\text{Pricing Score} = \frac{\text{Lowest Tendered Price} \times \text{Max Points}}{\text{Price of bid being evaluated}}$$

Responses for non-cost Award Criteria items will be scored using the following matrix:

| Scoring Range |            | Meaning                                                                                                                                                                                                                                                          |
|---------------|------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Excellent     | 91% – 100% | Excellent response that fully meets and exceeds requirements, providing comprehensive, detailed, and convincing assurance that the Tenderer will deliver to an exceptional standard.                                                                             |
| Very Good     | 80% – 90%  | A very good response that demonstrates real understanding and fully meets the requirements and provides convincing assurance that the Tenderer will deliver to high standard.                                                                                    |
| Good          | 60% – 79%  | A satisfactory response which demonstrates a reasonable understanding of requirements and provides reasonable confidence that the minimum requirements will be delivered. However, it does not provide sufficiently convincing assurance to award a higher mark. |
| Fair          | 30% - 59%  | A response where reservations exist due to a lack of convincing details and comprehensive credibility. There is a significant risk that the requirements will not be delivered to a satisfactory standard.                                                       |
| Poor          | 1% – 29%   | A response that raises significant reservations, due to insufficient detail, critical or notable deficiencies, that seriously lacks credibility, presenting a high risk of non-delivery.                                                                         |
| 0             | 0%         | No Response or partial Response that completely fails to address the criterion under consideration.                                                                                                                                                              |

The scoring of the Qualitative Award Criteria including all sub-criteria will be based on an assessment of the information provided by Tenderers, which **MUST** be supplied by Tenderers via the completed Tender Response Document. The Evaluation Group will assess the information provided and each response element will be awarded marks using the scoring methodology set out above.

3.3.2 Subject to paragraphs 2.1 (Important Notices) and 3.5 (Standstill Period) of this RFT, award of the Service Contract to the highest ranked Tenderer(s) (as determined by paragraph 3.3.1) will be conditional upon:

- (a) the Tenderer submitting the following evidence in respect of the Tenderer (including the Prime Contractor and any Subcontractors, as applicable in accordance with paragraph 3.1 above) to the extent not already provided, within seven (7) days of request by the Contracting Authority: (i) a Declaration in the form attached at

Appendix 6; (ii) if applicable, evidence to the effect that measures taken by the entity concerned are sufficient to demonstrate its reliability despite the existence of a relevant Exclusion Ground; (iii) all or any of the supporting documents specified at paragraph 3.2; and

- (b) the evidence specified at paragraph 3.3.2(a) above demonstrating that each entity concerned meets the Selection Criteria and the compliance requirements specified at paragraph 3.1 above.

**3.3.3** Tenderers should take note that, where a Services Contract is awarded the Contracting Authority will require the Tenderer to whom it has decided to award the Services Contract to supply up-to-date evidence as set out in paragraph 3.3.2(a) above. Where the Tenderer cannot provide up-to-date evidence to demonstrate that each entity concerned meets the Selection Criteria and the compliance requirements specified at paragraph 3.1(b) and (c) above, then the Contracting Authority may proceed to offer the Services Contract to the next highest-ranked Tenderer.

#### **3.4 PRESENTATION OF PROPOSALS**

Tenderers may be required to make a presentation of the proposal contained in their Tender. The Contracting Authority will not be responsible for the cost of such presentations (in accordance with paragraph 2.8). Performance at presentations will NOT be evaluated.

The Standstill Period shall be seven (7) calendar days if such notice is sent by other means. The preferred bidder will be notified of the decision of the Contracting Authority and of the expiry date of the Standstill Period.

**3.5.2** Tenderers should note that the Contracting Authority may, when notifying Tenderers of the results of this Competition, include the scores obtained by the Tenderer concerned and the scores obtained by the lowest ranking preferred bidder in respect of each award criterion assessed by the Contracting Authority.

#### **3.6 RETURN OF SIGNED FRAMEWORK AGREEMENT**

**3.6.1** The successful Tenderer must sign and return the Framework Agreement in duplicate to the Contracting Authority no later than five (5) calendar days from the date of expiry of the Standstill Period unless notified otherwise in writing by the Contracting Authority. Contracting Authority until the Contracting Authority has signed the Framework Agreement in accordance with paragraph 2.1.2 above.

- 3.6.2 Where the signed Framework Agreement has not been received by the Contracting Authority within the period as specified at paragraph 3.6.1 then the Contracting Authority may proceed to offer a Framework Agreement to the next highest-ranked Tenderer in accordance with paragraph 3.6.1 above.
