NOTES FOR CONTRACTING AUTHORITIES

PREPARING THIS DOCUMENT

The Suitability Assessment Questionnaire document comprises two separate parts.

Part 1, this document, which is completed by the Contracting Authority and uploaded to eTenders to provide the information for Applicants about the project, the submission requirements and the Qualification Criteria that will be applied to determine the suitability of Applicants to perform the services.

Part 2, is completed by Applicants, having been prepared and uploaded to eTenders by the Contracting Authority along with Part 1. The Contracting Authority is required to complete the cover page, and section 2.4 where Applicant details are required in addition to those specified.

Part 1 contains three sections:

- Section 1 Information for Applicants, which requires no input from the Contracting Authority.
- Section 2 Project Particulars, which gives details of the project and the Contracting Authority's requirements for the submission of the response to the Questionnaire. (The rules of tender and particulars thereof are in the Instructions to Tenderers which will accompany the Invitation to Tender letter issued to those who are shortlisted as set out in the Contract Notice).
- Section 3 Suitability Assessment Criteria, which sets out the Qualification Criteria that apply in the Competition and used to evaluate SAQ Submissions. This section must be prepared by the Contracting Authority by selecting appropriate suitability assessment criteria to apply as Qualification Criteria, setting minimum standards under each such criterion that are proportionate to the project in question, the type of response that the Applicant is required to provide, and the basis upon which the response will be evaluated. Where it is deemed appropriate, the Contracting Authority may specify those criteria for which Applicants may declare that they meet the standards required under such criteria; these would typically be criteria that will be evaluated on a pass/fail basis. Where this is a permitted response, Applicants must be able to provide evidence in support of such declarations promptly should this be requested at any stage by the Contracting Authority.

Part 2 also contains three sections:

- Section 1 General.
- Section 2 Applicant Details, which is used to collect basic information about the Applicant and any sub-contractor proposed to provide a specialist skill, or other entities upon whom the Applicant relies in order to meet the requirements of any Qualification Criteria in Part 1 of the Questionnaire. If the Contracting Authority requires further details in addition to the standard details therein, the Contracting Authority must specify these requirements in section 2.4, prior to issuing Part 2. The Applicant must complete Section 2.
- Section 3 Applicant Declaration, the Applicant must complete and sign Section 3, and provide any evidence or information required by Part 1 of this Questionnaire.

The Questionnaire is issued as a protected MS Word form (text other than form fields is protected).

IMPORTANT NOTICE FOR APPLICANTS

Purpose

This Suitability Assessment Questionnaire (“this Questionnaire”) is issued in relation to a tender competition run under the restricted procedure. Its purpose is to obtain information from Applicants to determine if they are eligible to participate in this tender competition. Applicants, if successful, are invited to participate in a tender competition that may lead to a contract award for those services stated in Section 2.4 of the Project Particulars.

In this Questionnaire, the term Applicant is used for an Individual (Sole) Trader, a single entity, a Partnership, a Consortium or any other type of Joint Venture seeking to be awarded the Contract. If the role of PSDP or PSCS is required, the entity providing that skill must be an individual (sole) trader or company (i.e. body corporate) that constitutes an acceptable entity for the purpose of this project.

This Questionnaire and any related documents must not be used for any other purpose.

Multiple Participation

If any individual or group of individuals is included in more than one Applicant’s submission for the same contract, a statement should be provided to the effect that the Applicant is aware of this multiple participation and that it has been brought to the attention of all the consortia of which that individual or group is a member.

The Contracting Authority will then investigate the circumstances to see if this multiple participation could result in a distortion of competition. Where it is felt that competition may be distorted, the Contracting Authority may take such steps as it deems appropriate which may include limiting the number of bidding teams with which an entity may participate, disqualifying relevant Applicants or such other steps as it deems appropriate subject to the principles of applicable law.

No liability

The Contracting Authority makes no representation, warranty, or undertaking in or in connection with this Questionnaire or the contents of this Questionnaire unless explicitly stated. The Contracting Authority has not authorised anyone to make any representation in connection with this Questionnaire on its behalf, and Applicants should not rely on any representation purportedly made on the Contracting Authority’s behalf in connection with this Competition. Neither the Contracting Authority nor its officers, employees, or advisers will have any liability in connection with this Questionnaire or the contents of this Questionnaire. Applicants must make their own assessment of the adequacy, accuracy, and completeness of this Questionnaire.

Right to terminate or amend this Competition

The Contracting Authority reserves the right not to proceed with the Competition or any part of it and may terminate the Competition or any part of it at any time, with or without procuring the Works in another way. If this happens, neither the Contracting Authority nor its officers, employees, or advisers will be liable to any Applicant or other person. The Contracting Authority also reserves the right to change any part of this Questionnaire, including the procedures and time limits described in this Questionnaire. The Contracting Authority does not bind itself to accept any outcome of the process described herein and is not obliged to enter into a contract for the services with anyone.

Costs and No Legal Relationship

Neither the Contracting Authority nor its officers, employees, or advisers have any responsibility for Applicants' costs or losses in connection with this Competition. This Questionnaire does not create a contract or legal relationship (including, for the avoidance of doubt, any contract about the Competition itself) between any Applicant and the Contracting Authority unless and until the Contract has been entered into including by issue of a Letter of Acceptance and any conditions precedent to its effectiveness have been met. The exception to this is the obligation upon an Applicant with regard to confidentiality. This Questionnaire will not form part of any Contract unless expressly stated otherwise.

Confidentiality

IMPORTANT NOTICE FOR APPLICANTS

Applicants must treat this Questionnaire and their participation in the Competition as confidential. Applicants must not disclose any information about the Competition to anyone other than as required for the purpose of responding to this Questionnaire, or as required by law.

Disclosure

The Contracting Authority is entitled to disclose information about this Competition, including the identity of those expressing interest, to any person. If an Applicant considers that any information in its suitability assessment submission is commercially sensitive or confidential, this must be clearly stated, and clear and substantive reasons provided. The Contracting Authority will have regard to such a statement in considering a request for access to the information under the Freedom of Information Acts 2014 (or any other legislation relating to disclosure of information) but is not bound by the Applicant's view and will take such steps as it considers necessary to comply with its obligations under applicable law.

Conflicts of Interest

Any conflict of interest or potential conflict of interest must be fully disclosed to the Contracting Authority as soon as such conflict or potential conflict becomes apparent. This includes, but is not limited to, situations where an Applicant or any of the members of an Applicant which is a consortium, joint venture or partnership, or any entity being relied upon by an Applicant, or any of their advisers, contractors, consultants, servants or agents are currently or have been in the past an adviser, contractor, consultant, servant or agent to the Contracting Authority, or any local or other relevant authority in relation to the services which are the subject matter of this Competition.

Without prejudice to the foregoing, any 'registrable interest' involving the Applicant and the Contracting Authority (and where applicable any elected members of the Contracting Authority or members of the Board of the Contracting Authority), members of the Government, members of the Oireachtas or employees of the Contracting Authority or their relatives must be fully disclosed to the Contracting Authority immediately upon such information becoming known to the Applicant. The terms 'registrable interest' and 'relatives' shall be interpreted in line with the Ethics in Public Office Act, 1995 and the Standards in Public Office Act 2001 as may be amended from time to time.

The Contracting Authority will, at its absolute discretion, decide on the appropriate course of action in relation to any actual or perceived conflicts of interest, which may include (but is not limited to) excluding the Applicant from the Competition, or permitting the Applicant to continue subject to safeguards determined by the Contracting Authority being put in place and observed.

Tax Clearance

It will be a condition of the award of the Contract that the successful Tenderer shall, for the term of the contract, comply with all applicable EU and domestic tax laws. Prior to the award of the Contract arising out of this Competition the successful Tenderer shall be required to supply its Tax Clearance Access Number and Tax Reference Number to facilitate online verification of their tax status by the Contracting Authority. By supplying these numbers the successful Tenderer acknowledges and agrees that the Contracting Authority has the permission of the successful Tenderer to verify its tax cleared position online. Applicants may obtain information regarding their obligations concerning taxation from the Revenue Commissioners (www.revenue.ie).

Irish Law

Irish law is applicable to this Questionnaire and the Irish courts shall have exclusive jurisdiction in relation to any disputes arising from or in connection with this Questionnaire.

Collusion

Applicants' attention is drawn to the Competition Act 2002 - 2019 (as may be amended from time to time) which makes it a criminal offence to collude on prices or terms in a public procurement competition.

Prior Knowledge

IMPORTANT NOTICE FOR APPLICANTS

Applicants must not make any assumptions that the Contracting Authority has prior knowledge of their organisation or service provision. Applicants will only be evaluated on the information contained in their response to this Questionnaire (“SAQ Submission”) (as may be clarified by the Contracting Authority in accordance with this Questionnaire).

SECTION 1: INFORMATION FOR APPLICANTS

1.1. INTRODUCTION

This Section 1 contains information in relation to the completing this Questionnaire.

Section 2 Project Particulars (“the Project Particulars”), sets out the submission requirements and the manner in which the shortlist of Qualified Candidates will be prepared. It contains the particulars of the project which summarises the key features of the service provision such as the duration of the service, Principal Services required, Specialist Skills required, any known particular risks, etc. Applicants should read this information carefully before submitting their response to this Questionnaire (“the SAQ Submission”). The Project Particulars also state whether the grounds for exclusion contained in Regulation 57 (Exclusion Grounds) of SI 248/2016 apply to this Competition.

Section 3, Suitability Assessment Criteria, sets out the minimum standards under the Qualification Criteria that the Applicant must meet in order to pass the suitability assessment. In a restricted procedure, Qualification Criteria may be assessed on a Pass/Fail plus Qualitative basis, or Pass/Fail plus Random Selection basis. The basis chosen by the Contracting Authority is set out in the Project Particulars. In any case, where a response to the Questionnaire fails to meet the minimum standards set out in Section 3, then the relevant Applicant will be eliminated from further participation in the Competition. The Applicant must follow the instructions set out in the Questionnaire and submit the information required in the format described otherwise the submission may be declared invalid.

1.2. SUITABILITY ASSESSMENT SUBMISSION REQUIREMENTS

Applicants must complete and submit the following documents (“the SAQ Submission”):

- (i) Part 2 of the Questionnaire; and
- (ii) where required in the Particulars, an ESPD or Appendix A; and
- (iii) any evidence or other supporting documentation required by this Questionnaire.

Completing Part 2 of the Questionnaire

The Applicant must always complete and submit Part 2 of this Questionnaire (in addition to providing any evidence or supporting documentation required by this Questionnaire). In Part 2, Applicants must provide information on the Applicant’s organisation and, any entities upon whose capacity they rely for the purpose of meeting the requirements of any of the Qualification Criteria in Part 1.

The Applicant must always complete and sign the Declaration in Section 3, otherwise the SAQ Submission may be declared invalid. In addition, in competitions above the EU thresholds, the Applicant shall also complete and submit an ESPD. The Declaration in Section 3 must still be completed and signed even where the Applicant has submitted an ESPD.

Where an ESPD is required to be submitted, the Applicant must complete Parts II (Information concerning the economic operator), Part III (Exclusion Grounds), Part IV α (Selection Criteria) and Part V (Concluding Statement) of the ESPD. Part IV α is completed by selecting “yes” to confirm that the Applicant meets the Qualification Criteria in the Competition.

Applicants may use an existing ESPD, provided however that it is accompanied by a letter from the Applicant confirming that their circumstances have not changed since the ESPD was originally completed.

SECTION 1: INFORMATION FOR APPLICANTS

Providing Evidence

The Applicant should provide only evidence that is current up to the date of submission of the SAQ Submission. Failure to submit the required evidence with the SAQ Response may result in exclusion from the Competition. Where the required means of submission is electronic submission, the Contracting Authority reserves the right to inspect the original hardcopy signed documents.

1.3. DEADLINE AND MEANS OF SUBMISSION FOR SAQ SUBMISSIONS

SAQ Submissions must be received in accordance with the required means of submission, by no later than the date and time, each as stated in Section 2.1 of the Project Particulars and in accordance with Section 5.1 of the Instructions to Tenderers. All times are local Irish time as standard time according to the Standard Time Act 1968 (as amended).

Where the Project Particulars state that the required means of submission is by electronic submission to eTenders web portal:

- Applicants are advised to ensure that they give sufficient time to allow for the successful upload of their SAQ Submission (and that they have a reliable, continual connection speed available for this purpose).
- Applicants should ensure that their operating system has sufficient capacity to execute the upload of all documents in their SAQ Submission before the deadline for receiving SAQ submissions.
- The timely and complete upload of the SAQ Submission is the responsibility of each Applicant. Applicants are advised to consult etenders.gov.ie for information on uploading electronic submissions.
- All files submitted electronically must be capable of being readily viewed in their entirety in the format stated in the Project Particulars. Where the required format is in read only PDF, all documents that require signature must be signed/sealed prior to scanning/converting to read only PDF.
- All uploaded documents should be clearly identified in their saved title. All documents should be clearly marked with the name of the Applicant, and the name of the Contract.
- It is the responsibility of the Applicant to ensure that electronic documents submitted are not corrupt.

Completed delivery of the SAQ Submission in advance of the submission deadline, is the responsibility of each Applicant.

1.4. MEANS OF COMMUNICATIONS

All communications in relation to this Questionnaire and this Competition must be in writing and submitted in accordance with the means of communication stated in Section 2.1 of the Project Particulars.

1.5. QUERY PROCEDURE

The interpretation of this Questionnaire is a matter for Applicants. Applicants may submit queries in relation to this Questionnaire in writing to the Contracting Authority using the means of communication stated in Section 2.1 of the Particulars.

Applicants should ensure queries are received before the query deadline specified in the Section 2.1 of Project Particulars. The Contracting Authority may, but is not obliged to, respond to queries received after the query deadline.

The Contracting Authority has no obligation to respond to queries. Where the Contracting Authority responds to a query, it will issue the response on the e-tenders website, unless the query has been clearly designated as confidential. If the query has been designated as confidential, and the Contracting Authority decides that the response should be published on the e-tenders website, the

SECTION 1: INFORMATION FOR APPLICANTS

Contracting Authority will notify the person raising the query, who will have the option within the time limit specified by the Authority of withdrawing the query or having any response sent to all Applicants.

The Contracting Authority may still issue any information it considers appropriate on the e-tenders website following withdrawal of the query.

As with this Questionnaire, responses to queries will not create any contractual relationship between the Contracting Authority and Applicants, or form part of the Contract unless explicitly stated otherwise.

It is the responsibility of Applicants to monitor the means of communication for this Competition for any correspondence or clarifications in relation to this Questionnaire.

It is the responsibility of Applicants to notify the Contracting Authority of any ambiguity, discrepancy, error, or omission in relation to this Questionnaire or related documents, immediately, even after the time for submitting queries has expired.

1.6. SAQ SUBMISSIONS WHERE MULTIPLE PRINCIPAL SERVICE PROVIDERS ARE REQUIRED

Where there are multiple Principal Service Providers required under Section 2.4 of the Project Particulars, a separate Questionnaire will be prepared by the Contracting Authority for each Principal Service Provider. The corresponding Part 2 of each such Questionnaire must always be completed by an Applicant for the Principal Service in question, and the responses to the separate Questionnaires collated by the Lead Applicant and returned as a single Suitability Assessment Submission.

Where a single entity applies for more than one Principal Service, they do not need to provide a response to criteria 3.2 and 3.3a – 3.3g (as may be applicable) for each Questionnaire, provided they submit the required information in one of their responses and reference it in all of their responses to the Suitability Assessment Questionnaire(s).

1.7. SAQ SUBMISSIONS BY CONSORTIA, JOINT VENTURES OR PARTNERSHIPS

For entities which apply and tender as a Consortium or Joint Venture (or Partnership), and the members have not set up together as a company (to be the legal entity which enters into the contract), one member of the consortium or joint venture must act as the lead member ("Lead Member") in compiling and submitting the single SAQ Submission. Notwithstanding the above, where an Applicant is a Consortium, Joint Venture or Partnership, each member of the Consortium, Joint Venture or Partnership must respond to the applicable sections of Section 3 of this Questionnaire (and Part 2) and the responses are submitted as a single SAQ Submission by the Lead Member.

Where an Applicant is a Consortium, Joint Venture, Partnership, or unincorporated grouping of two or more persons, the Applicant is not required to assume a specific legal form for the purposes of participating in this Competition, but may be required to do so by the Contracting Authority prior to the award of the Contract.

Where Applicants are required to submit a completed ESPD, each member of a Consortium, Joint Venture or Partnership, and any entity being relied upon for the purposes of this Questionnaire, must submit a completed ESPD.

1.8. SPECIALIST SKILL PROVIDERS

Where Specialist Skills (as identified in Section 2.4 of the Project Particulars) are required, these may be provided either by the Applicant itself or by specialist sub-contractors and in both cases, evidence required should accompany the SAQ Submission as instructed in the Questionnaire.

SECTION 1: INFORMATION FOR APPLICANTS

Where evidence is provided in support of any criteria, the Applicant must reference the criterion to which it refers.

Where an Applicant proposes that a specialist area is undertaken by a subcontractor, such an entity will be treated as an entity being relied upon by the Applicant and the requirements of Section 1.9 (Reliance on Resources) apply to such an entity. Where an Applicant is required to submit an ESPD, the entity relied upon by the Applicant for a Specialist Skill must also submit an ESPD.

The Contracting Authority also reserves the right to require a collateral warranty in the form of MF 2.3 *Collateral Warranty for Sub-Consultants* for any sub-consultant providing the Specialist Skills listed in the Particulars at the next stage of the Competition.

1.9. RELIANCE ON RESOURCES

Where, in order to meet any applicable criteria in Section 3.3 (Financial and Economic Standing) (including for the avoidance of doubt, with respect to evidence of turnover), and/or in Section 3.4 (Technical Capability) of this Questionnaire, an Applicant (or any member of an Applicant which is a Joint Venture, Consortium or Partnership) relies on the capacities of other entities or undertakings with which it is directly or indirectly linked, whatever the legal nature of those links may be (including, for example, but not limited to, a parent company and/or a subcontractor/sub-consultant, including a Specialist Skill Provider who is not the Applicant itself). The entity being relied upon shall provide a response to the applicable Sections in Part 1 and Part 2 of this Questionnaire, and where an ESPD applies to this Competition, shall complete an ESPD.

The Applicant will be required to demonstrate to the satisfaction of the Contracting Authority that the capacities relied upon will actually be available to the Applicant if it is awarded the Contract.

For the purposes of demonstrating that the resources relied upon will be available at this stage of the Competition, the Contracting Authority will accept²:

- a letter in the form of Appendix 1 to this SAQ – *Letter from entity relied upon*; or
- a completed ESPD signed by the entity being relied upon (where an ESPD applies in this Competition).

If availability of capacities is not established to the satisfaction of the Contracting Authority, the Contracting Authority will assess the suitability of the Applicant without taking into account the capacities of such an entity or entities.

At contract award stage, the Contracting Authority reserves the right to require the following from any entity relied upon with regard to:

- any of the Economic or Financial Standing criteria, the entity relied upon may be required by the Contracting Authority at contract stage, to enter into a guarantee in the form of the Reliance Guarantee in respect of the performance of the contract by the Applicant³;
- any of the Technical Capability selection criteria, the entity may be required by the Contracting Authority at contract stage, to enter into either a Reliance Warranty or Collateral Warranty for Sub-Consultants⁴ (as appropriate to the nature of the resource relied upon by the Applicant) with regard to the making available the resources relied upon by the Applicant⁵. Note that where an Applicant relies on another entity for educational or

² Alternate evidence may be acceptable to the Contracting Authority

³ The Contracting Authority may accept alternate arrangements, in place of a guarantee, at its discretion.

⁴ The requirements for Collateral Warranties by Specialist Skill Providers will be stated in the Instructions to Tenderers issued at the next stage of the Competition.

⁵ The Contracting Authority may accept alternate arrangements at its discretion.

SECTION 1: INFORMATION FOR APPLICANTS

professional qualifications (criteria 3.4a and 3.4b in this Questionnaire), or with regard to relevant professional experience (criteria 3.4c in this Questionnaire), including those of a Specialist Skill Provider (who is not the Applicant itself), the entity being relied upon must perform the works or services to which those qualifications or experiences relate;

- further evidence of the availability of the resources relied upon may be required by the Contracting Authority at a later stage in the Competition and/or upon award of the Contract.

1.10. GROUNDS FOR EXCLUSION

Note: Where a Competition is subject to the application of European Procurement Regulations, grounds for exclusion in Regulation 57 of SI 284/2016 will automatically apply. Where a Competition is not subject to the application of the European Procurement Regulations, a Contracting Authority may elect to apply the grounds for exclusion in Regulation 57 of SI 284/2016 in this Competition. The position for the Competition is set out in the Project Particulars.

The grounds under which the Contracting Authority may exclude an Applicant, any member of an Applicant, or any entity relied upon by the Applicant, from participation in this Competition are set out below.

Where grounds for exclusion apply in the Competition, the Applicant, each member of the Applicant (where the Applicant is a Joint Venture or Consortium or Partnership); and, any entity being relied upon by the Applicant (or any member of the Applicant) (including Applicant's Specialists), must provide a declaration regarding the situations referred to below by completing an ESPD or Appendix A, as stated in the Project Particulars.

The term 'Applicant' as used below refers to each of (a) the Applicant (b) a member of the Applicant (where an Applicant is a Joint Venture, Consortium or Partnership) (c) any entity being relied upon by the Applicant.

Subject always to the provisions of Regulation 57 of the European Union (Award of Public Authority Contracts) Regulations 2016 (SI 284 of 2016):

(a) if:

- (i) the Applicant is in one of the situations listed in Regulations 57(1) or 57(3) of SI 284 of 2016; or
- (ii) a member of the administrative, management or supervisory body of the Applicant/member of the Applicant, or a person having powers of representation, decision or control therein, is in one of the situations listed in Regulation 57(1) of SI 284 of 2016, the Applicant shall be excluded from the Competition;

(b) if the Applicant (or any member of the Applicant, in the case of a Joint Venture, Group or Consortium), is in any of the situations listed in Regulation 57(4) or 57(8) of SI 284 of 2016 selected by the Contracting Authority for the purposes of this Competition, the Applicant may be excluded from the Competition.

Any Applicant which is in one of the situations referred to above must provide details of any factors or circumstances which it believes are relevant to the Contracting Authority's assessment of whether the existence of these grounds should lead to the exclusion of the Applicant. For example, where an Applicant is in one of the situations referred to above but has taken measures which it believes are sufficient to demonstrate its reliability, that Applicant may provide evidence of such measures to the Contracting Authority for consideration. Applicants should note that, with regard to the situations listed in (a) above, the circumstances which the Contracting Authority may take into account before deciding whether or not to exclude an Applicant are prescribed by law, and Applicants are directed to Regulation 57 of the 2016 Regulations in this regard.

If an entity being relied upon is in one of the situations listed above, the Contracting Authority may require that the Applicant replaces such entity with another entity which is not in any of these situations. In the event that the entity cannot be replaced with another entity to whom the grounds

SECTION 1: INFORMATION FOR APPLICANTS

do not apply (including where the Contracting Authority concludes that to permit such replacement would be contrary to law), the Contracting Authority reserves the right to eliminate the Applicant from the Competition.

Where grounds for exclusion apply in the Competition, the Applicant, each member of the Applicant and any entity being relied upon by the Applicant (or any member of the Applicant, including Specialist skill providers who are not the applicant itself), must provide a self-declaration regarding the situations referred to above in the form of an ESPD (where the Competition is subject to the application of the European Procurement Regulations), or, by completing the self-declaration in the form of Appendix A – Self Declaration re Regulation 57 (where the Competition is not subject to the application of the European Procurement Regulations), as specified in the Project Particulars.

Note: The Contracting Authority may, at any time during the Competition (for example at shortlisting stage), require the Applicant to provide the confirmation in MF 2.7 *Declaration Under Oath/Solemn Oath*, and where the Declaration Under Oath/Solemn Oath pre-dates the date of submission, Applicants must also provide the confirmation in MF 2.8 *Confirmation Oath Still Valid*.

SECTION 1: INFORMATION FOR APPLICANTS

1.11. RESPONDING TO QUALIFICATION CRITERIA

The Qualification Criteria that will be used in evaluating SAQ Submissions are set out in Section 3 of the Questionnaire and are those criteria where “Yes” is marked in the column “Applicable Criterion/Requirement”.

Some criteria are simple Pass/Fail criteria – these are requirements that must be met in full, and, if the criterion is passed, have no further role in calculating the Applicant’s overall score. If a criterion is failed, the Applicant is eliminated from the competition. Where Specialist Skills and Health and Safety sub-criteria are included in any criterion then these too must be passed, otherwise the Applicant will be eliminated from the tender competition.

Where the Contracting Authority has chosen “Pass/Fail plus Qualitative”, some criteria may have minimum Pass/Fail requirements, beyond which they are qualitatively evaluated. Each such criterion is given an allocation of marks (weighting) to be used to calculate the Applicant’s overall score, as indicated in the relevant table in Section 3.

The Applicant must follow the instructions and respond as required by the following titles under the ‘Response’ heading for each criterion:

Where the response for a Qualification Criterion is marked as **Response: EVIDENCE REQUIRED**, in addition to providing the completed Applicants Details and Declaration document, the Applicant must provide the information specified in the qualification sub-criterion. Applicants should not purport to have responded to any such criterion solely by having provided the completed Applicant Details and Declaration (and/or an ESPD where an ESPD is required). The evidence submitted must prove that the Applicant meets the relevant criterion as of the date of submission of the Applicant’s SAQ Submission. Failure to submit the required evidence with the SAQ Submission may result in exclusion from the Competition.

Where the response for a Qualification Criterion is marked **Response: DECLARATION REQUIRED**, it shall suffice for the purposes of responding to this Questionnaire for the Applicant to complete the Declaration in the Applicant Details & Declaration response document (and may also respond by way of the ESPD, where an ESPD is required). The Declaration in the Applicant Details & Declaration will be required even if the Applicant is also submitting an ESPD. The Contracting Authority may, at any time (for example, prior to shortlisting), request supporting documentation substantiating any declaration made in respect of any or all such Qualification Criteria. Supporting documents must prove that the Applicant meets the relevant Qualification Criteria as of the date of submission of the Applicant’s SAQ Submission. Where the Contracting Authority requests supporting documentation substantiating any declaration made in respect of any or all such criteria, the supporting documents must be provided promptly and within the timeframe specified by the Contracting Authority. Failure to provide the requested supporting documentation within the timeframe specified may result in exclusion from the Competition.

For criteria marked as **Response: NOT REQUIRED**, Applicants should not provide the information.

1.12. CHANGE IN APPLICANT CIRCUMSTANCES

Where any information provided by an Applicant in response to this Questionnaire becomes untrue, incomplete or misleading (for example as a result of a change in circumstance or structure of the Applicant or of its proposed team), Applicants must inform the Contracting Authority of any such change in circumstances as soon as it becomes aware of this.

If it comes to the Contracting Authority’s attention by any means that:

- a) there has been a change in circumstances concerning an Applicant that could affect the Contracting Authority’s assessment of that Applicant’s SAQ Submission; or
- b) information submitted by an Applicant was untrue, incomplete or misleading when submitted or has become by reference to the facts as they then stand untrue, incomplete or misleading;

SECTION 1: INFORMATION FOR APPLICANTS

the Contracting Authority may clarify this with the Applicant and may seek further information and/or evidence from the Applicant. The Contracting Authority may take such steps as it considers necessary including revising its assessment of the Applicant on the basis of the information then available to the Contracting Authority and/or excluding the Applicant from further participation in the Competition.

1.13. COMPLIANCE

The Contracting Authority shall assess the SAQ Submission for compliance with these Instructions, including for the provision of all the information and evidence required. The Contracting Authority may treat non-compliant submissions as set out in section 1.15 below.

1.14. CLARIFICATIONS

Applicants may be asked to clarify aspects of their SAQ Submission after the closing date by written submission, by interview or by both.

1.15. NON-COMPLIANT SUBMISSIONS

If an Applicant fails to comply in any way with the requirements of this Questionnaire (including any clarification or supplementary information issued by the Contracting Authority in connection with this Competition), the Contracting Authority may (but is not obliged to) take such steps as it deems appropriate, including (but not limited to):

- a) rejecting the submission as non-compliant; and/or
- b) without prejudice to the Contracting Authority's right to reject the submission:
 - (i) seeking clarification from the Applicant in respect of the relevant submission by way of a meeting or written submission;
 - (ii) requesting the Applicant to provide information or items which has/have not been provided or has/have been provided in an incorrect form;
 - (iii) waiving a requirement which, in the Contracting Authority's opinion is minor or procedural; and/or
 - (iv) take any other step permitted by law;

in accordance with applicable law and principles.

1.16. REVIEW

In the Particulars, the Contracting Authority may state a review procedure, whereby an Applicant who disputes a decision of the Contracting Authority about whether an SAQ Submission complies with the Suitability Assessment Questionnaire, may raise the matter with the Contracting Authority. The review procedure should include appropriate timelines for the submission of the query and response times.

Important Note to Applicants: Any such review process set out in the Particulars is not mandatory. Applicants should obtain legal advice as to the review procedures that may be available to them under law, as well as the timeframes in which such review procedures may be availed of.

1.17. DATA PROTECTION NOTICE

As part of this Competition, the Applicant may, (at various stages) provide personal data relating to the Applicant or its organisation, employees or other third parties. In this Suitability Assessment Questionnaire ("this Questionnaire"), "Data Protection Laws" means all applicable data protection law including, with effect from 25 May 2018, the General Data Protection Regulation (Regulation (EU) 2016/679) and the Data Protection Act 2018; and the terms 'personal data', 'process', 'controller', 'processor' and 'data subject' shall have the meanings given to them under Data Protection Law.

SECTION 1: INFORMATION FOR APPLICANTS

Where the Applicant provides personal data relating to third parties, the Applicant must ensure that such third parties are made aware of the contents of this Data Protection Notice in full.

The Applicant, as controller in respect of any personal data provided by it as part of this competition, is required to confirm in the declaration required under Part 2 of this Questionnaire that all data subjects whose personal data is provided by the Applicant have consented to the processing of such personal data by the Applicant, the Contracting Authority, the evaluation team and the supplier of the etenders.gov.ie website, for the purposes of the participation of the applicant in this competition or that the Applicant otherwise has a legal basis for providing such personal data to the Contracting Authority for the purposes of its participation in this competition.

Where such personal data is provided, the relevant controller is the Contracting Authority. If there are any questions about the Contracting Authority's use of such personal data, please contact the Contracting Authority's Data Protection Officer whose details are available upon request to the Contracting Authority.

The Contracting Authority may process the following personal data as part of this competition:

- name;
- contact details;
- CV details (including but not limited to qualifications, education, experience, previous roles and responsibilities);
- details of proposed role(s) and responsibilities on this contract;
- referee details; and
- any other data provided by the Applicant.

The Contracting Authority collects personal data from the Applicant directly, and from the following sources:

- Applicant's organisation;
- other members of the Applicant's consortium (if applicable); and
- Referees.

Any personal data provided will be processed for the purposes of the competition, the administration of any contract awarded on foot of this competition, reporting to any regulators or oversight bodies and/or any disputes relating to the competition or the contract.

In connection with the above, the Contracting Authority may disclose personal data to various recipients including:

- Applicant's organisation;
- other members of the Applicant's consortium (if applicable);
- the Contracting Authority's third party service providers, such as financial, legal and technical advisors; and
- regulators or oversight bodies.

If the Applicant is unsuccessful as part of the tender process, such personal data will be retained until three years after the conclusion of the tender process or the award of the contract to the successful Tenderer, whichever is later. If the Applicant is successful, and a contract is awarded to the Applicant at the end of the tender process, such personal data will be retained in accordance with the Contracting Authority's record management and retention policy, a copy of which can be obtained from the Employer upon request.

Any data subjects in respect of which the Employer holds or processes personal data have rights in relation to their personal data, including the right to request access to their data and, in certain circumstances to request rectification, erasure or restriction of the processing of their personal data. All such data subjects have the right to lodge a complaint with the Irish supervisory authority, the Data Protection Commission.

SECTION 1: INFORMATION FOR APPLICANTS

1.18. ADDITIONAL GROUNDS FOR EXCLUSION

The Contracting Authority reserves the right to exclude any Applicant from the Competition should the Contracting Authority be of the view that entry into the Contract with such Applicant (bearing in mind any Applicant members (where the Applicant is a Consortium, Joint Venture or Partnership), entities relied upon or sub-consultants) would be contrary to any applicable law or regulation, including any applicable sanctions regimes.

Where required in the Particulars, Applicants shall be required to disclose in their SAQ Submission any issues giving rise to possible sanctions applications.

1.19. APPLICATION OF THE FOREIGN SUBSIDIES REGULATION

Where the Project Particulars state that Regulation (EU) 2022/2560 of the European Parliament and of the Council of 14 December 2022 *on foreign subsidies distorting the internal market* - (the Foreign Subsidies Regulation) - applies to the Competition, (having regard to the estimated value of the Contract⁶), the FSR Annex forms part of this Questionnaire.

2.6 Health and Safety

2.6.1 Project Categorisation for Health and Safety Competence Assessment

Project categorisation for purpose of assessment of the role of Principal Service Provider or Specialist Skill Provider where such skills are required:	Type 3⁸
---	---------------------------

The successful Applicant will be required to comply with the Safety, Health and Welfare at Work Act 2005 (including the Safety Statement requirement) and any subsequent Safety, Health and Welfare legislation.

The successful Applicant will also be required to comply with the Safety, Health and Welfare at Work (Construction) Regulations 2013 (as amended), particularly where those Regulations apply to the service provision.

Health and Safety competencies for those to whom the Safety, Health and Welfare at Work (Construction) Regulations 2013 (as amended) apply will be assessed as part of Section 3.0 – the Suitability Assessment Questionnaire.

Areas of the works involving Particular Risks known to the Contracting Authority at the time of issue⁹:
Particular risks will be made known to the tenderers at the next stage of the competition.

⁸ Type 1 applies to projects that have a value of <€1M (Exclusive of VAT); Type 2 applies to projects that have a value of > €1M (Exclusive of VAT) and < €10M (Exclusive of VAT); and Type 3 applies to projects that have a value > €10M (Exclusive of VAT). However, considerations in relation to the H&S risk must also be taken into account in deciding on the project type. If there is a high H&S risk, the category may need to be higher than that indicated by the project value above. The category of project chosen then governs decisions to be made about criteria and requirements in Section 3 of the Questionnaire.

⁹ Particular Risks are defined at Schedule 1 to the Safety, Health and Welfare at Work (Construction) Regulations 2013 (as amended). **Please note that the list provided under that Schedule is not exhaustive.**

These requirements (where applicable) are evaluated on a pass/fail basis and Applicants must pass 3.4.1b in order to be evaluated under 3.4b.

An Applicant who can demonstrate adequate training and qualifications for its personnel but cannot demonstrate appropriate experience will not be deemed adequate.

Principal Service Provider

The Applicant must provide evidence of the educational and professional qualifications (with dates obtained) and experience of the Applicant's personnel proposed for the principal service, including the curricula vitae of the personnel in accordance with the requirements (if any) identified below.

The minimum requirement at this stage is the declaration contained within Section 3.0 of the QC1 (Applicant Details and Declaration) document.

However, the Applicant may, at the discretion of the Contracting Authority, be required to provide evidence by way of the below CVs to confirm compliance with the declaration noted above, as part of the SAQ. Should this evidence be requested, it must be provided within 5 business days of the request being made (and such a request may be made at any time during the procurement process).

The applicant will provide the following:

1. For each of the following disciplines, it is sufficient to provide CVs for one (1) members of the design personnel for the D&B Contractor Framework:
 - a. Fire Safety Consultancy;

The design personnel in each of the above disciplines must have a minimum of ten (10) years' experience. The personnel listed in Section 3.4a must not be in this Section 3.4b.

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

Each of the personnel must be a full member of a recognised professional body relevant to their discipline (i.e.) Chartered or Equivalent, (e.g.) CIOB, RIAI, RIBA, Engineers Ireland, SCSI, CIBSE, PMI, IOSH, Institution of Construction Safety or an equivalent. Where personnel are not a member of a professional body the Contracting Authority may consider equivalent relevant experience.

Statements of number of years' experience must be supported by project details (start/finish date, total contract value, project description etc.). Dates of educational / professional qualifications and training are required with details of the issuing authority.

Where multiple entities are proposed for a particular Principal Service Provider role, Applicants must provide details of at least one (1) CV per entity:

The CVs must be provided on the SAQ QC1 Curriculum Vitae Pro Forma template (Appendix D) provided in the appendices. Each CV must not exceed two (2) A4 pages in length.

The Applicant is not being asked to propose the precise personnel for the delivery of the contract at the SAQ stage. Rather, the Applicant is required to demonstrate that they have within their organisation suitably qualified staff to fulfil these roles. Applicants must demonstrate that they possess suitably qualified and experienced personnel to undertake projects of the scale and value range of the Framework and have the necessary experience of delivering projects of a similar nature, scale & complexity.

Should the Applicant be shortlisted at Stage 1, of this procurement process then the subsequent Invitation To Tender ('ITT') (Stage 2) of the process will require proposed team members specific to each site/contract.

Specialist Skills Providers

If a Specialist Skill is required under Section 2.4 of the Project Particulars and is to be provided from within the Applicant's organisation this must be indicated in the response, if a sub-contractor is proposed to fulfil the Specialist Skill this must be indicated in its response to Part 2 of the Questionnaire.

Evidence in support of any criteria set out below must be submitted with the title '*Evidence in support of criterion 3.4b – Specialist Skills Providers*' where the response above is 'Evidence Required'.

3.4.1b SAFETY AND HEALTH SUPPLEMENT – ASSESSED ON A PASS/FAIL BASIS

NOTE: This section is applicable only to those service providers defined as Designers under Regulation 2 of the Construction Regulations – Criteria related to Project Supervisors (where applicable) are set out under 3.4b if it is for a Principal Service or under 3.4b Specialist Skills if it is to be a Specialist Skill.

Key Personnel of Applicant proposed for the principal service (and any Specialist Skills Providers) to whom the Construction Regulations apply must comply with and provide evidence of compliance when requested with the following:

1. Have undertaken a course introducing the principles of the Construction Regulations with particular regard to the service provider's duties under those Regulations. The course should be approved by their relevant registration body or [in the absence of a registration body] a professional body appropriate to the service provider in question.

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

3.4c LIST OF TECHNICAL SERVICES PROVIDED OVER THE PAST 7 YEARS

Criterion Applicable:	Response:	Type of Evaluation:
YES	EVIDENCE REQUIRED	PASS/FAIL

Where the Safety, Health and Welfare at Work (Construction) Regulations 2013 (as amended) apply either to the Principal Service or the Specialist Skills Provider (as defined in Regulation 2 of Construction Regulations – see footnote 23) they must also satisfy the requirements set out at 3.4.1c. These requirements (where applicable) are evaluated on a pass/fail basis and Applicants must pass 3.4.1c in order to be evaluated under 3.4c.

A Contracting Authority may only require an Applicant to submit a list of services provided over a maximum period of 3 years. However a Contracting Authority may take into account services delivered over a longer period if appropriate. The period specified in the sub-criterion title above is the period within which the applicant may submit evidence of its technical services provided, it is not mandatory that technical services be evidenced for the whole period. If a firm cannot provide evidence for the entire period (e.g. a firm has not been trading for the whole period) this will not be used as a reason to reject its application.

Appendices B1 and B3 and any other supporting evidence should only be submitted if the response above is 'Evidence Required'. Where a declaration is permitted, evidence is only required when requested by the Contracting Authority.

Principal Service Provider

The minimum standard is satisfactory experience in providing technical services on projects of a similar scale, nature and complexity to the one for which SAQ Submissions are being assessed. (This does not mean to stipulate projects that are identical to the project that is the subject of this Questionnaire.)

Evidence of delivery of technical services should be provided in the form of a list of commissions carried out over the period set out above in the format set out in Appendix B1. These commissions should indicate how the service provider delivered the service. The Applicant should provide a Certificate of Satisfactory Execution (Appendix B3) for any project listed on Appendix B1 if so requested by the Contracting Authority.

Any supplementary requirements stated below should be submitted as set out by the Contracting Authority.

Principal Service Providers with 2,400 marks overall for 3.4c.
- Fire Safety Consultant Pass/Fail

Applicants should note the prescribed page limits outlined below. Any information provided that exceeds the page limits prescribed will not be considered in the evaluation.

Applicants must supply details of services that each Principal Service Provider has provided over the past seven (7) years from the submission date as outlined in the PIM and CN.

Applicants must provide details of not more than three (3) projects for each Principal Service Provider role in the format provided at Appendix B3. If the details of more than three (3) projects are submitted only the first three (3) projects listed in Appendix B1 will be considered.

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

Each individual project (i.e. the completed Appendix B3 for each project) cannot exceed three (3) no. A4 pages in length.

All projects must have been completed (i.e. have achieved Substantial Completion) within the last (7) years from the submission date as outlined in the PIM and CN.

Additionally, the Applicant must also complete and submit the information required in Appendix B1.

Where multiple entities are proposed for a particular Principal Service Provider role, Applicants must provide details of at least one (1 no.) project per entity. Applicants must provide details of not more than three (3) projects overall for each Principal Service Provider role.

Please note references may be checked to verify the authenticity of the information provided.

Further details regarding marking and marking methodology are provided in sections 1.6 and 1.7 of the PIM.

Specialist Skills Providers

If a Specialist Skill is required under Section 2.4 of the Project Particulars and is to be provided from within the Applicant's organisation this must be indicated in the response, if a sub-contractor is proposed to fulfil the Specialist Skill this must be indicated in its response to Part 2 of the Questionnaire.

Evidence in support of any criteria set out below must be submitted with the title '*Evidence in support of criterion 3.4c – Specialist Skills Providers*' where the response above is 'Evidence Required'.

3.4.1c SAFETY AND HEALTH SUPPLEMENT – ASSESSED ON A PASS/FAIL BASIS

NOTE: This section is applicable only to those service providers defined as Designers under Regulation 2 of the Construction Regulations – Criteria related to Project Supervisors (where applicable) are set out under 3.4c if it is for a Principal Service or under 3.4c Specialist Skills if it is to be a Specialist Skill.

Applicants (including any Specialist Skills Providers) must notify the Contracting Authority of any enforcement actions, legal proceedings, accidents, fatalities or incidents associated with any lapse in the discharge of their duties under the Construction Regulations within the last 3 years. If any of the above apply, Applicants must identify the steps taken to prevent such lapses from reoccurring.

Designers - If requested by the Contracting Authority, tenderers are required to submit a Design Risk Assessment along with Appendix B3 for a project of similar scale and complexity listed in Appendix B1.

3.4d MEASURES FOR ENSURING QUALITY

Criterion Applicable:	Response:	Type of Evaluation:
YES	DECLARATION REQUIRED	PASS/FAIL

Principal Service Provider

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

The Applicant must provide, when requested by the Contracting Authority, a description of the technical facilities and measures used by the applicant to ensure quality of service including any study and research facilities, measures used by the Applicant for ensuring quality both in the administration of the service and in the delivery of a high-quality end-product.

Minimum Standard

A written statement setting out how the service provider manages, reviews and evaluates their performance. It should include references to record keeping, Continuing Professional Development and how up-to-date information relevant to their particular service is accessed. A brief description of their Information Technology systems and policies should also be provided.
