

**DESCRIPTION**

Painted dotted lines on ground leading from central signage to large rocks

**MATERIALS**

Hard waring floor pain suitable for tarmac

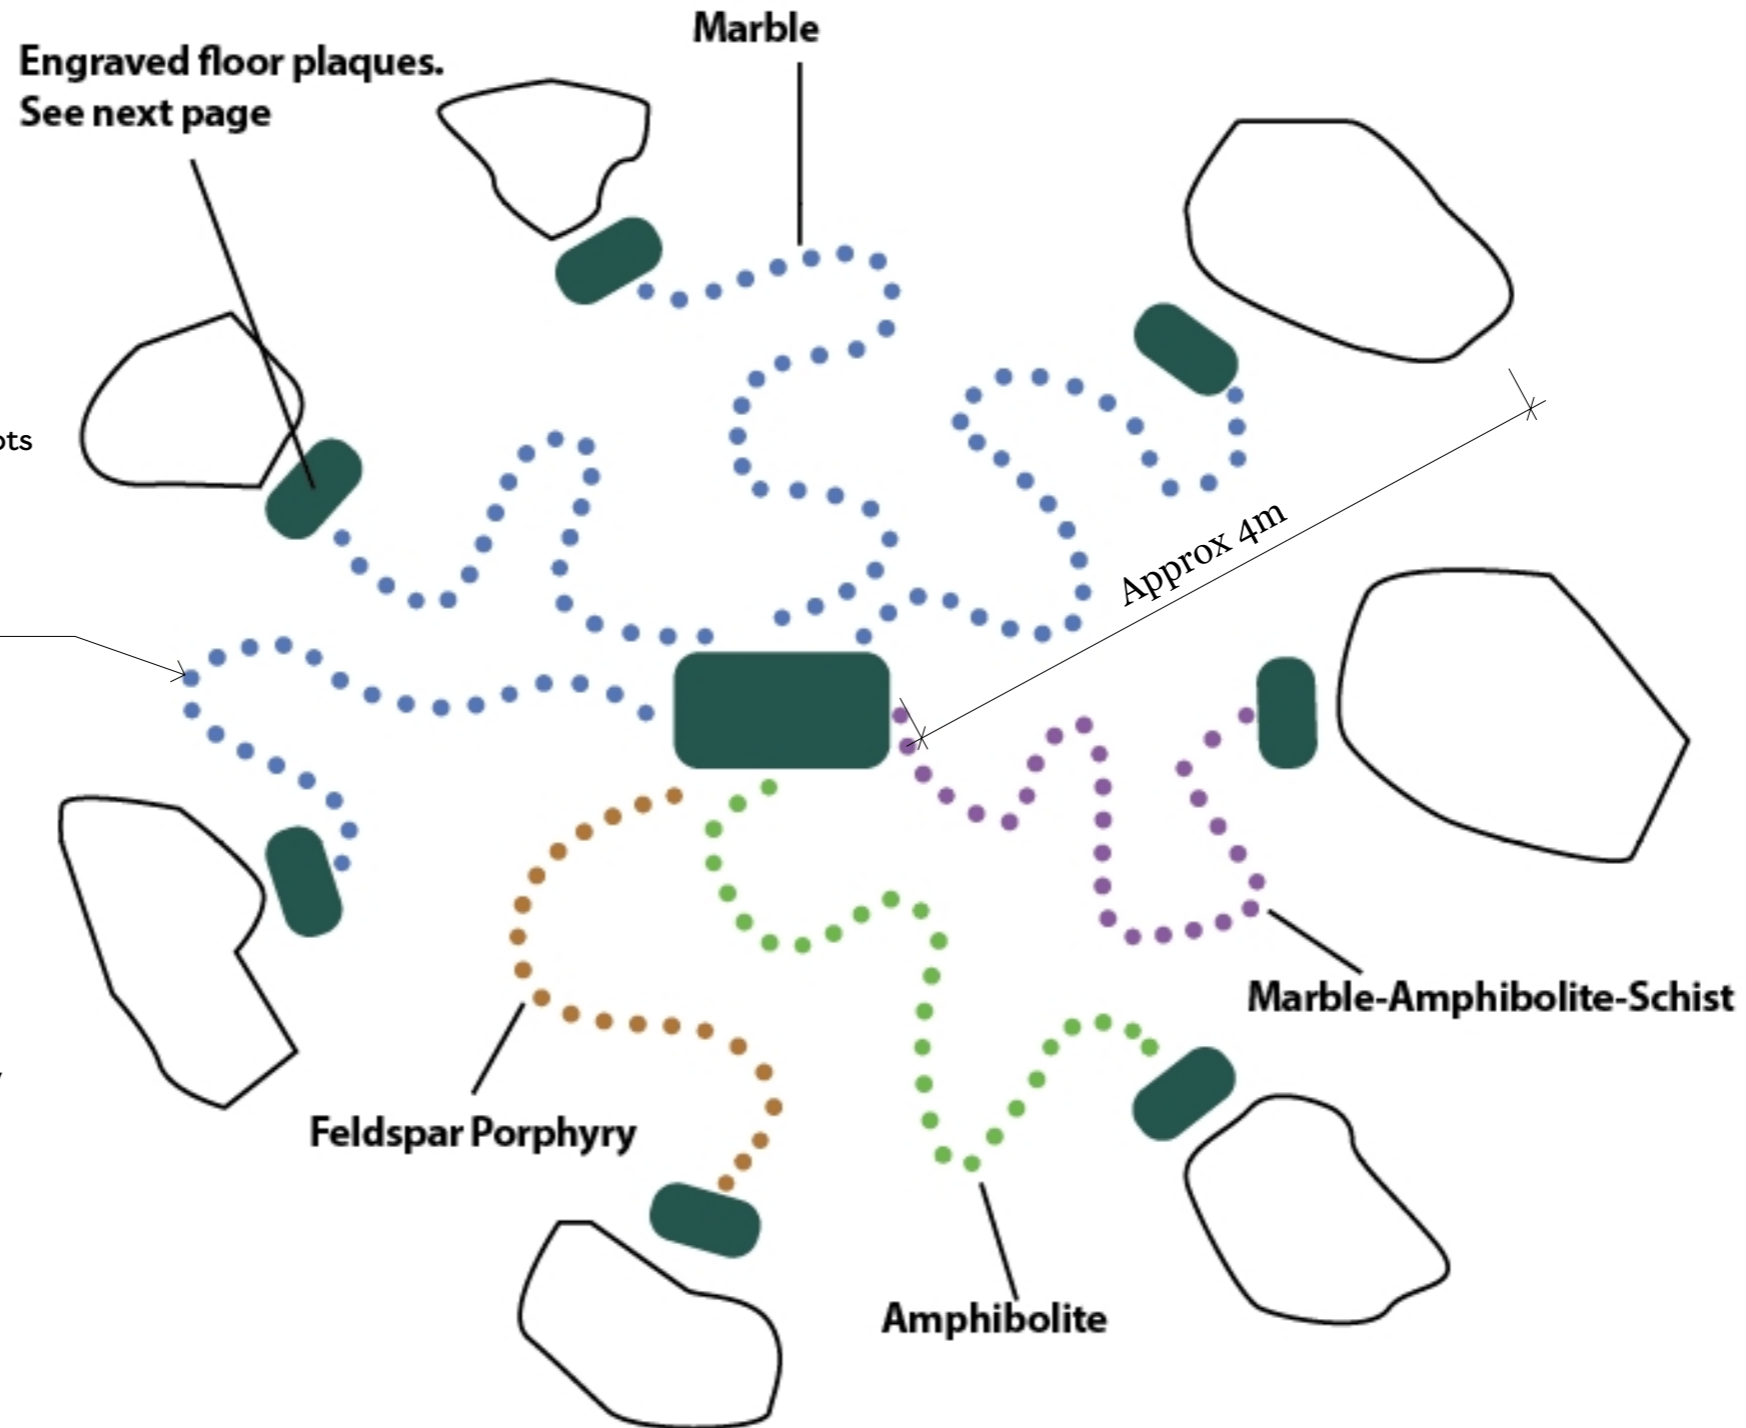

**CLIENT**  
Connemara National Park

**PROJECT**  
Wayfinding and signage

**DRAWN BY**  
MV

**ISSUE**  
15.06.2026

**V1**

Painted dotted lines on tarmac creating a meandering pathway between the central lectern and the 7 surrounding rocks.

Each dot represents 1 million years. The dots will range in number from 30 to 60.

Fours separate colours will be used.

**NOTE:**  
Dotted lines here are by way of example only. The area must be surveyed by the winning tenderer to find the most suitable line lengths and shapes.
