Preface

The Employer is making these documents available to those expressing an interest in tendering for the contract identified in the Particulars, for tendering purposes only. These documents must not be used for any other purpose.

The Employer makes no representation, warranty, or undertaking in or in connection with these documents. The Employer has not authorised anyone to make any representation in connection with these documents on its behalf, and Tenderers should not rely on any representation purportedly made on the Employer's behalf in connection with them. Neither the Employer nor its officers, employees, or advisers will have any liability in connection with these documents. Tenderers must make their own assessment of the adequacy, accuracy, and completeness of these documents.

The Employer reserves the right not to proceed with the procurement process or any part of it and may terminate the process or any part of it at any time, with or without procuring the Works in another way. If this happens, neither the Employer nor its officers, employees, or advisers will be liable to any Tenderer or other person. The Employer also reserves the right to change any part of these documents, including the procedures and time limits described in them. The Employer does not bind itself to accept any outcome of the process described in these documents and is not obliged to enter into a contract for the Works with anyone.

Neither the Employer nor its officers, employees, or advisers have any responsibility for Tenderers' costs or losses in connection with this competition. There will be no contract between any Tenderer and the Employer concerning the subject of these documents (except for the Tenderer's irrevocable offer to be bound by its Tender for the period stated) unless and until the Contract has been entered by issue of a Letter of Acceptance or Tender Acceptance. These Instructions to Tenderers will not be part of any Contract.

These documents are being made available on the terms stated in these Instructions to Tenderers. They are not being distributed to the public, and have not been filed, registered, or approved in any jurisdiction. Possession or use of these documents contrary to any law is prohibited. Recipients must inform themselves of and observe all laws concerning the possession and use of these documents.

Recipients of these Instructions to Tenderers must treat these documents, their Tenders, and their participation in this competition as confidential. They must not disclose any information about this competition to anyone other than as required for tendering purposes, or as required by law.

Preface, Continued

The Employer is entitled to disclose information about this competition, including the identity of those expressing interest, to any person. If a Tenderer considers that information in its Tender is commercially sensitive or confidential, this should be clearly stated, and clear and substantive reasons should be given. The Employer will have regard to such a statement in considering a request for access to the information under the Freedom of Information Acts 1997 to 2003, but is not bound by the Tenderer's view.

If a Tenderer, or its personnel involved in this competition, or its management, or its proposed consultants or subcontractors (including Specialists), have or have had any other interest in or involvement in relation to the Works (including any involvement with the Employer or any involvement with another Tenderer's Tender), the Tenderer must disclose this to the Employer as soon as it becomes apparent to the Tenderer. The Employer will decide on the appropriate course of action.

It will be a condition of the award of the Contract that the Tenderer must comply with the terms of Department of Finance Circular 43/2006¹: Tax Clearance Procedures: Public Sector Contracts, or any replacement. (See section 10.3.)

Tenderers may obtain information regarding their obligations concerning

- taxation from the Revenue Commissioners (www.revenue.ie)
 - environmental protection from the Environmental Protection Agency (www.epa.ie)
 - employment protection and working conditions from the National Employment Rights Authority (www.employmentrights.ie)
-

¹ As a result of the introduction of the new electronic Relevant Contracts tax (e-RCT) system by the Revenue Commissioners in January 2012 the C2 certificate is no longer in use by subcontractors. This change will require to be reflected in the Department of Finance procedures for tax clearance in relation to public sector contracts and grants. Accordingly Circular 43/2006 is being revised and a replacement will issue shortly. In the interim, more details are available at <http://www.revenue.ie/en/tax/rct/subcontractor.html> Note that the changes relate to use of the C2 only.

1. Introduction

1.1 This procedure

The Employer has sent a contract notice for the Works to etenders

These documents set out the suitability assessment criteria, the award criteria and the evaluation and award process which will be followed by the Employer in making the assessment of which tender is either the lowest price or the most economically advantageous. The documents also set out the information which must be supplied by Tenderers. Tenders must be submitted in accordance with these Instructions. Any tenders not complying with these Instructions may be rejected by the Contracting Authority, whose decision in the matter shall be final.

All communications with the Employer concerning this competition must be in writing (which includes email), and with the Employer's contact person identified in the Particulars (as may be amended by supplemental information – see Section 2.2 below).

2.2 Supplemental information

The Employer may issue supplemental information about this competition on the e-tenders website www.etenders.gov.ie. Supplemental information may amend any of the information in these documents, including by deleting and adding to it, and by extending time limits. The Employer will not normally issue supplemental information later than the date stated in the Particulars.

2.3 Queries

Queries may be raised in writing by email using the contact details for queries stated in the Particulars. Queries must be raised as soon as possible, and should be raised in any event no later than when stated in the Particulars. The Employer has no obligation to respond to queries although the Employer may at its discretion respond to queries raised after that date. If the Employer responds to a query, it will issue the response on the e-tenders website, unless the query has been clearly designated as confidential. If the query has been designated as confidential, and the Employer decides that the response should be published on the e-tenders website, the Employer will so notify the person raising the query, who will have the option of withdrawing the query or having any response sent to all Applicants. The Employer may under section 2.2 still issue any information it considers appropriate on the e-tenders website following withdrawal of the query.

Responses to queries will not be part of the Contract, unless they state that they are amending the Contract documents.

If a person intending to submit a Tender becomes aware of any ambiguity, discrepancy, error, or omission in or between these documents, it must immediately notify the Employer, even after the time for submitting queries has expired.

5. Requirements for Tenders, Continued

5.3. Copies

Tenders must include the number and type of paper and electronic copies stated in the Particulars and must be packed and marked as stated in the Particulars.

5.4 Format

Tenders will consist of:

- the completed Form of Tender and attached completed Schedule (Volume B) executed as indicated in the Particulars.
- completed Suitability Questionnaire(s)
- the completed Pricing Document (Volume C)
- Works Proposals containing the information specified in Appendix 1 to these Instructions
- additional information specified in Appendix 2 to these Instructions.

The originals of Volume B and Volume C must be returned completed in ink.

If Volumes B or C have been amended by supplemental information, Tenderers must use the most recently issued versions. If replacement pages are issued as supplemental information, Tenderers must insert the most recently issued pages in place of the replaced pages.

Tenderers must fill in all the spaces in the Schedule (i.e. Works Proposals in Part 1 and all of Part 2) reserved for the Tenderer. No amendments or alterations to the Form of Tender or attached Schedule are permitted. Any such amendments/alterations may result in the Tenderer's tender being rejected.

5.5 Language

Tenders and all information included with them must be in the language stated in the Particulars. Any original document in another language must include an accurate translation into the language stated in the Particulars. Queries and other communications must be in the same language.

Continued on next page

5. Requirements for Tenders, Continued

5.7 Pricing

Unless otherwise stated, all sums given in Tenders must be in euro, to two decimal places.

Tenderers must not insert additional items in the Pricing Document, except where permitted to do so by the Pricing Document, or make any alterations to the Pricing Document.

Amounts must be included wherever required in the Form of Tender, the Schedule, Part 2, and the Pricing Document. Blank spaces, the terms 'nil' or 'included', or dashes or the like must not be used. Where zero is a permitted entry, it must be stated as '0.00' (see also "Tender Evaluation" at Appendix 5 if applicable).

Tenderers must not use abnormally high or low rates or prices. This prohibition includes using strategies that might allow the Tenderer to benefit disproportionately from clauses 10.6.4 or 10.7 of the Conditions or, if it would be a compensation event under the Contract, a difference between the Contract value of the Works according to the quantities and descriptions in the Bill of Quantities and the Contract value of the Works described in the Works Requirements.

Each amount in the Pricing Document except an item described as an 'adjustment item' must cover the full inclusive value (excluding value-added tax) of the relevant work, and, where applicable, a fair allocation of the tendered Contract Sum.

All items and quantities in any Bill of Quantities must be priced.

Tenderers must not use negative rates or prices, or omit rates, or use zero rates, in any Bill of Quantities.

If any tender does not comply with this section 5.7, the Employer may proceed according to sections 7 or 8.

5.8 Value-Added Tax

The Form of Tender states whether and to what extent, the tendered Contract Sum includes value-added tax (VAT). The amounts in the Schedule, Part 2 exclude VAT. The Pricing Document excludes VAT unless otherwise stated in the Pricing Document.

If the Pricing Document includes a schedule of items that are not construction operations subject to Relevant Contracts Tax (and therefore to reverse-charge VAT), and, in the Employer's opinion, the categorisation of an item, the VAT rate stated, or the value stated is not correct, the Employer may invoke section 8.2.

5.9 Date for Substantial Completion

The Particulars state whether the Date for Substantial Completion of the Works (and any Sections) is stated in Schedule, Part 1 or is to be tendered. If the Date for Substantial Completion of the Works (or Sections) is to be tendered, the tendered dates must be between any earliest and latest dates stated in the Particulars.

Continued on next page

5. Requirements for Tenders, Continued

5.10 Specialists Tenderers must name in the Schedule, part 2E (as well as in Suitability Questionnaire(s), where required) any Specialists called for in that part. Works Proposals must also include any details about Specialists called for in Appendix 1 to these Instructions.

If a Tenderer names Specialists in its Suitability Questionnaire(s) submission for this competition, the Tenderer must name those same Specialists (having met the suitability standard) in the Schedule, part 2E.

Tenderers must also provide a letter from each Specialist named in the Works Requirements or in the Schedule, part 2E, agreeing to enter a contract with the Tenderer to perform the identified element if the Tenderer is awarded the Contract.

This paragraph is only relevant if there are panels of Specialists listed in the Works Requirements and an Applicant wishes to change a specialist listed in the Works Requirements by offering an alternative. If a change is proposed it should be indicated in writing with a new suitability assessment questionnaire for the proposed new Specialist to the Employer before the last date stated in the Particulars. Furthermore, it should also clearly name the proposed alternative Specialist in the Schedule, part 2E provided the alternative has not already been rejected by the Employer. If a change is being proposed the Applicant must submit a completed Suitability Assessment Questionnaire for the alternative Specialist providing the same level of information as was required for the listed Specialist in the Works Requirements. The Employer will conduct a suitability assessment of the alternative Specialist on the same basis as the original procedure used for listed Specialist in the Works Requirements. Following the assessment, if the Employer concludes that the Applicant's Specialist has not received sufficient marks equal to or greater than the marks obtained by the panel Specialist with lowest marks, the Applicant may not include that Specialist in the tender submission. However it may opt to include one of the panel Specialists provided it has named the panel Specialist in Schedule Part 2E and has included a letter from that Specialist agreeing to enter a contract with the Tenderer to perform the identified element if the Tenderer is awarded the contract.

If an Applicant proposes an alternative Specialist before the last date to make such a proposal (as stated in the Particulars) including submitting a Suitability Assessment Questionnaire for the proposed Specialist, the Employer shall notify the Applicant of the decision on the Specialist before the last date for submitting tenders.

After Tender submission and before issue of a Letter of Acceptance or Tender Acceptance, if a Tenderer demonstrates to the Employer's satisfaction that any of the insolvency events listed in sub-clause 12.1.1(11) of the Conditions has occurred to a Specialist whose letter of agreement was submitted with the Tender, or that such a Specialist has repudiated the letter of agreement (a letter from the Specialist setting out the reasons for the repudiation will be required), the Tenderer may, with the Employer's consent, propose a substitute Specialist, and the above provisions for substitution apply.

Note: If Specialists are not required for a particular project the words 'not applicable' should be entered by the Contracting Authority opposite the relevant reference (i.e. section 5.10) in the Particulars.

5. Requirements for Tenders, Continued

5.11 Project Supervisor

The Contractor or its nominee will be appointed as project supervisor for the construction stage (or for both the design process and the construction stage) under the Safety, Health and Welfare at Work (Construction) Regulations 2013, if so stated in the Schedule.

If the Tenderer names a proposed project supervisor for the construction stage (or for the design process and the construction stage) in a Suitability Questionnaire, the Tenderer must name in Works Proposals the project supervisor(s) so named.

If the Tenderer has not named a nominee in its suitability assessment submission for appointment as project supervisor for the construction stage (or for the design process and the construction stage, if required by the Works Requirements) the Tenderer will be taken to offer to act in the role itself, and the Contract, if awarded to the Tenderer, will require the Tenderer to accept the role. In this case, the Tenderer must be a competent individual or body corporate.

5.12 Tender execution

When the Particulars indicate that the Form of Tender is to be sealed, this must be done as follows:

- if the Applicant is a company with a common seal, its common seal must be affixed to the Form of Tender and properly authenticated. If the Form of Tender is to be executed under a power of attorney, the attorney must affix his or her seal to the Form of Tender, and the power of attorney must be provided if requested by the Employer;
- if the Applicant is an individual, he or she must sign, seal, and deliver the Form of Tender and the execution must be witnessed.

Where the Particulars do not indicate that the Form of Tender is to be sealed, the Form of Tender must be signed as follows:

- if the Applicant is a company, the signature must be that of a director and the execution must be witnessed;
- if the Applicant is an individual, he or she must sign the Form of Tender and the execution must be witnessed;
- if the Applicant is a partnership, joint venture or consortium, then each partner must sign the Form of Tender and the execution must be witnessed.
- if the Applicant is a company registered elsewhere than Ireland, it must execute the Form of Tender under hand according to the laws of its place of incorporation. If so requested by the Employer a legal opinion that the Form of Tender has been duly executed in accordance with the requirements of the jurisdiction in which the company is registered may be requested by the Employer following the submission of tenders and must, if requested, be provided at the Applicant's cost.

The successful Tenderer will be required to execute the Agreement in the same manner as the Form of Tender.

5.13 Deposits

The Deposit required for tender documents as stated in the Particulars will be refundable to all tenderers that submit *bona fide* tenders that are not subsequently withdrawn. The deposit is to cover the cost incurred by the Contracting Authority in preparing the relevant tender documents.

6. Number of Tenders, Mandatory Options and Variants

6.1 Terminology

An **option** is a Tender *required* under section 6.2 below.

A **variant tender** is a Tender complying with section 6.3 below and identified as a variant tender.

A **standard tender** is a Tender that is not a variant tender.

6.2 Mandatory options

If the Particulars state that any mandatory options are required, the Tenderer must submit a separate Tender for each option stated in the Particulars

6.3 Variant tenders

Unless otherwise stated in the Particulars, variant tenders are not permitted.

If the Particulars state that any variant tenders are permitted, a variant tender must comply with these minimum requirements set out in the Particulars.

If so stated in the Particulars, variant tenders may be submitted only by a Tenderer who also submits a standard tender.

If not so stated, variant tenders may be submitted without submitting a standard tender.

6.4 Number of tenders and marking

The maximum number of Tenders that a Tenderer may submit is stated in the Particulars. If more than one Tender per Tenderer is permitted, each Tender must be submitted separately and must, except as otherwise permitted or required by this section 6, be complete, without referring to the contents of any other Tender. Each Tender must have a unique identifier, which must be stated on each envelope or box containing the parts of the Tender. The identifier must state whether the Tender is standard, a mandatory option, or a variant tender, and, if there are options, must identify the option.

7. Non-Compliant Tenders

If a Tenderer fails to comply in any way with these Instructions, the Employer may (but is not obliged to) disqualify the Tenderer concerned as non-compliant, and reject any Tender concerned, and, without prejudice to this right, the Employer may (but is not obliged to) seek clarification or further information (that does not materially alter a Tender) from the Tenderer in respect of the relevant tender or take any other step permitted by law, including the principles of equal treatment, non-discrimination, transparency and proportionality.

8. Corrections, unbalanced and abnormal tenders and rates

8.1 Errors

The Employer may, without any responsibility for this, examine the Pricing Document for errors in addition or extension.

If there is an error in extension, the rate will be adjusted, so that the extension remains the same.

If there is an error in addition, the amounts added (and the rates making them up) will be adjusted pro rata to the error, so that the total remains the same. This will apply if the total of the tendered rates and prices, with value-added tax added, does not add up to the tendered Contract Sum.

The Employer will decide which amounts and rates are to be adjusted.

Instead of adjusting the amounts added, the Employer may in its discretion adjust an item described in the Pricing Document as an 'adjustment item'.

No adjustment made under this section 8.1 will affect the tendered Contract Sum or the Comparative Cost of the Tender.

The Employer reserves the right to open all Pricing Documents from tenderers without the need to revert to the tenderers for permission.

8.2 Unbalanced Tenders

If, in the Employer's opinion, the tendered rates or prices in the Pricing Document (after adjustment under section 8.1 above) do not reflect a fair allocation of the tendered Contract Sum, or the last sentence of section 5.7 applies, the Employer may (but is not obliged to) do either or both of the following:

- require the Tenderer to provide a breakdown of any tendered amounts, to show that they reflect a fair allocation of the tendered Contract Sum and
- invite the Tenderer to adjust rates or prices tendered in the Pricing Document, but without adjusting the tendered Contract Sum or having any effect on the Comparative Cost of the Tender.

The Employer will pay particular attention to pricing that could result in the Tenderer, if successful, being paid too much of the Contract Sum disproportionately early in comparison with the amount of work done.

If, having considered the information provided (both in the tender and in response to a requirement under this section 8.2), the Employer is of the view that the Tenderer's tendered rates or prices in the Pricing Document do not reflect a fair allocation of the tendered Contract Sum, the Employer may reject the tender.

Continued on next page

8. Corrections, unbalanced and abnormal tenders and rates, Continued

8.3 Abnormally low tenders, abnormally high or low rates or prices

If, in the Employer's opinion, the tendered Contract Sum is abnormally low or any tendered amounts (including the rates tendered in the Schedule, part 2) are abnormally low or abnormally high, the Employer may require the Tenderer to provide details of the constituent elements of the tendered Contract Sum or the tendered amounts. This may include (without limitation) the information listed in Regulation 69(1) of the European Communities (Award of Public Authorities' Contracts) Regulations 2006. Any failure to provide such information, when requested, may exclude the tender from further consideration. If, having considered the information provided, the Employer is of the view that either the Contract Sum is abnormally low or any tendered amounts are abnormally low or abnormally high, the Employer may reject the Tender.

No adjustment made under this section 8.3 will affect the tendered Contract Sum or the Comparative Cost of the Tender.

9. Assessment of Tenders

9.1 Award Criteria

The award criterion is: (i) the most economically advantageous Tender meeting the specified minimum criteria (if any), including those in the Suitability Questionnaire(s).

The assessment of the most economically advantageous Tender will be made on the basis of the award criteria in the Particulars.

Options, variant tenders, and standard tenders will be assessed according to these criteria.

9.2 Clarification

The Employer may seek clarification or further information or both from one or more Tenderers. The Employer may meet with one or more Tenderers for these purposes. The Employer will confirm to the Tenderer concerned in written minutes any clarification arising from a meeting and the Tenderer will be required to confirm or correct the minutes in writing. See also section 10.4.

9.3 Compliance

The Employer may assess whether any of the grounds for exclusion in section 3.4 or 3.5 above apply. The Employer may assess whether Tenderers meet the suitability criteria in the Suitability Questionnaire(s).

The Employer will assess Tenders for compliance with these Instructions, including provision of all the information and documentation required, and the matters covered in section 8 above.

Following the assessments under this section 9.3, the Employer may proceed according to sections 7 or 10 whichever is appropriate.

9.4 Review

A Tenderer who disputes a decision of the Employer about whether a Tender complies with this ITT must in the first instance raise the matter with the Employer within 7 days of the matter coming to its attention. Failing resolution of the matter, the Tenderer may, within 7 days after receiving the Employer's response, request the Employer in writing to refer the matter to Minister for Culture, Heritage and the Gaeltacht (the Sanctioning Authority) for review and recommendation.

Within 7 days of receiving the Tenderer's request, the Employer should submit to the Sanctioning Authority a statement giving reasons for the initial decision together with a copy of the Tenderer written request. A copy of the Employer's statement should also be forwarded at the same time to the Tenderer. The Tenderer may then make a further written submission to the Sanctioning Authority within 7 days.

Any review or recommendation by the Sanctioning Authority will not be binding on the Employer or the Tenderer, and will not affect their rights or obligations.

Continued on next page

9. Assessment of Tenders, Continued

9.5 Assessment of comparative cost

The Employer will assess the Comparative Cost of each Tender using the template in Appendix 5 to these Instructions.

For the purpose of assessing the Comparative Cost of Tenders only, the Employer will assume that there will be Compensation Events involving payment of the amounts stated in Appendix 5 to these Instructions.

9.6 Assessment of other criteria

None.

9.7 Change in circumstances

If, as a result of a change in circumstances or otherwise, any information given by a Tenderer to the Employer, in a Tender or otherwise, including in a Suitability Questionnaire, was (when submitted) or has become (by reference to the facts as they then stand) untrue, incomplete or misleading, the Tenderer must so inform the Employer as soon as it becomes aware of this.

If it comes to the Employer's attention that

- there has been a change in circumstances concerning a Tenderer that could affect the Employer's assessment of that Tenderer's Tender or
- information submitted by a Tenderer was (when submitted) or has become (by reference to the facts as they then stand) untrue, incomplete or misleading

the Employer may (but is not required to) revise its assessment of the Tenderer's Tender on the basis of the information then available to the Employer.

10. Award Process

10.1 Tender validity period

The Employer may accept a Tender any time within the time stated in the Particulars.

10.2 Notification

As soon as practicable after reaching the award decision, the Employer will inform all Tenderers of the decision.

If the EU procurement rules apply the notification to the Tenderer to whom the Employer has decided to make an award should be in the form of Model Letter O.eu6 *Letter to Successful Tenderer*. The notification to the other compliant Tenderers should be in the form of Model Letter O.eu7 *Letter to Unsuccessful Tenderer* and should issue at the same time as the *Letter to Successful Tenderer*. The notification to non-compliant or eliminated Tenderers where a period of 30 days has not elapsed between the letter notifying them of their non-compliance/elimination and the date that letters are sent to Successful and Unsuccessful Tenderers should be in the form of Model Letter O.eu8. This letter must be sent by the Contracting Authority at the same time as the Letter to Successful Tenderer and the Letter to Unsuccessful Tenderers for the Standstill Period to be valid.

If the EU procurement rules do not apply the notification to the Tenderer to whom the Employer has decided to make an award should be in the form of Model Letter O.na6 *Letter to Successful Tenderer*. The notification to the other compliant Tenderers should be in the form of Model Letters O.na7 *Letter to Unsuccessful Tenderer* and should issue at the same time as the *Letter to Successful Tenderer*.

Where a contract is regulated by the EU procurement rules the Employer will not issue the *Letter of Acceptance (M.F. 1.4)* or *Tender Acceptance* earlier than 14 days in the case of communicating electronically, or 16 days in the case of ordinary post after notifying all Tenderers of the award decision.

The *Letter to Successful Tenderer* will not form the Contract, or any contract or other obligation. The Contract will be formed only by issue of the *Letter of Acceptance* or *Tender Acceptance*.

10. Award Process Continued

10.3 Letter to Successful Tenderer

Whichever *Letter to Successful Tenderer* issues (O.eu6 or O.na6) it should request the Tenderer to submit to the Employer any or all of the following:

- the performance bond required under the Contract
- evidence of the insurances required by the Contract
- a Tax Clearance Certificate or demonstrate a satisfactory level of subcontractor tax compliance from the Revenue Commissioners³
- any required appointment as project supervisor for the construction stage or the design process and the construction stage
-

If the Tenderer to whom such a *Letter to Successful Tenderer* is addressed does not submit the documents as required within the time allowed, the Employer may

- Proceed according to the process in section 10.2 above to initiate award to the Tenderer who submitted the next most economically advantageous Tender, or lowest priced, or
- Allow the Tenderer to whom the *Letter to Successful Tenderer* was addressed additional time to provide the documents or
- Issue the Letter of Acceptance or Tender Acceptance to the Tenderer to whom the *Letter to Successful Tenderer* was addressed (even though the documents have not yet been provided)⁴.

10.4 Letter of Acceptance or Tender Acceptance

The Employer may issue the *Letter of Acceptance or Tender Acceptance* at any time during the Tender validity period referred to in section 10.1 above.

Any written clarifications of a Tender (including minutes of a meeting clarifying the Tender, see section 9.2), will be referred to in any *Letter of Acceptance or Tender Acceptance* of the clarified Tender, and will be included in the Contract.

³ As a result of the introduction of the new electronic Relevant Contracts tax (e-RCT) system by the Revenue Commissioners in January 2012 the C2 certificate is no longer in use by subcontractors. This change will require to be reflected in the Department of Finance procedures for tax clearance in relation to public sector contracts. Accordingly Circular 43/2006 is being revised and a replacement will issue shortly. In the interim, more details are available at <http://www.revenue.ie/en/tax/rct/subcontractor.html> Note that the changes relate to use of the C2 only.

⁴ A contract should not be awarded to any firm which cannot produce a tax clearance certificate except as a last resort. In such a case, the advance approval of the Department of Finance must be obtained.

10. Award Process Continued

10.5 Agreement Following issue of the *Letter of Acceptance*, the Employer will inform the Contractor of the arrangements for the execution of the Agreement. The Contractor will be required to execute the Agreement under seal unless the Particulars say that the Contract may be executed under hand.

10.6 Award Notice The Employer will, after award, send an award notice (if appropriate) to the Office for Official Publications of the EC, if so required by law. This notice may include disclosure of the contract price.
