Performance & Conformity Requirements

1. The motorcycle jacket must be certified and marked with additional protective functions as per EN 17092-3:2020 Class AA.

The following documents are required to be supplied by the Tenderer to confirm conformity with the performance requirements above:

2. The corresponding Type Certificate (Module B) for the motorcycle jacket must be supplied by the Tenderer to confirm compliance with these requirements.
3. The relevant User Information Sheet for the motorcycle jacket.
4. The Declaration of Conformity – either in hard copy or as a URL/link to the Declaration of Conformity.

Note 1: the Certificate must be provided as CE marked and have been issued by a qualified Notified Body.

Note 2: the Certificate must be dated within the last 4 years (to ensure delivery of the goods within the 5 year validity of the Certificate).

Packaging Requirements

Description

Packaging Guide

- Items must be folded and packaged to ensure the product quality is not compromised during transit.
- Label affixed to product or packaging to clearly show the product code, size and length, DOD reference, PO/ order number, and date of manufacture. Note: DOD reference number will change for each P.O. and will be confirmed for each at point of order.
- Safety warning to be printed on end of bag (if used):

SAFETY WARNING:
To avoid suffocation, keep this wrapper away from babies and children.

Presentation

- Item to be clean, free from soiling, dirt, oil marks and thread ends prior to delivery.

Delivery

- Boxes are double walled. Slash guard required.
- Boxes to be packed with box stickers outward facing so they can be easily read when packed on the pallets.
- Box stickers need to be 2 per carton – 1 on the short end and 1 on the long side as per image.
- Where possible do not mix sizes in the box, if an odd number of garments are left over at the end of the packing process, then please identify the carton as mixed size box.
- Palletised deliveries on Euro pallets, boxes to clear top of euro pallets by maximum of 1.2metres.
