2 Scope of the Framework Agreement

2.1 Type of Framework Agreement

Enterprise Ireland proposes to engage in a competitive process for the establishment of a single-party framework agreement for the supply of commercially published Business Information/Market Research Databases available electronically in Twelve (12) Lots. A framework agreement constitutes a means of establishing overall terms and conditions in accordance with which, during the specified duration, individual contracts may or may not be awarded.

It is emphasised that a framework agreement constitutes no guarantee to purchase a specific quantity of supplies or services from a particular economic operator. Indeed, Enterprise Ireland reserves the right to operate outside of the framework agreement at its discretion, particularly should it become apparent that doing so would offer greater value for money. Notwithstanding the foregoing, the framework agreement approach has been adopted in order to leverage efficiencies and maximise cost savings over the duration of the framework.

2.2 Numbers Admitted to the Framework Agreement

The Framework Agreement will be established as a single party Framework Agreement with the Successful Tenderer selected following the submission of Final Tenders and the application of the Award Criteria. Thereafter the Framework Member will be considered for the award of any Call-off Contracts within the scope of the Framework Agreement.

2.3 Duration of the Framework Agreement

The framework agreement will be for one (1) year with the option to extend on an annual basis, subject to a maximum of four (4) years, subject to satisfactory performance, business needs and budgetary constraints all at the absolute discretion of Enterprise Ireland.

For the avoidance of doubt, Enterprise Ireland confirms that the period of any contracts awarded under the framework agreement may extend beyond the date of expiry of the agreement.

2.4 Estimated Value of the Framework Agreement

The estimated total value of any purchases pursuant to the entire package of the framework agreements is in the region of €1,578,000 to €1,914,000 (ex VAT) across all 12 lots over the potential lifetime of the framework agreement.

Individual values range from €4,500 – €75,000 per annum (depending on the Lot) – please refer to the individual response documents for further detail. The anticipated range for each lot is as follows:

Lot #	Anticipated Annual Cost
Lot 1	€54,000 - €64,000 (per annum)
Lot 2	€35,000 - €45,000 (per annum)
Lot 3	€4,500 - €5,500 (per annum)
Lot 4	€10,000 - €15,000 (per annum)

Lot 11	€10,000 - €15,000 (per annum)
Lot 12	€10,000 - €15,000 (per annum)

It is emphasised, however, that these figures are provided strictly for indicative purposes only as there is no guaranteed expenditure under the framework agreement. This is subject to Enterprise Ireland's business needs, organizational requirements, satisfactory performance and budgetary constraints.

2.5 Awarding Contracts under the Framework Agreement

If Enterprise Ireland decides to procure requirements under the Framework Agreement, it will follow the procedures set out in the Framework Agreement, a draft of which will be made available to shortlisted Candidates. In summary, Call-off Contracts may be awarded directly on foot of a Tender or by consulting the Framework Member in writing and, if necessary, requesting the Framework Member to supplement its Tender in accordance with the Framework Agreement terms and conditions.

2.6 Use of the Framework Agreement

Enterprise Ireland will use the framework agreement as and when requirements within their scope arises. However, there is no obligation upon Enterprise Ireland to make use of the framework agreement. Notwithstanding this fact, the framework agreements may be terminated in accordance with the framework agreement terms and conditions, a draft version which is appended to the tender document.

2.7 Right to tender outside of the Framework Agreement

Enterprise Ireland intends to use the Framework Agreement for the procurement of requirements falling within its scope during its term. However, it reserves the right to purchase outside the Framework Agreement for the procurement of any requirement without reference to the Framework Member. Award of the Framework Agreement does not guarantee the award of any Call-off Contract to the Framework Member (with the exception of the Initial Call-off Contract, which will be awarded at the same time as the Framework Agreement), nor does it give the Framework Member the right to be consulted in respect of, or tender for, any requirements falling within the scope of the Framework Agreement.

4.2.1 Methodology for calculating the Cost Score

The following formula will be applied to the cost score:

The lowest cost tender that also meets all the minimum requirements of the qualitative award criteria will receive the maximum score achievable under this criterion. The scores of the other valid tenders will be calculated using the following formula:

Lowest Cost from a Bona Fide tender	A
Cost for the tender being evaluated	B
Maximum Points available for Cost	2500
Formula employed	$\frac{A \times 2500}{B}$

4.2.2 Methodology for scoring Qualitative Criteria

Responses to each scored qualitative criterion (B, C, D, E, and F) shall be evaluated according to the following scoring matrix:

Score	Category	Description
100%	Outstanding	Response demonstrates extensive understanding of the requirements, offering full assurance to the Contracting Authority – fully supported with no reservations.
90% – 99%	Excellent	Response demonstrates an excellent response demonstrating excellent understanding offering assurance to the Contracting Authority – substantially supported with only a small number of minor reservations.
80% – 89%	Very good	Response demonstrates a very good understanding of the requirements, offering assurance to the Contracting Authority – strongly supported with some minor reservations.
70% – 79%	Good	A good response demonstrating a good understanding of the requirements, offering some assurance to the Contracting Authority – supported with a small number of more notable reservations.
60% – 69%	Acceptable	An acceptable response demonstrating an acceptable understanding of the requirements, offering minimum assurance to the Contracting Authority - supported with some more notable reservations.
1% to 59%	Unacceptable	There are significant gaps in addressing the Contracting Authority's requirements; proposals are in parts unsupported or lack significant content / explanation; response gives cause for concern about how an acceptable solution will be developed and delivered.
0%	No response	No response received.
Less than 60% is unacceptable and the Tenderer will be eliminated from the Competition.		

Marks in the score ranges outlined above can be awarded where responses so merit additional marks.

4.2.3 Post Tender Clarification

At the discretion of the Enterprise Ireland, tenderers may be invited, in writing, to clarify certain aspects of their tender, particularly where information or documentation to be submitted appears to be incomplete or erroneous. 4.2.5 Clarification of Abnormally Low Tenders

If the Enterprise Ireland considers the tender submission to be commercially unsustainable or otherwise problematic considering the tendered price or any other financial matter (including proposed indicative hours), the tenderer shall be invited to provide clarification to Enterprise Ireland in respect of all elements of the tender submission that the Contracting Authority deems relevant. Any failure to satisfactorily comply with such a request, or to satisfactorily address Enterprise Ireland's concerns, may, at the discretion of Enterprise Ireland, result in the elimination of the tender in question based on it being considered abnormally low.

Enterprise Ireland will, upon receipt of such notification, issue a clarification via eTenders in respect of any such ambiguity, discrepancy, error or omission. 5.15 Freedom of Information Acts

Tenderers are asked to consider if any of the information supplied by them in response to this request for tenders should not be disclosed because of its sensitivity. for Enterprise Ireland to include the price of the winning tender or the range of prices of tenders received in the publication of the award notice as required under European procurement rules.

5.27 Policy on Personal Debriefings

Based on the provision of the information to unsuccessful tenderers as outlined above and due to resourcing constraints, Enterprise Ireland will not be offering individual debriefing meetings to unsuccessful bidders.

5.28 Award to Runner-up

This shall be without prejudice to the right of Enterprise Ireland to cancel this competitive process and/or initiate a new contract award procedure at its sole discretion.
