This Questionnaire and any related documents must not be used for any other purpose.

No liability

The Contracting Authority makes no representation, warranty, or undertaking in or in connection with this Questionnaire or the contents of this Questionnaire unless explicitly stated. The Contracting Authority has not authorised anyone to make any representation in connection with this Questionnaire on its behalf, and Applicants should not rely on any representation purportedly made on the Contracting Authority's behalf in connection with this Competition. Neither the Contracting Authority nor its officers, employees, or advisers will have any liability in connection with this Questionnaire or the contents of this Questionnaire. Applicants must make their own assessment of the adequacy, accuracy, and completeness of this Questionnaire.

Right to terminate or amend this Competition

The Contracting Authority reserves the right not to proceed with the Competition or any part of it and may terminate the Competition or any part of it at any time, with or without procuring the Works in another way. If this happens, neither the Contracting Authority nor its officers, employees, or advisers will be liable to any Applicant or other person. The Contracting Authority also reserves the right to change any part of this Questionnaire, including the procedures and time limits described in this Questionnaire. The Contracting Authority does not bind itself to accept any outcome of the process described herein and is not obliged to enter into a contract for the Works with anyone.

Costs and No Legal Relationship

Neither the Contracting Authority nor its officers, employees, or advisers have any responsibility for Applicants' costs or losses in connection with this Competition. This Questionnaire does not create a contract or legal relationship (including, for the avoidance of doubt, any contract about the Competition itself) between any Applicant and the Contracting Authority unless and until the Contract has been entered into including by issue of a Letter of Acceptance or Tender Acceptance (as appropriate) and any conditions precedent to its effectiveness have been met. The exception to this is the obligation upon an Applicant with regard to confidentiality. This Questionnaire will not form part of any Contract unless expressly stated otherwise.

Confidentiality

Applicants must treat this Questionnaire and their participation in the Competition as confidential. Applicants must not disclose any information about the Competition to anyone other than as required for the purpose of responding to this Questionnaire, or as required by law.

Disclosure

The Contracting Authority is entitled to disclose information about this Competition, including the identity of those expressing interest, to any person. The Contracting Authority will have regard to such a statement in considering a request for access to the information under the Freedom of Information Acts 2014 (or any other legislation relating to disclosure of information) but is not bound by the Applicant's view and will take such steps as it considers necessary to comply with its obligations under applicable law.

Conflicts of Interest

Any conflict of interest or potential conflict of interest must be fully disclosed to the Contracting Authority as soon as such conflict or potential conflict becomes apparent. This includes, but is not limited to, situations where an Applicant or any of the members of an Applicant which is a consortium, joint venture or partnership, or any entity being relied upon by an Applicant, or any of their advisers, contractors, consultants, servants or agents are currently or have been in the past an adviser, contractor, consultant, servant or agent to the Contracting Authority, or any local or other relevant authority in relation to the works which are the subject matter of this Competition.

Without prejudice to the foregoing, any "registrable interest" involving the Applicant and the Contracting Authority (and where applicable any elected members of the Contracting Authority or members of the Board of the Contracting Authority), members of the Government, members of the Oireachtas or employees of the Contracting Authority or their relatives must be fully disclosed to the Contracting Authority immediately upon such information becoming known to the Applicant. The terms 'registrable interest' and 'relatives' shall be interpreted in line with the Ethics in Public Office Act, 1995 and the Standards in Public Office Act 2001 as may be amended from time to time.

The Contracting Authority will, at its absolute discretion, decide on the appropriate course of action in relation to any actual or perceived conflicts of interest, which may include (but is not limited to) excluding the Applicant from the Competition, or permitting the Applicant to continue subject to safeguards determined by the Contracting Authority being put in place and observed.

Tax Clearance

It will be a condition of the award of the Contract that the successful Tenderer shall, for the term of the contract, comply with all applicable EU and domestic tax laws. Prior to the award of the Contract arising out of this Competition the successful Tenderer shall be required to supply its Tax Clearance Access Number and Tax Reference Number to facilitate online verification of their tax status by the Contracting Authority. By supplying these numbers the successful Tenderer acknowledges and agrees that the Contracting Authority has the permission of the successful Tenderer to verify its tax cleared position online. 1.8. GROUNDS FOR EXCLUSION UNDER REGULATION 57 OF SI 284/2016

Note: Where a Competition is subject to the application of the European Procurement Regulations, grounds for excluding Applicants in Regulation 57 of SI 284/2016 from participation in the Competition will automatically apply.

Where a Competition is not subject to the application of the European Procurement Regulations, a Contracting Authority may apply grounds for exclusion in Regulation 57 of SI 284/2016. The position for the Competition is set out in Section 2.2 of the Project Particulars.

The grounds under which the Contracting Authority may exclude an Applicant, any member of the Applicant (where the Applicant is a Consortium, Joint Venture or Partnership), or any entity relied upon by the Applicant, from participation in this Competition are set out below.

The term 'Applicant' as used below refers to each of (a) the Applicant (b) any member of the Applicant (c) any entity being relied upon by the Applicant.

Subject always to the provisions of Regulation 57 of the European Union (Award of Public Authority Contracts) Regulations 2016 (SI 284 of 2016):

 - (i) the Applicant is in one of the situations listed in Regulations 57(1) or 57(3) of SI 284 of 2016; or
 - (ii) a member of the administrative, management or supervisory body of the Applicant/member of the Applicant, or a person having powers of representation, decision or control therein, is in one of the situations listed in Regulation 57(1) of SI 284 of 2016,

Any Applicant which is in one of the situations referred to above must provide details of any factors or circumstances which it believes are relevant to the Contracting Authority's assessment of whether the existence of these grounds should lead to the exclusion of the Applicant. For example, where an Applicant is in one of the situations referred to above but has taken measures which it believes are sufficient to demonstrate its reliability, that Applicant may provide evidence of such measures to the Contracting Authority for consideration. Applicants should note that, with regard to the situations listed in (a) above, the circumstances which the Contracting Authority may take into account before deciding whether or not to exclude an Applicant are prescribed by law, and Applicants are directed to Regulation 57 of SI 284/2016 in this regard.

If an entity being relied upon is in one of the situations listed above, the Contracting Authority may require that the Applicant replaces such entity with another entity which is not in any of these situations. In the event that the entity cannot be replaced with another entity to whom the grounds do not apply (including where the Contracting Authority concludes that to permit such replacement would be contrary to law), the Contracting Authority reserves the right to eliminate the Applicant from the Competition.

Where grounds for exclusion apply in the Competition, the Applicant, each member of the Applicant and any entity being relied upon by the Applicant (or any member of the Applicant), must provide a self-declaration regarding the situations referred to above in the form of an ESPD, or, by completing the self-declaration in the form of Appendix A – Self Declaration re Regulation 57, as specified in the Project Particulars.

Where required in the Particulars, Applicants shall be required to disclose in their SAQ Response any issues giving rise to possible sanctions applications.

1.12.1. Applicant Specialists

Where Section 2.1 of the Project Particulars state that Applicants are required to propose Specialists to undertake the areas of specialist works and/or services (“specialist areas”) described in Section 2.6.1 of the Project Particulars, the following applies:

- (a) Where an Applicant proposes that a specialist area is undertaken by specialists in the direct employ of an Applicant (e.g. directly by the Applicant or by any member of the Applicant), the Applicant Specialist must complete the relevant Specialist Questionnaire and the Specialist Questionnaire will be evaluated on the same basis as Applicants proposing to rely upon sub-contractors for the relevant specialist area(s) (see below).
- (b) Where an Applicant proposes that a specialist area is undertaken by a sub-contractor, the Applicant Specialist must complete the relevant Specialist Questionnaire. Such an entity will be treated as an entity being relied upon by the Applicant and the requirements of Section 1.7 Reliance on Resources in relation to Applicant Specialists, apply to such an entity.

1.12.2. Listed Panel Specialists provided by the Contracting Authority

Where the Project Particulars state that the Contracting Authority will list a panel(s) of Specialists (“Listed Panel Specialists”), at the next stage of the Competition, the Contracting Authority will provide details of one or more panels of Specialists (for the avoidance of doubt the panel may comprise of one specialist) for the specialist areas described in Section 2.6.2 of the Project Particulars.

At the next stage of the Competition, short-listed Candidates may:

- (a) select and name in their tender, a Specialist selected from the Listed Panel Specialists; or,
- (b) subject always to acceptance by the Contracting Authority, propose an alternative Specialist to the Listed Panel Specialist(s) (i.e. propose an Applicant Specialist).

1.13. COMPETITIONS FOR RESERVED SPECIALISTS

Where Section 2.1 of the Project Particulars states that the suitability assessment is for a Reserved Specialist, the Contracting Authority intends to name the successful Tenderer in the Competition as a Reserved Specialist in a main works contract to be awarded under a separate competition. Under the main works contract, the main works contractor is required to appoint the Reserved Specialist as a Specialist sub-contractor using the NN form of sub-contract.

1.14. COMPETITIONS WHERE THE CONTRACT IS TO BE NOVATED AS A SPECIALIST CONTRACT

Where Section 2.1 of the Project Particulars states that the Contract is to be novated as a Specialist contract (“novated Specialist contract”), the Contracting Authority intends to novate the Contract for the works described in the Project Particulars to a main works contractor.

In a separate tender competition for a main works contract, the Contracting Authority intends to name and provide details of the novated Specialist contract to be novated, including the name of the Novated Specialist, the form of contract to be novated and the novated contract price, either in the tender documents or during the tendering period for the main works contract.

On award of the main works contract, the Employer novates the Specialist contract to the main works contractor. A Novation Agreement will be required to be entered into by the Employer, the novated Specialist and the main works contractor.

1.15. QUALIFICATION CRITERIA

1.15.1. General

In order to pass the suitability assessment overall, an Applicant must pass the requirements of all Qualification Criteria, (whether in Section 3 of this Questionnaire, Health and Safety Supplement(s) and, where relevant, in Specialist Questionnaires). If an Applicant does not pass a Qualification Criterion, the Applicant will be eliminated from the Competition.

Section 1: INSTRUCTIONS FOR APPLICANTS

The Applicant must follow the instructions and respond as required by the following titles under the 'Response' heading for each Qualification Criterion:

- (a) Where the Contracting Authority has chosen "Declaration Required", it shall suffice for the purposes of SAQ Response for the Applicant to complete the Declaration in Part 2 of the Questionnaire (and may also respond by selecting Yes in Part IVα (Selection Criteria) of the eESPD, where an ESPD is required). The Declaration in Part 2 of the Questionnaire will be required to be completed even if the Applicant is also submitting an eESPD. The Contracting Authority may, at any time (for example, prior to shortlisting), request supporting documentation substantiating any declaration made in respect of any or all such Qualification Criteria. Supporting documents must prove that the Applicant meets the relevant Qualification Criterion as of the date of submission of the Applicant's SAQ Response. Where the Contracting Authority requests supporting documentation substantiating any declaration made in respect of any or all such Qualification Criteria, the supporting documents must be provided promptly and within the timeframe specified by the Contracting Authority. Failure to provide the requested supporting documentation within the timeframe specified may result in exclusion from the Competition.
- (b) Where the Contracting Authority has chosen "Evidence Required", Applicants must include the evidence required in their SAQ Response. Applicants should not purport to have responded to any such Qualification Criterion solely by having provided the completed Part 2 (and/or an ESPD where an ESPD is required). The evidence submitted must prove that the Applicant (or an entity being relied upon for these purposes in accordance with the terms of this Questionnaire) meets the relevant Qualification Criteria as of the date of submission of the Applicant's SAQ Response. Failure to submit the required evidence in the SAQ Response may result in exclusion from the Competition.

Under the 'Evaluation' heading, where the Contracting Authority has chosen "Pass/Fail", the requirements specified in the Qualification Criterion must be met in full in order to pass, and, if passed, have no further role in calculating the Applicant's overall score (where a pass/fail and qualitative assessment is being undertaken). Note that Qualification Criteria in Health & Safety Supplements are evaluated on a Pass/Fail basis only.

Where the Contracting Authority has chosen "Qualitative", such criteria are qualitatively evaluated but may also have minimum scores and/or Pass/Fail requirements; each such criterion is given an allocation of marks to be used to calculate the Applicant's total score. Where a qualitative assessment is to be applied, the qualitative marking scheme is set out in Table 23, Section 3 of this Questionnaire.

1.15.2. Evaluation of Applicant Specialists (applies to PW-CF2 or PW-CF4 only)

Where Applicants are required to propose Specialists to be named in the Contract, the following applies:

- (a) Applicant Specialists for specialist works areas ("Works Specialists")

Where the Project Particulars state that Applicant Works Specialists are to be evaluated on a:

- (i) "Pass/Fail" basis

Applicants may, for each specialist work area described in the Project Particulars, propose up to the maximum number of Works Specialists as stated in Section 2.2 of the Project Particulars.

Where an Applicant proposes only one Works Specialist, in order for the Applicant to pass overall (and subject always to the Applicant passing all Qualification Criteria), the Applicant's Work Specialist must pass the Qualification Criteria in the Specialist Questionnaire ("Specialist Qualification Criteria"). Where the Applicant's Works Specialist does not pass the Specialist Qualification Criteria, the Applicant will be eliminated from the Competition.

Where an Applicant proposes more than one Works Specialist, in order for the Applicant to pass overall (and subject always to the Applicant passing all Qualification Criteria), at least one of the Applicant's Works Specialists must pass the Specialist Qualification

Section 1: INSTRUCTIONS FOR APPLICANTS

Criteria. Where none of the Applicant's Works Specialists passes the Specialist Qualification Criteria, the Applicant will be eliminated from the Competition. Where more than one of the Applicant's Works Specialists passes the Specialist Qualification Criteria, and subject to the Applicant passing overall, and being invited to tender, the Applicant must name one of the Works Specialists that passed in the Form of Tender and Schedule Part 2E, at the next stage of the Competition.

(ii) "Pass/Fail and Qualitative" basis

For each specialist work area described in the Project Particulars, the Applicant must propose one and only one Works Specialist. In order for the Applicant to pass overall (and subject to the Applicant passing all other Qualification Criteria), the Applicant's Works Specialist must pass the pass/fail sub-criteria in the Specialist Qualification Criteria. Where the Applicant's Works Specialist does not pass the Specialist Qualification Criteria, the Applicant will be eliminated from the Competition. Those sub-criteria that the Contracting Authority has chosen to evaluate on a "Pass/Fail and Qualitative" basis, such criteria are qualitatively evaluated but may also have minimum scores and/or Pass/Fail requirements; each such criterion is given an allocation of marks to be used to calculate the Applicant's total score. Where a qualitative assessment is to be applied, the qualitative marking scheme is set out in Table 23, Section 3 of this Questionnaire.

(b) Applicant Specialists for specialist services ("Specialist Service Providers")

For each specialist service area described in the Project Particulars, Applicants may propose one and only one Specialist Service Provider. In order for an Applicant to pass overall (and subject to the Applicant passing all Qualification Criteria), the Applicant's Specialist Service Provider must pass the Specialist Qualification Criteria. Where the Applicant's Specialist Service Provider does not pass the Specialist Qualification Criteria, the Applicant will be eliminated from the Competition. Those sub-criteria that the Contracting Authority has chosen to evaluate on a "Pass/Fail and Qualitative" basis, such criteria are qualitatively evaluated but may also have minimum scores and/or Pass/Fail requirements; each such criterion is given an allocation of marks to be used to calculate the Applicant's total score. Where a qualitative assessment is to be applied, the qualitative marking scheme is set out in Table 23, Section 3 of this Questionnaire.

1.16. CHANGE IN APPLICANT CIRCUMSTANCES

Where any information provided by an Applicant in response to this Questionnaire becomes untrue, incomplete or misleading (for example as a result of a change in circumstance or structure of the Applicant), Applicants must inform the Contracting Authority of any such change in circumstances as soon as it becomes aware of this.

If it comes to the Contracting Authority's attention by any means that:

- (a) there has been a change in circumstances concerning an Applicant that could affect the Contracting Authority's assessment of that Applicant's SAQ Response; or
- (b) information submitted by an Applicant was untrue, incomplete or misleading when submitted or has become by reference to the facts as they then stand untrue, incomplete or misleading;

the Contracting Authority may clarify this with the Applicant and may seek further information and/or evidence from the Applicant. The Contracting Authority may take such steps as it considers necessary including revising its assessment of the Applicant on the basis of the information then available to the Contracting Authority and/or excluding the Applicant from further participation in the Competition.

1.17. COMPLIANCE

The Contracting Authority shall assess the Applicant's SAQ Response for compliance with these Instructions, including for the provision of all the information and evidence required. The Contracting Authority reserves the right to accept, clarify, or reject non-compliant submissions as set out in Section 1.19 below.

1.18. CLARIFICATIONS

Section 1: INSTRUCTIONS FOR APPLICANTS

- (a) rejecting the submission as non-compliant; and/or
- (b) without prejudice to the Contracting Authority's right to reject the submission:
 - (i) seeking clarification from the Applicant in respect of the relevant submission by way of a meeting or written submission;
 - (ii) requesting the Applicant to provide information or items which has/have not been provided or has/have been provided in an incorrect form;
 - (iii) waiving a requirement which, in the Contracting Authority's opinion is minor or procedural; and/or
 - (iv) take any other step permitted by law;

in accordance with applicable law and principles.

1.20. REVIEW PROCEDURE

In the Project Particulars, the Contracting Authority may state a review procedure, whereby an Applicant who disputes a decision of the Contracting Authority about whether a SAQ Response complies with this Questionnaire may raise the matter with the Contracting Authority. The review procedure should include appropriate timelines for the submission of the query and response times.

Where more than 3 projects are submitted, only the first 3 projects listed in Appendix B1 will be evaluated.

The 3 projects submitted must collectively demonstrate the following:

- Experience in the construction, refurbishment, upgrade and/or delivery of public realm infrastructure, parks, open spaces, recreational facilities, play spaces, active travel infrastructure and/or similar community infrastructure.

Section 3: Suitability Assessment Questionnaire

- Experience in associated civil engineering and construction works, including earthworks, drainage, SuDS/sustainable drainage systems, pathways, surfacing, kerbing/edging, boundary treatments, fencing, access control measures and associated hard landscaping.
- Experience in soft landscaping, planting, street furniture, signage, natural features, safety surfacing, play equipment and associated ancillary works.
- At least one project must demonstrate significant civil engineering and construction works in the delivery of public realm, recreational, green infrastructure or active travel infrastructure.
- At least one project must demonstrate the successful delivery of a public space incorporating recreational amenities, such as play facilities, play equipment, active recreation facilities or similar community/public realm amenities.
- At least two of the projects must have had a construction value in excess of €500,000.
- The submission must clearly state the role undertaken by the Applicant in each project, for example main contractor, works contractor, PSCS, design-and-build contractor and/or any other relevant role.

As the successful tenderer for the Initial Contract will be required to fulfil the role of Project Supervisor Construction Stage (PSCS), and future call-off contracts may also require the appointed framework member to act as PSCS, Applicants must clearly identify, for each project submitted, whether they acted as PSCS and/or how they managed construction-stage health and safety obligations.

The response should include details of relevant experience in managing health and safety on live construction sites, public parks, public realm areas, open spaces, active travel routes and/or other locations where interfaces with members of the public, existing users, traffic, adjacent properties, underground services, environmental constraints or other site constraints were present.

As future call-off contracts under the Framework Agreement may be Employer-designed or Contractor-designed, Applicants should also identify, where relevant, any experience in managing design interfaces, specialist design input, contractor-designed elements and/or PSDP-related requirements.

To enable assessment, Applicants must complete Appendix B1 and Appendix B2 for each of the 3 projects submitted. Applicants must complete the “Other Information” section of Appendix B2 and include a detailed written description of each project, clearly explaining its relevance to the scope of the Framework Agreement, the Initial Contract and the Applicant’s capacity to act as contractor and, where applicable, PSCS.
