Tenderers should ensure that they have submitted sufficient relevant information to allow their tenders to be assessed under each of the award criteria set out below. The contract will be awarded on the basis of the most economically advantageous tender taking into account the following award criteria and weightings.

CONTRACT AWARD CRITERIA (STAGE 2)

The M.E.A.T - Most Economically Advantageous Tender is based on a Quality / Price Ratio of 70/30 (%) respectively. **Total Marks = 1000.**

The award criteria are as follows:

Quality Evaluation (A, B & C) – Total of 700 marks for quality.

Criterion 'A', Ability to meet functional requirements – 50% / Marks: 500 (Pass mark required is 250 marks (50%). Applicants must explain how their response meets or exceeds the requirements as set out in the Tender Response Document (TRD)

Criterion 'B', Project Management, Project Plan and installation– 10% / Marks: 100 (Pass mark required is 50 marks (50%). Applicants must explain how their response meets or exceeds the requirements as set out in the Tender Response Document (TRD)

Criterion 'C', Maintenance and support – 10% / Marks: 100 (Pass mark required is 50 marks (50%). Applicants must explain how their response meets or exceeds the requirements as set out in the Tender Response Document (TRD)

Methodology for Calculating Scoring of Qualitative Criteria (A to C)

Score	Meaning	Interpretation
90 – 100%	Outstanding	A very comprehensive response demonstrating extensive understanding offering full assurance to client – fully supported with no reservations.
80 – 89%	Excellent	An excellent response demonstrating excellent understanding offering assurance to client – strongly supported.
70 – 79%	Very good	A very good response demonstrating very good understanding offering assurance to client – fully supported.
60 – 69%	Good	A good response demonstrating good understanding offering assurance to client – well supported.
50 – 59%	Acceptable	An acceptable response demonstrating a minimum understanding offering assurance to client - satisfactorily supported.
Less than 50% is unacceptable		
25 – 49%	Mediocre	Response demonstrates limited understanding with insufficient or no detail and a risk of non-delivery. This is unacceptable and a fail.
1 – 24%	Poor	Response demonstrates very limited understanding of the requirements and has fundamental flaws and lacks credibility with a significant risk of non-delivery. This is unacceptable and a fail.
0%	No response	Response completely fails to address the criterion under consideration. This is unacceptable and a fail.

Price Evaluation (D) – Total of 300 marks for price.

Criterion 'D', Price – 30% / Marks: 300

The lowest lump sum tender receives the highest score of 300 under financial Price criterion 'D' with each subsequent tender scored / weighted accordingly. If the lowest lump sum tender is service **Supplier A**, then the following formula is used:

$$\frac{\text{Supplier A}}{\text{Supplier B}} \times 300 = \text{score for supplier B.}$$

Note – the tenderer that receives a score of 300 for price may not receive the highest overall (M.E.A.T) score given that the score for quality is 700.

3.3.2 Subject to paragraphs 2.1 (Important Notices) and 3.5 (Standstill Period) of this RFT, award of the Services Contract to the highest ranked Tenderer (as determined by paragraph 3.3.1) will be conditional upon:

Access to be controlled via existing library barcode cards and the system will have functionality to read both barcode cards and MiFare/RFID cards and an authorized PIN.

The automated entrance system will be linked to users' library cards allowing library users to enter the library during the hours of the My Open Library service. To gain access to the library, the user will present their card to be scanned and will enter a PIN on the keypad at the entrance. The entrance door will then unlock.

The solution will have the capacity to integrate with the Library Management System (LMS). The LMS will provide authentication to enable access to the building and will coordinate with the self-service equipment for customer's library transactions.

The system solution will be suitable for use by persons with disabilities including, visual, hearing, mobility difficulties and wheelchair users.

SECURITY AND MONITORING

The system solution will allow for the provision of Hi-Def cameras to be positioned at strategic points around the library capable of being monitored externally from a central monitoring system.

BUILDING MANAGEMENT INTEGRATION

The system solution will have the capacity to interact with the lighting system, alarm system, door locks, sensors and fire alarm system.

AUDIO ANNOUNCEMENTS AND INTERCOM

The system will be capable of playing pre-recorded public announcement messages at pre-determined times.

MANAGEMENT REPORTING DATA

The system will generate statistical information which can be customised to meet the specific reporting requirements of Mayo Library Service, such as customisable reports on usage statistics, time of entrance and exit, visits, user categories and any unauthorised removal of books.

[To be completed by notifying parties where the value of the procurement procedure is equal to or greater than the financial thresholds in Article 28 of Regulation (EU) 2022/2560 and where the notifying party has been in receipt of aggregated foreign financial contributions in the three (3) years prior to notification, valued equal to or greater than €4M per third country].

1. Description of the public procurement (Section 1 of Form FS-PP)

2. Information about notifying parties (Section 2 of Form FS-PP)

3. Foreign Financial Contributions – (Section 3 of Form FS-PP)

3.1 For the purposes of this section 3.1, the notifying party(ies) should report foreign financial contributions falling into the scope of Article 5(1), points (a), (b), (c) and (e) of Regulation (EU) 2022/2560, which are amongst the most likely to distort the internal market.

3.1.1. In order to allow the Commission to determine whether a foreign financial contribution has been granted to an undertaking that was ailing within the meaning of Article 5(1)(a) of Regulation (EU) 2022/2560, notifying parties should indicate whether any of the following conditions were met at any point of time in the three years prior to the notification.

3.1.1.1. Is the notifying party a limited liability company, where more than half of its subscribed share capital has disappeared as a result of accumulated losses?

☐ yes ☐ no

3.1.1.2. Is the notifying party a company where at least some members have unlimited liability for the debt of the company, and where more than half of its capital as shown in the company accounts has disappeared as a result of accumulated losses?

☐ yes ☐ no

3.1.1.3. Is the notifying party subject to collective insolvency proceedings or does it fulfil the criteria under its domestic law for being placed in collective insolvency proceedings at the request of its creditors?

☐ yes ☐ no

3.1.1.4. In the case the notifying party in question is not an SME:

3.1.1.4.1. has the notifying party's book debt to equity ratio been greater than 7,5 for the past two years

and

3.1.1.4.2. has the notifying party's EBITDA interest coverage ratio been below 1,0 for the past two years?

☐ yes ☐ no

3.1.1.5. If the reply to any of the questions in sections 3.1.1.1 to 3.1.1.4 was 'yes' in relation to any of the notifying parties, please indicate whether during the period in which the undertaking in question was ailing, it received any foreign financial contributions that may have contributed to restore its long-term viability (including any temporary liquidity assistance designed to support that restoration of viability) or to keep that party afloat for the short time needed to work out a restructuring or liquidation plan.

Notifying party(ies) ☐ yes ☐ no

3.1.1.6. If the reply to any of the questions in sections 3.1.1.1 to 3.1.1.4 was 'yes' in relation to any of the notifying parties, indicate if there is a restructuring plan capable of leading to the long-term viability of that party and if this restructuring plan includes a significant own contribution by the notifying party and provide details of that plan.

3.1.1.7. If the reply to any of the questions in points 3.1.1.1 to 3.1.1.4 was 'yes', please substantiate the answer, including references in the answer to the supporting evidence or documents that are to be provided in annexes (such documents may include, but are not limited to, the notifying party's latest profit and loss account statements with balance sheets, or court decision opening collective insolvency proceedings on the company or documents providing evidence that the criteria for being placed under insolvency proceedings at the request of creditors under national company law are met, etc.).

3.1.2. Has the notifying party been in receipt of a foreign financial contribution in the form of an unlimited guarantee for the debts or liabilities of the undertaking, namely without any limitation as to the amount or the duration of such guarantee (Article 5(1)(b)) of Regulation (EU) 2022/2560.

☐ yes ☐ no

3.1.3 Has the notifying party been in receipt of an export financing measure that is not in line with the OECD Arrangement on officially supported export credits (Article 5(1)(c)) of Regulation (EU) 2022/2560.

☐ yes ☐ no

3.1.4. Has the notifying party been in receipt of a foreign financial contribution enabling an undertaking to submit an unduly advantageous tender on the basis of which the undertaking could be awarded the relevant contract (Article 5(1)(e)) of Regulation (EU) 2022/2560.

☐ yes ☐ no

- 3.2.** For each foreign financial contribution equal to or in excess of EUR 1 million granted to the notifying parties in the three years prior to the notification that may fall into any of the categories of Article 5(1), points (a) to (c) and (e) of Regulation (EU) 2022/2560, the notifying party must provide the following information and provide supporting documents:
- 3.2.1. Form of the financial contribution (e.g. loan, tax exemption, capital injection, fiscal incentive, contributions in kind, etc.).
 - 3.2.2. Third country granting the financial contribution. Specify also the granting public authority or entity.
 - 3.2.3. Amount of each financial contribution.
 - 3.2.4. Purpose and economic rationale for granting the financial contribution to the party
 - 3.2.5. Whether there are any conditions attached to the financial contributions as well as its use.
 - 3.2.6. Describe the main elements and characteristics of those financial contributions (e.g. interest rates and duration in the case of a loan).
 - 3.2.7. Explain whether the financial contribution confers a benefit within the meaning of Article 3 of Regulation (EU) 2022/2560 to the undertaking to which the foreign financial contribution has been granted. Please explain why, with reference to the supporting documents provided under Section 6 (below).
 - 3.2.8. Explain whether the financial contribution is limited in law or in fact, within the meaning of Article 3 of Regulation (EU) 2022/2560, to certain undertakings or industries. Please explain why, with reference to the supporting documents provided under Section 6 (below).
 - 3.2.9. Explain if the financial contribution is granted only for operating costs exclusively linked with the public procurement at stake.
- 3.3** Having regard to foreign financial contributions not falling within the categories set out in Section 3.1 above, notifying parties are required to provide an overview of the foreign financial contributions equal to or in excess of EUR 1 million granted to the notifying parties in the three years prior to the notification that do not fall into any of the categories of Article 5(1), points (a) to (e) of Regulation (EU) 2022/2560. In that regard, notifying parties are required to complete Table 1 below. Notifying parties should follow the instructions provided at Section 8 (Annex II) of Commission Implementing Regulation (EU) 2023/1441.

Table 1

Information to be included in Table 1 below by notifying parties.

- (i) Group the different financial contributions per third country and per type, such as direct grant, loan/financing instrument/repayable advances, tax advantage, guarantee, risk capital instrument, equity intervention, debt write-off, contributions provided for the non-economic activities of an undertaking (see recital 16 of Regulation (EU) 2022/2560), or other.

- (ii) Include only those countries where the estimated aggregate amount of all financial contributions per country granted in the three years prior to the notification (calculated according to point (iv) below is EUR 4 million or more.
- (iii) For each type of financial contribution, provide a brief description of the purpose of the financial contributions and the granting entities.
- (iv) Quantify the estimated aggregate amount of financial contributions granted by each third country in the three years prior to the notification in the form of ranges, as specified in the notes to the Table below. For the calculation of this amount, the following considerations are relevant:
 - (a) Take into account foreign financial contributions falling into the categories of Article 5(1) of Regulation (EU) 2022/2560 and on which information has been provided under Sections 3.1 and 3.2 (above) and;
 - (b) do not take into account foreign financial contributions excluded according to points (v) and (vi) below
- (v) Notifying Parties do not need to include (in the Table below) a description of the following foreign financial contributions:
 - (a) Deferrals of payment of taxes and/or of social security contributions, tax amnesties and tax holidays as well as normal depreciation and loss-carry forward rules that are of general application. If these measures are limited, for example, to certain sectors, regions or (types of) undertakings, they have to be included.
 - (b) Application of tax reliefs for avoidance of double taxation in line with the provisions of bilateral or multilateral agreements for avoidance of double taxation as well as unilateral tax reliefs for avoidance of double taxation applied under national tax legislation to the extent they follow the same logic as the provisions of bilateral or multilateral agreements.
 - (c) Provision/purchase of goods/services (except financial services) at market terms in the ordinary course of business, for example the provision/purchase of goods or services carried out following a competitive, transparent and non-discriminatory tender procedure.
 - (d) Foreign financial contributions below the individual amount of EUR 1 million.
- (vi) The foreign financial contributions that may be relevant for the assessment of each public procurement may depend on a number of factors such as the sectors or activities involved, the type of financial contributions or other specificities of the case. In light of these specificities, the Commission may request additional information where it considers such information necessary for its assessment.

Third Country	Type of Financial Contribution (FC)*	Brief Description of the purpose of the FC and the granting entity**	Total Estimated value of the FC granted***
Country A			
Country B			
Country C			
Country D			

Note: please provide a separate table for each of the notifying parties. Third countries and, where possible, types of contributions, should be ordered by total amount of foreign financial contribution, from the highest to the lowest.

* Identify the financial contributions grouping them by type: such as direct grant, loan/financing instrument/repayable advances, tax advantage, guarantee, risk capital instrument, equity intervention, debt write-off, contributions provided for the non-economic activities of an undertaking (see recital 16 of Regulation 2022/2560), or other. (

** General description of the purpose of the financial contributions included in each type and of the granting entity(ies). For instance, 'tax exemption for the production of product A and R & D activities', 'several loans with State-owned banks for purpose X', 'several financing measures with State investment agencies to cover operating expenses/for R & D activities', 'public capital injection in Company X'.

*** Use the following ranges: 'EUR 45-100 million', 'EUR > 100-500 million', 'EUR > 500-1 000 million', 'more than EUR 1 000 million'

4. Justification for absence of unduly advantageous tender – (Section 4 of Form FS-PP)

4.1 For any of the foreign financial contributions enabling an undertaking to submit an unduly advantageous tender on the basis of which the undertaking could be awarded the relevant contract (Article 5(1)(e) of Regulation (EU) 2022/2560), are there any elements which can be adduced to demonstrate that the tender is not unduly advantageous directly or indirectly due to the financial contribution(s) received, including the elements referred to in Article 69(2) of Directive 2014/24/EU.

In that regard, notifying parties should detail any elements that in their view may demonstrate that their tender is not unduly advantageous.

4.2 The elements may in particular refer to:

- 4.2.1. The economics of the manufacturing process, of the services provided or of the construction method;
- 4.2.2. The technical solutions chosen or any exceptionally favourable conditions available to the tenderer for the supply of the products or services or for the execution of the work;
- 4.2.3. The originality of the work, supplies or services proposed by the tenderer;
- 4.2.4. Compliance with applicable obligations in the fields of environmental, social and labour law;
- 4.2.5. Compliance with obligations regarding subcontracting.

5. Possible Positive Effects - (Section 5 of Form FS-PP)

- 5.1** If applicable, notifying parties should list and substantiate any possible positive effects on the development of the relevant subsidised economic activity on the internal market. Notifying parties should also list and substantiate any other positive effects of the foreign subsidies, such as broader positive effects in relation to the relevant policy objectives, in particular those of the Union, and specify when and where those effects have or are expected to take place. Notifying parties should provide a description of each of those positive effects.

6. Supporting Documentation – (Section 6 of Form FS-PP)

Notifying parties are required to provide the following for each notifying party:

- 6.1.** Copies of all the supporting official documents relating to the financial contributions that may fall into any of the categories of Article 5(1), points (a) to (c) and (e) of Regulation (EU) 2022/2560 pursuant to Section 3.1.
- 6.2.** Copies of the following documents prepared by or for or received by any member of the board of management, the board of directors or the supervisory board:
- Analyses, reports, studies surveys, presentations and any comparable documents discussing the purpose, use and economic rationale of the foreign financial contributions that may fall into any of the categories of Article 5(1), points (a) to (c) and (e) of Regulation (EU) 2022/2560.
- Provide the same documents prepared by or for or received by the entity granting the foreign financial contribution to the extent that they are in your possession or that they are publicly available.
- 6.3.** An indication of the internet address, if any, at which the most recent annual accounts or reports of the notifying party(ies) are available, or if no such internet address exists, copies of the most recent annual accounts and reports.
- 6.4.** Where the notifying party(ies) provide(s) justifications of the absence of an undue advantage of the tender by filling in Section 4 of this form, they also need to provide documentation for the period covering the three years preceding the notification, substantiating the adduced elements. Such documentation may include, inter alia, as relevant: (a) tax declarations for the period under review, including copies of company tax returns and VAT returns, (b) business plans and market research underlying the decision to participate in the public procurement procedure.

7. Attestation (Section 8 of Form FS-PP)

The notifying party(ies) confirm(s) that, to the best of their knowledge and belief, the information given in this declaration is true, correct, and complete, that true and complete copies of documents required by this Form FS-PP have been supplied, that all estimates are identified as such and are their best estimates of the underlying facts, and that all the opinions expressed are sincere.
