Part 1: Introduction

- 1.1 The Commission for Communications Regulation invites Tenders from Tenderers for the provision of the Services as described in Appendix 1 to this RFT.
- 1.2 In summary, the Services comprise of the provision of assistance to ComReg in relation to product safety-related training and consultancy. For full Specification Requirements, please see Appendix 1.
- 1.3 **Not used**
- 1.4 Any Services Contract that may result from this Competition will be for a term of 2 years with the option to extend by 1 year for a possible 3 extensions (total 5 years).
- 1.5 **Not used**
- 1.6 ComReg estimates that the expenditure on the Services to be covered by the Services Contract may amount to €140,000 (excl. VAT) over the term, including any extensions. Tenderers must understand that this figure is an estimate only based on current and future expected usage.
- 1.7 ComReg's policy seeks to encourage participation on a fair and equal basis by Small and Medium Enterprises ("SMEs") in this Competition. SMEs that believe the scope of this Competition is beyond their technical or business capacity are encouraged, subject to paragraph 2.5, to explore the possibilities of forming relationships with other SMEs or with larger enterprises. Through such relationships they can participate and contribute to the successful implementation of any Services Contract that may result from this Competition and therefore increase their social and economic benefits.

Larger enterprises are also encouraged, subject to paragraph 2.5, to consider the practical ways that SMEs can be included in their proposals to maximise the social and economic benefits of any Services Contracts that may result from this Competition.

Nothing in this RFT should be relied upon, as a representation of fact, or a commitment as to ComReg's decision in relation to the award of any contract or any other future event. Tenderers must form their own conclusions about the solution needed to meet the requirements set out in this RFT and may wish to consult their legal or other advisers.

2.1.2 ComReg does not commit to accepting the lowest priced or any Tender.

Any notification of preferred bidder status by ComReg to a Tenderer shall not give rise to any enforceable rights by the Tenderer.

Any notification of preferred tenderer status by ComReg to a Tenderer shall not give rise to any enforceable rights on the part of the Tenderer. ComReg may cancel this Competition at any time prior to a formal written Services Contract being executed by ComReg.

The award of a Services Contract does not confer exclusivity on the successful Tenderer.

2.1.3 ComReg reserves the right to disqualify any Tenderer who provides information or confirmations which later prove to be untrue or incorrect and/or who does not supply the information required by this RFT or as otherwise directed by ComReg during the Competition. ComReg also reserves the right, at its absolute discretion and without notice (to the extent permitted by law):

- to waive any requirement of this Competition if this is, in the opinion of ComReg, appropriate in the circumstances, particularly if it is minor and/or procedural;

- to meet with, raise issues and/or seek clarifications or supplementary information from a Tenderer in respect of a Tender or non-compliance;

ComReg will be a Data Controller (where Data Controller has the meaning given under the Data Protection Laws) in respect of any Personal Data (where Personal Data has the meaning given under the Data Protection Laws) required to be provided by the Tenderer in response to this RFT.

The Tenderer, as Data Controller in respect of any Personal Data provided by it in its Tender, is required to confirm in the statement required under paragraph 2.4 below that all Data Subjects (where Data Subject has the meaning given under the Data Protection Laws) whose Personal Data is provided by the Tenderer have consented to the processing of such Personal Data by the Tenderer, ComReg and the supplier of the etenders.gov.ie website, for the purposes of the participation of the Tenderer in this Competition or that the Tenderer otherwise has a legal basis for providing

such Personal Data to ComReg for the purposes of its participation in this Competition.

- waiving a requirement, which in ComReg's view, is non-material or procedural.

Tenderers are required:

- a. To complete and submit with their Tender the declaration as to personal circumstances as set out in Appendix 4 e-ESPD attached to the contract notice. Alternatively, Tenderers may submit an e-ESPD which has already been used in a previous procurement procedure PROVIDED THAT they confirm that (i) the information contained in it continues to be correct and (ii) that they satisfy the Selection Criteria for this Competition as set out at part 3.2 below.

Late Tenders may exceptionally be accepted by ComReg at its absolute discretion where it considers that there are exceptional circumstances.

2.3 Services Contract

- 2.3.1 Tenderers should note the terms and conditions of the Services Contract at Appendix 6 to this RFT.
- 2.3.2 Tenderers are required to confirm their acceptance of the terms and conditions of the Services Contract by signing the Tenderer's Statement at Appendix 3. Tenderers may not amend the Services Contract.
- 2.3.3 Tenderers may also be required to sign a separate confidentiality agreement with ComReg.

2.4 Acceptance of RFT Requirements

Each Tenderer is required to accept the provisions of this RFT. All Tenderers must return, with their Tender, a scanned signed copy of the Tenderer's Statement, set out in Appendix 3, printed on the Tenderer's letterhead. ComReg must be able to read the scanned signature of the Tenderer. If possible, please sign documents using blue ink. If ComReg cannot read the scanned signature, Tenderers may be requested to re-submit. Tenderers may not amend the Tenderer's Statement.

2.5 Consortia and Subcontractors

- 2.5.1 Where a Tenderer is a Consortium (in whatever form and regardless of the legal relationship between them), it shall designate a Lead Consortium Member. The Lead Consortium Member must remain the same throughout the Competition. ComReg will communicate in respect of all matters relating to this Competition with the Lead Consortium Member only, irrespective of whether or not tasks are to be performed by a Subcontractor or other Consortium Members. The Tenderer must provide details of all Consortium Members and clearly set out the name, title, telephone number, postal address and e-mail address of the nominated contact personnel of the Lead Consortium Member to whom all communications shall be directed and accepted until this Competition has been completed or terminated. Correspondence from any other person (including from any Subcontractor or other Consortium Member) will NOT be accepted, acknowledged or responded to.
- 2.5.2 If there is a change to the Consortium and/or Subcontractors following the Tender Deadline and prior to the award of a Services Contract, the Tenderer must seek prior written approval for any change from ComReg by:
 - (i) explaining in writing to ComReg the reasons for any change; and

- (ii) providing full details of any proposed replacement Consortium Member or Subcontractor (which will entail the completion of the relevant sections of the Tender Response Form and/or the e-ESPD and any other relevant sections of the Tender).

The proposed replacement Consortium Member or Subcontractor, as applicable, must be assessed by ComReg as being at least equivalent, in all respects, to the Consortium Member or Subcontractor being replaced. The decision on whether or not to allow a change in the Consortium/Subcontractor is a matter for the sole discretion of ComReg, subject to its obligations at law.

- 2.5.3 A Consortium, if successful, may be required to establish legal personality in order to enter into the Services Contract. A Tenderer that is a Consortium must accept joint and several liability to the Contracting Authority for the performance and fulfilment of the terms of the Services Contract prior to the award of the Services Contract.
- 2.5.4 ComReg may require Consortium Members and Subcontractors to sign confidentiality agreements and, where it considers it necessary, share the existence and terms of any such signed confidentiality agreement with any third party to demonstrate to that third party that their confidential information is protected.

2.6 Tender Submission Requirements

- 2.6.1 Tenders must be submitted via the electronic postbox available on www.etenders.gov.ie. Only Tenders submitted to the electronic postbox will be accepted. Tenders submitted by any other means (including but not limited to by email, post, hand delivery, etc) will NOT be accepted.

Tenderers must ensure that they give themselves sufficient time to upload and submit all required tender documentation before the Tender Deadline (as defined in paragraph 2.6.2). Tenderers should take into account the fact that upload speeds vary. Tenders should note that there is a file size limit of 250MB for each single file uploaded, with a maximum total limit of 500MB for all documents combined sent to the electronic postbox. In order to submit a document to the electronic postbox, Tenderers must click on the “paper plane” icon first and then on the “Submit” button. If Tenderers need to modify or change any aspect of their Tender before the Tender Deadline but after the “Submit” button has been clicked, the Tender in its entirety will need to be resubmitted. Tenderers should be aware that the “Submit” button will be disabled automatically at the Tender Deadline.

- 2.6.2 Tenders must be received no later than the Tender Deadline. The Tender Deadline is **12 Noon hours on 30th of July 2026**. Subject to paragraph 2.2.2,

Tenders that are received late will not be considered in this Competition unless ComReg considers, at its absolute discretion, and on the basis of the principles of fairness and proportionality, to accept such a Tender, because of exceptional circumstances, for example, where the late submission is a result of a fault of ComReg. This would only arise in an exceptional case and no representation or warranty is made to this effect. ComReg may, at its absolute discretion, investigate any relevant circumstances in order to make a determination in this regard and a Tenderer is required to provide all such assistance, access and verification as ComReg may require in such respect.

- 2.6.3 Tenders must be submitted in English.
- 2.6.4 Each Tender must be prepared autonomously and independently. Tenderers are required to confirm this in the Tenderer Statement at Appendix 3.
- 2.6.5 All Tenders must be compiled such that they can be read immediately using Microsoft Word or PDF readers. Tenderers must ensure that the document submitted is text searchable using non-OCR software i.e. it must not be a document that has been scanned as an image or protected against search. ComReg is not responsible for corruption in electronic documents. Tenderers must ensure that electronic documents submitted are not corrupt.

N.B. The Tender's Statement must be printed on the Tenderer's letterhead and duly completed and executed by an authorised representative of the Tenderer in whatever manner is usual and legally permissible for the Tenderer to effect binding contracts. For the avoidance of doubt, Tenderers may not contact ComReg directly regarding any aspect of this Competition.

2.7.2 All responses to queries will be issued by ComReg via the messaging facility on www.etenders.gov.ie. Where appropriate, queries may be amalgamated. Subject to section 2.7.6 below, Tenderers should note that ComReg will not respond to individual Tenderers privately.

2.7.3 ComReg reserves the right to issue or seek written clarifications.

2.7.4 ComReg reserves the right at any time before the Tender Deadline, to update or amend the information contained in this document and/or to extend the Tender Deadline. Participating Tenderers will be informed of any such amendment or extension through the eTenders website.

2.7.5 Tenderers should ensure that they register their interest in this Competition, by clicking on the "Accept" button on www.etenders.gov.ie, in order to receive all responses to queries and other updates in relation to this Competition.

2.7.6 If a Tenderer believes a query and/or its response to be confidential or commercially sensitive, it must mark the query as "confidential" or "commercially sensitive" and specify clear and substantive reasons for this. If ComReg, at its absolute discretion, is satisfied that the query and/or its response should be properly regarded as confidential or commercially sensitive, the nature of the query and its response will be treated on a confidential basis (subject to the ComReg's obligations at law).

2.7.7 If ComReg, at its absolute discretion, does not consider the query or response to be of a confidential or commercially sensitive nature or considers it to be a query which all Tenderers would potentially benefit from seeing, ComReg will (i) invite the Tenderer to either declassify the query and allow the query, along with ComReg's response, to be issued to all Tenderers; (ii) redact any confidential or commercially sensitive information in the query and allow the redacted query, along with ComReg's response, to be issued to all Tenderers; or (iii) request the Tenderer to withdraw the query. In all circumstances, ComReg reserves the right to issue clarification responses to all Tenderers at any stage when it believes, at its absolute discretion, that the clarification should be issued to all Tenderers.

2.8 Tendering Costs

All costs and expenses incurred by Tenderers relating to their participation in this Competition including, but not being limited to, preparation of Tenders, site visits, field trials, demonstrations and/or presentations shall be borne, and are a matter for discharge, by the Tenderers exclusively. ComReg is not responsible for, and will not pay for, any expense or cost incurred, or loss suffered, by a Tenderer in the preparation or submission of a Tender, participation in this Competition or otherwise.

2.9 Confidentiality

- 2.9.1 All documentation, data, statistics, drawings, information, patterns, samples or material disclosed or furnished by ComReg to Tenderers during the course of this Competition:
- a. are furnished for the sole purpose of replying to this RFT only;
 - b. may not be used, communicated, reproduced or published for any other purpose without the prior written permission of ComReg;
 - c. shall be treated as confidential by the Tenderer and by any third parties (including Subcontractors) engaged or consulted by the Tenderer; and

- d. must be returned immediately to ComReg upon cancellation or completion of this public procurement competition if so requested by ComReg.

Failure to comply with the confidentiality of this process may disqualify a Tenderer.

2.10 Pricing

- 2.10.1 All Tenderers must complete the Pricing Schedule at Appendix 2 to this RFT.
- 2.10.2 All prices quoted must be all-inclusive (i.e. including but not being limited to printing, photocopying, shipping, packaging, delivery, ancillary costs, travel costs and all other costs/expenses), be expressed in Euro only and be exclusive of VAT. The VAT rate(s) where applicable should be indicated separately. The Contracting Authority may, in exceptional circumstances, reimburse reasonable expenses at cost (against receipts). Should an employee move between grades, this must not affect the fixed price in the Services Contract. Any change in key personnel must be notified in writing by the Tenderer's nominated contact to ComReg's nominated contact and ComReg may seek an equivalent employee to replace the employee who has moved between grades at the original daily rate.

In the event of any legal proceedings, the Service Provider providing (or who has provided) the Services shall provide ComReg with all necessary assistance and support. The fees applicable in respect of any services provided by a Service Provider in respect of any legal proceedings shall be calculated in accordance with the maximum rates in the Pricing Schedule.

2.11 Legal obligations relating to Environmental, Social and Labour Law

- 2.11.1 In the performance of any Services Contract awarded, the successful Tenderer(s) and their Subcontractors (if any), shall comply with all applicable obligations in the field of environmental, social and labour law that apply at the place where the Services are provided, that have been established by EU law, national law, collective agreements or by international, environmental, social and labour law [listed in Annex X of the Directive].
- 2.11.2 Tenderers shall be required to include an undertaking to comply fully with the provisions of Council Directive 2001/23/EC of 12 March 2001 on the approximation of the laws of the Member States relating to the safeguarding of employees' rights in the event of transfers of undertakings, business or parts of undertakings or business and as implemented in Irish law by Statutory Instrument S.I. No. 131 of 2003, the European Communities (Protection of Employees on Transfer of Undertakings) Regulations 2003 and to indemnify ComReg for any claim arising or loss or costs incurred as a result of its failure or incapacity to fulfil its obligations under the said Directive and Statutory Instrument.
- 2.11.3 The Protection of Employees (Temporary Agency Work) Act 2012 (the "2012 Act") provides that an agency worker (as defined in the 2012 Act) is entitled to the same basic working and employment conditions as those which apply to employees recruited directly by the Hirer (as defined in the 2012 Act) to do the same or a similar job. Where the provision of the Services will involve the provision to ComReg of agency workers (within the meaning of the 2012 Act), Tenderers should ensure that they consider their obligations under the 2012 Act when pricing their Tender. ComReg shall have no liability for any increase in salaries that may be payable as a result of the application of the 2012 Act to the provision of the Services.

2.12 Publicity

- 2.12.1 No publicity regarding this Competition or any Services Contract is permitted unless and until ComReg has given its prior written consent to the relevant communication.

- 2.12.2 The Contracting Authority may issue such communications and generate such publicity in relation to this Competition as it considers appropriate and without notice to Tenderers. The Contracting Authority, in particular, has the right to publicise or otherwise disclose to any person information regarding this Competition, the identity of Tenderers (including the identity of their Consortium Members and Subcontractors), or the award of the Services Contract, at any time.

2.13 Registrable Interest

- 2.13.1 Any Registrable Interest involving any Tenderer or Subcontractor and ComReg, members of the Government, members of the Oireachtas, or employees and officers of ComReg and their relatives must be fully disclosed in the Tender or, in the event of this information only coming to the notice of the Tenderer or Subcontractor after the submission of a Tender, must be communicated to ComReg immediately upon such information becoming known to the Tenderer or Subcontractor.
- 2.13.2 The terms “Registrable Interest” and “Relative” shall be interpreted as per Section 2 of the Ethics in Public Office Acts 1995 and 2001, copies of which are available at www.irishstatutebook.ie. ComReg will, at its absolute discretion, decide on the appropriate course of action, which may in appropriate circumstances include eliminating a Tenderer from this Competition or terminating any Services Contract entered into by a Tenderer.

2.14 Anti-Competitive Conduct

- 2.14.1 Tenderers’ attention is drawn to the Competition Act 2002 (as amended, the “2002 Act”). The 2002 Act makes it a criminal offence for Tenderers to collude on prices or terms in a public procurement competition.
- 2.14.2 A Consortium Member is likely to have knowledge of the price and other aspects of a Tender in which it is participating which could cause it to have a conflict of interest and give rise to a risk of collusion if it also participated in another Tender. A Tenderer must disclose in its Tender if it, or any of its Consortium Members, specialists or other parties identified in its Tender, has any economic, legal commercial or financial relationship with another Tenderer. In such event, the Tenderer is required to:
- identify the economic, legal, commercial or financial relationship in question and to confirm that this has been brought to the attention of all persons identified in its Tender; and

- propose suitable protections and procedures to be put in place by the Tenderer to protect against or minimise any collusion or distortion of competition.

It is recommended that Tenderers do this in good time before submitting a Tender so that ComReg can determine whether the Tenderer is permitted to proceed.

- 2.14.3 ComReg reserves the right to request evidence of such safeguards. If ComReg, at its absolute discretion, considers that there is a risk that competition may be distorted or that there is a possibility of collusion, the Tenderer will be informed of this. If the Tenderer wishes to continue to participate in this Competition, ComReg will, at its absolute discretion, decide on the appropriate course of action which may include eliminating a Tenderer from the Competition or terminating any Services Contract entered into by a Tenderer.

2.15 Industry Terms Used in this RFT

- 2.15.1 Where reference is made to a particular item, source, process, trademark, or type in this RFT then all such references are to be given the meaning generally understood in the relevant industry and operational environment.
- 2.15.2 Where reference is made in this RFT to a particular item, make, source, process, trademark, type or patent, this is not to be regarded as a de facto requirement. In all such cases it should be understood that the reference in question is accompanied by the words "or equivalent".

2.16 Freedom of Information

- 2.16.1 Tenderers should be aware that, under the Freedom of Information Act 2014 and the European Communities (Access to Information on the Environment) Regulations 2007 to 2014, information provided by them during this Competition may be liable to be disclosed.
- 2.16.2 Tenderers are asked to consider if any of the information supplied by them in their Tender should not be disclosed because of its confidentiality or commercial sensitivity. If Tenderers consider that certain information is not to be disclosed because of its confidentiality or commercial sensitivity, Tenderers must, when providing such information, clearly identify the specific sections of their Tender containing such information and specify the reasons for its confidentiality or commercial sensitivity. Tenderers must note that it is not sufficient to include a statement of confidentiality or commercial sensitivity encompassing all the information provided in the Tender. For the avoidance of doubt, Tenderers may not assert confidentiality or commercial

sensitivity over the entire Tender but must clearly identify the specific section containing such information.

- 2.16.3 If Tenderers do not identify information as confidential or commercially sensitive, it is liable to be released in response to a request under the above legislation without further notice to or consultation with the Tenderer. ComReg will, where possible, consult with Tenderers about confidentiality or commercially sensitive information so identified before making a decision on a request received. However, the final decision on any request rests with ComReg, subject to applicable law.
- 2.16.4 ComReg accepts no liability whatsoever in respect of any loss, damage or suffering of any kind as a result of disclosure of such any information provided before, during or after this Competition.

2.17 Tax Clearance

- 2.17.1 It will be a condition of any Services Contract pursuant to this Competition that the successful Tenderer(s) shall, for the term of the Service Contract, comply with all EU and domestic tax laws. Tenderers are referred to www.revenue.ie for further information.
- 2.17.2 The Tenderer is required to supply its Tax Clearance Access Number and Irish Tax Reference Number in Part III of the e-ESPD to facilitate online verification of their tax status by ComReg. By supplying these numbers, the successful Tenderer acknowledges and agrees that ComReg has the permission of the successful Tenderer to verify its tax clearance position online. For those not registered in Ireland, a copy of their current Irish Tax Clearance Certificate must be supplied prior to the award of a Services Contract to that Tenderer (see [www.revenue.ie / https://www.revenue.ie/en/starting-a-business/tax-clearance/how-to-apply-for-a-tax-clearance-certificate/non-resident-applications.aspx](http://www.revenue.ie/en/starting-a-business/tax-clearance/how-to-apply-for-a-tax-clearance-certificate/non-resident-applications.aspx)).
- 2.17.3 The Tenderer, Consortium Member and any Subcontractor must continue to hold the current version of such tax certificate until the termination of the Services Contract. No payment falling due under a Services Contract will be made by ComReg unless it has in its possession at the time of such payment a current issue of the relevant certificate.

2.18 Conflicts of Interest

- 2.18.1 Any conflict of interest or potential conflict of interest or bias¹ (subjective or objective) on the part of a Tenderer, Subcontractor or individual employee(s) or agent(s) of a Tenderer or Subcontractor(s) must be fully disclosed to ComReg as soon as the conflict or potential conflict is or becomes apparent. Tenderers are required to declare that the preparation of their Tender was carried out independently. In the event of any actual or potential conflict of interest, ComReg may invite Tenderers to propose means by which the conflict of interest might be removed. ComReg will, at its absolute discretion, decide on the appropriate course of action, which may in appropriate circumstances include eliminating a Tenderer from this Competition or terminating any Services Contract entered into by a Tenderer.
- 2.18.2 For the purpose of the Competition, the following is a non-exhaustive list of situations which could give rise to a conflict of interest and which must be disclosed to ComReg:
- (i) having an interest which would or could compromise the independence of the Tenderer in its performance of the Services;
 - (ii) having an interest which could create the perception that the independence of the Tenderer in its performance of the Services might be compromised;
 - (iii) having a substantial pecuniary interest (whether by way of shareholding or otherwise) in an 'authorised undertaking' within the meaning of Regulation 2(1) of the European Union (Electronic Communications Code) Regulations 2022 or in a postal service provider as defined in section 6(1) of the Communications Regulation (Postal Services) Act 2011;
 - (iv) having a contract (whether oral or written) with any person regulated by ComReg or potentially affected by any decisions of ComReg or any person which represent any persons regulated or potentially affected by decisions of ComReg;

¹ Bias, for these purposes, includes an inclination, leaning, tendency, bent, a preponderating disposition or propensity, predisposition, predilection and/or prejudice. Bias can include subjective or objective bias. Objective bias, for these purposes, includes where there is a reasonable apprehension or suspicion that the entity in question might have been biased (i.e. where, although there was no actual bias, there is an appearance of bias).

- (v) having a position of employment, directorship (executive or non-executive) or any position of emolument with any person regulated by ComReg or potentially affected by any decisions of ComReg or which represent persons regulated or potentially affected by decisions of ComReg;
- (vi) where the Tenderer has in the past undertaken work for an organisation (or a subsidiary or an associated company of an organisation) that might be affected by decisions to be taken by ComReg and which are in any way connected with the Services; and
- (vii) where the Tenderer was privy to confidential information that would give, or might reasonably be perceived to give, the Tenderer (and potentially ComReg) an unfair advantage in relation to an organisation that might be affected by any future decisions to be taken by ComReg relating to, or connected with, matters falling within the scope of the Services.

2.18.3 Tenderers must note that the Services Contract also contains provisions dealing with conflicts. ComReg reserves the right to prevent the Service Provider from advising or acting for third parties (including a right to require the Service Provider to discontinue advising or acting for such third parties) during the term of the Services Contract where ComReg considers that this may raise a conflict of interest.

2.19 Withdrawal from this Competition

Tenderers are required to notify ComReg immediately via the e-tenders website if, at any stage, they decide to withdraw from this Competition.

A formal confirmation from the Tenderer's insurance company or broker to this effect will be requested from the successful Tenderer(s) prior to the award of (and shall be a condition of) any Services Contract.

2.21.2 The successful Tenderer will, during the term of the Services Contract, be required to:

Part 3: Selection and Award Criteria

3.1 Compliant Tenders

3.1 Only those Tenderers who have:

- (a) submitted compliant Tenders pursuant to paragraph 2.2 above; and
- (b) declared by way of e-ESPD that no Exclusion Ground applies to them or that, where any such Exclusion Ground applies, and where the Tenderer is not precluded from doing so under Article 57(6) (final paragraph) of the Directive, it can provide evidence to the effect that measures taken by the Tenderer are sufficient to demonstrate its reliability despite the existence of any relevant Exclusion Ground; and
- (c) Declared by way of e-ESPD that they satisfy the Selection Criteria for this Competition as set out in part 3.2 below;

will be evaluated in accordance with the Award Criteria at paragraph 3.3 below.

Please note that ComReg reserves the right to exclude from evaluation a Tenderer to whom a discretionary Exclusion Ground applies.

Tenderers should note that, where a Tenderer is relying on the capacity of other entities (Consortium Member or Subcontractor) for the purposes of fulfilling any of the Selection Criteria in paragraph 3.2 below, it must:

- (a) complete and submit a separate e-ESPD in respect of each such Consortium Member and/or Subcontractor; and
- (b) when requested by ComReg, submit proof, to the satisfaction of ComReg, that each such Consortium member and Subcontractor will place the necessary resources at the disposal of the Tenderer.

Where a Tenderer intends to subcontract any share of any Services Contract to a Subcontractor, but is not relying on the capacity of such Subcontractor for the purposes of fulfilling any of the Selection Criteria in paragraph 3.2 below, it must submit a separate e-ESPD in respect of such Subcontractor completing those sections of the e-

ESPD which are specified in section D of the e-ESPD for this Competition.

ComReg may decide to examine Tenders before verifying the absence of Exclusion Grounds and the fulfilment of the Selection Criteria.

However, notwithstanding anything to the contrary in this paragraph 3.1, ComReg reserves the right to ask Tenderers at any moment during the Competition to submit any or all of the following for the purposes of verification of the status of the Tenderer (including any Consortium Member or Subcontractor):

- (a) a Declaration in the form attached at Appendix 5;
- (b) in the case of the Tenderer and any Consortium Member or Subcontractor on whose capacity the Tenderer relies, all or any of the supporting documents specified at paragraph 3.2 below.

If a Tenderer does not, upon request by ComReg, provide evidence which is considered by ComReg as sufficient to demonstrate (i) the fulfilment by itself or any Consortium Member or Subcontractor on whose capacity the Tenderer relies of the Selection Criteria (or any one of them) in accordance with this RFT it shall be excluded from further participation in this Competition.

3.2 Selection Criteria

- 3.2 Tenderers will either pass OR fail each of the Selection Criteria in this paragraph 3.2. In the event of one or more of the Selection Criteria achieving a fail, the Tenderer will be excluded from participating in this Competition.

Tenderers must provide details which prove that they satisfy the (i) Financial and Economic standing requirements and (ii) the Professional and Technical Ability set out below in respect of each Lot they wish to apply for.

3.2.A Economic and Financial Standing – PASS/FAIL

(2) Where a Tenderer is unable, for a valid reason, to provide the specified documentation, the Tenderer must inform ComReg of the reason why the documentation cannot be supplied and, if ComReg considers the reason given to be valid, provide such other suitable alternative documentation to prove, to the satisfaction of the Contracting Authority, their economic and financial capacity.

3.2.B **Technical and Professional Ability – PASS/FAIL**

Tenderers must provide, for each reference project:

- Detail of the services provided and how they are similar in nature, size and complexity to the Services required under the Lot concerned;

- the dates on which, or the periods over which, the services were performed
- the persons to whom the services were delivered (please provide main contact name and contact details);
- the persons who provided the services concerned; and

- confirmation that the client was satisfied with the services delivered or, if applicable, details of any areas where the client was not satisfied with the services delivered.

Award Criteria

- 3.3.1 The Services Contract will be awarded on the basis of the most economically advantageous tender(s) as identified in accordance with the Award Criteria set out below.

Tenderers must submit a Tender that separately addresses each of the Award Criteria below. Tenderers will be assessed on the basis of the information contained in response to each of the Award Criteria in their Tender. Tenderers must note that hyperlinks are not permitted and information contained in the link will not be evaluated. Tenderers must not make any assumptions in their Tender, or qualify their Tender in any way, other than in accordance with this RFT. If any specified minimum score for

an Award Criterion or sub-criterion is not achieved, the Tenderer will be eliminated from the Competition.

	Award Criteria	Maximum score available	Minimum score required
A	Quality of Approach and Service Methodology	20	14
B	Quality of Contract Management Methodology	25	17.5
C	Quality, Quantity and Balance of proposed Designated Team	25	17.5
D	Cost (see Appendix 2 Pricing Schedule)	30	n/a
	Total	100	n/a

Award Criterion A:

Quality of Approach and Service Methodology

Award Criterion B:

Quality, Quantity and Balance of proposed Designated Team

Award Criterion C:

Satisfactory experience/proven track record in market surveillance, and in developing and executing training programmes and providing expert subject matter advice.

Award Criterion D: COST

Please complete the Pricing Schedule attached at Appendix 2.

The evaluation of Award Criterion Cost will be undertaken in accordance with the following price evaluation methodology:

The Tender with the lowest “Total Evaluation Price” will be awarded 100% of the marks available under Award Criterion Cost

The scores of other Tenders for Award Criterion Cost will be calculated in accordance with the following formula:

Cost score

$$= \left[\left(\frac{\text{Maximum marks available for cost X Lowest Total Evaluation Price}}{\text{Total Evaluation Price of Tender being evaluated}} \right) \right]$$

The “Total Evaluation Price” is the sum of the Tenderer’s maximum unconditional fixed cost (excluding VAT) for the delivery of the Services and must be inclusive of all expenses.

The specific daily rates for each Key Personnel and number of days should be set out in Pricing Schedule attached at Appendix 2, showing how the overall total is calculated.

The following scoring methodology will be used to determine the score for each of the Award Criteria A, B, C and D:

96% to 100% of Available Marks	Excellent response with very few or no weaknesses, that meets requirements, and provides comprehensive, detailed and convincing assurance that the Tenderer will deliver to an excellent standard.
80% to below 96% of Available Marks	A very good response that demonstrates real understanding of the requirements and assurance that the Tenderer will deliver to a good or high standard.

70% to below 80% of Available Marks	An acceptable response which demonstrates minimum understanding of requirements and gives reasonable assurance of delivery to an adequate standard but does not provide/ demonstrate sufficiently convincing assurance to award a higher mark.
21% to below 70% of available marks	A response where reservations exist. Response lacks full credibility / convincing detail, and there is a risk that the response (based on criteria) will not be successful. This may be because, for example, insufficient detail is provided/ not sufficiently demonstrated.
1% to 20% available marks	A response where serious reservations exist. This may be because, for example, insufficient detail is provided/ not sufficiently demonstrated, and/or the response has fundamental flaws, or is seriously inadequate or seriously lacks credibility with a high risk of non-delivery.
0% of Available Marks	Response completely fails to address the criteria under consideration.

If, following completion of the evaluation process in accordance with the above, there is a tie between two or more tenders, the following will be adopted to break the tie:

- (i) The Tenderer who was awarded the highest overall mark for the Award Criteria A-D of its Tender will be deemed to have submitted the most economically advantageous tender;
- (ii) In circumstances where the tie-break approach in (i) does not identify the most economically advantageous tender, the Tenderer who was awarded the highest overall mark for Criterion C: Satisfactory experience/proven track record in market surveillance, and in developing and executing training programmes and providing expert subject matter advice, will be deemed to have submitted the most economically advantageous tender.
- (iii) In circumstances where the tie-break approach in (ii) does not identify the most economically advantageous tender, the Tenderer who was awarded the highest overall mark for Criterion D: Cost will be deemed to have submitted the most economically advantageous tender.

3.3.2 Subject to parts 2.1 (Important Notices) and 3.5 (Standstill Period) of this RFT, award of the Services Contract (as determined by paragraph 3.3.1) will be conditional upon:

- (a) the Tenderer submitting the following evidence in respect of the Tenderer (including any Subcontractors, as applicable in accordance with paragraph 3.1 above) to the extent not already provided, within seven (7) days of request by ComReg:
 - (i) evidence to the effect that measures taken by the entity concerned are sufficient to demonstrate its reliability despite the existence of a relevant ground for exclusion; and
 - (ii) all or any of the supporting documents specified at paragraph 3.2; and
- (b) the evidence specified at 3.3.2(a) above demonstrating that each entity concerned meets the Selection Criteria and that no Exclusion Grounds apply.

3.4 Presentation of Proposals

Tenderers may be required to make a presentation of the proposal contained in their Tender. ComReg will not be responsible for the cost of such presentations (in accordance with paragraph 2.8). Performance at presentations will NOT be evaluated.

3.5 Standstill Period

- 3.5.1 In circumstances where Directive 89/665/EEC as amended by Directive 2007/66/EC (the “Remedies Directive”) applies, no contract can or will be executed or take effect until at least fourteen (14) calendar days after the day on which the Tenderers have been sent a notice informing them of the result of this Competition (the “Standstill Period”) if such notice is sent by electronic means. All Tenderers will be notified of the decision of ComReg and of the expiry date of the Standstill Period.
- 3.5.2 Tenderers should note that ComReg may, when notifying Tenderers of the results of this Competition, include the scores obtained by the Tenderer concerned and the scores obtained by the preferred bidder in respect of each award criterion assessed by ComReg.

3.6 Return of Signed Contracts

- 3.6.1 The successful Tenderer(s) must sign and return the Services Contract electronically to ComReg no later than fourteen (14) calendar days from the date of expiry of the Standstill Period unless notified otherwise in writing by ComReg. A signed Services Contract is not binding on ComReg until ComReg has signed the Services Contract in accordance with paragraph 2.1.2 above.
- 3.6.2 Where the signed Services Contract has not been received by ComReg within the period as specified at clause 3.6.1, then ComReg may proceed to award the Services Contract to the next highest-ranked Tenderer in accordance with paragraph 3.6.1 above.

Appendix 1: Requirements and specifications

Tenderers must address each of the issues and requirements in this part of the RFT and submit a detailed description in each case which demonstrates how these issues and requirements will be dealt with/met and their approach to the proposed delivery of the Services. A mere affirmative statement by the Tenderer that it can/will do so or a reiteration of the tender requirements is NOT sufficient in this regard.

As the designated Market Surveillance Authority (“MSA”) for the Radio Equipment Regulations, S.I. 14 of 2026² (“RE Regulations”) and the Electromagnetic Compatibility Regulations, S.I. 69 of 2017³ (“EMC Regulations”) in Ireland. ComReg has also been designated as a “relevant market surveillance authority” under the European Union (General Product Safety) Regulations 2024 (the “GPS Regulations”), insofar as Regulation (EU) 2023/988 applies to “relevant products” (i.e. in ComReg’s case – EMC and RED products). ComReg is required to undertake market surveillance of radio equipment and equipment liable to generate or be susceptible to electromagnetic disturbance. This is to ensure that non-compliant equipment is identified, tested, detained, and either removed from sale or not placed on the market.

Market surveillance of radio equipment and equipment liable to generate electromagnetic disturbance is a requirement of the EU Single Market to ensure that equipment that is placed on the market is compliant with the applicable regulations. This is an essential component for the smooth functioning of the EU Single Market as it helps to protect End-Users from unsafe equipment and general non-compliance, and businesses from unfair competition by those who do not comply.

ComReg is tasked with the responsibility to, amongst other things:

- Develop and drive a comprehensive risk-based plan for safety and market surveillance of radio equipment, consistent with relevant legislation;
- Monitor and control the entry of relevant products into the State through engagement with Customs authorities and relevant Economic Operators;
- Carry out, or commission the carrying out of, evaluations of equipment and risk assessments;
- Develop and maintain relationships with relevant stakeholders such as the Competition and Consumer Protection Commission (“CCPC”), other relevant authorities in Ireland and other Member States, including Revenue Customs (hereafter referred to as “Customs”) authorities, Economic Operators, and industry; and

² [S.I. No. 14/2026 - European Union \(Radio Equipment\) Regulations 2026.](#)

³ [S.I. No. 69/2017 - European Communities \(Electromagnetic Compatibility\) Regulations 2017.](#)

- Appropriately engage with the relevant Economic Operator(s) to bring about timely and effective compliance, such as requiring corrective action, withdrawals of equipment from the market, recalls of equipment, etc.

Product Safety also carries with it a notable health and safety dimension, and this must be addressed with appropriate care and attention, taking into account the broad scope of the remit, and the challenges in preventing non-compliant equipment entering the European market.

Given the distinct nature of the role, ComReg's Product Safety Unit (PSU) require specific and tailored training and support in the area of Market Surveillance to ensure that staff have the appropriate skills and competence to fulfil ComReg's MSA responsibilities.

The PSU wish to engage industry experts to provide specialist training and support to ComReg's PSU team and legal advisors. Legal advisors may attend all of the training sessions.

It is expected that the market surveillance expert will:

- Provide training to the PSU team so they develop the required knowledge and skills to assess the relevant products, the associated documentation and test results, and to make a determination in respect of compliance with the relevant legislation and to follow up as appropriate; and
- Through expert advice and support, assist PSU with identifying best practices and enable staff to leverage their existing skills to meet the demands of their roles.

ComReg expects that the training will be carried out on a phased basis, both in-person and online, and modularised to ensure that what is covered in training fully aligns with PSU's SOPs and Risk Assessment Framework, as well as the PSU work plan. The Services will be provided until June 2030.

It is envisaged that the training will cover the legislative aspects of the PSU function and the fundamentals of market surveillance and associated case management. Further, the PSU requires the flexibility of ad-hoc consulting to be available as new challenges present.

The ideal Service provider will have extensive experience in market surveillance, as well as experience in the development and execution of training sessions and experience of consultancy. Content must be specific to PSU and its stakeholders and customised in a way that best suits the following day-to-day workstreams of the PSU:

- Proactive and reactive market surveillance;
- Desktop market surveillance;
- Customs market surveillance;
- Market surveillance risk management;
- Market surveillance data collection; and

- Market surveillance risk assessment.

The Service Provider must have a clear, proven track record of a successful and established career in the field of market surveillance and be up to date with all modifications and developments in the relevant market surveillance legislation and guidance documents.
