

SECTION G

SCHEDULE OF RATES

SCHEDULE OF ALTERNATIVE EQUIPMENT

The Contractor shall list below details of alternative manufacturers of equipment specified which may be considered should his tender be accepted. The alternative manufacturer's equipment should be equal in both specification and performance as the equipment specified.

The Contractor shall include in the Summary of Tender his price for the supply and installation of the specified manufacturer's equipment. He may identify on this form the potential savings which may be achieved should the Engineer accept his proposed alternatives.
