Note #1: All fields in the TRD should be completed in full. In the event that the information requested on the value of contracts or identity of clients is considered confidential, tenderers must ensure that they provide sufficient information to allow the Contracting Authority to judge the similarity of these contracts to the services required.

Note #2: In completing the table for each reference project, Tenderers must provide sufficient information to allow the Contracting Authority to evaluate whether all of the requirements at above have been met and whether the services have been successfully delivered.

The Contracting Authority has the right to contact the referees to verify the information being provided, without further reference to the Tenderer. It is the responsibility of Tenderers to satisfy themselves that the nominated contact person is in a position to provide a reference if contacted by the Contracting Authority. Tenderers should note that the Contracting Authority may at its discretion contact all referees or referees for the successful Tenderers only. Tenderers must note that this is a pass/fail criterion and the Contracting Authority may deem a tender inadmissible based on the feedback received from the referees indicated in the submission, where applicable.

NOTE 1: Tenderers should ensure in their tender submission that they provide detailed information in respect of all aspects of the contract award criteria as stated above. This will enable the awarding authority to assess fully the extent of their offers.

5.1 Methodology for Calculating the Cost Score

The following formula will be applied to the cost score:

The lowest cost tender that also meets all the minimum requirements of the qualitative award criteria will receive the maximum score achievable under this criterion. The scores of the other valid tenders will be calculated using the following formula:

Lowest Cost from a Bona Fide Tender	A
Maximum Points available for Cost	B
Cost for the tender being evaluated	C
Formula employed	$\frac{A \times B}{C}$

5.2 Methodology for Calculating Scoring of Qualitative Criteria

Scoring Band	Description
1 (90% - 100%)	An excellent response that fully meets requirements and provides comprehensive, detailed and convincing assurance that the Tenderer will deliver on the Contracting Authority's requirements to an excellent standard.

2 (80% - 89%)	A very good response demonstrating very good understanding offering assurance that the Tenderer will deliver on the Contracting Authority's requirements to a very good standard.
3 (60% - 79%)	A good response that demonstrates real understanding of the requirements and assurance that the Tenderer will deliver on the Contracting Authority's requirements to a good standard.
4 (40% - 59%)	A satisfactory response which demonstrates a reasonable understanding of the requirements and gives reasonable assurance of delivery of the Contracting Authority's requirements to an adequate standard but does not provide sufficiently convincing assurance to award a higher mark.
5 (20% - 39%)	A poor response where some capabilities to meet the requirements are detailed however reservations exist. Lacks full credibility and/or convincing detail, and there is a significant risk that the delivery of the Contracting Authority's requirements will not be successful.
6 (1% – 19%)	A very poor response where limited information was provided and serious reservations exist. This may be because, for example, insufficient detail is provided, and/or the response has fundamental flaws, is seriously inadequate or seriously lacks credibility with a high risk of non-delivery of the Contracting Authority's requirements.
7 (0%)	No response or response completely fails to address the criterion under consideration.
Marks in the score ranges outlined above can be awarded where responses so merit additional marks.	

5.3 Post Tender Clarification

At the discretion of the Contracting Authority, tenderers may be invited, in writing, to clarify certain aspects of their tender, particularly where information or documentation to be submitted appears to be incomplete or erroneous. However, all such requests will be made in full compliance with the principles of equal treatment and transparency and avoid any distortion of competition.

5.4 Verification

Award of contract/membership of the framework may be subject to attendance at a verification meeting. It would be essential that the key personnel assigned to this framework should be

available and present at this meeting. If required, tenderers will be notified of the date, time, agenda and format for such meetings as soon as possible.

A visit to the Tenderer's premises may be required to clarify any questions or queries regarding the tender offer.

5.5 Clarification of Abnormally Low Tenders

If the Contracting Authority considers the tender submission to be commercially unsustainable or otherwise problematic considering the tendered price or any other financial matter (including proposed indicative hours), the tenderer shall be invited to provide clarification to the Contracting Authority in respect of all elements of the tender submission that the Contracting Authority deems relevant. Any failure to satisfactorily comply with such a request, or to satisfactorily address the Contracting Authority's concerns, may, at the discretion of the Contracting Authority, result in the elimination of the tender in question on the basis of it being considered abnormally low.

5.6 Right to Confirm Suitability

Tenderers should note that the Contracting Authority reserves the right to confirm that the financial and technical capacity of the tenderer is valid and unchanged prior to the establishment of the framework and the award of any contract.

If you do not receive a message similar to above and a confirmation email, you have not submitted your response.

Please note that the screen may say **OFFLINE**, this is a technical feature of etenders and does not mean you cannot submit. Also please note you may see the percentage field also saying 100% before you submit, this still requires you to go through the submit button.

Please upload your response as a **ZIP FILE** to protect the integrity of the file names.

It is the responsibility of the Tenderer to ensure that their tender is complete and is uploaded in accordance with the instructions provided on eTenders prior to the deadline as per the front page.

6.3 Queries

The closing date for submitting queries	as specified on the title page
---	--------------------------------

All queries regarding this tender should be through the messaging facility on www.etenders.gov.ie, including any omissions which would prevent tenderers from submitting a comprehensive tender. Please submit queries as soon as possible and before the query closing date. The Contracting Authority is not obliged to respond to questions received after this date.

In circulating responses, queries will be edited to avoid disclosing the identity of the querist and will be circulated to all parties who have expressed an interest in the procurement on the eTenders website.

6.4 Extension of Tender Period

The Contracting Authority reserves the right, at its sole discretion, to extend the closing date for receipt of tenders by giving notice in writing (by post or electronic means) to all parties who have expressed an interest in the notice via eTenders no later than six days before the original closing date.

6.5 Tender Validity Period

To allow sufficient time for Tender assessment a Tender Validity period of 12 months is required, this period commencing on the closing date by which the Tenders are to be returned.

6.6 Discrepancies between Documents

A pdf version of the Request for Tender has been made available on eTenders. This document will be considered as the primary source document in this procurement process, word versions of documents where they are provided are being made available to assist

tenderers in responding to the tender competition. Where there is a discrepancy between a pdf version and a word version, the pdf version will take precedence. Tenderers are requested to notify the Contracting Authority immediately of any anomaly. Where applicable the Contracting Authority will issue amended versions.

6.7 Formatting of Tenders / Amending Tender Documents

Tenderers must ensure they use the Tender Response Document (TRD) when preparing their submission.

Tenderers are prohibited from amending any text or content of forms or declarations or templates provided as part of this tender competition in their tender responses. Where amendments have been identified, the Contracting Authority may at its discretion eliminate the tenderer from further consideration. Likewise, failure to use the template documentation provided particularly in relation to costing / pricing may result in tenders being eliminated.

6.8 Collusive Tendering

If any Tendering Party is found to have, at any time, offered to give or to have agreed to offer or give to any person, any bribe, gift, gratuity, commission or consideration of any kind as an inducement or reward for taking or forbearing to take any action in relation to the obtaining of its Tenders, or for showing or forbearing to show any favour or disfavour to any person in relation to its Tenders, the bid submitted by such Tendering Party shall be automatically disqualified and the circumstances surrounding such action shall be referred to the appropriate authority.

6.9 Confidentiality

After the official opening of Tenders, information relating to the examination, clarification, evaluation and comparison of Tenders and recommendations will not be disclosed to tenderers or other persons not officially concerned with such process until the award decision with the successful Tenderer has been announced and in conformity with national laws.

Tenderers shall treat the details of all documents supplied to them in connection with this contract as private and confidential and shall not disclose the contents to a third party without the permission of the Contracting Authority.

Any effort by the Tenderer to influence the Contracting Authority or their staff in the process of examination, clarification, evaluation and comparison of Tenders and in decisions concerning the award of the contract may result in the rejection of that Tender.

6.10 Clarification of Tenders

The Contracting Authority is entitled, but not obliged, to seek clarification of tenders, including pricing breakdowns in the course of the evaluation process. No change in the price or substance of the Tender shall be sought, offered or permitted. To assist in finalising the tender evaluation, selected tenderers may be invited to attend clarification meetings with the Contracting Authority.

Tenderers will be responsible for any costs incurred by them in the event that they are required to attend clarification or other meetings or make a presentation of their proposals.

6.11 Correction of errors

Detailed pricing of all tenders will be examined for errors that might alter the tender pricing as determined from the figures on the Form of Tender and electronic versions of the tender (if applicable). In general, the following approach will be applied to manifest errors - where there is a discrepancy between the unit price and the total amount derived from the multiplication of the unit price and the quantity, the unit price as quoted will normally govern.

The amount stated in the tender form will be adjusted by the Contracting Authority in accordance with the above procedure and, with the agreement of the tenderer, shall be considered as binding upon the tenderer. Without prejudice to the above, a tenderer not accepting the correction of their tender as outlined may have their tender rejected.

Where the Total Quote function has been activated on eTenders and a discrepancy arises between the amount in the Total Quote box and the tender submission, the amount in the tender submission shall take precedence.

Once the tender submission deadline has expired, no new information can be introduced. This includes cost elements.

6.12 Change in the composition of a Tenderer

Where a change in composition of a tenderer arises, this must be notified in writing to the Contracting Authority and formally approved by them. Where the original party to the tender was critical to the tenderer meeting some or all selection criteria, any replacement party must meet or exceed the same selection criteria standard.

The Contracting Authority reserves the right, but is not obliged, to disqualify any Tenderer that makes any change to its composition after submission of a Tender.

6.13 Interference and Inducement to Purchase

Any effort by the tenderer to unduly influence the Contracting Authority, relevant agency personnel or any other relevant persons or bodies in the process of examination, clarification, evaluation and comparison of tenders and in decisions concerning the Award of Contract shall have their tender rejected. The presumptions (including as to any gift, consideration or advantage) and other provisions under the Criminal Justice Act 2018, and all other measures for the time being governing the subject-matter in any applicable jurisdiction, shall be applicable.

6.14 Conflict of Interest

Any conflict of interest involving a tenderer (or tenderers in the event of a consortium bid) must be fully disclosed to the Contracting Authority. Any registrable interest involving the tenderer and the Contracting Authority or employees of the Contracting Authority or their relatives must be fully disclosed in the tender submission or should be communicated to the Contracting Authority immediately upon such information becoming known to the tenderer, in the event of this information only coming to their notice after the submission of a bid and prior to the award of the contract. Failure to disclose a conflict of interest may disqualify a tenderer or invalidate an award of contract, depending on when the conflict of interest comes to light.

6.15 Publicity

Tenderers shall not undertake (or permit to be undertaken) at any time, whether at this stage or after the award of the contract, any publicity activity with any section of the media in relation to this tender/agreement other than with the prior written consent of the Contracting Authority.
