the national treatment purchase fund

Tender Competition Rules

The NTPF may supplement these Tender Competition Rules with additional comments relevant to specific tenders or develop specific rules relevant to a specific contract.

Introduction

This document sets out the general rules governing tender competitions run by the National Treatment Purchase Fund (“**NTPF**”) (pre-qualification, tender and preferred tenderer stages, as applicable). References to “**Tender**” and “**Tenderer**” shall be deemed to refer to the submission and applicant (respectively) at the relevant stage of the competition.

Tenderers are advised to follow the instructions outlined in the relevant tender documents prior to submitting their Tender. These may comprise the Tender Competition Rules, an Invitation to Provide Expression of Interest, an Expression of Interest Response Document, an Invitation to Tender and/or a Tender Response Document, as applicable (these documents are collectively referred to here as the “**Tender Documents**” and the response documents are collectively referred to here as the “**Response Documents**”). Failure to comply with the requirements of the Tender Documents may, at the discretion of the NTPF, disqualify the Tenderer.

While every effort has been made to provide comprehensive and accurate background information and requirements and specifications, Tenderers must form their own conclusions about the solution needed to meet the requirements set out in the Tender Documents. No reliance will be placed on any information or statements contained in the Tender Documents, and no representation or warranty, expressed or implied, is or will be made in relation to such information. The information does not purport to be comprehensive or to have been independently verified. Nothing in the Tender Documents will be construed as legal, financial, technical or tax advice. Without prejudice to the foregoing, neither the NTPF nor its professional advisors will have any liability or responsibility in relation to the accuracy, adequacy or completeness of any information or statements made in the Tender Documents or for the reasonableness of any assumption made therein. The NTPF and its professional advisors will not incur any liability or responsibility arising out of, or in respect of, the issue of the Tender Documents or any tender process (referred to here as the “**Tender Process**”).

Tenderers will inform themselves of and will observe any applicable legal requirements.

Nothing contained in the Tender Documents is, or will be relied upon as, a representation of fact or promise regarding the future, nor as constituting the basis of a contract that may be concluded in relation to the goods or services nor be used in construing any such contract. No legal relationship or other obligation will arise between a Tenderer and the NTPF unless and until a contract has been formally executed in writing by the NTPF and the successful Tenderer(s) and any conditions precedent have been fulfilled. The NTPF, its professional advisors, and other consultants, contractors, servants and/or agents do not accept any responsibility for the legality, validity, enforceability or effectiveness of any document.

The NTPF shall be entitled to retain a copy of all Tenders received and shall otherwise be entitled to dispose of any remaining copies of Tenders in accordance with law.

1 Information on Tenders

Generally, all information relating to Tenders, including the Tender Documents, clarifications and changes, will be published on the etenders website (www.etenders.gov.ie). Registration is free of charge and there is no charge for downloading documents. The NTPF will not accept responsibility for information relayed (or not relayed) via third parties. If Tender Documents are in any way altered or edited, the subsequent Tender may be deemed inadmissible.

2 Conditions of Contract

Tenderers must be tax compliant and comply with all revenue legislation including but not confined to tax clearance, VAT and PAYE employer issues, available to download on the Revenue website: www.revenue.ie.

3 Communication Protocol

The sole point of contact in the NTPF for the Tender Process is outlined in the Tender Documents (the “**NTPF Contact**”). Tenderers must not contact any NTPF personnel about a Tender between the issuance of the Tender Documents and the date of award of the Contract unless previously authorised to do so by the NTPF Contact. All communication between Tenderers and the NTPF relating to this Tender Process must be in writing via the eTenders messaging facility. Tenderers may submit queries in relation to the Tender Process to the NTPF Contact up to the queries deadline set out in the Tender Documents. Queries received after the queries deadline will only be reviewed at the NTPF’s discretion. The NTPF will endeavour to respond to all reasonable queries received before the queries deadline but does not undertake to respond to all queries received. All Tenderers will be advised of any significant issues raised by any Tenderer. Any necessary meetings or discussions will be arranged and/or facilitated by the NTPF Contact.

The NTPF reserves the right to exclude from the Tender Process any Tenderer who fails to comply with the requirements of this Section 3 (Communication Protocol).

4 Tender Response Documents

Tenderers are required to respond in the format and manner specified by the NTPF using the Response Documents provided. Documents in other formats may not be read and are liable to result in a Tender being rejected. In completing the Response Documents, it is the responsibility of the Tenderer to present clear and accurate responses rather than on the NTPF staff to decipher or correct mistakes. Without prejudice to Section 16 (Correction of Errors) and Section 17 (Clarification of Tenders), the NTPF cannot be responsible for and may not consider a Tender which is badly drafted or contains ambiguities, errors or omissions.

5 Submission of Tenders

It is the NTPF policy not to accept late tenders. Late Tenders are liable to be rejected.

The Tenderer is fully responsible for the safe and timely delivery of the Tender to the specified address. In this regard the attention of Tenderers is specifically drawn to the address for delivery and delivery requirements stated in the Tender Documents.

Tenders must be in English except where the law specifies other languages.

Unless otherwise stated or agreed, Tenders shall remain valid for a period of 12 months from the closing date specified in the Invitation to Tender.

The NTPF is not responsible for any expenses or losses incurred by Tenderers in the preparation of Tenders or participation in the Tender Process.

Tenders may be submitted anytime in advance of the closing date specified in the Tender Documents. Such Tenders will remain unopened until after the designated delivery time on the closing date.

The information supplied in Tenders may be regarded as forming part of the Contract, at the discretion of the NTPF.

6 Specification of Requirement

Tenderers should advise the NTPF of any perceived gaps in the specification of requirements, including possible innovations overlooked, before the closing date for receipt of queries stated in the Tender Documents.

Where the NTPF has quoted brand names as product/service descriptions, these are used only for descriptive purposes and are not a statement of preference or a specific requirement. These establish the minimum specifications and requirements of the NTPF, for the product/service being purchased. Tenderers are invited to submit equivalent/alternative products/services. Tenderers are requested to state exact details of equivalent or alternative products/services and give the brand name and catalogue number for all items offered.

7 Scope of Supply

Term: The term of the Contract will be specified in the Tender Documents. Please note that the NTPF may decide to extend the term of the Contract and further details in this regard will be set out in the Tender Documents. The NTPF reserves the right to extend the Contract to include similar goods and services.

Quantity: Unless otherwise stated in the Tender Documents any quantities shown are only estimates of total requirements during the term of the Contract and orders will be issued to meet actual requirements during the term of the Contract.

8 Lots

The Contract may be divided into lots. The NTPF reserves the right to award contracts for a given lot to two or more Tenderers, should circumstances require.

Where appropriate, the NTPF reserves the right to divide the Contract between successful Tenderers and to award all or part of the Contract and to award some, none or all of the lots.

9 Price Basis

Where applicable, details of any price review mechanisms will be included in the Contract. Notwithstanding the terms of the Contract, the NTPF reserves the right to initiate a price review at any time during the term of the Contract and to benchmark prices against other suppliers or service providers in the market. Tenderers should note that price reviews are not intended to occur more than once in any one year of the Contract, subject to the discretion of the NTPF.

10 Submissions by Groups

Groups of economic operators may put themselves forward as a Tenderer. Please refer to **Section 3: Specification of Requirement** of the Invitation to Tender document for detailed information on consortium or group bids.

Tenders should clearly state which entities are proposed to be members of the consortium, which are to be sub-contractors and how each firm would be jointly and severally liable to the NTPF for the fulfilment of the terms of the Contract. Subsequent changes to the members of the consortium may result in disqualification of that group from the Tender Process.

A Tenderer may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal standing it has with them. In such cases the Tenderer must prove to the NTPF that it will have the necessary resources at its disposal, for example, producing an undertaking by those entities to that effect.

11 Transfer of Undertakings - Acquired Rights

The successful Tenderer will be required at the time of contract award to indemnify the NTPF fully in respect of any losses, damages, costs or expenses of any kind incurred by the NTPF arising from the application of SI 131 of 2003 entitled European Communities (Protection of Employees on Transfer of Undertakings) Regulations commonly referred to as TUPE (and any subsequent amendments).

The successful Tenderer will be fully responsible for complying with all employment obligations, contractual, statutory or otherwise and in particular will fully comply with its obligations under TUPE (and any subsequent amendments).

12 Declaration of Interest

Tenderers must declare in their Tenders any conflict of interest associated with any current or previous work undertaken, or any relationship that may reasonably be perceived to potentially conflict or impact on their ability to participate in the Tender Process or fulfil the requirements of the Contract. In the event that the NTPF considers that a conflict of interest or potential conflict of interest exists, the NTPF will in its absolute discretion, decide on the appropriate course of action. Failure to disclose a material conflict of interest may disqualify a Tenderer or cause the termination of any subsequent contract and entitle the NTPF to seek remedies, such as cost or compensation for loss.

13 Social Obligations/Green Tenders

Tenderers are required, in preparing their Tenders, to take account of their obligations relating to employment protection and working conditions that are in force in the place where the works are to be carried out or the service is to be supplied. Failure to comply with this requirement may result in their disqualification from the Tender Process.

Tenderers are referred to Annex A for Information Sources Regarding Taxation, Environmental Protection, Employment Protection and Working Conditions.

The NTPF is committed to promoting sustainability, energy efficiency and other factors relevant to “green” procurement. Where relevant to the particular Tender Process details of the NTPF requirements for green procurement will be set out in the Tender Documents.

14 Innovation

The NTPF recognises the role of innovation and innovative purchasing in promoting sustainable growth and improving efficiency and quality in the delivery of healthcare services. Where relevant to the particular Tender Process details of the NTPF requirements for innovation will be set out in the Tender Documents.

15 Determination of Responsiveness

After the official opening of Tenders, the NTPF will determine whether each Tender is substantially responsive to the requirements of the Tender Documents. A substantially responsive Tender is one which conforms to the terms, conditions and requirements of the Tender Documents, including, but not limited to, the completion and return of the Response Documents, without material deviation.

A material deviation is one which, without limitation, affects in any substantial way the price, scope, quality, completion or timing of the NTPF’s requirements under the Tender Documents or the Contract, which limits in any substantial way the NTPF’s rights or the Tenderer’s obligations under the Contract, or which is incapable of evaluation by the NTPF because of ambiguities, errors or omissions or otherwise. Subject to Section 16 (Correction of Errors) and Section 17 (Clarification of Tenders), a Tender determined to be non-responsive shall be rejected by the NTPF and cannot be resubmitted. Where the Contract is divided into lots, the Tender will be considered only on the basis of the lots that are responsive to the requirements of the Tender Documents.

If a Tender fails to comply in any respect with the requirements (or the intent of such requirements) of the Tender Documents or is ambiguous or incomplete, the NTPF shall be entitled at its discretion to take such action as it considers appropriate, including:

- To reject the relevant Tender as non-compliant.
- Without prejudice to the NTPF’s right to reject the relevant Tender, the NTPF may:
 - meet with, raise issues with and/or seek clarification from a Tenderer in respect of the relevant Tender.
 - request a Tenderer to provide the NTPF with information or items which have not been provided or have been provided in an incorrect, unclear or ambiguous form.
 - negotiate an amendment and/or change to the relevant Tender with a Tenderer.
 - waive a requirement, which, in the opinion of the NTPF, is minor or procedural; and/or

- amend the relevant requirement of the Tender Documents and invite Tenderers to adjust their Tenders on the basis of such revised requirement.

Provided however no amendment and/or change to the NTPF's requirements shall be permitted if, in the opinion of the NTPF, the amendment and/or change, if accepted, would constitute a material amendment and/or change to the NTPF's requirements.

The NTPF reserves the right to seek additional information and/or to interview a Tenderer in connection with its assessment of its Tender but will not be held liable for any costs incurred in this regard by Tenderers.

16 Correction of Errors

Tenderers determined to be substantially responsive to the Tender Documents will be checked for any material errors in computation as follows:

- Where there is a discrepancy between amounts in figures and words the amount in words will govern.
- Where there is a discrepancy between the unit price and the total amount derived from the multiplication of the unit price and the quantity, the unit price as quoted will normally govern, unless, in the opinion of the NTPF there is a gross arithmetical error in the unit price, in which event, the extended amount as quoted will govern.
- The amount stated in the Response Document will be adjusted by the NTPF in accordance with the above procedure for the correction of errors and, with the agreement of the Tenderer, shall be considered as binding upon the Tenderer.

A Tenderer not accepting the correction of errors as outlined above will have its Tender rejected.

In the event of inconsistency between a Tender submitted in electronic copy and the Tender submitted in hard copy, the hard copy shall prevail.

17 Clarification of Tenders

To assist in the assessment of Tenders, the NTPF may request a Tenderer to clarify its Tender including, without limitation, providing a breakdown of prices or correcting an ambiguity or obvious error which is likely to have a simple explanation and can be easily resolved. Tenderers should note that The NTPF is not obliged to request a Tenderer to clarify any aspect of its Tender however the NTPF may do so at its discretion where the NTPF considers that clarification is recommended and/or permitted in accordance with relevant guidance and applicable procurement law. Responses to requests for clarification must not materially change any of the elements of the Tender submitted.

A Tenderer should be available if required to make a presentation of its Tender to the NTPF at short notice, following the closing date for receipt of Tenders. All costs and expenses associated with such presentations shall be borne by the Tenderer.

18 Confidentiality and Publicity

The NTPF undertakes to hold any information provided by Tenderers on a confidential basis, subject to the NTPF's obligations under law, including the Freedom of Information Acts 1997 - 2003. If for any reason, Tenderers require information provided to the NTPF not to be disclosed because of its sensitive nature, then it is incumbent upon the person or body when supplying the information to make clear this request, and to specify the reason for the information's sensitivity. The NTPF will endeavour to consult with any Tenderer supplying sensitive information before making a decision on any Freedom of Information request received.

The Tender Documents remain the property of the NTPF and are issued only in connection with the Tender Process. The Tender Documents may not be copied, or their contents may not be divulged to any third party without the prior written consent of the NTPF. All information contained in the Tender

Documents must be treated in the strictest confidence by the Tenderer and by its staff. Any third party involved in completing the Tender must also comply with these confidentiality requirements.

Without prejudice to the confidentiality and Freedom of Information Act requirements referred to above, The NTPF reserves the right, at its discretion, to publicise, or otherwise disclose, to any third party, information regarding a tender process, the nomination of Tenderers (including, without limitation, details of their respective representatives, advisors, consultants, contractors, servants and/or agents), the successful Tenderer or the award of the Contract.

A Tenderer will not, by itself, its servants, agents or sub-contractors, communicate with the press, television, radio or other media on, or otherwise use information on, any matter concerning a tender process with the NTPF, its nomination as a Tenderer or successful Tenderer, the award of a contract by the NTPF or the use of the NTPF brand or logo, without the prior consent of the NTPF, acting at its discretion. All requests for the NTPF consent or media related queries should be directed to the NTPF Contact.

19 Inspection/Validation

The NTPF reserves the right to inspect the Tenderer's premises to verify information provided in a Tender. The NTPF will liaise directly with the Tenderer's contact on the exact detail for visiting any reference sites where applicable.

The NTPF reserves the right to verify information provided in a Tender at any stage during the Tender Process and for the complete duration of the Contract.

The NTPF reserves the right to conduct any investigation or market research, as it so chooses, throughout the duration of the Contract to ensure that the successful Tenderer is fully complying with its pricing obligations.

20 Post Tender Negotiations Not Permitted

Please note that once Tenders have been submitted, no individual negotiations other than clarifications will take place (other than as may be permitted in accordance with relevant guidance and applicable procurement law) and the NTPF's decision will be final.

21 Evaluation Process

The Tender Process will generally involve the three stages detailed below. For open procedures stages 1, 2 and 3 will be conducted in one stage.

Stage1 - Exclusion: Tenderers to whom any of the circumstances listed in Article 45 of Council Directive 2004/18/EC (the co-ordination of procurement procedures for the award of public works, public supply and public service contracts) apply or Tenderers who fail to sign the Candidate/Tenderer Declaration in the Response Documents (without qualification or amendment) will be excluded from the Tender Process.

Stage2 - Qualitative: Tenders received must meet the minimum requirements outlined under the qualitative selection criteria. Tenders meeting these minimum requirements will then be assessed and ranked in descending order with the Tenderer who receives the highest marks being ranked first. Provided that a sufficient number of Tenderers are qualified to be considered for selection, such Tenderers will (subject to any limits in the Tender Documents) be invited to submit a Tender. In this respect Tenderers are reminded that all requested information must be provided in the manner stipulated by the NTPF.

Stage 3 - Award: The NTPF will evaluate and rank the Tenderers selected after stages 1 and 2 on the basis of the award criteria outlined in the Invitation to Tender. Marks will be awarded on a comparative basis against the NTPF's requirements and the other Tenderers' Tenders, having regard to those factors which are adjudged under each of the criteria identified in the Invitation to Tender. Tenders will

achieve higher marks where the solution offered exceeds the NTPF's specifications in such a way that it is adjudged to offer further added value by reference to the listed criteria. During this stage, clarifications may be sought in writing (including e-mail) from Tenderers. Deadlines will be imposed for the receipt of such clarifications and failure to meet these deadlines may result in the disqualification of the Tender or loss of marks. Responses to requests for clarification must not materially change any of the elements of the Tender submitted. Unsolicited communications from Tenderers will not be entertained during the evaluation period.

The NTPF may establish, as appropriate, an evaluation panel/panels using such resources and skills as it considers appropriate to assess and evaluate all tenders. Scores will be arrived at using objective evidence and the professional judgment of the members of the evaluation panel, as appropriate.

The NTPF may, at its discretion, request meetings with individual Tenderers during the evaluation period for the purposes of clarifying any aspect of the Tenderer's Tender. These meetings will be strictly confidential and will not result in any material change to the Tender submitted. No discussions regarding the progress of the evaluation or the Tenderer's performance will be entered into. All such meetings will be held at the convenience of the NTPF and the NTPF will not be responsible for any costs incurred by Tenderers.

The successful Tenderer will be informed in writing that its Tender has been identified as the successful Tender subject to the satisfactory conclusion of the Contract. Unsuccessful Tenderers will also be informed in writing.

22 Ethics

Tenderers should note that canvassing or failure to comply with the communications requirements set out in Section 3 (Communications Protocol) of these Tender Competition Rules may result in the disqualification of a Tenderer.

Any effort by a Tenderer to unduly influence any staff or agents of the NTPF in the process of examination, clarification or evaluation of Tenders and in decisions concerning the award of contracts shall have its Tender rejected and may result in administrative penalties. In accordance with Section 38 of the Ethics in Public Office Act 1995 any money, gift or other consideration received from a person holding or seeking to obtain a contract will be deemed to have been paid or given corruptly unless the contrary is proven.

The NTPF reserves the right to suspend or cancel the Tender Process or the Contract:

- If corrupt practices of any kind are discovered at any stage of the Tender Process or during the implementation of the Contract.
- If it emerges that the award or execution of the Contract has given rise to unusual commercial expenses. Such unusual commercial expenses are commissions not mentioned in the main contract or not stemming from a properly concluded contract referring to the main contract, commissions not paid in return for any actual and legitimate service, commissions remitted to a tax haven, commissions paid to a payee who is not clearly identified or commissions paid to a company which has every appearance of being a front company.

Failure to comply with one or more of the ethics clauses may result in the exclusion of the Tenderer from other NTPF contracts and in penalties.

23 Exclusion from Participation in the Tender Process

In accordance with Article 45(1) or 45(2) of Directive 2004/18/EC any Tenderer may be excluded from participation in the Tender Process who:

- Is bankrupt or is being wound up, whose affairs are being administered by the court, who has entered into an arrangement with creditors, who has suspended business activities, or who is in any analogous situation arising from a similar procedure under national laws and regulations.

- Is the subject of proceedings for a declaration of bankruptcy, for an order for compulsory winding up or administration by the court or for an arrangement with creditors or of any other similar proceedings under national laws and regulations.
- Has been convicted of an offence concerning the Tenderer's professional conduct by a judgement which has the force of res judicata.
- Has been guilty of grave professional misconduct proven by any means which the contracting authority can justify.
- Has not fulfilled obligations relating to the payment of taxes in accordance with the legal provisions of the country in which the Tenderer is established or with those of the country of the contracting authority.
- Is guilty of serious misrepresentation in supplying the information required with regard to any of the above points (or in relation to any other aspect of the Tender).

Any Tenderer shall be excluded from participation who has been convicted of:

- participation in a criminal organisation.
- corruption.
- fraud.
- money laundering.

Tenderers must, when requested, provide sufficient information confirming that they have not been convicted of any such offence. For the purposes of this declaration, Tenderers shall mean any agent of the Tenderer and any person who is concerned in the direction or management of the Tenderer.

24 Anti-Competitive Conduct

Tenderers particular attention is drawn to the application of the Competition Act 2002. The Act declares it a criminal offence for Tenderers to collude on prices or terms in a public tendering procedure. Should the NTPF become aware of direct or indirect communications through trade associations or otherwise between Tenderers relating to the Contract or which might facilitate price collusion it shall be the policy of the NTPF to notify the Competition Authority and suspend such Tenders. If the matter is not satisfactorily resolved by the time evaluation of all other Tenders is complete, the NTPF will base its decision on all Tenders received but not suspended.

25 Official Amendments

If it is necessary for the NTPF to amend the Tender Documents in any way prior to receipt of Tenders, all Tenderers will be notified simultaneously. If deemed appropriate by the NTPF, the deadline for receipt of Tenders will be extended.

26 Cancellation of the Tender Process

The NTPF reserves the right, at its discretion:

- to change the basis of, or procedures (including the timetable) relating to the Tender Process.
- to reject any or all Tenders.
- not to invite a Tenderer to proceed further to any stage of the Tender Process.
- not to furnish a Tenderer with additional information in respect of any aspect of its requirements or otherwise.
- not to otherwise negotiate with a Tenderer in respect of the award of the Contract.
- not to proceed with any Tender.
- to cancel at any stage the Tender Process, or any part thereof, at any time.

In the event of cancellation of the Tender Process, or any part thereof, Tenderers will be notified of the cancellation by the NTPF. Cancellation may occur where, for example:

- the tender procedure has been unsuccessful i.e. no qualitatively or financially worthwhile Tender has been received or there is no response at all.
- the economic or technical data of the Contract have been fundamentally altered.

- exceptional circumstances or force majeure render normal performance of the Contract impossible.
- all technically compliant Tenders exceed the financial resources available.
- the tendered services or products are no longer required.
- there have been irregularities in the procedure, in particular where these have prevented fair competition; or
- as otherwise permitted or contemplated by these Tender Competition Rules.

In no event shall the NTPF be liable for any damages whatsoever including, without limitation, damages for loss of profits, in any way connected with the cancellation of the Tender Process, or any part thereof. The publication of a procurement notice does not commit the NTPF to proceed with a Tender Process or the award a Contract.

27 Conclusion of Contract

The successful Tenderer(s) will be informed in writing that their Tender(s) have been accepted.

Before the NTPF signs the Contract with the successful Tenderer, the successful Tenderer must provide documentary proof of current insurance cover to the NTPF required levels, tax status and any other statements required in the Tender Documents. In the case of a Tenderer resident in the Republic of Ireland, it shall be a pre-condition that the Tenderer shall produce a current Tax Clearance Certificate or C2 Certificate issued by the Irish Revenue Commissioners. A non-resident Tenderer will require a statement from the Irish Revenue Commissioners that they are satisfied as to the suitability for tax purposes of entering into the Contract.

The NTPF may consider a Tender null and void and invite another Tenderer to sign the Contract if:

- a successful Tenderer fails to provide a current Tax Clearance or Insurance Certificates within 15 calendar days following notification to the successful Tenderer.
- a successful Tenderer is found to have provided false information or fails to disclose a material change in the Tenderer's circumstances since the submission of its Tender or fails to validate specific aspects of its Tender on request from the NTPF.
- Within 15 days of receipt of the Contract, the selected Tenderer does not sign, date and return the Contract to the NTPF.

The NTPF reserves the right to put a contract in place for some, none or all of the products/services included in the specification of requirements under this Tender Process.

28 Standstill Period

No contract to which a standstill period applies will be executed or take effect until at least fourteen calendar days (if the notice is sent by electronic means) or sixteen calendar days (if the notice is sent by any other means) after the day on which the unsuccessful Tenderers have been sent the appropriate notice informing them of the result of this Tender Process (the "**Standstill Period**"). Unsuccessful Tenderers will be advised of the contract award decision as early as is practicable. The successful Tenderer will be notified of the contract award decision and of the expiry of any applicable Standstill Period.

The NTPF recognises the importance of formally debriefing unsuccessful Tenderers. Debriefing will be undertaken in writing only, subject to the discretion of the NTPF.

29 Appeals

Where applicable, Tenderers have a right of review under the European Communities (Public Authorities' Contracts) (Review Procedures) Regulations 2010 (S.I. No. 130/2010).

With regard to time limits for initiating proceedings Tenderers should refer to the above Regulations.

Failure to comply with these Tender Competition Rules may disqualify a Tenderer.

This is a Guidance document; it is not intended to be definitive and if there is any procurement related issue that requires clarification it should be raised with the Procurement Lead for the specific process at the first opportunity.

Annex A

Information Regarding Taxation, Environmental Protection, Employment Protection and Working Conditions

The persons from whom a Tenderer may obtain information about the obligations that will, during the performance of the Contract, apply in relation to taxation, environmental protection, employment protection and working conditions include the following:

Taxation

Revenue Commissioners - <http://www.revenue.ie/>

- Business & Income Tax Payments Enquiries: Lo-Call 1890 20 30 70
- To enquire about employers PAYE, P35s and Benefit-in-Kind: Lo-Call 1890 25 45 65
- To enquire about tax relief at source (on mortgages & medical insurance) and Special Savings Incentive Schemes (SSIAs): Lo-Call 1890 46 36 26
- To make general enquiries about stamp duty: Lo-Call 1890 48 25 82
- To make general enquiries about CAT: Lo-Call 1890 20 11 04 or 0 353 1 8655000 for callers outside the Republic of Ireland
- To request any Revenue form or leaflet (24 hours): Lo-Call 1890 30 67 06 or 00353 1 67 44 050 for callers outside the Republic of Ireland

Environmental Protection

Environmental Protection Agency - <http://www.epa.ie/>

- **EPA Headquarters**, PO Box 3000, Johnstown Castle Estate, Co. Wexford, Tel: 053-9160600, Fax: 053-9160699, Email: info@epa.ie, Lo Call: 1890 335599
- **Regional Inspectorate – Dublin**, McCumiskey House, Richview, Clonskeagh Road, Dublin 14, Tel: 01-268 0100, Fax: 01-268 0199
- **Regional Inspectorate – Cork**, Inniscarra, Co. Cork, Tel: 021-4875540, Fax: 021-4875545
- **Regional Inspectorate- Kilkenny**, Butts Green, Kilkenny, Tel: 056-7722329, Fax: 056-7765085

Regional Offices

- Annabella, Mallow, Co. Cork, Tel: 022-43865
- The Rectory, Church St., Athlone, Co. Westmeath, Tel: 0902-475722
- Mungret College, Mungret, Co. Limerick, Tel: 061-227900

Employment Protection and Working Conditions
