Question #1

Could you please confirm whether tenderers are required to submit pricing for all items listed within the Pricing Schedule in order to submit a compliant tender response?

Alternatively, will you accept partial bids where a tenderer prices only those items which they are able to supply and support?

Answer #1

Tenderers are required to provide pricing for each item listed in the Pricing Schedule. As the competition is not divided into lots, tenderers must be capable of supplying and supporting all

items required under the tender. Any tender submission that does not include a complete Pricing Schedule will be deemed inadmissible.
