1.5. GROUNDS FOR EXCLUSION UNDER REGULATION 57 OF SI 284/2016

Note: Where a Competition is subject to the application of the European Procurement Regulations, grounds for excluding Tenderers in Regulation 57 of SI 284/2016 from participation in the Competition will automatically apply.

Where a Competition is not subject to the application of the European Procurement Regulations, a Contracting Authority may apply grounds for exclusion in Regulation 57 of SI 284/2016. The position for the Competition is set out in Section 2.2 of the Project Particulars.

The grounds under which the Contracting Authority may exclude a Tenderer, any member of the Tenderer (where the Tenderer is a Consortium, Joint Venture or Partnership), or any entity relied upon by the Tenderer, from participation in this Competition are set out below.

The term 'Tenderer' as used below refers to each of (a) the Tenderer (b) any member of the Tenderer (c) any entity being relied upon by the Tenderer.

Any Tenderer which is in one of the situations referred to above must provide details of any factors or circumstances which it believes are relevant to the Contracting Authority's assessment of whether the existence of these grounds should lead to the exclusion of the Tenderer. For example, where a Tenderer is in one of the situations referred to above but has taken measures which it believes are sufficient to demonstrate its reliability, that Tenderer may provide evidence of such measures to the Contracting Authority for consideration. Tenderers should note that, with regard to the situations listed in (a) above, the circumstances which the Contracting Authority may take into account before deciding whether or not to exclude a Tenderer are prescribed by law, and Tenderers are directed to Regulation 57 of SI 284/2016 in this regard.

If an entity being relied upon is in one of the situations listed above, the Contracting Authority may require that the Tenderer replaces such entity with another entity which is not in any of these situations. In the event that the entity cannot be replaced with another entity to whom the grounds do not apply (including where the Contracting Authority concludes that to permit such replacement would be contrary to law), the Contracting Authority reserves the right to eliminate the Tenderer from the Competition.

Where grounds for exclusion apply in the Competition, the Tenderer, each member of the Tenderer and any entity being relied upon by the Tenderer (or any member of the Tenderer), must provide a self-declaration regarding the situations referred to above in the form of an ESPD, or, by completing the self-declaration in the form of Appendix A – Self Declaration re Regulation 57, as specified in the Project Particulars⁴.

Note: The Contracting Authority may, at any time during the Competition (for example at shortlisting stage), require the Tenderer to provide a sworn oath in the form of Model Form MF 1.32 Declaration Under Oath/Solemn Oath regarding the situations referred to above, and where the date of the

Declaration Under Oath/Solemn Oath pre-dates the date of submission of the SAQ Response, Tenderers must also provide a confirmation in the form of Model Form MF1.33 that the oath is still valid.

1.6. ADDITIONAL GROUNDS FOR EXCLUSION

The Contracting Authority reserves the right to exclude any Tenderer from the Competition should the Contracting Authority be of the view that entry into the Contract with such Tenderer (bearing in mind any Tenderer members (where the Tenderer is a Consortium, Joint Venture or Partnership), entities relied upon or subcontractors) would be contrary to any applicable law or regulation, including any applicable sanctions regimes.

Where required in the Particulars, Tenderers shall be required to disclose in their SAQ Response any issues giving rise to possible sanctions applications.

Where Section 2.1 of the Project Particulars states that the Contract is to be novated as a Specialist contract ("novated Specialist contract"), the Contracting Authority intends to novate the Contract for the works described in the Project Particulars to a main works contractor.

In a separate tender competition for a main works contract, the Contracting Authority intends to name and provide details of the novated Specialist contract to be novated, including the name of the Novated Specialist, the form of contract to be novated and the novated contract price, either in the tender documents or during the tendering period for the main works contract.

The Declaration in Part 2 of the Questionnaire will be required to be completed even if the Tenderer is also submitting an ESPD. The Contracting Authority may, at any time (for example, prior to shortlisting), request supporting documentation substantiating any declaration made in respect of any or all such Qualification Criteria. Supporting documents must prove that the Tenderer meets the relevant Qualification Criterion as of the date of submission of the Tenderer's SAQ Response. Where the Contracting Authority requests supporting documentation substantiating any declaration made in respect of any or all such Qualification Criteria, the supporting documents must be provided promptly and within the timeframe specified by the Contracting Authority.
