

N67/N85 INNER RELIEF ROAD ENNISTYMON (BLAKES CORNER)

Advanced Works Contract

TENDER BULLETIN NO. 01

A. RESPONSES TO TENDERER'S QUERIES

TQ-001 Tender Query

I just reviewed the ITT and i see the SAQ wasnt provided witin the tender docs.
Is it possible to upload this so we can start to work on it?

Response

SAQ documentation inclusive of QW2 Supplements and Appendices have been included.
The ITT has been updated accordingly and is also attached.

TQ-002 Tender Query

Is there a site visit available for this one?

Response

Contractors are free to visit site to familiarise themselves with the surroundings, access, buildings and general site layout.
Internal access to properties is not possible at this stage.

TQ-003 Tender Query

Section 1.2 of the Instructions lists the "Suitability Questionnaire(s) as follows:" but the fields naming those questionnaires have been left blank. Section 5.4 requires the SAQ Response to form part of the Tender, and sections 9.1 and 9.3 confirm the qualification criteria in the Suitability Assessment Questionnaire are a condition of award.

We have reviewed the full tender pack and cannot locate the Suitability Assessment Questionnaire, nor is it identified by name or reference number.

We would be grateful if the Contracting Authority would:

1. Issue the Suitability Assessment Questionnaire applicable to this competition, confirming its title and document reference.
2. Confirm the qualification criteria and minimum standards, in particular annual turnover, similar works experience and health and safety competence.
3. Confirm whether a separate SAQ Response is required for each named Specialist.

Response

SAQ documentation inclusive of QW2 Supplements and Appendices have been included.
The ITT has been updated accordingly and is also attached.

B. ISSUE OF SUPPLEMENTARY DATA IN THIS BULLETIN

The following documents are added to the Tender Documents as part of this Tender Bulletin.

File No. BCE-ROD-GEN-SW_AE-TD-ZM-500010
