PQQ Addendum 001

Please find enclosed summary of information included in **PQQ Addendum 001**.

Reason for addendum: **Clarification / Addendum – Appendix D – Evidence of Insurance**

<u>TA Info.</u>	Clarification / Addendum – Appendix D – Evidence of Insurance The Contracting Authority has identified that the previously issued Appendix D - Evidence of Insurance within the Applicant Submission Document contains references that are not applicable to this competition and wording that is not fully aligned with the insurance requirements set out in the PQQ. An updated Appendix D - Evidence of Insurance (R1) is therefore being issued with this clarification/addendum and supersedes and replaces the previously issued version in its entirety. Applicants must use the updated <u>Appendix D</u> when preparing their submissions. Changes to the template are noted in red.
