3.4 Awarding Contracts under the Framework Agreement

In the case of a multi-operator framework agreement contracts may be awarded as follows:

a Use of Cascade Method

Through application of the cascade method whereby contracts are awarded on foot of the original tenders to the first ranked economic operator admitted to the framework agreement.

Where they are not able to deliver the contract due to availability, conflict of interest, etc. the next-ranked firm will be approached moving in ranked order through the Framework Members until the contract is awarded.

Dublin City Council reserves the right to select the tenderer in certain circumstances. (See Section 3.7)

3.5 Right to Tender outside of the Framework

The Contracting Authority intends to use the framework for the procurement of requirements falling within its scope during the specified period; however, it reserves the right to go outside the framework for the procurement of any requirement without reference to the Framework Member[s]. Admission to a framework does not guarantee the award of any contract to any economic operator, nor does it give the member[s] the right to be consulted in respect of, or tender for, any contract.

3.6 Compliance with the Terms and Conditions of the Framework Agreement

Admission to the framework agreement will be conditional upon acceptance of the Contracting Authority's Framework Terms and Conditions in Appendix [1].

If, following the award of any contract under this framework agreement, the Framework Member cannot, for whatever reason, deliver the required services to the satisfaction of the Contracting Authority; the Contracting Authority reserves the right to award the contract to the next highest-ranked tenderer emerging from the process at any time during the contract tender validity period of twelve (12) months.

If it is not possible following the conclusion of the competitive process to award the initial contract to the designated successful tenderer; the Contracting Authority reserves the right to award the initial contract to the Framework Member with the next highest score based on the original competition, at any time during the tender validity period.

Detailed invoicing arrangements will be agreed with the successful tenderer.

3.10 Review of Supplier Performance

The successful tenderer will be appointed for a probationary period of <6> months, during that time the supplier will be assessed based on various relevant criteria. At the end of the <6> months probationary period, the contract will either be allowed to continue if performance has been satisfactory, or terminated if it has not and supplier shortcomings cannot be addressed.

In the event that the contract is continued, the contract will be subject to a further official review every <6> months thereafter and will only be continued subject to satisfactory performance. In the event that the contract is terminated Dublin City Council reserves the right to revert to the tenderer who finished in second place (depending on said tenderer demonstrating continued compliance with all stated evaluation criteria) in this competition.

Supplier performance will however be continually monitored over the term of the contract. Quality of service and proficiency of services will be the main criteria for measuring performance. It is expected that the successful tenderer will take a proactive role in monitoring performance with a view to making appropriate recommendations where necessary.

3.11 Termination of Framework / Contract

The Contracting Authority reserves the right at its sole discretion to terminate any contract where, due to matters outside its control, including but not limited to, increased costs arising from any changes in the Customs Union, which render the commercial arrangement uncompetitive.

The Tenderer who has been awarded the highest marks for the total qualitative assessment (i.e. non-cost related element) of their Tender will be deemed to be the most economically advantageous tender (“MEAT”).

In the event the Tenderers receive the same marks for the qualitative assessment of their Tender, the Tenderer who has been awarded the highest marks for “**C. [THE COST CRITERION]**” will be deemed the MEAT.

In the event that there is a tie for any position on the Framework Agreement other than last place, (i.e. a tie for positions 1-[5]), the Tenderer who has been awarded the highest marks for total Qualitative Award of their Tender will be deemed to be the higher ranked tender for the purposes of framework ranking.

In the event the Tenderers receive the same marks for the Qualitative assessment of their tender, the Tie-Break rules will proceed as per above **Note 3: Tie-Break Rules: MEAT Assessment.**

5.1 Methodology for Calculating the Cost Score

The following formula will be applied to the cost score:

The lowest cost tender that also meets all the minimum requirements of the qualitative award criteria will receive the maximum score achievable under this criterion. The scores of the other valid tenders will be calculated using the following formula:

Lowest Cost from a Bona Fide Tender	A
