Part 1: Introduction

- 1.1 The Houses of the Oireachtas Commission** (the “Contracting Authority”) invites tenders (“Tenders”) to this request for tenders (“RFT”) from economic operators (“Tenderers”) for the provision of the services as described in Appendix 1 to this RFT (the “Services”).
- 1.2** In summary, the Services comprise: to identify a Supplier that will operate as a Managed Security Services Provider (MSSP), delivering a set of security services and providing expertise to proactively address security risks and continue to enhance The Contracting Authority’s overall security posture.
- 1.3 Not Used**
- 1.4** This public procurement competition (the “Competition”) will be conducted in accordance with the open procedure under the European Union (Award of Public Authority Contracts) Regulations 2016 (Statutory Instrument 284 of 2016) (the “Regulations”). Any contract that may result from this Competition (the “Services Contract”) will be issued for a term of one year (“the Term”).
- 1.5** The Contracting Authority reserves the right to extend the Term for a period or periods of up to 12 months with a maximum of 2 such extension or extensions on the same terms and conditions, subject to the Contracting Authority’s obligations at law.
- 1.6** The Contracting Authority estimates that the expenditure on the Services to be covered by the proposed Services Contract may amount to some €1.3 million (excl. VAT) over the Term and any possible extensions. Tenderers must understand that this figure is an estimate only based on current and future expected usage.
- 1.7** Contracting Authority policy seeks to encourage participation on a fair and equal basis by Small and Medium Enterprises (“SME”)s in this Competition. SMEs that believe the scope of this Competition is beyond their technical or business capacity are encouraged, subject to paragraph 2.5, to explore the possibilities of forming relationships with other SMEs or with larger enterprises. Through such relationships they can participate and contribute to the successful implementation of any Services Contract that may result from this Competition

and therefore increase their social and economic benefits.

Larger enterprises are also encouraged, subject to paragraph 2.5, to consider the practical ways that SMEs can be included in their proposals to maximise the social and economic benefits of any Services Contracts that may result from this Competition.

Part 2: Instructions to Tenderers

2.1 Important Notices

2.1.1 While every effort has been made to provide comprehensive and accurate information in all notices and documents prepared for the purposes of this Competition, the Contracting Authority does not accept any liability or provide any express or implied warranty in respect of any such information. Tenderers must form their own conclusions about the solution needed to meet the requirements set out in this RFT and may wish to consult their legal advisers.

2.1.2 The Contracting Authority does not bind itself to accept the lowest priced or any Tender. This RFT does not constitute an offer or commitment to enter into a Services Contract.

No contractual rights in relation to the Contracting Authority will exist unless and until a formal written Services Contract has been executed by or on behalf of the Contracting Authority.

Any notification of preferred bidder status by the Contracting Authority shall not give rise to any enforceable rights by the Tenderer.

The Contracting Authority may cancel this Competition at any time prior to a formal written Services Contract being executed by or on behalf of the Contracting Authority.

The award of a Services Contract does not confer exclusivity on the successful Tenderer.

2.1.3 This RFT supersedes and replaces any and all previous documentation, communications and correspondence between the Contracting Authority and

Tenderers, and Tenderers should place no reliance on such previous documentation and correspondence.

2.1.4 In this clause 2.1.4, “Data Protection Laws” means all applicable national and EU data protection laws, regulations and guidelines including but not limited to Regulation (EU) 2016/679 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (the “General Data Protection Regulation”), and any guidelines and codes of practice issued by the Office of the Data Protection Commission or other supervisory authority for data protection in Ireland from time to time.

The Contracting Authority will be a Data Controller (where Data Controller has the meaning given under the Data Protection Laws) in respect of any Personal Data (where Personal Data has the meaning given under the Data Protection Laws) required to be provided by the Tenderer in response to this RFT.

The Tenderer, as Data Controller in respect of any Personal Data provided by it in its Tender, is required to confirm in the statement required under paragraph 2.4 below that all Data Subjects (where Data Subject has the meaning given under the Data Protection Laws) whose Personal Data is provided by the Tenderer have consented to the processing of such Personal Data by the Tenderer, the Contracting Authority, the Evaluation Team and the supplier of the etenders.gov.ie website, for the purposes of the participation of the Tenderer in this Competition or that the Tenderer otherwise has a legal basis for providing such Personal Data to the Contracting Authority for the purposes of its participation in this Competition.

2.1.5 The Contracting Authority would refer Tenderers in particular to the provisions of Regulation (EU) 2022/1031 on the access of third country economic operators, goods and services to the Union’s public procurement and concession markets and procedures supporting negotiations on access of Union economic operators, goods and services to the public procurement and concession markets of third countries (International Procurement Instrument – IPI), and to their obligation to comply therewith.

In particular, tenderers and candidates should note in Article 6 of Regulation (EU) 2022/1031, the obligations for a Contracting Authority in the context of a procurement procedure where the EU Commission has adopted an IPI measure.

2.1.6 Tenderers are referred to the provisions of Regulation (EU) 2022/2560 of the European Parliament and of the Council on Foreign Subsidies distorting the Internal Market, in addition to Commission Implementing Regulation (EU) 2023/1441, and their obligation to comply therewith. In particular, tenderers and candidates should note the requirements in Articles 28 and 29 of Regulation (EU) 2022/2560 relating to the prior notification or declaration of foreign financial contributions, where the estimated value of the public procurement procedure is equal to or greater than the applicable financial thresholds set out therein.

2.2 Compliant Tenders

2.2.1 If a Tenderer fails to comply in any respect with the requirements of this paragraph 2.2.1, the Contracting Authority reserves the right to reject the Tenderer's Tender as non-compliant or, without prejudice to this right and subject to its obligations at law, to take any other action it considers appropriate including but not limited to:

- seeking written clarification from the Tenderer;
- seeking further information from the Tenderer; or
- waiving a requirement, which in the Contracting Authority's view, is non-material or procedural.

Tenderers are required:

- a)** To complete and submit with their Tender the electronic version of the European Single Procurement Document ("e ESPD"). Tenderers may submit an eESPD which has already been used in a previous procurement procedure provided that they confirm that: (i) the information contained in it continues to be correct and (ii) that they satisfy the Selection Criteria for this Competition as set out at part 3.2 below;
- b)** To submit all documentation which this RFT requires to be submitted with their Tender;

- c) To follow the format of this RFT and respond to each element in the order as set out in this RFT;
- d) To conform to and comply with all instructions and requirements set out in this RFT;
- e) To submit the statement required under paragraph 2.4 below; and
- f) Not to alter or edit this RFT in any way.

2.2.2 Without prejudice to the generality of paragraphs 2.2.1, failure to comply with paragraph 2.6.1, 2.6.2 or 2.6.3 below will render the Tender non-compliant and it will be rejected.

2.3 Services Contract

2.3.1 Tenderers should note the terms and conditions of the Services Contract at Appendix 5 to this RFT.

2.3.2 Tenderers are required to confirm their acceptance of the terms and conditions of the Services Contract by signing the Tenderer's Statement at Appendix 3. Tenderers may not amend the Services Contract.

2.4 Acceptance of RFT Requirements

Each Tenderer is required to accept the provisions of this RFT. **All tenderers must return,** with their Tender, a scanned signed copy of the Tenderer's Statement, as set out in Appendix 3, printed on the Tenderer's letterhead. The Contracting Authority must be able to read the scanned signature of the Tenderer. If possible, please sign documents using blue ink. If the Contracting Authority cannot read the scanned signature, Tenderers may be requested to re-submit. Tenderers may not amend the Tenderer's Statement.

2.5 Consortia and Prime / Subcontractors

Where a group of undertakings (in whatever form and regardless of the legal relationship between them) come together to submit a Tender in response to this RFT, the Contracting Authority will deal with all matters relating to this Competition through a single nominated

entity authorised to represent all members of the group of undertakings. The Tenderer must provide details of all members of the group of undertakings and their role in the Tender and clearly set out the contact details including name, title, telephone number, postal address, facsimile number and e-mail address of the nominated entity authorised to represent the Tenderer and to whom all communications shall be directed and accepted until this Competition has been completed or terminated. Correspondence from any other person will **not** be accepted, acknowledged or responded to.

Prior to and as a condition of award of any Services Contract, the successful Tenderer shall be required to designate a single entity who will carry overall responsibility for the Services Contract (the “Prime Contractor”), irrespective of whether or not tasks are to be performed by a subcontractor or other consortium member (the “Subcontractor”).

2.6 Tender Submission Requirements

Tenders must be submitted via the ‘electronic tenderbox’ available on www.etenders.gov.ie. Only Tenders submitted to the electronic tenderbox will be accepted. Tenders submitted by any other means (including but not limited to: by email, fax, post, hand delivery, etc.) will **not** be accepted.

Tenderers must ensure that they give themselves sufficient time to upload and submit all required tender documentation in their Tender before the Tender Deadline (as defined in paragraph 2.6.2). Tenderers should take into account the fact that upload speeds vary.

Tenderers must note that in the electronic tenderbox, there is a current file size limit of 250MB for each single file uploaded, with a maximum total limit of 2GB for all documentation (combined) in the Tender submitted.

In order to submit a Tender to the electronic tenderbox, Tenderers must ensure that they follow the necessary steps on the eTenders platform to ensure that their tender has been submitted properly, which includes ensuring that the “Submit” button has been clicked. In the event that Tenderers need to modify or change any aspect of their Tender before the Tender Deadline, the Tender in its entirety will need to be re-submitted. Tenderers should be aware that the “Submit”

button will be disabled automatically at the Tender Deadline.

2.6.1 Tenders must be received not later than 12 p.m. on 28 September 2026 (the “Tender Deadline”). Tenders that are received late **will not** be considered in this Competition.

2.6.2 Tenders must be submitted in English.

2.6.3 Subject to paragraph 2.14 and 2.18, each Tenderer is limited to submitting one Tender in its own capacity and one Tender as part of a consortium/group of undertakings under this RFT.

2.6.4 All Tenders submitted in soft copy must be compiled such that they can be read immediately using PDF. The Contracting Authority is not responsible for corruption in electronic documents. Tenderers must ensure electronic documents are not corrupt.

2.7 Queries and Clarifications

2.7.1 All queries relating to any aspect of this Competition or of this RFT must be directed to the messaging facility on www.etenders.gov.ie. Queries will be accepted no later than 12 p.m. on 18 September 2026 unless otherwise published by the Contracting Authority. For the avoidance of doubt, Tenderers may not contact the Contracting Authority directly regarding any aspect of this Competition.

2.7.2 All responses to queries will be issued by the Contracting Authority via the messaging facility on www.etenders.gov.ie. Where appropriate, queries may be amalgamated. Tenderers should note that the Contracting Authority will not respond to individual Tenderers privately.

2.7.3 The Contracting Authority reserves the right to issue or seek written clarifications.

2.7.4 The Contracting Authority reserves the right at any time before the Tender Deadline, to update or amend the information contained in this document and/or to extend the Tender Deadline. Participating Tenderers will be informed of any

such amendment or extension through the eTenders website.

- 2.7.5** Tenderers should ensure that they register their interest in this competition, by clicking on the “Accept” button on www.etenders.gov.ie, in order to receive all responses to queries and other updates in relation to this Competition.

2.8 Tendering Costs

- 2.8.1** All costs and expenses incurred by Tenderers relating to their participation in this Competition including, but not being limited to, site visits, field trials, demonstrations and/or presentations shall be borne by and are a matter for discharge by the Tenderers exclusively.

2.9 Confidentiality

- 2.9.1** All documentation, data, statistics, drawings, information, patterns, samples or material disclosed or furnished by the Contracting Authority to Tenderers during the course of this Competition:
- a)** are furnished for the sole purpose of replying to this RFT only;
 - b)** may not be used, communicated, reproduced or published for any other purpose without the prior written permission of the Contracting Authority;
 - c)** shall be treated as confidential by the Tenderer and by any third parties (including subcontractors) engaged or consulted by the Tenderer; and
 - d)** must be returned immediately to the Contracting Authority upon cancellation or completion of this Competition if so requested by the Contracting Authority.

2.10 Pricing

- 2.10.1** All Tenderers must complete the Pricing Schedule at Appendix 2 to this RFT.
- 2.10.2** All prices quoted must be all-inclusive (i.e. including but not being limited to shipping, packaging, delivery, ancillary costs and all other costs/expenses), be expressed in Euro only and exclusive of VAT. The VAT rate(s) where applicable

should be indicated separately.

2.10.3 Tenderers must confirm that all prices quoted in the Tender will remain valid for 180 days commencing from the Tender Deadline.

2.10.4 Any currency variations occurring over the term of the Services Contract shall be borne by the Tenderer.

2.10.5 Payments for Services provided pursuant to this RFT shall be subject to and made in accordance with the Services Contract at Appendix 5 to this RFT.

2.10.6 Not Used.

2.11 Environmental, Social and Labour Law

2.11.1 In the performance of any Services Contract awarded, the successful Tenderers and their Subcontractors (if any), shall be required to comply with all applicable obligations in the field of environmental, social and labour law that apply at the place where the services are provided, that have been established by EU law, national law, collective agreements or by international, environmental, social and labour law listed in Schedule 7 of the Regulations.

2.11.2 Tenderers shall be required to include an undertaking to comply fully with the provisions of Council Directive 2001/23/EC of 12 March 2001 on the approximation of the laws of the Member States relating to the safeguarding of employees' rights in the event of transfers of undertakings, business or parts of undertakings or business and as implemented in Irish law by Statutory Instrument No. 131 of 2003, the European Communities (Protection of Employees on Transfer of Undertakings) Regulations 2003 and to indemnify the Contracting Authority for any claim arising or loss or costs incurred as a result of its failure or incapacity to fulfil its obligations under the said Directive and Statutory Instrument.

2.11.3 The Protection of Employees (Temporary Agency Work) Act 2012 (the "2012 Act") provides that an Agency Worker (as defined in the 2012 Act) is entitled to the same basic working and employment conditions as those which apply to employees recruited directly by the Hirer (as defined in the 2012 Act) to do the same or a similar job. Where the provision of the Services will involve the

provision to the Contracting Authority of Agency Workers (within the meaning of the 2012 Act), Tenderers should ensure that they consider their obligations under the 2012 Act when pricing their Tender. The Contracting Authority shall have no liability for any increase in salaries that may be payable as a result of the application of the 2012 Act to the provision of the Services.

2.12 Publicity

No publicity regarding this Competition or any Services Contract pursuant to this Competition is permitted unless and until the Contracting Authority has given its prior written consent to the relevant communication.

2.13 Registrable Interest

Any Registrable Interest involving any Tenderer or Subcontractor and the Contracting Authority, members of the Government, members of the Oireachtas, or employees and officers of the Contracting Authority and their relatives must be fully disclosed in the Tender or, in the event of this information only coming to the notice of the Tenderer or Subcontractor after the submission of a Tender, must be communicated to the Contracting Authority immediately upon such information becoming known to the Tenderer or Subcontractor.

The terms “Registrable Interest” and “Relative” shall be interpreted as per Section 2 of the Ethics in Public Office Acts 1995 and 2001, copies of which are available at www.irishstatutebook.ie. The Contracting Authority will, at its absolute discretion, decide on the appropriate course of action, which may in appropriate circumstances include eliminating a Tenderer from this Competition or terminating any Services Contract entered into by a Tenderer.

2.14 Anti-Competitive Conduct

Tenderers’ attention is drawn to the Competition Act 2002 (as amended, the “2002 Act”). The 2002 Act makes it a criminal offence for Tenderers to collude on prices or terms in a public procurement competition.

2.15 Industry Terms Used in this RFT

Where reference is made to a particular item, source, process, trademark, or type in this RFT then all such references are to be given the meaning generally understood in the relevant industry and operational environment.

2.16 Freedom of Information

2.16.1 Tenderers should be aware that, under the Freedom of Information Act 2014 and the European Communities (Access to Information on the Environment) Regulations 2007 to 2018., information provided by them during this Competition may be liable to be disclosed.

2.16.2 Tenderers are asked to consider if any of the information supplied by them in their Tender should not be disclosed because of its confidentiality or commercial sensitivity. If Tenderers consider that certain information is not to be disclosed because of its confidentiality or commercial sensitivity, Tenderers must, when providing such information, clearly identify the specific sections of their Tender containing such information and specify the reasons for its confidentiality or commercial sensitivity. For the avoidance of doubt Tenderers may not assert confidentiality or commercial sensitivity over the entire Tender but must clearly identify the specific section containing such information. If Tenderers do not identify information as confidential or commercially sensitive, it is liable to be released in response to a request under the above legislation without further notice to or consultation with the Tenderer. The Contracting Authority will, where possible, consult with Tenderers about confidential or commercially sensitive information so identified before making its decision on a request received. The Contracting Authority accepts no liability whatsoever in respect of any information provided which is subsequently released (irrespective of notification) or in respect of any consequential damage suffered as a result of such obligations.

2.17 Tax Clearance

It will be a condition of any Services Contract pursuant to this Competition that the

successful Tenderer(s) shall, for the term of such contract(s), comply with all applicable EU and domestic tax laws. Tenderers are referred to www.revenue.ie for further information. Prior to the award of any Services Contract arising out of this competition the successful Tenderer shall be required to supply its Tax Clearance Access Number and Tax Reference Number to facilitate online verification of their tax status by the Contracting Authority. By supplying these numbers the successful Tenderer acknowledges and agrees that the Contracting Authority has the permission of the successful Tenderer to verify its tax cleared position online.

2.18 Conflicts of Interest

Any conflict of interest or potential conflict of interest on the part of a Tenderer, Subcontractor or individual employee(s) or agent(s) of a Tenderer or Subcontractor(s) must be fully disclosed to the Contracting Authority as soon as the conflict or potential conflict is or becomes apparent. Tenderers are required to declare that the preparation of their Tender was carried out independently. In the event of any actual or potential conflict of interest, the Contracting Authority may invite Tenderers to propose means by which the conflict of interest might be removed and in circumstances where there are links between Tenderers, the Contracting Authority may seek further information to confirm the Tenders have been prepared independently. The Contracting Authority will, at its absolute discretion, decide on the appropriate course of action, which may in appropriate circumstances include eliminating a Tenderer from this Competition or any Mini-Competition or terminating any Services Contract entered into by a Tenderer.

3.1 Compliant Tenders

Only those Tenderers who have: -

- (a) Submitted compliant Tenders pursuant to paragraph 2.2 above, and
- (b) Declared by way of eESPD that either:
 - (i) no mandatory grounds for exclusion of the Tenderer pursuant to Regulation 57 of the Regulations apply to them, or
 - (ii) in circumstances where any mandatory exclusion grounds apply to the Tenderer (and where the Tenderer is not precluded from doing so under Regulation 57(17) of the Regulations), that it can provide evidence to the effect that measures taken by it are sufficient to demonstrate its reliability despite the existence of any such relevant exclusion ground, and
- (c) Declared by way of eESPD that they satisfy the selection criteria for this Competition as set out in part 3.2 below (the “Selection Criteria”),

will be evaluated in accordance with the Award Criteria at part 3.3 below.

However, please note that the Contracting Authority also reserves the right to exclude from evaluation a Tenderer to whom a discretionary ground for exclusion pursuant to Regulation 57 of the Regulations applies.

Tenderers should note that where a Tenderer is relying on the capacity of other entities (for example, Subcontractors) for the purposes of fulfilling any of the Selection Criteria in part 3.2 below it must ensure that each such entity:

- (i) completes and submits a separate eESPD in respect of each such entity, and
- (ii) when requested by the Contracting Authority, submit proof, to the satisfaction of the Contracting Authority, that each such entity will place the necessary resources at the disposal of the Tenderer.

Where a Tenderer (Prime Contractor) intends to subcontract any share of any Contract to a Subcontractor, but is not relying on the capacity of such Subcontractor for the purposes of fulfilling any of the Selection Criteria in part

3.2 below, it must ensure that each such Subcontractor submits a separate eESPD in respect of such Subcontractor completing those sections of the eESPD which are specified in section 2.D of the eESPD for this Competition.

The Contracting Authority may decide to examine Tenders before verifying the absence of exclusion grounds in Regulation 57 of the Regulations (the “Exclusion Grounds”) and the fulfilment of the Selection Criteria.

However, notwithstanding anything to the contrary in this part 3.1, the Contracting Authority reserves the right to ask Tenderers at any moment during the Competition to submit any or all of the following for the purposes of verification of the status of the Tenderer (including the Prime Contractor and any Subcontractor):

- (i) a Declaration in the form attached at Appendix 4;

- (iv) information concerning the Tenderer, and any proposed subcontractors, for the purposes of Regulation (EU) No 833/2014 (as amended by EU Regulation 2022/576 or any subsequent amendments to same) including, but not limited to, in respect of natural persons, copies of identity documents and, in respect of legal persons, a certificate or extract from the commercial register or other competent authority of the country in which the legal person is established; and
- (v) information concerning the origin of goods, if any, for the purposes of assessing compliance with Regulation (EU) No 833/2014 (as amended by EU Regulation 2022/576 or any subsequent amendments to same).

If a Tenderer does not, upon request by the Contracting Authority, provide

evidence which is considered by the Contracting Authority as sufficient to demonstrate (i) its fulfilment of the Selection Criteria (or any one of them) in accordance with this RFT and (ii) the absence of Exclusion Grounds, or its reliability despite the existence of a relevant Exclusion Ground and (iii) that it does not come within the category of prohibited economic operators identified in Regulation (EU) No 833/2014 of 31 July 2014 (as amended by EU Regulation 2022/576) and (iv) that the origin of goods, if any, are not subject to the prohibitions set out in Regulation (EU) No 833/2014 (as amended by EU Regulation 2022/576 or any subsequent amendments to same) then it shall be excluded from further participation in this Competition.

3.2 Selection Criteria

Tenderers will either pass OR fail each of the Selection Criteria in this part 3.2. A Tenderer who fails a selection criterion will be excluded from participating in this Competition.

3.2.A Economic and Financial Standing

Tenderers must declare by way of eESPD that they satisfy the financial and economic standing requirement(s) set out below and that they are able, upon request and without delay, to provide the supporting documentation

specified below to the Contracting Authority in each case.

Tenderers must provide the supporting documentation specified above without delay when requested by the Contracting Authority. However, where the Tenderer is unable, for a valid reason, to provide the specified documentation, the Tenderer must inform the Contracting Authority of the valid reason as to why the documentation cannot be supplied and, if the Contracting Authority considers the reason given to be valid, provide such other suitable alternative documentation to prove, to the satisfaction of the Contracting Authority, their economic and financial capacity.

3.2.A.1 Annual Turnover Requirement

Tenderers are required to demonstrate that they have a minimum average annual turnover of €2,600,000 (excl. VAT) in each of the last three financial years. Failure to demonstrate the minimum required turnover will result in the tenderer being eliminated from the competition.

Tenderers must provide details in the Tender Response Document of turnover for their organisation in respect of the past 3 financial years.

3.2.A.2 Evidence of Financial Capacity

Prior to the award of any Service Contract, a successful Tenderer will be required to furnish a Banker's statement, dated within the last six months, providing evidence of its financial standing and/or copies of their audited accounts for the 3 most recent years. In the case where the Tender is a subsidiary, the parent companies audited accounts for the last 3 years. Tenderers must provide the supporting documentation specified above without delay when requested by the Contracting Authority.

3.2.B Technical and Professional Ability

1. Introduction

The Houses of the Oireachtas Commission (The Contracting Authority) is seeking to identify a new Supplier that will operate as a Managed Security Services Provider (MSSP) to provide incident response retainer, Security Information and Event Management (SIEM) engineering and management of an existing Contracting Authority owned Microsoft solution and a Security Operations Centre (SOC), delivering a set of security services and providing expertise to proactively address security risks and continue to enhance The Contracting Authority's overall security posture.

2. Purpose / Scope

The Contracting Authority recognises that Cyber Security is ever changing and requires continuous focus and improvement to keep up to date with the latest risks and threats. The Contracting Authority wants to make best use of its existing security tools and technologies, to provide greater visibility to the security threats / risks across the technical environment.

The Contracting Authority is looking for a Supplier who will provide a proactive 24/7/365 Security Operations Centre (SOC), incident response retainer and SIEM management service, leveraging the Contracting Authority's existing Microsoft Sentinel Security Information and Event Management (SIEM) solution to provide near real time threat detection, and alert and incident generation.

The Contracting Authority seeks a Security Operations Centre (SOC) service that is demonstrably capable of fully conducting comprehensive incident investigations before recommending engagement of a separate Incident Response (IR) retainer.

The Authority's objective is to ensure that:

- SOC services provide substantive investigative value
- Escalation to higher-cost IR services is controlled, evidence-based, and proportionate

- IR services are engaged only when clearly justified

This Supplier will be expected to transition from an existing SOC, SIEM Management and incident response retainer third party supplier in the initial phase of this engagement. The current supplier's contract will expire 60 days after the onboarding phase of this Agreement has been initiated.

Artificial Intelligence Obligations

The Contracting Authority is aware that Large Language Models and Generative Artificial Intelligence (collectively "AI Tools") are being used in the preparation of responses to competitions and in service delivery in both the public and private sectors. In responding to this Tender Process, candidates are required to declare in their submissions if and where AI Tools have been used to draft, develop, inform or augment their submissions and if and where AI Tools will be used in service delivery throughout the term of the contract. e.g. for the production of reports. While the use of AI Tools is not prohibited, it is necessary that candidates maintain control and responsibility for their submissions and service delivery, and they confirm as much to the Contracting Authority.

Tenderers will be required to comply with current and future Contracting Authority AI Policy restrictions which are aligned to the Department of Public Expenditure, Infrastructure, Public Service Reform and Digitalisation's Guidelines for the Responsible Use of Artificial Intelligence in the Public Service:

https://assets.gov.ie/static/documents/09fe3ad4/Guidelines_for_the_Responsible_Use_of_AI_in_the_Public_Service_20250918.pdf

3. Infrastructure

The Contracting Authority has an existing Microsoft-based SIEM (Microsoft Sentinel) platform in place and is seeking the services of a Supplier to manage, maintain and optimise the platform and to monitor the events and logs.

The Contracting Authority currently has an existing ticketing system to manage and control security incidents and changes to the security infrastructure. The Supplier will be required to use the Contracting Authority's current ticketing system for these purposes. If the Contracting

Authority changes its ticketing solution in the future, the Supplier will be required to use the new system.

- The above volumes are generated automatically from all log sources ingested centrally. Ticket counts are taken over a sample period.
- Typical volumes of changes taking place on the security platforms / security engineering and that flow through the Change Management process are around 5 per month on average.

4. Requirements

Key Objectives:

The managed service solution should address the following objectives:

- Enhance the Contracting Authority ability to detect and respond swiftly to security incidents.
- Provide proactive risk mitigation through real-time monitoring, detection, response, and analysis.
- Provide expert security analysts and incident responders.
- Ensure compliance with industry standards and regulatory requirements.
- The Supplier must review, manage, and optimise the existing Contracting Authority configuration / setup of the SIEM platform.
- The Supplier must ensure SIEM log sources are regularly reviewed and validated in partnership with our Infrastructure partner to ensure that data is logged, rationalised, relevant and applicable.
- The Supplier must review, manage, and optimise SOC processes, runbooks, and response plans.
- The supplier must provide an annual 60-hours incident response retainer, capable of responding to critical or major incidents.
- The Supplier must provide a 24x7x365 Incident Response call-down capability and ensure the ability to initiate triage activities at any time. For Priority 1 incidents, a

qualified human analyst must be available to commence triage and investigation within thirty (30) minutes of detection or notification.

As well as the key objectives the contracting authority requires the solution to provide the following:

4.1 SIEM Platform Management

- The supplier is required to maintain, manage and optimise the Contracting Authority owned SIEM platform (currently Microsoft Sentinel)
- The supplier will develop SIEM analytics rules based on industry best practices such as the MITRE framework, to identify and detect threats from the monitored events while minimising false positives.
- The Supplier must ensure SIEM log sources and potential log sources are regularly reviewed and validated in partnership with the Contracting Authority to ensure that the logged data is rationalised, relevant and applicable.
- Any changes made to the configuration of the platform must be approved and carried out via a formal Change Management process. The Supplier will then be expected to improve the service on an ongoing basis by onboarding new log sources, developing new use cases.
- The supplier should provide Applicable threat intelligence feeds which will assist with threat identification.

4.2 Security Operation Centre (SOC) Threat Detection and Response

- 24/7/365 monitoring, detection, and response of the Contracting Authority environment for security events and incidents.
- Rapid incident response services to minimize the impact of security breaches.
- Complete root cause analysis (RCA) to identify any gaps exposed by security incidents.
- Propose remediation plans to mitigate reoccurrence of security incidents.
- The SOC service should review current response plans, runbooks, and playbooks. Uplift and create new processes where needed.
- Upon receipt of new credible and applicable threat intelligence, exploit disclosures, or security advisories, the SOC shall initiate targeted retrospective searches within the SIEM and associated data sources, with findings documented and escalated where appropriate.

- Manage email alerts and incidents to determine whether they are malicious or safe, and work with the contracting authority to develop a process for releasing or deleting emails.
- The SOC may leverage their own SOAR (Security Orchestration, Automation, and Recovery) to streamline incident handling, reduce response times and ensure consistency of approach.
- The Contracting Authority requires a highly mature Security Operations Centre (SOC) capability with advanced investigative competencies, such that full Incident Response (IR) engagement is only initiated when strictly necessary and proportionate.
- All cyber security incidents that do not meet the threshold for Incident Response (IR) escalation shall remain fully managed by the SOC.
- The SOC shall act as the incident lead for all such cases, with responsibility for driving each investigation through to a clear, evidence-based conclusion.
- Investigations are conducted to a depth proportionate to the severity, risk, and potential impact of the incident.
- The Service Provider shall ensure that SOC investigative activities directly inform and drive ongoing SIEM engineering improvements, establishing a continuous feedback loop between detection, investigation, and enhancement of security monitoring capabilities.
- The Contracting Authority expects a proactive, improvement-led approach, whereby gaps or inefficiencies identified during incident handling are systematically addressed.

4.3 Incident Response Retainer

The Contracting Authority recognizes that dealing with large scale IT security Incidents requires specialist skillsets with mature structured processes and highly skilled professionals.

The Contracting Authority requires the Supplier to:

- Provide support and investigative activities in the event of a significant security incident and help determine the potential damage and disruption to allow the contracting authority to make an informed decision on triggering the suppliers full IR process
- Provide forensic investigation services to analyse attacks and identify systems and data that have been compromised
- Provide detailed incident reporting and communication to stakeholders
- Provide expert on site incident management in the event of critical incidents beyond the ability of the SOC and the Contracting Authority to manage or cope with.
- The Supplier is to provide processes and procedures as to how the incident response

service can be efficiently deployed.

4.4 Documentation

- The Supplier will be responsible for creating, maintaining, and updating documentation for the duration of the contract.
- The Supplier will be expected to develop standard operating procedure documentation to maintain the platforms being managed. The Supplier will be required to develop the SOC response plans and runbooks for identified security events and the remediation of any associated security incidents.
- All documentation will be maintained by the supplier on an ongoing basis and will be made fully available to the Contracting Authority. The Tenderer must confirm that all processes and procedures will be documented, and they will be the property of the Contracting Authority.
- All relevant documentation should be hosted on the contracting authority's platform.

4.5 Reporting

- The supplier must provide a full activity report (for example, incidents, actions, SIEM system performance, issues with the service, log source activity and ingestion or cost) and present this to the Contracting Authority on a weekly basis.
- The supplier must be able to provide different levels of reporting from executive summary to technical incident analysis
- Provide regular reports on assessments and progress on optimization actions to the Contracting Authority.
- Reporting should include metrics in a format of the Contracting Authority's choosing.

4.6 Service Management

- The supplier is expected to adopt standard ITIL-based service management processes, such as incident management, problem management and change management. These processes should align and be complementary to The Contracting Authority's existing Change Management process.
- The Supplier will be required to attend the Contracting Authority Change Approval Board

(CAB) when requested. All Changes must take place with due consideration of the Contracting Authority's business needs, backed by a technology risk assessment contained in the request for change.

- The supplier should actively contribute to the enhancement of The Contracting Authority's cybersecurity posture by continuously improving threat detection, response capabilities and escalating recommendations such as infrastructure or system configuration issues which can contribute to SIEM noise.
- The use of automation or AI-assisted tooling within the Customer-Owned Workspace (including Microsoft Copilot for Security where applicable) shall not reduce the level of human analyst oversight applied to each Incident, without prior written agreement of the Contracting Authority.
- The Supplier should provide scope and flexibility to expand the solution to facilitate expansion of the existing Contracting Authority Technology Infrastructure and operations resulting in increased logging ingestion, and therefore the need for increased log analytics rules and a greater volume of incidents and alerts.

4.7 Staff / Technical Resources

- The supplier's staff must have the required skills to carry out their role. The Contracting Authority require that the supplier's staff are continuously trained and upskilled to maintain relevant abilities and expertise.

4.8 Optional Advanced and Professional Services:

Tenderers are required to outline any additional security services and capabilities they can provide beyond the core SOC and SIEM engineering services specified in this tender.

Submissions should clearly describe the scope, maturity, and delivery model for such services, which may include (but are not limited to):

- Penetration testing (infrastructure, application, cloud, etc.)
- Red, Purple, and Blue Team exercises
- Threat hunting and advanced adversary simulation
- Security architecture and consultancy services

- Security awareness and technical training programmes

Tenderers should indicate:

- How these services can be engaged on an ad hoc or ongoing basis
- The availability of dedicated or on-demand specialist resources
- Integration with the core SOC service (where applicable)
- Relevant experience, certifications, and methodologies

The Contracting Authority may, at its discretion, procure such services to support evolving operational, investigative, or strategic security requirements.

5.0 SLA

- Please see separate document called **Service Levels Agreement.docx**

5.1 Onboarding and Exit Strategy

- The Supplier will be expected to take over the supply of SIEM engineering and SOC services from an existing third-party provider. The Tenderer shall provide a detailed project plan on how they will carry out this initial transition, including full on-boarding of all services within 60 days of contract commencement.
