NOTES FOR CONTRACTING AUTHORITIES

Preparing this Document

The Suitability Assessment Questionnaire document comprises two separate parts.

Part 1, this document, which is completed by the Contracting Authority and uploaded to eTenders to provide the information for Applicants about the project, the submission requirements and the Qualification Criteria that will be applied to determine the suitability of Applicants to perform the services.

Part 2, which is completed by Applicants, having been prepared and uploaded to eTenders by the Contracting Authority along with Part 1. The Contracting Authority is required to complete the cover page and section 2.4 where Applicant details are required in addition to those specified.

Part 1 contains the three sections:

- Section 1 Information for Applicants, which requires no input from the Contracting Authority.
- Section 2 Project Particulars, which gives details of the project and the Contracting Authority's requirements for the submission of the response to the Questionnaire ("the SAQ Submission"), the rules of tender and particulars thereof are in the Instructions to Tenderers which accompany this Questionnaire.
- Section 3 Suitability Assessment Criteria, which sets out the Qualification Criteria that apply in the Competition which Applicants are required to meet in order to permit their Tender to be evaluated. This section must be prepared by the Contracting Authority by selecting appropriate suitability assessment criteria to apply as Qualification Criteria and setting minimum standards under each such criterion that are proportionate to the project in question and the type of response that the Applicant is required to provide. Where it is deemed appropriate, the Contracting Authority may specify those criteria for which Applicants may declare that they meet the standards required under such criteria. Where this is a permitted response, Applicants must be able to provide evidence in support of such declarations promptly should this be requested at any stage by the Contracting Authority.

Part 2, Applicant Details and Declaration also contains three sections:

- Section 1 General.
- Section 2 Applicant Details, which is used to collect basic information about the Applicant and any sub-contractor proposed to provide a specialist skill or other entities upon whom the Applicant relies in order to meet the requirements of any Qualification Criteria in Part 1 of the Questionnaire. If the Contracting Authority requires further details in addition to the standard details therein, the Contracting Authority must specify these requirements in section 2.4 prior to issuing Part 2. The Applicant must complete Section 2.
- Section 3 Applicant Declaration, the Applicant must complete and sign Section 3 and provide any evidence or information required by Part 1 of this Questionnaire.

The Questionnaire is issued as a protected MS Word form (text other than form fields is protected).

IMPORTANT NOTICE FOR APPLICANTS

Purpose

This Suitability Assessment Questionnaire (“this Questionnaire”) is issued in relation to a tender competition run under the open procedure. Its purpose is to obtain information to carry out a suitability assessment of Applicants responses so as to establish if they should go forward to tender evaluation that may lead to a contract award for those services stated in Section 2.4 of the Project Particulars.

In this Questionnaire, the term Applicant is used for an Individual (Sole) Trader, a single entity, a Partnership, a Consortium or any other type of Joint Venture seeking to be awarded the Contract. If the role of PSDP or PSCS is required, the entity providing that skill must be an individual (sole) trader or company (i.e. body corporate) that constitutes an acceptable entity for the purpose of this project.

This Questionnaire and any related documents must not be used for any other purpose.

This Questionnaire should be read in conjunction with the Instructions to Tenders (“the Instructions”) issued with this Questionnaire.

Applicants must also review the Instructions to Tenderers documentation and should note that the general competition rules and Contracting Authority reserved rights set out therein (e.g. with regard to query process) apply equally to this Questionnaire.

Multiple Participation

If any individual or group of individuals is included in more than one Applicant’s submission for the same contract, a statement should be provided to the effect that the Applicant is aware of this multiple participation and that it has been brought to the attention of all the consortia of which that individual or group is a member.

The Contracting Authority will then investigate the circumstances to see if this multiple participation could result in a distortion of competition. Where it is felt that competition may be distorted, the Contracting Authority may take such steps as it deems appropriate which may include limiting the number of bidding teams with which an entity may participate, disqualifying relevant Applicants or such other steps as it deems appropriate subject to the principles of applicable law.

GLOSSARY

Acronyms or capitalised terms used throughout this Questionnaire are defined in this glossary.

Applicant	The term is used for an Individual (Sole) Trader, a single entity, a Partnership, a Consortium or any other type of Joint Venture seeking to be awarded the Contract.
Specialist Skill Provider	In this Questionnaire, refers to an entity proposed by the Applicant to provide specialist skills services described in Section 1.4 of the Particulars. Note that a Specialist Skill Provider may be: (a) the Applicant itself (or a member of an Applicant which is a Consortium, Joint Venture or Partnership); or (b) a subcontractor.
BC(A)R	Building Control Regulations 1997 – 2021 and any amendments thereto.
CA	Contracting Authority
Candidate/Qualified Candidate	A Candidate is an Applicant who has submitted a Tender. A Qualified Candidate is a Candidate who has passed the suitability assessment.
Competition	The tender competition to which this Questionnaire relates.
Consortium	An association or combination of businesses or individuals who combine with the purpose of delivering a single objective.
Construction Regulations	Safety, Health and Welfare at Work (Construction) Regulations 2013 and any amendments thereto.
Contract	The Conditions of Engagement that may be awarded by the Contracting Authority for the Services at the conclusion of this Competition.
CRO	Companies Registration Office.
CWMF	The Capital Works Management Framework is mandated by Circular for public sector construction procurement and consists of a suite of best practice guidance, standard contracts and generic template documents available for download at http://constructionprocurement.gov.ie/ .
Designer	Has the meaning given in the Construction Regulations.
ESPD	European Single Procurement Document, which, where required, the Applicant, any members of an Applicant and any entities relied upon by the Applicant or any members of an Applicant, must complete in order to provide a self-declaration in regards to the situations referred to in Regulation 57 of SI 284/2016, and to declare that the Applicant meets the Qualification Criteria in the Competition. An eESPD refers to the electronic ESPD.
European Procurement Regulations	SI 284 of 2016 (European Union (Award of Public Authority Contracts) Regulations 2016) or SI 286 of 2016 (European Union (Award of Contracts by Utility Undertakings) Regulations 2016), as may be applicable to the Competition.
Foreign Subsidies Regulation (FSR)	Regulation (EU) 2022/2560 of the European Parliament and of the Council of 14 December 2022 on foreign subsidies distorting the internal market.

GLOSSARY

FSR Annex	Annex to this Questionnaire, issued by the Contracting Authority when the Competition is subject to the application of the Foreign Subsidies Regulation.
Joint Venture	A joint venture is a contractual business undertaking involving two or more parties.
OJEU	Official Journal of the European Union.
Partnership	A business that has two or more owners who are individually liable for the entity's actions.
Principal Services	The services described in Section 2.4 of the Project Particulars. Where more than one Principal Service is required, a separate Questionnaire in respect of each Principal Service is issued by the CA.
PSCS	Project Supervisor Construction Stage appointed by the Employer in accordance with the Construction Regulations.
PSDP	Project Supervisor Design Process appointed by the Employer in accordance with the Construction Regulations.
Qualification Criteria	The suitability assessment criteria selected by the Contracting Authority in Section 3 of this Questionnaire to apply in this Competition and are those criteria where "Yes" is marked in the column "Applicable Criterion/Requirement".
Questionnaire	This Suitability Assessment Questionnaire, including annexes and related documents.
Specialist Skills	Those specialist service areas described in the Section 2.4 of the Particulars required as part of the principal services.
Tenderer	A person or entity (or group of persons) who submits a tender

SECTION 1: INFORMATION FOR APPLICANTS

1.1. INTRODUCTION

This Section 1 contains information in relation to the completing this Questionnaire.

Section 2, Project Particulars (“the Project Particulars”), set out the submission requirements and summarises the key features of the service provision such as the Principal Services required, Specialist Skills required, any known particular risks, etc. Applicants should read this information carefully before submitting their response to this Questionnaire (“the SAQ Submission”). The associated Tender documents will provide greater detail on the scope of the service provision. The Project Particulars also state whether the grounds for exclusion contained in Regulation 57 (Exclusion Grounds) of SI 248/2016 (and any additional grounds for exclusion) apply to this Competition.

Section 3, Suitability Assessment Criteria sets out the minimum standards under the Qualification Criteria that the Applicant must meet in order to pass the suitability assessment. In an open procedure the Qualification Criteria are assessed on a Pass/Fail basis. Where a response to the Questionnaire fails to meet the minimum standards set out in Section 3, then the relevant Applicant will be eliminated from further participation in the Competition. The Applicant must follow the instructions set out in the Questionnaire and submit the information required in the format described otherwise the submission may be declared invalid.

1.2. SUITABILITY ASSESSMENT SUBMISSION REQUIREMENTS

Applicants must complete and submit the following documents (“the SAQ Submission”):

- (i) Part 2 of this Questionnaire; and
- (ii) where the Project Particulars state that grounds for exclusion in Regulation 57 of SI 284/2016 apply to this Competition, a self-declaration regarding the Tenderer’s circumstances either in the form of an ESPD, or Appendix A, as stated in the Project Particulars; and
- (iii) any evidence or other supporting documentation required by this Questionnaire.

Completing Part 2 of the Questionnaire

The Tenderer must always complete and submit Part 2 of this Questionnaire (in addition to providing any evidence or supporting documentation required by this Questionnaire). In Part 2, Tenderers must provide information on the Tenderer’s organisation(s) and, where applicable, any entities upon whose capacity they rely for the purpose of meeting the requirements of any of the Qualification Criteria in Part 1.

The Tenderer must always complete and sign the Declaration in Part 2, otherwise the SAQ Response may be declared invalid. In addition, in competitions above the EU thresholds, the Applicant shall also complete an ESPD. The Declaration in Section 3 must still be completed and signed even where the Tenderer has submitted an ESPD.

Where an ESPD is required to be submitted, the Tenderer must complete Parts II (Information concerning the economic operator), Part III (Exclusion Grounds), Part IVα (Selection Criteria) and Part V (Concluding Statement) of the ESPD. Part IVα is completed by selecting “YES” to confirm that the Tenderer meets the Qualification Criteria in the Competition.

Tenderers may use an existing ESPD, provided however that their circumstances have not changed since the ESPD was originally completed.

SECTION 1: INFORMATION FOR APPLICANTS

Providing Evidence

Where evidence is required to be submitted as part of the SAQ Response, the Tenderer must only provide evidence that is current up to the date of submission of the SAQ Response.

Failure to submit the required evidence with the SAQ Response may result in exclusion from this Competition.

Where the required means of submission of the SAQ Response is by electronic submission, the Contracting Authority reserves the right to inspect any original hardcopy signed documents.

1.3. SAQ SUBMISSIONS WHERE MULTIPLE PRINCIPAL SERVICE PROVIDERS ARE REQUIRED

Where there are multiple Principal Service Providers required under Section 2.4 of the Project Particulars, a separate Questionnaire will be prepared by the Contracting Authority for each Principal Service Provider. The corresponding Part 2 of each such Questionnaire of each such Questionnaire must always be completed by the Applicant for the Principal Service in question, and the responses to the separate Questionnaires collated by the Lead Applicant and returned as a single Suitability Assessment Submission.

Where a single entity applies for more than one Principal Service, they do not need to respond to criteria 3.2 and 3.3a – 3.3g (as may be applicable) for each Questionnaire, provided they submit the required information in one of their responses and reference it in all of their responses to the Suitability Assessment Questionnaire(s).

1.4. SAQ SUBMISSIONS BY CONSORTIA, JOINT VENTURES OR PARTNERSHIPS

Where an Applicant is a Consortium, Joint Venture or Partnership, each member of the Consortium, Joint Venture or Partnership must respond to the applicable sections of Section 3 of this Questionnaire and (and Part 2) and the responses are submitted as a single SAQ Submission by the Lead Member.

Where Applicants are required to submit a completed ESPD, each member of a Consortium, Joint Venture or Partnership, and any entity being relied upon for the purposes of this Questionnaire, each member of the Applicant must submit a completed ESPD.

1.5. SPECIALIST SKILL PROVIDERS

Where specialist skills (as identified in Section 2.4 of the Particulars) are required, these may be provided either by the Applicant itself or by specialist sub-consultants and in both cases, evidence required should accompany the Application as instructed in the Questionnaire. Where evidence is provided in support of any criteria, the Applicant must reference the criterion to which it refers.

Where an Applicant proposes that a sub-consultant undertakes a specialist skill, such an entity will be treated as an entity being relied upon by the Applicant, and the requirements of Section 1.6 below and Section 3.2 Reliance on Resources of the Instructions to Tenderers, apply to such an entity. Where an Applicant is required to submit an ESPD, the entity relied upon by the Applicant for a specialist skill must also submit an ESPD.

The Contracting Authority reserves the right to require a collateral warranty in the form of MF 2.3 *Collateral Warranty for Sub-Consultants* for any sub-consultant providing the Specialist Skills listed in the Project Particulars.

SECTION 1: INFORMATION FOR APPLICANTS

1.6. RELIANCE ON RESOURCES

Where, in order to meet any applicable criteria in Section 3.3 (Financial and Economic Standing) (including for the avoidance of doubt, with respect to evidence of turnover), and/or in Section 3.4 (Technical Capability) of this Questionnaire, an Applicant (or any member of an Applicant which is a Joint Venture, Consortium or Partnership) relies on the capacities of other entities or undertakings with which it is directly or indirectly linked, whatever the legal nature of those links may be (including, for example, but not limited to, a parent company and/or a subcontractor/sub-consultant, including a specialist skill provider who is not the Applicant itself, the entity being relied upon shall provide a response to the applicable Sections of this Part 1 and Part 2, and where the ESPD applies to this Competition, the entity shall complete an ESPD.

The Applicant will be required to demonstrate to the satisfaction of the Contracting Authority that the capacities relied upon will actually be available to the Applicant if it is awarded the Contract.

For the purposes of demonstrating that the resources relied upon will be available at this stage of the Competition, the Contracting Authority will accept¹:

- a letter in the form of Appendix 1 to this Questionnaire – *Letter from entity relied upon*; or
- a completed ESPD signed by the entity being relied upon (where an ESPD applies in this Competition).

If availability of capacities is not established to the satisfaction of the Contracting Authority, the Contracting Authority will assess the suitability of the Applicant without taking into account the capacities of such an entity or entities.

The Applicants attention is drawn to the requirements of Section 3.2 Reliance on Resources in the Instructions to Tenderer for further detail in relation to requirements to provide contractual commitments at contract stage.

1.7. RESPONDING TO QUALIFICATION CRITERIA

The qualification criteria that will be used in evaluating SAQ Submissions to see if they pass the suitability test are set out in Section 3 and are those criteria where “Yes” is marked in the column “Applicable Criterion/Requirement”. All are simple Pass/Fail criteria – these are requirements that must be met in full and, if passed, the Applicant will satisfy the suitability test. If a criterion is failed, the Applicant is eliminated from the tender competition. Where specialist skills and Health and Safety sub-criteria are included in any criterion, then these too must be passed, otherwise the Applicant will be eliminated from the tender competition.

The Applicant must follow the instructions and respond as required by the following titles under the ‘Response’ heading for each criterion:

Where the response for a qualification criterion is marked as Response: **EVIDENCE REQUIRED**, in addition to providing the completed Part 2 of this Questionnaire, Applicants must provide the information specified. Applicants should not purport to have responded to any such criterion solely by having provided the completed Part 2 of this Questionnaire (and/or an ESPD [where an ESPD is required]). The evidence submitted must prove that the Applicant meets the relevant criterion as of the date of submission of the Applicant's Tender. Failure to submit the required evidence with the SAQ Submission may result in exclusion from the Competition.

¹ Alternate evidence may be acceptable to the Contracting Authority

SECTION 1: INFORMATION FOR APPLICANTS

Where the response for a qualification criterion marked as Response: **DECLARATION REQUIRED**, it shall suffice for the purposes of responding to this Questionnaire for the Applicant to complete the Declaration in Part 2 of this Questionnaire, and may also respond by way of the ESPD, where an ESPD is required. The Declaration in Part 2 of this Questionnaire will be required even if the Applicant is also submitting an ESPD. The Contracting Authority may, at any time, request supporting documentation substantiating any declaration made in respect of any or all such criteria. Supporting documents must prove that the Applicant meets the relevant criteria as of the date of submission of the Applicant's Tender. Where the Contracting Authority requests supporting documentation substantiating any declaration made in respect of any or all such criteria, the supporting documents must be provided promptly and within the timeframe specified by the Contracting Authority. Failure to provide the requested supporting documentation within the timeframe specified may result in exclusion from the competition.

Where the response for a qualification criterion marked as Response: **NOT REQUIRED**, Applicants should not provide the information.

1.8. GROUNDS FOR EXCLUSION

1.8.1 Regulation 57 of 284/2016

Note: Where a Competition is subject to the application of European Procurement Regulations, Regulation 57 (Exclusion Grounds) of SI 284/2016 will automatically apply. Where a Competition is not subject to the application of the European procurement regulations, a Contracting Authority may elect to apply the grounds for exclusion in Regulation 57 in SI 284/2016 in the Competition. The position for the Competition is set out in the Project Particulars.

The grounds under which the Contracting Authority may exclude an Applicant, any member of an Applicant, or any entity relied upon by the Applicant, from participation in this Competition are set out below.

Where grounds for exclusion apply in the Competition, the Applicant, each member of the Applicant (where the Applicant is a Joint Venture or Consortium or Partnership); and, any entity being relied upon by the Applicant (or any member of the Applicant) (including Applicant's Specialist Skill Providers), must provide a declaration regarding the situations referred to below by completing an ESPD or Appendix A as stated in the Project Particulars.

The term 'Applicant' as used below refers to each of (a) the Applicant (b) a member of the Applicant (where an Applicant is a Joint Venture, Consortium or Partnership) (c) any entity being relied upon by the Applicant.

Subject always to the provisions of Regulation 57 of the European Union (Award of Public Authority Contracts) Regulations 2016 (SI 284 of 2016):

(a) if:

- (i) the Applicant is in one of the situations listed in Regulations 57(1) or 57(3) of SI 284 of 2016; or
- (ii) a member of the administrative, management or supervisory body of the Applicant/member of the Applicant, or a person having powers of representation, decision or control therein, is in one of the situations listed in Regulation 57(1) of SI 284 of 2016,

the Applicant shall be excluded from the Competition;

- (b) if the Applicant (or any member of the Applicant, in the case of a Joint Venture, Group or Consortium), is in any of the situations listed in Regulation 57(4) or 57(8) of SI 284 of 2016

SECTION 1: INFORMATION FOR APPLICANTS

selected by the Contracting Authority for the purposes of this Competition, the Applicant may be excluded from the Competition.

Any Applicant which is in one of the situations referred to above must provide details of any factors or circumstances which it believes are relevant to the Contracting Authority's assessment of whether the existence of these grounds should lead to the exclusion of the Applicant. For example, where an Applicant is in one of the situations referred to above but has taken measures which it believes are sufficient to demonstrate its reliability, that Applicant may provide evidence of such measures to the Contracting Authority for consideration. Applicants should note that, with regard to the situations listed in (a) above, the circumstances which the Contracting Authority may take into account before deciding whether or not to exclude an Applicant are prescribed by law, and Applicants are directed to Regulation 57 of the 2016 Regulations in this regard.

If an entity being relied upon is in one of the situations listed above, the Contracting Authority may require that the Applicant replaces such entity with another entity which is not in any of these situations. In the event that the entity cannot be replaced with another entity to whom the grounds do not apply (including where the Contracting Authority concludes that to permit such replacement would be contrary to law), the Contracting Authority reserves the right to eliminate the Applicant from the Competition.

Where grounds for exclusion apply in the Competition, the Applicant, each member of the Applicant and any entity being relied upon by the Applicant (or any member of the Applicant, including specialist skill providers who are not the applicant itself), must provide a self-declaration regarding the situations referred to above in the form of an ESPD (where the Competition is subject to the application of the European Procurement Regulations), or, by completing the self-declaration in the form of Appendix A – Self Declaration re Regulation 57 (where the Competition is not subject to the application of the European Procurement Regulations), as specified in the Project Particulars.

Note: The Contracting Authority may, at any time during the Competition, require the Applicant to provide the confirmation in MF 2.7 *Declaration Under Oath/Solemn Oath*, and where the Declaration Under Oath/Solemn Oath pre-dates the date of submission, Applicants must also provide the confirmation in MF 2.8 *Confirmation Oath Still Valid*.

1.8.2 ADDITIONAL GROUNDS FOR EXCLUSION

The Contracting Authority reserves the right to exclude any Applicant from the Competition should the Contracting Authority be of the view that entry into the Contract with such Applicant (bearing in mind any Applicant members (where the Applicant is a Consortium, Joint Venture or Partnership), entities relied upon or sub-consultants) would be contrary to any applicable law or regulation, including any applicable sanctions regimes.

Where required in the Particulars, Applicants shall be required to disclose in their SAQ Submission any issues giving rise to possible sanctions applications.

1.8.3 FOREIGN SUBSIDIES REGULATION

Where the Project Particulars state that Regulation (EU) 2022/2560 of the European Parliament and of the Council of 14 December 2022 *on foreign subsidies distorting the internal market* - (the Foreign Subsidies Regulation) - applies to the Competition, (having regard to the estimated value of the Contract²), the FSR Annex forms part of this Questionnaire.

² Where the estimated value of the contract is above €250m [or the equivalent in Lots (€125m)]

SECTION 2: PROJECT PARTICULARS

2.1. REQUIREMENTS IN RELATION TO THE SAQ SUBMISSION

Exclusion Grounds (Regulation 57 of SI 284/2016)	
Tenderers (and members of the joint venture, consortium, partnership and entities relied upon) must complete and submit a self-declaration in relation to Regulation 57 (Exclusion Grounds) of SI 284/2016 the form of:	an ESPD
Regulation (EU) No 833/2014 as amended by Council Regulation (EU) 2022/576 - Sanctions Against Russia	
Tenderers are required to declare, by completing in declaration in Part 2, that the Tenderer, any members of the Tenderer and entities relied upon do not exceed the limit set in Article 5k of Council Regulation (EU) No 833/2014 concerning restrictive measures in view of Russia's destabilising the situation in Ukraine, as amended by Council Regulation (EU) No 2022/578 of 8 April 2022.	Yes
The Foreign Subsidies Regulation (EU) 2022/2560 of the European Parliament and Council of 10 July 2023 - on foreign subsidies distorting the internal market (the FSR)	
Does the Foreign Subsidies Regulation apply to this Competition?	N/A

2.2 NOT USED

2.3 NOT USED

2.4 Principal Services Required

The Consultant will be required to carry out all the activities of the Designer and Project Supervisor for the Design Process (PSDP) for Phases 2 to 4 of the Housing Infrastructure Investment Fund Project Management Guidelines for this project.

Principal Service: Civil Engineering	Code: CE
--------------------------------------	----------

SECTION 2: PROJECT PARTICULARS

Scope of Service:	The Project Manager, with support from the Project Director, will be required to provide all of the project management Multi Disciplinary Consultancy Services requirements (including specialist skills listed) as necessary to comply with the Service Requirements.- Full scope of service details is detailed in the Cornamaddy to Coosan Link Road Brief with specialist skills detailed below.
Specialist Skills required	• Structural Lead (Bridge Projects) • Civil Engineering Lead • Road Design Lead • Utility Design Lead • Environmental Lead • Planning Lead • Quantity Surveyor Lead • PSDP & Designer

2.5 Other Services

CA Note: List other construction-related services (known at the time) that are going to be provided by independent Service Providers on the project other than those listed at 1.4 above. Additional fields may be entered by clicking the plus + symbol in the bottom right hand corner of the table as required.

Title of Other Services
CA Entry

2.6 Health and Safety

2.6.1 Project Categorisation for Health and Safety Competence Assessment

Project categorization for purpose of assessment of the role of Principal Service Provider or Specialist Skill Provider where such skills are required under Section 2.4 of the Project Particulars:	Type 2³
--	---------------------------

The successful Tenderer will be required to comply with the Safety, Health and Welfare at Work Act 2005 and any subsequent Safety, Health and Welfare legislation including the Safety Statement requirement.

³ Type 1 applies to projects that have a value of <€1M (Exclusive of VAT); Type 2 applies to projects that have a value of > €1M and < €10M (Exclusive of VAT); and Type 3 applies to projects that have a value > €10M (Exclusive of VAT). However considerations in relation to the H&S risk must also be taken into account in deciding on the project type. If there is a high H&S risk the category may need to be higher than that indicated by the project value above. The category of project chosen then governs decisions to be made about criteria and requirements in Section 2 of the form.

SECTION 2: PROJECT PARTICULARS

The successful Tenderer will also be required to comply with the Construction Regulations particularly where the Construction Regulations apply to the service provision.

Health and Safety competencies for those to whom the Safety, Health and Welfare at Work (Construction) Regulations 2013 (as amended) apply will be assessed as part of Section 3 – the Suitability Assessment Questionnaire.

Areas of the works involving Particular Risks known to the Contracting Authority at the time of issue⁴:

--

⁴ Particular Risks are defined at Schedule 1 to the Safety, Health and Welfare at Work (Construction) Regulations 2013 (as amended). **Please note that the list provided under that Schedule is not exhaustive.**

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

Contracting Authority's Assessment Scheme

Applicants: The table below summarises the qualification criteria that will apply to your service provision, what you are required to submit in response to each criterion and how the criteria will be assessed – in an open procedure it will always be assessed on a pass/fail basis. Where a criterion requires documentary evidence to be submitted, the relevant criterion will set out the extent of documentation and how it should be submitted.

No.	Requirement/Criterion	Applicable	Response	Evaluation
3.1	Not Used ⁵			
3.2	PROFESSIONAL OR TRADE REGISTER	Yes	Documentary Evidence Required	Pass/Fail
3.3	FINANCIAL & ECONOMIC STANDING			
3.3a	Annual Turnover (Service)	Yes	Declaration Required	Pass/Fail
3.3b	Balance sheet or Extracts from a Balance Sheet	No	Not Required	N/A
3.3c	Banker's Letter	Yes	Declaration Required	Pass/Fail
3.3d	Other Financial/Economic Information/References	No	Not Required	N/A
3.3e	Prof. Indemnity Insurance	Yes	Declaration Required	Pass/Fail
3.3f	Public Liability Insurance	Yes	Declaration Required	Pass/Fail
3.3g	Employer's Liability Insurance	Yes	Declaration Required	Pass/Fail
3.4	TECHNICAL CAPABILITY (Service Provider's Competency)			
3.4a	Qualifications (Managerial)	Yes	Documentary Evidence Required	Pass/Fail
3.4b	Qualifications (Personnel)	Yes	Documentary Evidence Required	Pass/Fail
3.4c	Services over the Past 3/5/7 ⁶ Yrs	Yes	Documentary Evidence Required	Pass/Fail
3.4d	Measures for Ensuring Quality	Yes	Documentary Evidence Required	Pass/Fail
3.4e	Average Annual Manpower over the Past 3 Years	Yes	Documentary Evidence Required	Pass/Fail
3.4f	Technical Equipment Available	No	Not Required	N/A
3.4g	Technicians or Technical Bodies	No	Not Required	N/A
3.4h	Environmental Management Measures	Yes	Declaration Required	Pass/Fail
3.4i	Supply Chain Management & Tracking Systems	No	Not Required	N/A

⁵ This criterion no longer used – for the requirements in relation to Regulation 57 of SI 284/2016 (Exclusion Grounds) in relation to the competition, refer to the Instructions for Tenderers.

⁶ As selected in the criterion

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

3.1 NOT USED⁷

3.2 ENROLMENT ON PROFESSIONAL OR TRADE REGISTER⁸

Response: DOCUMENTARY EVIDENCE REQUIRED
--

Criterion Applicable: YES

Applicants must be enrolled on a professional or trade registers in accordance with Annex XI of Directive 2014/24/EU and meet the supplemental requirements (if any) as identified by the Contracting Authority below.

The evidence required to pass this criterion is proof of enrolment on a relevant professional or trade register in accordance with in accordance with Article 80 of Directive 2014/25/EU (and Regulation 85 of the European Union (Award of Contracts by Utility Undertakings) Regulations 2016 and Article 58 of Directive 2014/24/EU (and Regulation 58 of the European Union (Award of Public Authority Contracts) Regulations 2016) and the supplemental requirements (if any) as identified by the Contracting Authority below.⁹

3.3 EVIDENCE OF ECONOMIC AND FINANCIAL CAPACITY

Note: Information under Criterion 3.3 (and associated sub-criteria 3.3a – 3.3g) must be provided by the Applicant and/or, by the entity relied upon by the Applicant for the purpose of meeting the requirements of the relevant sub-criteria (as applicable).

3.3a EVIDENCE OF TURNOVER

Response: DECLARATION REQUIRED

Criterion Applicable: YES

The Tendering applicant shall provide documentary evidence of certified turnover for the three financial years specified. In the case where the tenderer is a consortium or joint venture each member shall provide the information requested in this question.

Only evidence of turnover for Engineering Consultancy Services will be accepted from the Principal Service Provider making the tender application or where the tenderer is a consortium or joint venture. Evidence of turnover will not be accepted from any other discipline or specialist skills provider (sub-consultants). If evidence is not provided in this prescribed form the Application will not receive any further consideration and will be excluded from the tender process.

⁷ This criterion no longer used – for the requirements in relation to Regulation 57 of SI 284/2016 (Exclusion Grounds, refer to the Section 1.8 of Information for Applicants.

⁸ Enrolment on a professional or trade register should not be confused with being a member of the Royal Institute of the Architects of Ireland, the Association of Consulting Engineers of Ireland or any other similar body.

⁹ In Ireland, the economic operator may be requested to provide a certificate from the Registrar of Companies or the Registrar of Friendly Societies or, where the economic operator is not so certified, a certificate stating that the person concerned has declared on oath that the economic operator is engaged in the profession in question in the country in which the economic operator is established, in a specific place under a given business name.

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

Tenderers MUST provide evidence of an average turnover relating to Engineering Consultancy Services equivalent to €500,000 (exclusive of VAT) per year for the three year period 2023, 2024 and 2025

Minimum Turnover			
Area of Service / Business:	Overall Average Turnover to include other areas of business	Average Minimum Turnover:	Average Maximum Turnover:
Engineering Consultancy	N/A	€500,000	N/A

Combined total turnover for all members of a consortium must meet the minimum turnover. If only one member has the skills, resources and experience for the work, that member must have an average turnover that demonstrates financial capacity for the work.

Note to Tenderers:

Further confirmation / certification evidence of this requirement may be required during the evaluation stage

3.3b BALANCE SHEET OR EXTRACTS FROM A BALANCE SHEET

Response: NOT REQUIRED

Criterion Applicable: NO

3.3c BANKER'S LETTER

Response: DECLARATION REQUIRED

Criterion Applicable: YES

The Tendering applicant must:

Provide a letter from the Applicant's current principal banker dated within past 6 months, stating that, to the best of its knowledge, this is the Applicant's principal account and it is currently in good standing.

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

The evidence should be in accordance with the requirements identified here (or if for any valid reason this evidence cannot be provided then alternative evidence which is considered appropriate by the Contracting Authority may be provided).

3.3d FINANCIAL STATEMENTS OR EXTRACTS FROM FINANCIAL STATEMENTS

Response: NOT REQUIRED

Criterion Applicable: NO

3.3e PROFESSIONAL INDEMNITY INSURANCE

Response: DECLARATION REQUIRED

Criterion Applicable: YES

Before appointment, the successful Tenderer will be required to produce evidence from their Broker or Insurance Company confirming that the Tenderer has current professional indemnity insurance cover in the required amount complying with the conditions listed below and that it will be maintained for 6¹⁰ years after completion of the construction works in respect of the services provided – Model Form MF 2.1 duly completed by the Tenderer's broker or insurance company is deemed acceptable evidence for this criterion. (or if for any valid reason this evidence cannot be provided then alternative evidence which is considered appropriate by the Contracting Authority may be provided).

Cover may be provided on an "EACH AND EVERY" or on an "ANNUAL AGGREGATE" basis. However, Applicants should note that where professional indemnity insurance is provided on an "ANNUAL AGGREGATE" basis the Contracting Authority will review the situation regarding the availability of professional indemnity insurance on an "EACH AND EVERY" basis with the successful Tenderer, on an annual basis, as described in the Tender. Any Specialist Skill Providers shall also have the benefit of a similar provision.

(i) Level of cover and excess as stated below for the Principal Service Provider:

Minimum level of Professional Indemnity Insurance complying with the conditions below:	Cover on Each and Every claim basis	Cover on an Annual Aggregate basis
	€ 1,250,000 ¹¹	€ 1,500,000 ¹²

¹⁰ Where the contract is to be executed under hand then a period of 6 years should be sought for the Professional Indemnity Insurance, where the contract is to be executed under seal then a period of 12 years should be sought.

¹¹ If no value is entered it shall be read as €1,250,000 (One million and two hundred and fifty thousand Euro)

¹² If no value is entered it shall be read as €1,500,000 (One million and five hundred thousand Euro)

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

Maximum level of excess in any one claim below which the Service Provider will bear the cost:	2% of turnover or €5,000, whichever is greatest
---	---

- (ii) Level of cover and excess as stated below for Specialist Skill Providers;
The Tendering applicant must:

Submit a completed MF 2.1 (Professional Indemnity Insurance Certificate). This certificate must be completed by the Tenderers insurance broker/underwriter.

The PI insurance should also cover the Specialist Skills provided by Sub-consultants.

Minimum level of Professional Indemnity Insurance complying with the conditions below:		
Specialist Skill Provider	Cover on Each and Every claim basis	Cover on an Annual Aggregate basis
CA Entry	€ CA Entry	€ CA Entry
CA Entry	€ CA Entry	€ CA Entry
CA Entry	€ CA Entry	€ CA Entry
CA Entry	€ CA Entry	€ CA Entry
CA Entry	€ CA Entry	€ CA Entry
CA Entry	€ CA Entry	€ CA Entry
CA Entry	€ CA Entry	€ CA Entry
Maximum level of excess in any one claim below which the Specialist Service Provider will bear the cost:	2% of turnover or €5,000, whichever is greatest	

- (iii) The conditions provide for claims for breach of professional duty or civil liability as well as negligence;
(iv) The jurisdiction in which claims can be lodged and settled includes IRELAND.

Entities issuing PII insurance cover must have been granted an authorisation as an insurance undertaking by the Central Bank of Ireland to provide Non-Life Insurance Class 13 General Liability cover. Entities providing insurance intermediary services must be either authorised by the Central Bank of Ireland, or registered in a Member State other than Ireland for the purposes of Directive 2009/138/EC.

The evidence required to pass this criterion may be either;

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

- i. evidence that professional indemnity insurance (PII) meeting the requirements set out above is in place. Such evidence may be provided by the relevant insurance undertaking itself or by an insurance intermediary using Model Form 2.1; or,
- ii. the completed Appendix 2 to this Questionnaire – *Letter of Undertaking re Insurance* which may be provided where the Applicant does not have professional indemnity insurance or does not have professional indemnity insurance meeting the professional indemnity insurance requirements set out above.

3.3f PUBLIC LIABILITY INSURANCE

Response: DECLARATION REQUIRED

Criterion Applicable: YES

Before appointment, the successful Tenderer will be required to produce evidence from their Insurance Company in the form of a copy of the policy confirming that the Tenderer has current public liability insurance cover complying with the requirement(s) set out below.

Minimum level of Public Liability Insurance required in respect of any one accident:	€ 6500000 ¹³
Maximum level of excess for property only* for any one incident below which the Service Provider will bear the cost:	€ 10,000

*** No excess is permitted in respect of death, injury or illness.**

Entities issuing public liability insurance cover must have been granted an authorisation as an insurance undertaking by the Central Bank of Ireland to provide Non-Life Insurance Class 13 General Liability cover. Entities providing insurance intermediary services must be either authorised by the Central Bank of Ireland; or registered in a Member State other than Ireland for the purposes of Directive 2009/138/EC.

The evidence required to pass this criterion may be either:

- i. evidence that public liability insurance cover meeting the requirements above is in place. Such evidence may be provided by the relevant insurance undertaking itself or by an insurance intermediary; or
- ii. the completed Appendix 2 to this Questionnaire – *Letter of Undertaking re Insurance* which may be provided where the Applicant does not have public liability insurance or does not have public liability insurance meeting the requirements set out above.

3.3g EMPLOYER'S LIABILITY INSURANCE

Response: DECLARATION REQUIRED

Criterion Applicable: YES

¹³ If no value is entered it shall read as €2,600,000 (Two million and six hundred thousand Euro)

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

Before appointment, the successful Tenderer will be required to produce evidence from their Insurance Company in the form of a copy of the policy confirming that the Tenderer has current Employer's Liability insurance cover complying with the requirement(s) set out below.

Minimum level of Employer's Liability Insurance required in respect of any one accident:	€ 13,000,000 ¹⁴
--	----------------------------

Entities issuing employers liability insurance cover must have been granted an authorisation as an insurance undertaking by the Central Bank of Ireland to provide Non-Life Insurance Class 13 General Liability cover. Entities providing insurance intermediary services must be either authorised by the Central Bank of Ireland; or registered in a Member State other than Ireland for the purposes of Directive 2009/138/EC.

The evidence required to pass this criterion may be either:

- i. evidence that employer's liability insurance cover meeting the requirements above is in place. Such evidence may be provided by the relevant insurance undertaking itself or by an insurance intermediary; or
- ii. the completed Appendix 2 to this Questionnaire – *Letter of Undertaking re Insurance* which may be provided where the Applicant does not have employer's liability insurance or does not have employer's liability insurance meeting the requirements set out above.

¹⁴ If no value is entered it shall read as €13,000,000 (Thirteen million Euro) – No excess is permitted on Employer's Liability Insurance

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

3.4 EVIDENCE OF TECHNICAL CAPABILITY CRITERIA

The Applicant should consider carefully responses to subsection 3.4 in relation to the type of principal service and specialist skills identified at **Section 2.4** of the Project Particulars, in particular:

- Where *Specialist Skills* are identified in **Section 2.4** of the Project Particulars, these may be provided either by the Applicant itself or by specialist subcontractors. Irrespective of whether a subcontractor or the Applicant itself is proposed for a specialist skill, separate evidence in response to the criterion must be provided by the entity proposed to undertake the specialist skill area.
- Where the principal service applied for is a *Design Service* or any service with design input (for example Quantity Surveying where the Applicant must demonstrate a level of competence relative to their design input¹⁵) the Health and Safety sub-criteria under each of the criteria 3.4a – 3.4g inclusive must be addressed by the Applicant and where applicable, the Specialist Skill Provider.
- Prior to their appointment, the Successful Tenderer is required to sign the Safety and Health Declaration appropriate to their service provision. MF2.4 is required for general service providers, MF2.5 for PSDP and MF2.6 for PSCS.

3.4a EDUCATIONAL AND PROFESSIONAL QUALIFICATIONS (Management)

Response: EVIDENCE REQUIRED

Criterion Applicable: YES

Where the Safety, Health and Welfare at Work (Construction) Regulations 2013 (as amended) apply to either the Principal Service or Specialist Skills Provider (as defined in Regulation 2 of Construction Regulations – see footnote 17) they must also satisfy the requirements set out at 3.4.1a. These requirements (where applicable) are evaluated on a pass/fail basis and Applicants must pass 3.4.1a in order to be evaluated under 3.4a.

An Applicant who can demonstrate adequate training and qualifications for its managerial staff but cannot demonstrate appropriate experience will not be deemed adequate.

Principal Service Provider

The Applicant must provide evidence of the educational and professional qualifications (with dates obtained) and experience of their management staff, including the curricula vitae of the management staff and the organization structure in accordance with the requirements identified below.

The Tendering applicant must provide the following:

Team structure for dealing with projects of this scale, nature and complexity, comprising one chart of 1 No. A4 page (max.), for the project listed under Section 1.2 of this Suitability Assessment Questionnaire (SAQ). Where the Tenderer is a consortium, the Tenderer is to submit a separate typical consortium team structure

Project Director

Project Manager

¹⁵ “designer” means a person engaged in work related to the design of a project; “design” means the preparation of drawings, particulars, specifications, calculations and bills of quantities in so far as they contain specifications or other expressions of purpose, according to which a project, or any part or component of a project, is to be executed; *Regulation 2 of the Safety, Health and Welfare at Work (Construction) Regulations 2013 (as amended)*

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

At a MINIMUM the 'PROJECT DIRECTOR' shall

- Submit a CV of the Project Director who will act in the position to oversee the project at a Director Level. The minimum standard to be included on CV are as follows:
- Educational Qualification: Hold a Level 8 Engineering qualification recognised in the National Framework of Qualifications (NFQ) or other equivalent qualification (with date obtained).
- Professional Qualification: Chartered Engineer accredited by Engineers Ireland or equivalent with 20 years or more experience, including specific experience of a similar scale and complexity to this project.
- Experience: 20 years post graduate experience with a minimum of 10 years in a senior Engineer/Director role.
- Examples of experience of working on civil engineering design of new road projects over the past 10 years. This may be demonstrated by examples of previous experience on contracts satisfactorily completed of a similar nature, scale and complexity to this project.

A CV [maximum 2 pages] must be submitted for this person.

At a MINIMUM the 'PROJECT MANAGER' shall

- Submit a CV of the Project Manager who will act in the position to oversee the project on a day to day basis. The minimum standard to be included on CV are as follows:
- Educational Qualification: Hold a Level 8 Engineering qualification recognised in the National Framework of Qualifications (NFQ) or other equivalent qualification (with date obtained).
- Professional Qualification: Project Manager: Chartered Engineer accredited by Engineers Ireland or equivalent with 15 years or more experience and have been directly responsible for the design of a project of a similar scale and complexity in the past 8 years.
- Experience: 15 years post graduate experience with a minimum of 8 years in a Project Manager role.
- Examples of experience of working on civil engineering design of new road projects over the past 8 years. This may be demonstrated by examples of previous experience on contracts satisfactorily completed of a similar nature, scale and complexity.

A CV [maximum 2 pages] must be submitted for this person.

This criteria is Pass / Fail¹⁶

Specialist Skills Providers

If a Specialist Skill is required under Section 2.4 of the Project Particulars and is to be provided from within the Applicant's organisation this must be indicated in the response, if a sub-contractor is

¹⁶ CA to include clearly measurable pass/fail requirements

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

proposed to fulfil the Specialist Skill this must be indicated in its response to Part 2 of the Questionnaire.

Evidence in support of any criteria set out below must be submitted with the title '*Evidence in support of criterion 3.4a – Specialist Skills Providers*' where the response above is 'Evidence Required'.

Project Supervisor for the Design Process (PSDP).

The Tendering applicant must provide the following:

PROJECT SUPERVISOR FOR THE DESIGN PROCESS (PSDP)

Tenderers **MUST** provide details of their professional qualifications and appropriate experience to undertake the duties of Project Supervisor Design Process (PSDP) to manage the Health and Safety Process for the single service contract listed under Section 1.2 of this Suitability Assessment Questionnaire.

Tenderer's **MUST** demonstrate the competency of their PSDP management staff by providing confirmation that they possess the following qualifications, experience and training, at a **MINIMUM** the 'PROJECT SUPERVISOR DESIGN STAGE' shall:

- (i) Hold an honours degree (Level 8 in the National Framework of Qualifications) in Engineering or other equivalent qualification; AND
- (ii) be a Chartered Engineer accredited by Engineers Ireland or equivalent; AND
- (iii) hold a recognised Health and Safety qualification approved by a professional body appropriate to the Service Provider OR an honours degree or post-graduate qualification in Health and Safety (Level 8 or above in the National Framework of Qualifications); AND
- (iv) have at least five (5) years experience in the management of Health & Safety on projects of similar scale, nature and complexity.
- (v) confirmation that their PSDP management staff have satisfactorily completed Health and Safety training conducted by an appropriate professional body or accredited training organisation, addressing the duties of the PSDP from a management perspective and/or provide details of their PSDP management staff's membership of a Health and Safety professional institution.

A CV [maximum 2 pages] must be submitted for this person.

This criteria is [Pass/Fail]

3.4.1a SAFETY AND HEALTH SUPPLEMENT

NOTE: This section is applicable only to those service providers defined as Designers under Regulation 2 of the Construction Regulations – Criteria related to Project Supervisors (where applicable) are set out under 3.4a if it is for a Principal Service or under 3.4a Specialist Skills if it is to be a Specialist Skill.

Management staff of Applicant (including Specialist Skill providers) to whom the Construction Regulations apply must comply and provide evidence of compliance when requested with the following:

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

1. Have undertaken a course introducing the principles of the Construction Regulations with particular regard to the service provider's duties under those Regulations. The course should be approved by their relevant registration body or [in the absence of a registration body] a professional body appropriate to the service provider in question.

3.4b EDUCATIONAL AND PROFESSIONAL QUALIFICATIONS (Personnel)

Response: EVIDENCE REQUIRED

Criterion Applicable: YES

Where the Safety, Health and Welfare at Work (Construction) Regulations 2013 (as amended) apply to either the Principal Service or Specialist Skills Provider (as defined in Regulation 2 of Construction Regulations – see footnote 17) they must also satisfy the requirements set out at 3.4.1b. These requirements (where applicable) are evaluated on a pass/fail basis and Applicants must pass 3.4.1b in order to be evaluated under 3.4b.

An Applicant who can demonstrate adequate training and qualifications for its personnel but cannot demonstrate appropriate experience will not be deemed adequate.

Principal Service Provider

The Applicant must provide evidence of the educational and professional qualifications (with dates obtained) and experience of the Applicant's personnel proposed for the principal service, including the curricula vitae of the personnel in accordance with the requirements identified below.

17

Specialist Skills Providers

If a Specialist Skill is required under Section 2.4 of the Project Particulars and is to be provided from within the Applicant's organisation this must be indicated in the response, if a sub-contractor is proposed to fulfil the Specialist Skill this must be indicated in its response to Part 2 of the Questionnaire.

Evidence required in support of any criteria set out below must be submitted with the title '*Evidence in support of criterion 3.4b – Specialist Skills Providers*'.

- Structural Lead (Bridge Projects)
- Civil Engineering Lead
- Road Design Lead
- Utility Design Lead
- Environmental Lead
- Planning Lead
- Quantity Surveyor Lead

Structural Lead (Bridge Projects) - The minimum qualifications and experience to be demonstrated are to have a Level 8 qualification in Civil or Structural Engineering or

¹⁷ CA to include clearly measurable pass/fail requirements

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

equivalent and be a Chartered Engineer (IEI) or equivalent with a minimum of ten (10) years post graduate experience on similar projects.

Civil Engineer Lead - The minimum qualifications and experience to be demonstrated are a recognised degree to Level 8 in Civil or Structural Engineering or equivalent and be a Chartered Engineer (IEI) or equivalent with a minimum of ten (10) years post graduate experience on similar projects.

Road Design Engineer Lead - The minimum qualifications and experience to be demonstrated are a recognised degree to Level 8 in Civil Engineering or equivalent and be a Chartered Engineer (IEI) or equivalent with a minimum of ten (10) years post graduate experience on similar projects.

Utility Design Engineer Lead - The minimum qualifications and experience to be demonstrated are a recognised degree to Level 8 in Civil Engineering or equivalent and be a Chartered Engineer (IEI) or equivalent with a minimum of ten (10) years post graduate experience on similar projects.

Environmental Engineer Lead - The minimum qualifications and experience to be demonstrated are a recognised degree to Level 8 in Environmental Engineering or Environmental Science or equivalent with a minimum of ten (10) years post graduate experience on similar projects.

Planning Lead - The minimum qualifications and experience to be demonstrated are a recognised degree to Level 8 in Planning or equivalent which must be accredited by the Irish Planning Institute (IPI) or the Royal Town Planning Institute (RTPI) or equivalent with a minimum of ten (10) years post graduate experience on similar projects.

Quantity Surveyor - The minimum qualifications and experience to be demonstrated are to have a Level 8 qualification in Quantity Surveying or equivalent, be a Chartered Quantity Surveyor with the Royal Institution of Chartered Surveyors (RICS) or equivalent and have at least eight (8) years post graduate experience on similar projects.

This criteria is [Pass/Fail]

3.4.1b SAFETY AND HEALTH SUPPLEMENT

NOTE: This section is applicable only to those service providers defined as Designers under Regulation 2 of Construction Regulations – Criteria related to Project Supervisors (where applicable) are set out under 3.4b if it is for a Principal Service or under 3.4b Specialist Skills if it is to be a Specialist Skill.

Personnel of Applicant proposed for the principal service (and any Specialist Skills Providers) to whom the Construction Regulations apply must comply with and provide evidence of compliance when requested with the following:

1. Have undertaken a course introducing the principles of the Construction Regulations with particular regard to the service provider's duties under those Regulations. The course should be approved by their relevant registration body or [in the absence of a registration body] a professional body appropriate to the service provider in question.

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

3.4c LIST OF TECHNICAL SERVICES PROVIDED OVER THE PAST 7 YEARS

Response: EVIDENCE REQUIRED

Criterion Applicable: YES

Where the Safety, Health and Welfare at Work (Construction) Regulations 2013 (as amended) apply to either the Principal Service or Specialist Skills Provider (as defined in Regulation 2 of Construction Regulations – see footnote 17) they must also satisfy the requirements set out at 3.4.1c. These requirements (where applicable) are evaluated on a pass/fail basis and Applicants must pass 3.4.1c in order to be evaluated under 3.4c.

A Contracting Authority may only require an Applicant to submit a list of services provided over a maximum period of 3 years. However a Contracting Authority may take into account services delivered over a longer period if appropriate. The period specified in the sub-criterion title above is the period within which the applicant may submit evidence of its technical services provided, it is not mandatory that technical services be evidenced for the whole period. If a firm cannot provide evidence for the entire period (e.g. a firm has not been trading for the whole period) this will not be used as a reason to reject its application.

Principal Service Provider

The minimum standard is satisfactory experience in providing technical services on projects of a similar scale, nature and complexity to the one for which applications are being assessed. (This does not mean to stipulate projects that are identical to the project that is the subject of this Questionnaire.)

Evidence of delivery of technical services should be provided in the form of a list of commissions carried out over the period set out above in the format set out in Appendix B1. These commissions should indicate how the service provider delivered the service. The applicant should provide a Certificate of Satisfactory Execution (Appendix B3) for any project listed on Appendix B1 if so requested by the Contracting Authority. Appendices B1 and B3 should only be submitted with the tender if the response above is 'Evidence Required'. Where a declaration is permitted, evidence in support of the declaration is only required when requested by the Contracting Authority.

Any supplementary requirements stated below should be submitted as set out by the Contracting Authority.

The Tendering applicant must submit details of five (5) projects in an urban or peri-urban environment, for which they have undertaken services of a similar nature and complexity projects of a similar nature described in this Tender call over the past 7 years (from January 2018 - 2025). Applicants shall ensure that the projects submitted are of a comparable scale, nature and complexity to the requirements for this project.

These projects must include executed and fully completed projects within the last seven years by way of completed Appendices B1 and B3. Certificate B3 should, under 'Other Information' include a written narrative dealing with the information required in not more than 200 words.

Where the Applicant comprises a consortium, the submission on behalf of the consortium is also limited to a minimum of five (5) reference projects cumulatively from the consortium members.

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

A separate Appendix B3 document must be provided for each project.

This criteria is [Pass/Fail]

Specialist Skills Providers

If a Specialist Skill is required under Section 2.4 of the Project Particulars and is to be provided from within the Applicant's organisation this must be indicated in the response, if a sub-contractor is proposed to fulfil the Specialist Skill this must be indicated in its response to Part 2 of the Questionnaire.

Evidence required in support of any criteria set out below must be submitted with the title '*Evidence in support of criterion 3.4c – Specialist Skills Providers*'.

The following applies to the PROJECT SUPERVISOR FOR THE DESIGN PROCESS only:

Tenderers **MUST** provide details of satisfactory experience in the provision of Project Supervisor Design Process (PSDP) services on projects of a similar scale, nature and complexity to the one for which this Suitability Assessment Questionnaire is being assessed.

Tenderers **MUST** as a **MINIMUM** provide the following details:

(i) evidence of satisfactory delivery of PSDP services on projects of a similar scale, nature and complexity to the project for which these applications are being assessed, at least one of which has had a construction value of not less than €1 million (exclusive of VAT), with this evidence to be in the form of a list of PSDP commissions satisfactorily completed within the past 10 years (note - format of list is to be as set-out in Appendix B1);

ii) Tenderers **MUST** provide details of how Health and Safety in project design was managed and how the principles of prevention were applied in their role as PSDP. These details should be clearly identified and cross referenced to the projects listed in Item (i) above, with the required information to be submitted in the relevant section under 'Other Information' on Certificates of Satisfactory Delivery of Services (Appendix B3) for each project cited, with individual responses not exceeding 200 words per response per project.

Tenderers should note that the maximum number of reference projects for which information must be provided under this section (3.4c - Specialist Skills Providers) is limited to five (5). Where the Tenderer is a consortium, the submission on behalf of the consortium is also limited to a maximum of five (5) reference projects in total from all of the consortium members.

This criteria is [Pass/Fail]

3.4.1c SAFETY AND HEALTH SUPPLEMENT

NOTE: This section is applicable only to those service providers defined as Designers under Regulation 2 of Construction Regulations– Criteria related to Project Supervisors (where applicable) are set out under 3.4c if it is for a Principal Service or under 3.4c Specialist Skills if it is to be a Specialist Skill.

Applicants (including any Specialist Skills Providers) must notify the Contracting Authority of any enforcement actions, legal proceedings, accidents, fatalities or incidents associated with any lapse in the discharge of their duties under the Construction regulations within the last 3 years. If any of the above apply, Applicants must identify the steps taken to prevent such lapses from reoccurring.

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

For ONE of the projects listed in the relevant Appendix B1 - List of Previous Projects

i) Each service provider and specialist skill provider who is classed as a Designer, as defined above, MUST provide a statement of how Health and Safety in the project was managed, how Risk Assessments were carried out and how hazards were managed.

(ii) Provide a copy of a Design Risk Assessments carried out in that project.

These details should be clearly cross-referenced to the project listed in the relevant Appendix B1 - List of Previous Projects and the individual responses shall not exceed 200 words per response per project.

Where a designer is providing more than one service or specialist skill, a single statement, as described above, and that identifies the related design service or skill, will suffice.

3.4d MEASURES FOR ENSURING QUALITY

Response: EVIDENCE REQUIRED

Criterion Applicable: YES

Principal Service Provider

Applicants must provide, when requested by the Contracting Authority, a description of the technical facilities and measures used by the applicant to ensure quality of service including any study and research facilities, including measures used by the applicant for ensuring quality both in the administration of the service and in the delivery of a high-quality end-product.

Minimum Standard

A written statement setting out how the service provider manages, reviews and evaluates their performance. It should include references to record keeping, Continuing Professional Development and how up-to-date information relevant to their particular service is accessed. A brief description of their Information Technology systems and policies should also be provided.

The Tendering applicant must provide information on the measures in place to ensure the delivery of a quality service, for example by way of an accredited system, or an equivalent in-house quality control process or system.

The required information to be submitted on 2 No. A4 pages (max)

This criteria is [Pass/Fail]

Specialist Skills Providers

If a Specialist Skill is required under Section 2.4 of the Project Particulars and is to be provided from within the Applicant's organisation this must be indicated in the response, if a sub-contractor is proposed to fulfil the Specialist Skill this must be indicated in its response to Part 2 of the Questionnaire.

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

Evidence required in support of any criteria set out below must be submitted with the title '*Evidence in support of criterion 3.4d – Specialist Skills Providers*'.

3.4.1d SAFETY AND HEALTH SUPPLEMENT

NOTE: This section is applicable only to those service providers defined as Designers under Regulation 2 of the Construction Regulations Service or under 3.4d Specialist Skills if it is to be a Specialist Skill.

3.4e AVERAGE ANNUAL MANPOWER OVER THE PAST 3 YEARS

Response: EVIDENCE REQUIRED

Criterion Applicable: YES

Applicant must provide evidence, when requested by the Contracting Authority, in the form of a statement scheduling the average number of persons providing the services annually and the number of persons employed by the service provider in managerial positions during the immediately preceding 3 years in accordance with the requirements (if any) identified by the Contracting Authority below. If a firm cannot provide evidence for the entire period (e.g. a firm has not been trading for the whole period) this will not be used as a reason to reject its application.

The Tendering applicant must:

Provide a statement of the requirements outlined above for the period 2023, 2024 & 2025

This criteria is [Pass/Fail]

Specialist Skills Providers

If a Specialist Skill is required under Section 2.4 of the Project Particulars and is to be provided from within the Applicant's organisation this must be indicated in the response, if a sub-contractor is proposed to fulfil the Specialist Skill this must be indicated its response to Part 2 of the Questionnaire.

Evidence required in support of any criteria set out below must be submitted with the title '*Evidence in support of criterion 3.4e – Specialist Skills Providers*'.

3.4.1e SAFETY AND HEALTH SUPPLEMENT

NOTE: This section is applicable only to those service providers defined as Designers under Regulation 2 of the Construction Regulations– Criteria related to Project Supervisors (where applicable) are set out under 3.4e if it is for a Principal Service or under 3.4e Specialist Skills if it is to be a Specialist Skill.

3.4f TECHNICAL EQUIPMENT AVAILABLE TO CARRY OUT THE CONTRACT

Response: NOT REQUIRED

Criterion Applicable: NO

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

Applicant must provide evidence, when requested by the Contracting Authority, in the form of a statement of technical equipment that would be available to assist in the delivery of the required technical services in accordance with the requirements (if any) identified by the Contracting Authority below.

N/A

Specialist Skills Providers

If a Specialist Skill is required under Section 2.4 of the Project Particulars and is to be provided from within the Applicant's organisation this must be indicated in the response, if a sub-contractor is proposed to fulfil the Specialist Skill this must be indicated in its response to Part 2 of the Questionnaire

Evidence required in support of any criteria set out below must be submitted with the title '*Evidence in support of criterion 3.4f – Specialist Skills Providers*'.

N/A.

3.4.1f SAFETY AND HEALTH SUPPLEMENT

NOTE: This section is applicable only to those service providers defined as Designers under Regulation 2 of the Construction Regulations – Criteria related to Project Supervisors (where applicable) are set out under 3.4f if it is for a Principal Service or under 3.4f Specialist Skills if it is to be a Specialist Skill.

CA Note: If particular criteria apply these should be entered here otherwise state 'Safety and Health competence will be assessed on the evidence sought for Principal Service Provider under 3.4f'

3.4g TECHNICIANS OR TECHNICAL BODIES AVAILABLE

Response: NOT REQUIRED

Criterion Applicable: NO

Applicants must provide evidence, when requested by the Contracting Authority, in the form of a list of the relevant technicians or technical bodies (other than in-house specialists or specialist subcontractors identified for specialist skills listed at subsection 1.4) whom the service provider can call on in order to provide the service or whom the service provider is going to use in relation to quality control. These should comply with the requirements (if any) identified by the Contracting Authority below.

N/A

Specialist Skills Providers

If a Specialist Skill is required under Section 2.4 of the Project Particulars and is to be provided from within the Applicant's organisation this must be indicated in the response, if a sub-contractor is proposed to fulfil the Specialist Skill this must be indicated in its response to Part 2 of the Questionnaire.

Evidence required in support of any criteria set out below must be submitted with the title '*Evidence in support of criterion 3.4g – Specialist Skills Providers*'.

N/A

SECTION 3: SUITABILITY ASSESSMENT CRITERIA

3.4.1g SAFETY AND HEALTH SUPPLEMENT

NOTE: This section is applicable only to those service providers defined as Designers under Regulation 2 of the Construction Regulations– Criteria related to Project Supervisors (where applicable) are set out under 3.4g if it is for a Principal Service or under 3.4g Specialist Skills if it is to be a Specialist Skill.

N/A

3.4h ENVIRONMENTAL MANAGEMENT MEASURES

Response: DECLARATION REQUIRED	Criterion Applicable: YES
---------------------------------------	----------------------------------

This criteria is [Pass/Fail]

The evidence required to pass this criterion should be in accordance with the requirements identified below (or, if for any valid reason this evidence cannot be provided then alternative evidence which is considered appropriate by the Contracting Authority may be provided).

CA REQUIREMENT: The Tendering applicant must provide information which demonstrates operation of an appropriate environmental management system whether 3rd party certified or in-house.

3.4i SUPPLY CHAIN MANAGEMENT AND TRACKING SYSTEMS

Response: NOT REQUIRED	Criterion Applicable: NO
-------------------------------	---------------------------------

N/A

The evidence required to pass this criterion should be in accordance with the requirements identified below (or, if for any valid reason this evidence cannot be provided then alternative evidence which is considered appropriate by the Contracting Authority may be provided).

To:	[Name and address of Applicant]	
Regarding:	[Insert contract title]	
Date:	[Date]	

A Dhaoine Uaisle,

We confirm that we are

- a) an insurance undertaking authorised by the Central Bank of Ireland; or
- b) an insurance intermediary authorised by the Central Bank of Ireland; or
- c) an insurance intermediary registered in the EU/EEA for the purposes of Directive 2009/138/EC; and
- d) we meet any other requirements for an insurance undertaking or insurance intermediary set out in the relevant Qualification Criterion relating to the provision of the insurance type stated below.

We confirm we have insurance facilities in place, which would enable us to provide to the above named entity with (*insert insurance type and limit amount as appropriate*)

- Professional indemnity Insurance in the required amount of [●] euros on [annual aggregate/each and every claim] basis
- Public Liability Insurance in the required amount of [●] euros
- Employers Liability Insurance in the required amount of [●] euros

and meeting any other requirements in the relevant Qualification Criteria for insurances²¹.

Therefore, subject to a satisfactory application, we expect that insurance cover can be issued within 4 weeks of the receipt by us of the relevant application, subject to our normal terms and conditions. We understand you will be giving a copy of this letter to

[Name of Contracting Authority]

We look forward to receiving an application from you if your tender is successful.
