775318		Is it acceptable to use the same previous project/contract example for corresponding Lots of different contract value i.e. use the same project/contract example for Accounting Services for Lot 1 and Lot 2. Assuming that the project/contract example is in excess of €140,000?	Yes. Tenderers must demonstrate that they have successfully delivered projects/contracts for the services required, in the Lot that they are applying, to the contract value stated for the specific Lot, or above, within the past three (3) years to the satisfaction of the client referee.
