3.1 Small and Medium Enterprise Participation

It is the policy of LWETB to promote participation by Small and Medium Enterprises (SMEs) on a fair and equal basis.

SMEs are encouraged to explore the possibilities of forming relationships with other SMEs or with larger enterprises to meet the financial, economic, or technical capacity requirements of the competition, if required.

Tenderers may include individuals, partnerships, limited companies, groupings or any combination of the foregoing with or without legal personality. However, a grouping if successful will be required to establish legal personality to enter the contract agreement / contract.

Tenderers are reminded that they may rely on the resources of other entities to establish the requirements, on condition that they can prove to the satisfaction of LWETB, that they will have these resources at their disposal when necessary.

If the tender is from a consortium / joint venture, tenderers must ensure that all the relevant information is provided and where necessary, provide the information requested separately for each party. Relevant information relates to where a tenderer is relying on the resources to qualify (e.g., turnover, manpower, previous experience) and/or to deliver contracts. The consortium must appoint a single point of contact who will assume overall responsibility for delivery, and who is authorised to sign the contract agreement

/ contract on behalf of all consortia members. LWETB will not act as an arbitrator between members of consortia.

Micro enterprises: enterprise which employs **fewer than 10 persons** and whose annual turnover and/or annual balance sheet total does **not exceed EUR 2 million**.

Small enterprises: an enterprise which employs **fewer than 50 persons** and whose annual turnover and/or annual balance sheet total does **not exceed EUR10 million**

If an eESPD or a Declaration of Personal Circumstances template is required please request it via the messaging facility on etenders.

The Client and the Office of Government Procurement reserve the right to seek written undertakings from any nominated subcontractor.

4. Scope/specification

Longford and Westmeath Education & Training Board proposes to engage in a competitive process for the establishment of a single party contract agreement for the provision, supply and delivery of 1 Agricultural Vehicle (Tractor) to include Commissioning and Training.

No specific volumes are listed, this is a draw down tender requesting suppliers for the period of this contract agreement.

A contract agreement constitutes a means of establishing overall terms and conditions in accordance with which, for a specified duration, individual contracts may or may not be awarded.

In the context of a single-party contract agreement, the successful contract member does not have to compete for each new contract. It is emphasised that a contract agreement constitutes no guarantee to purchase a specific quantity of supplies or services from a particular economic operator.

Indeed, Longford and Westmeath Education & Training Board reserves the right to operate outside of the contract agreements at its discretion, particularly should it become apparent that doing so would offer greater value for money. Notwithstanding the foregoing, the contract agreement approach has been adopted in order to leverage efficiencies and maximise cost savings over the duration of the contract.

Note: This is an accelerated competition and will be advertised on the etender platform for the required duration of **fifteen (15) days**. The supply and delivery of 1 Agricultural Vehicle (Tractor) to include Commissioning and Training across their property portfolio – See Appendix 3, LWETB has a recurring requirement for the delivery of third party services and is seeking to establish a contract for the delivery of various maintenance requirements as the needs arise.

LWETB invites responses to this Call for Tender (CFT) from economic operators for provision, supply and delivery of 1 Agricultural Vehicle (Tractor) to include Commissioning and Training.

4.1 Numbers Admitted to the Contract

Success under this competition will result in appointment to a Single Supplier Contract Agreement through application of the cascade system whereby contracts are awarded on foot of the original tenders to the first ranked firm admitted to the contract agreement. Where they are not in a position to deliver the full contract due to availability, conflict of interest, etc. the next ranked firm will be approached moving in ranked order through the contract members until the contract is awarded.

4.2 Duration of the Contract Agreement

The agreement will be for one (1) year, with the option to extend the agreement for further periods of six (6) months or one (1) year, subject to a maximum of four (4) years in total, subject to satisfactory performance, business needs and budgetary constraints.

Note 2: It is emphasised that this contract does not constitute a guarantee to procure a specific service from a particular economic operator. Indeed, LWETB reserves the right to operate outside of the agreement at its discretion; particularly should it become apparent that doing so would offer greater value for money. Notwithstanding the foregoing, the agreement approach has been adopted to leverage efficiencies and maximise cost savings over the duration of the agreement.

For the avoidance of doubt, Longford & Westmeath Education and Training Board confirms that the period of any contracts awarded under the contract agreement may extend beyond the date of expiry of the agreement.

4.3 Estimated Value of the Contract Agreement

The combined estimated total value of the contract agreement is in the region of €200,000 over the life time of the contract agreement (assuming the framework agreement runs for four years). It is emphasised, however that this figure is provided strictly for indicative purposes only as there is no guaranteed expenditure under any of the contract agreements.

4.4 Application of Variants (where applicable)

Variants are permitted for this contract only after prior consultation with contracting authority.

Where variant offers are acceptable under the terms of this tender competition, tenderers must note that they must comply with the minimum requirements laid down in the specification. The Contracting Authority is open to looking at alternative methods of delivery of the contract under the variant rule.

4.5 Review of Performance

Supplier performance will be continually monitored over the term of the contract agreement. The format will be agreed between Longford & Westmeath Education and Training Board and the successful Respondent. Cost competitiveness, quality of service and turnaround time will be the main criteria for measuring performance.

It is expected that the successful respondent will take a proactive role in monitoring performance with a view to making appropriate recommendations where necessary for continuous improvement.

4.6 Account Management

4.6.1 Account Manager

Longford and Westmeath Education and Training Board requires Respondents to nominate a dedicated account manager who will act as the main point of contact for the duration of the contract. This person shall have the authority to deal with all matters in relation to the contract and be responsible for the satisfactory delivery of the services required. The duties of the account manager will include the following:

- Overall responsibility for a good working relationship with Longford and Westmeath Education and Training Board.
- Meet as and when required to review the relationship and examine performance.
- Deal with disputes, complaints or concerns that cannot be adequately resolved.
- Regularly give and receive both formal and informal feedback on the relationship, workloads, processes, areas and suggestions for improvement and cost savings.
- Proactively discuss with Longford and Westmeath Education and Training Board ways of improving efficiency regarding service delivery in general.

NOTE: Tenderers will note that account management activities will be non-billable (i.e., Longford and Westmeath Education and Training Board will not pay separately for account management activities). Longford and Westmeath Education and Training Board will nominate authorised staff to liaise with the successful Respondent and delegate as required.

4.7 Garda Vetting (if applicable)

To comply with Garda Vetting requirements schools and centres may require that any maintenance work will be undertaken outside school hours.

Section 12 of the Vetting Act 2012 requires; “that a school authority must not, other than where certain exemptions apply, contract, permit or place a person to undertake relevant work or activities prior to the school authority receiving a vetting disclosure from the Bureau in respect of that person”.

If work must be completed during school hours, and if deemed necessary by the school principals or their representatives, each organisation must, if requested by LWETB, supply relevant details of the staff proposed to carry out the maintenance to enable LWETB to obtain Garda Vetting for these staff members. Failure to provide relevant details for staff members will result in the immediate removal of the organisation from the maintenance panel.

If LWETB or its representatives request the removal of any person from its premises the contractor must immediately comply with this request or else face immediate removal from the maintenance panel.

Failure to satisfy LWETB that the above requirements have been fully complied with will result in the Company being immediately removed from the panel.

You must, if required by the ETB, maintain satisfactory vetting throughout employment with the ETB. Failure to do so will result in termination of employment. The Employer reserves the right to re-vet employees in line with the ETB's re-vetting policy. All Garda vetting disclosures will be retained by the ETB in line with our Records Retention Schedule, which is available upon request.

In addition, an employee who is convicted of any criminal offence (or given the benefit of the Probation Act 1907) must report that fact to their Head of HR within 1 business day of conviction, in order for an assessment to be conducted under Garda Vetting regulations. In certain circumstances this could have implications for his/her position of employment. Such information will be treated in strict confidence and no record of it will be kept unless the information is considered relevant to the official position of the employee in the ETB.

4.7.1 Replacement Personnel

Notification must be sent in writing as soon as possible to Longford and Westmeath Education and Training Board on any proposed change of nominated personnel, such change to be subject to the written approval of Longford and Westmeath Education and Training Board.

Replacement personnel must be of equal or better standing than the personnel originally nominated in terms of qualifications and experience.

4.7.2 TUPE Regulations (if applicable)

Tenderers are reminded that the assessment of whether or not the TUPE Regulations are applicable and responsibility for compliance with any and all obligations arising pursuant to the TUPE Regulations are matters solely for the Tenderer/Contract Member and LWETB shall have any liability for same.

However; where information has been provided by the incumbent to LWETB, such information in relation to the terms and conditions of employment of all persons currently engaged by the incumbent is provided such that LWETB are acting as a conduit in providing such information and cannot warrant the accuracy and completeness of the information, and on this basis disclaims its accuracy and completeness.

LWETB reserves the right to seek additional information from the Tenderer/Contract Member in order to verify compliance with this requirement. Under the terms of any Services Contract awarded, the Contract Member shall be required to comply with all applicable obligations arising pursuant to the TUPE Regulations and Council Directive 2001/23/EC and failure to so comply shall constitute a material breach of the Services Contract.

The Tenderer/Contract Member shall be required to indemnify, save harmless and keep LWETB indemnified from and against all liabilities (including the cost of wages, salaries and other remuneration or benefits, expenses, taxation, PRSI payments, health contributions, levies, losses, claims, demands, actions, fines, penalties, awards, (including legal expenses on an indemnity basis)) from, or incurred by reason of, any claims made against LWETB under the TUPE Regulations by any Affected Employees.

Affected Employees shall mean those employees in respect of whom the TUPE Regulations may be deemed to apply in connection with the Services Contract.

Where information has been provided by the incumbent to the client, such information in relation to the terms and conditions of employment of all persons currently engaged by the incumbent and that Longford and Westmeath Education and Training Board (LWETB) are acting as a conduit in providing such information cannot warrant the accuracy and completeness of the information, and on this basis disclaims its accuracy and completeness.

Longford and Westmeath Education and Training Board (LWETB) reserves the right to seek additional information from the tenderer in order to verify compliance with this requirement.

Prior to the award of any contract arising out of this competition, the successful Tenderer/Contract Member shall be required to supply a copy of their Private Security Authority (“PSA”) Organisations licences required to provide the Service. For the avoidance of doubt, evidence of the PSA licences held by individual staff will be requested from the successful Tenderer prior to the award of (and shall be a condition of) any contract. The Client reserves the right to confirm compliance with the “PSA”.

LWETB shall require from the successful tenderer all (anonymised) TUPE information relevant to the new contract – this information should be furnished on request.

Tenderers should be aware that there is a significant possibility that the application of Acquired Rights Directive and Irish Regulations may result in the transfer of current staff to the successful tenderer (TUPE).

4.8 Invoicing

All official invoices must quote a Longford & Westmeath Education & Training Board purchase order number and must be sent to Education Shared Business Services (ESBS) Centre by Email to LWETB_Finance@esbs.gov.ie. 4.9 Right to Tender outside of the Contract

Longford and Westmeath Education and Training Board intends to use the contract for the procurement of requirements falling within its scope during the specified period; however, it reserves the right to go outside the contract for the procurement of any requirement without reference to the framework member. Admission to a contract does not guarantee the award of any contract to any economic operator, nor does it give the member the right to be consulted in respect of, or tender for, any contract.

4.10 Compliance with the Terms and Conditions of the Contract Agreement

Admission to the contract agreement will be conditional upon acceptance of Longford and Westmeath Education and Training Board's Contract Terms and Conditions.

Tenderers are required to review these terms and conditions and indicate their acceptance thereof as part of their tender submission. Any reservation about these terms should be submitted as a query in accordance with the procedure described in Appendix 1 - Instructions to Tenderers Section (b) of this document.

All queries relating to tenders competitions **must** be submitted through the tender portal **only**. Any queries emailed directly to LWETB will not be responded to in the interest of fairness to all interested parties in the tender.

4.12 Changes

5.2 Part 2 - Award Criteria

Only responses meeting the selection criteria (Part 1) and confirmed as valid and responsive to the specifications set out in this document will be evaluated against the following criteria.

Tenderers should ensure that they have submitted sufficient relevant information to allow their tenders to be assessed under each of the award criteria set out below.

Responses are required through completion of the separately attached Tender Response Document (TRD). Full details for each criterion are included in the Tender Response Document (TRD).

The contract will be awarded based on the most economically advantageous compliant tender taking into account the following award criteria and weightings.

Any additional pages or information will not be considered in the evaluation, and no marks will be awarded for information included on pages outside of the page allowance.

For the avoidance of doubt, LWETB will not read or evaluate any part of a Tender which exceeds the page limit / word count for that award criterion. This is necessary in order to ensure concise relevant answers which will in turn facilitate an efficient evaluation process.

Please note: Any information given/submitted under the above selection criteria will not be considered/awarded marks in the evaluation of the award criteria, 5.2 of this CFT, and vice versa. These are two criterions in their own right.
