

PBF144F Multi Supplier Framework Agreement for the Provision of Accounting, Audit and Financial Advisory Services to the Irish Public Sector.

Message Ref No	RFT Section	Question	Contracting Authority Response
781359		The OGP has confirmed in the clarification responses that it acceptable to use the same previous project/contract example for corresponding Lots of different contract value i.e. on that basis that the that the project/contract example is in excess of €140,000, it can be used for both Lots 5 and 6 as the services are the same. Please confirm whether we can submit one joint qualification for this and one signed letter to cover both Lots, or whether separate letters are required. We have one client for whom we have delivered multiple projects across different Lots. Rather than obtaining separate reference letters from this client for each project, would it be acceptable to the OGP if we request a single reference letter from the client that covers all applicable Lots, with the client confirming their satisfaction with our delivery across each service type?	Tenderers should note that each Lot is a separate Framework Agreement and membership of each individual Framework Agreement will depend on the evaluation of the Tenders received from Tenderers for each Lot. Tenderers are required to complete and submit a separate Tender Response Document (“TRD”) for every Lot that they are tendering for as per requirements as set out in 2.6 of this RFT. Tenderers should note that it is a mandatory requirement of this Competition for Tenderers to complete the Tender Response Documents (“TRD”) for each lot, provided as a separate attachment to this RFT. There is a distinct template reference letter provided for each Lot, and this must be completed and submitted as part of that Lots tender submission. It is <u>not</u> permissible to use one reference letter to cover more than one Lot.
