Preface

The Contracting Authority is making these documents available to Applicants for the contract identified in the Particulars, for tendering purposes only. These documents must not be used for any other purpose.

The Contracting Authority makes no representation, warranty, or undertaking in or in connection with these documents. The Contracting Authority has not authorised anyone to make any representation in connection with these documents on its behalf, and Applicants should not rely on any representation purportedly made on the Contracting Authority's behalf in connection with them. Neither the Contracting Authority nor its officers, employees, or advisers will have any liability in connection with these documents. Applicants must make their own assessment of the adequacy, accuracy, and completeness of these documents.

The Contracting Authority reserves the right not to proceed with the procurement process or any part of it and may terminate the process or any part of it at any time, with or without procuring the Works in another way. If this happens, neither the Contracting Authority nor its officers, employees, or advisers will be liable to any Applicant or other person. The Contracting Authority also reserves the right to change any part of these documents, including the procedures and time limits described in them. The Contracting Authority does not bind itself to accept any outcome of the process described in these documents and is not obliged to enter into a contract for the Works with anyone.

Neither the Contracting Authority nor its officers, employees, or advisers have any responsibility for Applicants' costs or losses in connection with this competition. These Instructions do not create a contract or legal relationship (including for the avoidance of doubt, any contract about the competition itself) between any Applicant and the Contracting Authority (except for the Applicant's irrevocable offer to be bound by its Tender for the period stated), unless and until the Contract has been entered by issue of a Letter of Acceptance and any conditions precedent to its effectiveness have been met. The exception to this is the obligation upon a Tenderer with regard to confidentiality. These Instructions to Tenderers will not be part of any Contract unless explicitly stated otherwise.

These documents are being made available to the Applicants on the terms stated in these Instructions to Tenderers. They are not being distributed to the public, and have not been filed, registered, or approved in any jurisdiction. Possession or use of these documents contrary to any law is prohibited. Applicants must inform themselves of and observe all laws concerning the possession and use of these documents.

Applicants must treat these documents, their Tenders, and their participation in this competition as confidential. Applicants must not disclose any information about this competition to anyone other than as required for tendering purposes, or as required by law.

The Contracting Authority is entitled to disclose information about this competition, including the identity of the Applicants, to any person. If an Applicant considers that information in its Tender is commercially sensitive or confidential, this should be clearly stated and clear and substantive

reasons should be given. The Contracting Authority will have regard to such a statement in considering a request for access to the information under the Freedom of Information Acts 2014 (or any other legislation relating to the disclosure of information), but is not bound by the Applicant's view and will take such steps as it considers necessary to comply with its obligations under applicable law.

Any conflict of interest or potential conflict of interest must be fully disclosed to the Contracting Authority as soon as such conflict or potential conflict becomes apparent. This includes, but is not limited to, situations where an Applicant or any of the members of an Applicant which is a consortium, joint venture or partnership, or any entity being relied upon by an Applicant, or any of their advisers, contractors, consultants, servants or agents which are currently or have been in the past an adviser, contractor, consultant, servant or agent to the Contracting Authority, or any local or other relevant authority in relation to the Works which are the subject matter of this Competition.

Without prejudice to the foregoing, any 'registrable interest' involving the Applicant and the Contracting Authority, (and where applicable any elected members of the Contracting Authority or members of the Board of the Contracting Authority), members of the Government, members of the Oireachtas or employees of the Contracting Authority or their relatives must be fully disclosed to the Contracting Authority immediately upon such information becoming known to the Applicant.

The terms 'registrable interest' and 'relatives' shall be interpreted in line with the Ethics in Public Office Act 1995 and the Standards in Public Office Act 2001.

The Contracting Authority will, at its absolute discretion, decide on the appropriate course of action in relation to any actual or perceived conflict of interest which may include (but is not limited to) excluding the Applicant from the Competition, or permitting the Applicant to continue subject to safeguards determined by the Contracting Authority being put in place and observed.

It will be a condition of the award of the Contract that the successful Tenderer shall, for the term of the contract, comply with all applicable EU and domestic tax laws. Prior to the award of the Contract arising out of this competition the successful Tenderer shall be required to supply its Tax Clearance Access Number and Tax Reference Number to facilitate online verification of their tax status by the Contracting Authority. By supplying these numbers the successful Tenderer acknowledges and agrees that the Contracting Authority has the permission of the successful Tenderer to verify its tax cleared position online.

Applicants may obtain information regarding their obligations concerning

- taxation from the Revenue Commissioners (www.revenue.ie)
- environmental protection from the Environmental Protection Agency (www.epa.ie)
- employment protection and working conditions from the Workplace Relations Commission (www.workplacerelations.ie).

Irish law is applicable to these Instructions and the Irish courts shall have exclusive jurisdiction in relation to any disputes arising from or in connection with these documents.

The Applicant's attention is drawn to the Competition Act 2002 - 2019 (as may be amended from time to time) which makes it a criminal offence to collude on prices or terms in a public procurement competition.

Instructions to Tenderers- Open Procedure for Works Contractors

Applicants must not make any assumptions that the Contracting Authority has prior knowledge of their organisation or service provision. Tenderers will only be evaluated on the information contained in their Tender (as may be clarified in accordance with these Instructions).

Introduction

1.1 This procedure

The Contracting Authority has sent a contract notice for the Works to tenders and where appropriate a similar notice has been simultaneously sent to the Publications Office of the EU for publication in the Official Journal of the European Union.

These documents set out the suitability assessment criteria, the award criteria and the evaluation and award process which will be followed by the Contracting Authority in making the assessment of which tender is either the lowest price or the most economically advantageous. The documents also set out the information which must be supplied by Tenderers. Tenders must be submitted in accordance with these Instructions. Any tenders not complying with these Instructions may be rejected by the Contracting Authority, whose decision in the matter shall be final.

1.2 These documents

The documents being made available to those Applicants expressing interest are:

Documents (when fully completed by the relevant parties) to be included in the Contract:

- Volume A: Works Requirements
- Volume B: Form of Tender and Schedule
- Volume C: Pricing Document
- Completed Model Documents included within Volume A including:
 - MF1.6 Performance Bond
 - MF1.10 Appointment of Project Supervisor for Construction Stage
- Post Tender Clarifications¹

Also included in the contract but not part of the documentation being made available to Applicants at the start of the tendering period is the Letter of Acceptance, the Agreement (where relevant), and the Conditions of Contract which the Contracting Authority issues at award stage. The successful Tenderer's Works Proposals will also be part of the Contract. Furthermore, any post tender clarifications that are part of the contract will be included in the Letter of Acceptance.

Documents not to be included in the Contract:

- the invitation letter
- these Instructions
- Suitability Questionnaire(s) as follows:
 - QW2(Part 1)
 - QW2 (Part 2)
 - Health & Safety Supplements 3.4.1 and 3.4.2
 - Appendices A, B1, B2, B3, C, D, E and F
- the information referred to in Appendix 3 to these Instructions

¹ Use the form field for any documents that sit outside Volumes A, B or C or delete if not used

- any other information made available to Applicants not stated to amend the Contract documents.

Further information may be issued as described in the information referred to in Appendix 3 to these Instructions.

1.3 The Contract

If the Contracting Authority enters a Contract for the Works, it will do so by issuing a Letter of Acceptance. The Contractor and the Contracting Authority will subsequently execute an Agreement. The Contract, if formed, will consist of:

- the Agreement
- the Letter of Acceptance to be issued by the Contracting Authority and any post-tender clarifications listed in it
- the form of Conditions identified in the Particulars,
- the Works Requirements (Volume A)
- Form of Tender and Schedule (Volume B)
- the completed Pricing Document (Volume C)
- Completed Model Documents included within Volume A including:
 - MF1.6 Performance Bond
 - MF1.10 Appointment of Project Supervisor for Construction Stage
- Post Tender Clarifications
- Works Proposals to be submitted with the Tender (where required)

Where required, collateral warranties from Specialists, a performance bond, and any reliance guaranty or reliance warranties will require to be provided.

None of the following will form part of any Contract:

- the invitation letter
- these Instructions
- Suitability Questionnaire(s)
- the information referred to in Appendix 3 to these Instructions
- any other information issued to Applicants not stated to amend the Contract documents
- additional information to be submitted with Tenders, as specified in Appendix 2 to these Instructions any other information submitted with Tenders and not called for in these Instructions.

1.4 Data Protection Notice

As part of this Competition, the Tenderer may (at various stages) provide personal data relating to the Tenderer or its organisation, employees or other third parties. In these Instructions to Tenderer ("these Instructions"), "Data Protection Laws" means all applicable data protection law including, with effect from 25 May 2018, the General Data Protection Regulation (Regulation (EU) 2016/679)

and the Data Protection Act 2018; and the terms 'personal data', 'process', 'controller', 'processor' and 'data subject' shall have the meanings given to them under Data Protection Law.

Where the Tenderer provides personal data relating to third parties, the Tenderer must ensure that such third parties are made aware of the contents of this Data Protection Notice in full.

The Tenderer, as controller in respect of any personal data provided by it as part of this competition, is required to confirm in the declaration required in the Suitability Assessment Questionnaire that all data subjects whose personal data is provided by the Tenderer have consented to the processing of such personal data by the Tenderer, the Contracting Authority, the evaluation team and the supplier of the eTenders.gov.ie website, for the purposes of the participation of the Tenderer in this Competition or that the Tenderer otherwise has a legal basis for providing such personal data to the Contracting Authority for the purposes of its participation in this Competition.

Where such personal data is provided, the relevant controller is the Contracting Authority. If there are any questions about the Contracting Authority's use of such personal data, please contact the Contracting Authority's Data Protection Officer whose details are available upon request from the Contracting Authority.

The Contracting Authority may process the following personal data as part of this competition:

- name;
- contact details;
- CV details (including but not limited to qualifications, education, experience, previous roles and responsibilities);
- details of proposed role(s) and responsibilities on this contract;
- referee details; and
- any other data provided by the Applicant.

The Contracting Authority collects personal data from the Applicant directly, and from the following sources:

- Tenderer's organisation;
- other members of the Tenderer's consortium (if applicable); and
- Referees.

Any personal data provided will be processed for the purposes of the Competition, the administration of any contract awarded on foot of this Competition, reporting to any regulators or oversight bodies and/or any disputes relating to the Competition or the contract.

In connection with the above, the Contracting Authority may disclose personal data to various recipients including:

- the Tenderer's organisation;
- other members of the Tenderer's consortium (if applicable);
- the Contracting Authority's third party service providers, such as financial, legal and technical advisors; and
- regulators or oversight bodies.

If the Tenderer is unsuccessful as part of the tender process, such personal data will be retained until three years after the conclusion of the tender process or the award of the Contract to the successful Tenderer, whichever is later. If the Tenderer is successful, and a contract is awarded to the Tenderer at the end of the tender process, such personal data will be retained in accordance with the

Contracting Authority's record management and retention policy, a copy of which can be obtained from the Contracting Authority upon request.

Any data subjects in respect of which the Contracting Authority holds or processes personal data have rights in relation to their personal data, including the right to request access to their data and, in certain circumstances to request rectification, erasure or restriction of the processing of their personal data. All such data subjects have the right to lodge a complaint with the Irish supervisory authority, the Data Protection Commission.

2 Communications

2.1 Contact

All communications with the Contracting Authority concerning this competition must be in writing in accordance with the means of communication stated in the Particulars.

2.2 Supplemental information

The Contracting Authority may issue supplemental information about this competition on the e-tenders website www.etenders.gov.ie at any time (including where prompted by a query, confidential or otherwise). Supplemental information may amend any of the information in these documents, including by deleting and adding to it, and by extending time limits. Supplemental information will become part of the Contract only if it is stated to amend the Contract documents.

The Contracting Authority will not normally issue supplemental information later than the date stated in the Particulars.

2.3 Queries

Queries may be raised in writing by email using the means of communication stated in the Particulars. Queries must be raised as soon as possible, and should be raised in any event no later than when stated in the Particulars. The Contracting Authority has no obligation to respond to queries although the Contracting Authority may at its discretion respond to queries raised after that date. If the Contracting Authority responds to a query, it will issue the response on the e-tenders website, unless the query has been clearly designated as confidential. If the query has been designated as confidential, and the Contracting Authority decides that the response should be published on the e-Tenders website, the Contracting Authority will so notify the person raising the query, who will have the option of withdrawing the query or having any response published on the eTenders platform. The Contracting Authority may under section 2.2 still issue any information it considers appropriate on the eTenders platform following withdrawal of the query.

As with these Instructions, responses to queries will not create any contractual relationship between the Contracting Authority and Tenderers, or form part of the Contract, unless they state that they are amending the Contract documents.

It is the responsibility of the Applicant to monitor the means of communication stated in the Particulars for any correspondence or clarifications in relation to this competition.

If a person intending to submit a Tender becomes aware of any ambiguity, discrepancy, error, or omission in or between these documents, it must immediately notify the Contracting Authority, even after the time for submitting queries has expired.

2.4 Other

Not applicable

3 Tenderers

3.1 Name

Each Tenderer must sign the Form of Tender using the Tenderer's full correct legal name and this shall be the same as that on the SAQ Response. Those signing shall be authorised to sign on behalf of the Tenderer and this signature must be witnessed.

3.2 Joint Ventures

If a Tenderer is one or more human or legal persons (such as a partnership, joint venture or consortium), each of them must sign the Form of Tender (See also 5.12 below).

3.3 Compliance with Environmental Social and Labour law

Where the Contract is subject to the European Procurement Regulations, the successful Tenderer shall be required to comply with all applicable environmental, social and labour law established by European Union law, national law, collective agreements or by the international, social and labour law provisions listed in Annex X of Directive 2014/24/EU.

4 Tender Design (not used)

5 Requirements for Tenders

5.1 Delivery

Tenders must be received in accordance with the means of tender delivery² stated in the Particulars, at or before the latest time stated in the Particulars (or a later date and time advised by the Contracting Authority to Applicants) in the manner described in the Particulars. Time is taken as standard time according to the Standard Time Act 1968 as amended by the Standard Time (Amendment) Act 1971 and any subsequent amendment or re-enactment thereof.

Where the Particulars state that the required means of tender submission is to the eTenders platform, Applicants are advised to ensure that they give sufficient time to allow for the successful upload of all tender documents and that they have a reliable, continual connection speed available for this purpose. Applicants should ensure that their operating system has sufficient capacity to execute the upload of all the documents included in the tender submission before the deadline stated in the Particulars (or a later date and time advised by the Contracting Authority to all Applicants). The timely and complete upload of documents is the responsibility of each Applicant. All files submitted electronically must be capable of being readily viewed in their entirety in the format stated in the Particulars. It is the responsibility of the Applicant to ensure that electronic documents submitted are not corrupt. Applicants are advised to consult etenders.gov.ie for information on uploading electronic submissions.

Completed delivery of the tender in advance of the submission deadline is the responsibility of each Tenderer.

All Tenders received on time will be opened promptly after receipt.

5.2 Tender Documents

Attached to these Instructions are the documents listed in the Particulars under *Tender Documents*. Documents listed in the Particulars as *Documents to be included in the Contract* or any amendment to them which have been made available to Applicants will form part of the Contract. These will include³:

- the Agreement
- the form of Conditions identified in the Particulars,
- Works Requirements (Volume A)
- The completed Form of Tender and Schedule (Volume B)
- the Pricing Document Volume C)
- Quality Criteria Document - Evaluation sheet
- the Letter of Acceptance issued by the Contracting Authority and any post-tender clarifications listed in the letter
- Works Proposals to be submitted with the Tender (where required)

Where required, collateral warranties from Specialists, a performance bond, reliance guarantee or reliance warranties will be required to be provided.

² Note to Contracting Authority: EU Directive 2014/24/EU and the European Union (Award of Public Authority Contracts) Regulations 2016 mandate that all tender submissions to which the directive and regulations apply shall be made by electronic means except where the reasons specified in Regulation 22(3) apply or where the Contracting Authority intends to apply Regulation 21(3).

³ This is not an exhaustive list.

All other documents, including *Documents for information purposes only* made available to Applicants will not form part of the Contract such as:

- the invitation letter
- these Instructions
- the information referred to in Appendix 3 to these Instructions
- any other information issued to Applicants not stated to amend the Contract documents.
- additional information to be submitted with Tenders, as specified in Appendix 2 to these Instructions

any other information submitted with Tenders and not called for in these Instructions or in post tender clarifications.

5.3 Copies

Where the required means of tender delivery is by hand or prepaid registered delivery, Tenders must include the number and type of paper and electronic copies stated in the Particulars and must be packed and marked as stated in the Particulars.

5.4 Format

Tenders will consist of:

- the completed Form of Tender and attached completed Schedule (Volume B) executed as indicated in the Particulars.
- SAQ Responses(s)
- the completed Pricing Document (Volume C)
- Works Proposals containing the information specified in Appendix 1 to these Instructions
- additional information specified in Appendix 2 to these Instructions.

Where delivery is required by hand or prepaid registered post, the originals of Volume B and Volume C must be returned completed in ink.

If Volumes B or C have been amended by supplemental information, Tenderers must use the most recently issued versions.

Tenderers must fill in all the spaces in the Schedule (i.e. Works Proposals in Part 1 and all of Part 2) reserved for the Tenderer. No amendments or alterations to the Form of Tender or attached Schedule are permitted save for (i) completing them in accordance with their terms and (ii) the inclusion of alternative signature blocks in the event that the template signature blocks are not suitable having regard to the characteristics of the Tenderer or the circumstances of the signing. Any other amendments/alterations may result in the Tenderer's tender being rejected.

5.5 Language

Tenders and all information included with them must be in the language stated in the Particulars. Any original document in another language must include an accurate translation into the language stated in the Particulars. Queries and other communications must be in the same language.

5.6 Qualifications

Tenders must not be qualified in any way but must be submitted in accordance with these Instructions. Without prejudice to the generality of the foregoing, Tenders must not include or be accompanied by a cover letter or any other information not included in Volume B or Volume C or specified in these documents, or by any statement that could be construed as rendering the Tender equivocal and/or placing it on a different footing from other Tenders.

5.7 Pricing

Unless otherwise stated, all sums given in Tenders must be in euro, to two decimal places.

Tenderers must not insert additional items in the Pricing Document, except where permitted to do so by the Pricing Document, or make any alterations to the Pricing Document.

Tenderers must not amend (lump sums or Reserved Sums) inserted in the Pricing Document by the Contracting Authority that are associated with named Specialist works set out in Part 1F (iii) of the Form of Tender and Schedule and Standing Conciliator services (if required) at Part 1N of the Form of Tender and Schedule.

Where named Specialists (novated) are required under the Contract, Applicants will be required to price lump sum items in the Pricing Document to cover:

1. General attendances;
2. Special attendances; and
3. Management, to incorporate the Contractor's management, risk acceptance and indirect overhead costs associated with the employment of each of the named Specialists to be engaged for the Works.
4. In the Pricing Document Applicants will also be required to include an item for main contractor's profit on each of the named Specialist's Sums, rated as a percentage. Applicants will apply their tendered percentages to each of the named Specialists' Sums to create lump sum items for profit on each named Specialists' works. The tendered percentage for the main contractor's profit on each named Specialist Sum will not be less than zero.

The percentage items for profit relating to each of the named Specialist's works will be transferred to Part 3B of the Form of Tender and Schedule prior to the award of the Contract.

A Reserved Sum will also be provided by the Contracting Authority where the Contract requires the appointment of a Standing Conciliator. In this case the items listed 1 – 4 above will not apply.

Amounts must be included wherever required in the Form of Tender, the Schedule, Part 2, and the Pricing Document. Blank spaces, the terms 'nil' or 'included', or dashes or the like must not be used. Where zero is a permitted entry, it must be stated as '0.00' (see also "Tender Evaluation" at Appendix 5 if applicable).

Tenderers must not use abnormally high or low rates or prices. This prohibition includes using strategies that might allow the Tenderer to benefit disproportionately from clauses 10.6.4 or 10.7 of the Conditions or, if it would be a compensation event under the Contract, a difference between the Contract value of the Works according to the quantities and descriptions in the Bill of Quantities and the Contract value of the Works described in the Works Requirements.

Each amount in the Pricing Document except an item described as an 'adjustment item' must cover the full inclusive value (excluding value-added tax) of the relevant work, and, where applicable, a fair allocation of the tendered Contract Sum.

All items and quantities in any Bill of Quantities must be priced.

Tenderers must not use negative rates or prices, or omit rates, or use zero rates, in any Bill of Quantities.

If a Bill of Quantities includes an item described as an 'adjustment item', the amount inserted must not exceed ____5_ % of the tendered Contract Sum.

If a Bill of Quantities includes method-related charges, the total amount of method-related charges must not exceed __5__% of the tendered Contract Sum.

The Contracting Authority may provide the Pricing Document in a .csv and native file formats to Applicants.

Where the Particulars state that the required means of tender delivery is electronic submission, Tenderers must submit a read only PDF copy of their fully completed Pricing Document with their Tender. In accordance with Section 9.2 of these Instructions, the Contracting Authority may request that Tenderers provide a copy of the submitted Pricing Document in its native file and/or .csv file format(s). Where requested, Tenders must provide the Pricing Document in the requested file formats promptly and within the stated timeframe. In the event of inconsistencies between the submitted read only PDF Pricing Document and either the native file format and/or .csv file format, the read only PDF Pricing Document shall take precedence.

If any tender does not comply with this section 5.7, the Contracting Authority may proceed according to sections 7 or 8 of these Instructions.

5.8 Value- Added Tax

The Form of Tender states whether and to what extent, the tendered Contract Sum includes value-added tax (VAT). The amounts in the Schedule, Part 2 exclude VAT. The Pricing Document excludes VAT unless otherwise stated in the Pricing Document.

If the Pricing Document includes a schedule of items that are not construction operations subject to Relevant Contracts Tax (and therefore to reverse-charge VAT), and, in the Contracting Authority's opinion, the categorisation of an item, the VAT rate stated, or the value stated is not correct, the Contracting Authority may invoke section 8.2.

5.9 Date for Substantial Completion

The Particulars state whether the Date for Substantial Completion of the Works (and any Sections) is stated in Schedule, Part 1 or is to be tendered. If the Date for Substantial Completion of the Works (or Sections) is to be tendered, the tendered dates must be between any earliest and latest dates stated in the Particulars.

5.10 Specialists

Tenderers must name in the Schedule, part 2E (as well as in their SAQ Response, where required) any Specialists called for in that part. Works Proposals must also include any details about Specialists called for in Appendix 1 to these Instructions.

If a Tenderer names Specialists in its SAQ Response, the Tenderer must name those same Specialists (having met the suitability standard) in the Schedule, part 2E.

Tenderers must also provide a letter from each Specialist named in the Works Requirements or in the Schedule, part 2E, agreeing to enter a contract with the Tenderer to perform the identified element if the Tenderer is awarded the Contract.

After Tender submission and before issue of a Letter of Acceptance, if a Tenderer demonstrates to the Contracting Authority's satisfaction that any of the insolvency events listed in sub-clause 12.1.1(11) of the Conditions has occurred to a Specialist whose letter of agreement was submitted with the Tender, or that such a Specialist has repudiated the letter of agreement (a letter from the Specialist setting out the reasons for the repudiation will be required), the Tenderer may, with the Contracting Authority's consent, propose a substitute Specialist, providing they meet the suitability standard set out in the SAQ.

5.11 Project Supervisor

The Contractor or its nominee will be appointed as project supervisor for the construction stage under the Safety, Health and Welfare at Work (Construction) Regulations 2013, if so stated in the Schedule.

If the Tenderer names a proposed project supervisor for the construction stage in its SAQ Response, the Tenderer must name in Works Proposals the project supervisor for the construction stage so named.

If the Tenderer has not named a nominee in its SAQ Response for appointment as project supervisor for the construction stage the Tenderer will be taken to offer to act in the role itself, and the Contract, if awarded to the Tenderer, will require the Tenderer to accept the role. In this case, the Tenderer must be a competent individual or body corporate.

5.12 Tender execution

When the Particulars indicate that the Form of Tender is to be sealed, this must be done as follows:

- if the Applicant is a company with a common seal, its common seal must be affixed to the Form of Tender and properly authenticated. If the Form of Tender is to be executed under a power of attorney, the attorney must affix his or her seal to the Form of Tender, and the power of attorney must be provided if requested by the Contracting Authority;
- if the Applicant is an individual, he or she must sign, seal, and deliver the Form of Tender and the execution must be witnessed.

Where the Particulars do not indicate that the Form of Tender is to be sealed, the Form of Tender must be signed as follows:

- if the Applicant is a company, the signature must be that of a director and the execution must be witnessed;
- if the Applicant is an individual, he or she must sign the Form of Tender and the execution must be witnessed;
- if the Applicant is a partnership, joint venture or consortium, then each partner must sign the Form of Tender and the execution must be witnessed.
- if the Applicant is a company registered elsewhere than Ireland, it must execute the Form of Tender under hand according to the laws of its place of incorporation. If so requested by the Contracting Authority a legal opinion that the Form of Tender has been duly executed in accordance with the requirements of the jurisdiction in which the company is registered

may be requested by the Contracting Authority following the submission of tenders and must, if requested, be provided at the Applicant's cost.

The successful Tenderer will be required to execute the Agreement in the same manner as the Form of Tender.

5.13 Deposits

Where the Particulars state that a deposit⁴ is required for tender documents as stated in the Particulars will be refundable to all tenderers that submit *bona fide* tenders that are not subsequently withdrawn. The deposit is to cover the cost incurred by the Contracting Authority in preparing the relevant tender documents.

⁴ Note to Contracting Authority: Regulation 53 of S.I. No. 284 of 2016, European Union (Award of Public Authority Contracts) Regulations 2016, requires a Contracting Authority to offer unrestricted and full direct access free of charge to procurement documents electronically, except where the reasons specified in Regulation 22(3) apply or where the Contracting Authority intend to apply Regulation 21(3).

6 Number of Variants, Mandatory Options and Variants

6.1 Terminology

- An **option** is a Tender *required* under section 6.2 below.
- A **variant tender** is a Tender complying with section 6.3 below and identified as a variant tender.
- A **standard tender** is a Tender that is not a variant tender.

6.2 Mandatory Options

If the Particulars state that any mandatory options are required, the Tenderer must submit a separate Tender for each option stated in the Particulars.

6.3 Variant tenders

Unless otherwise stated in the Particulars, variant tenders are not permitted.

If the Particulars state that any variant tenders are permitted, a variant tender must comply with these minimum requirements set out in the Particulars.

If so stated in the Particulars, variant tenders may be submitted only by a Tenderer who also submits a standard tender.

If not so stated, variant tenders may be submitted without submitting a standard tender.

6.4 Number of tenders and marking

The maximum number of Tenders that a Tenderer may submit is stated in the Particulars. If more than one Tender per Tenderer is permitted, each Tender must be submitted separately and must, except as otherwise permitted or required by this section 6, be complete, without referring to the contents of any other Tender. Each Tender must have a unique identifier, which where the means of tender submission is by hand or prepaid registered post, must be stated on each envelope or box containing the parts of the Tender; or where the means of tender submission is electronic, on each document in the tender. The identifier must state whether the Tender is standard, a mandatory option, or a variant tender, and, if there are options, must identify the option.

7 Non- Compliant Tenders

If a Tenderer fails to comply in any way with these Instructions, the Contracting Authority may (but is not obliged to) take such steps as it deems appropriate including (but not limited to):

- a) rejecting the Tender as non-compliant; and/or
- b) without prejudice to the Contracting Authority's right to reject the Tender:
 - i. seeking clarification from the Tenderer in respect of the relevant submissions by way of a meeting or written submission;
 - ii. requesting the Tenderer to provide information or items which has/have not been provided or has/have been provided in an incorrect form;
 - iii. waiving a requirement which in the Contracting Authority's opinion is minor or procedural; and/or
 - iv. take any other step permitted by law;

in accordance with applicable law and principles.

8 Corrections, unbalanced and abnormal tenders and rates, and permitted adjustments

8.1 Errors

The Contracting Authority may, without any responsibility for this, examine the Pricing Document for errors in addition or extension.

If there is an error in extension, the rate will be adjusted, so that the extension remains the same.

If there is an error in addition, the amounts added (and the rates making them up) will be adjusted pro rata to the error, so that the total remains the same. This will apply if the total of the tendered rates and prices, with value-added tax added, does not add up to the tendered Contract Sum.

The Contracting Authority will decide which amounts and rates are to be adjusted.

Instead of adjusting the amounts added, the Contracting Authority may in its discretion adjust an item described in the Pricing Document as an 'adjustment item'.

No adjustment made under this section 8.1 will affect the tendered Contract Sum or the Comparative Cost of the Tender.

The Contracting Authority reserves the right to open all Pricing Documents from tenderers without the need to revert to the tenderers for permission.

8.2 Unbalanced Tenders

If, in the Contracting Authority's opinion, the tendered rates or prices in the Pricing Document (after adjustment under section 8.1 above) do not reflect a fair allocation of the tendered Contract Sum, or the last sentence of section 5.7 applies, the Contracting Authority may (but is not obliged to) do either or both of the following:

- require the Tenderer to provide a breakdown of any tendered amounts, to show that they reflect a fair allocation of the tendered Contract Sum and
- invite the Tenderer to adjust rates or prices tendered in the Pricing Document, but without adjusting the tendered Contract Sum or having any effect on the Comparative Cost of the Tender.

The Contracting Authority will pay particular attention to pricing that could result in the Tenderer, if successful, being paid too much of the Contract Sum disproportionately early in comparison with the amount of work done.

If, having considered the information provided (both in the tender and in response to a requirement under this section 8.2), the Contracting Authority is of the view that the Tenderer's tendered rates or prices in the Pricing Document do not reflect a fair allocation of the tendered Contract Sum, the Contracting Authority may reject the tender.

8.3 Abnormally low tenders, abnormally high or low rates or prices

If, in the Contracting Authority's opinion, the tendered Contract Sum is abnormally low or any tendered amounts (including the rates tendered in the Schedule, part 2) are abnormally low or abnormally high, the Contracting Authority may require the Tenderer to provide details of the constituent elements of the tendered Contract Sum or the tendered amounts. This may include (without limitation) the information listed in Regulation 69 of the European Union (Award of Public

Authority Contracts) Regulations 2016. Any failure to provide such information, when requested, may exclude the tender from further consideration. If, having considered the information provided, the Contracting Authority is of the view that either the Contract Sum is abnormally low or any tendered amounts are abnormally low or abnormally high, the Contracting Authority may reject the Tender.

No adjustment made under this section 8.3 will affect the tendered Contract Sum or the Comparative Cost of the Tender.

8.4 Permitted adjustment for Standing Conciliators Fee

This section shall only apply where a Reserved Sum is included in the Pricing Document should a Standing Conciliator be required in part 1N of the Form of Tender and Schedule. The Tendered Contract Sum of the Successful Tenderer will be adjusted to arrive at the final Tendered Contract Sum for the Works by deleting the Reserved Sum in the Pricing Document and replacing it with 50% of the total agreed lump sum fee for the Standing Conciliator.

9 Assessment of Tenders

9.1 Award Criteria

The award criterion is the most economically advantageous Tender meeting the specified minimum criteria (if any), including those in the Suitability Questionnaire(s).

The assessment of the most economically advantageous Tender will be made on the basis of the award criteria in the Particulars.

Options, variant tenders, and standard tenders will be assessed according to these criteria.

9.2 Clarification

The Contracting Authority may seek clarification or further information or both from one or more Tenderers. The Contracting Authority may meet with one or more Tenderers for these purposes. The Contracting Authority will confirm to the Tenderer concerned in written minutes any clarification arising from a meeting and the Tenderer will be required to confirm or correct the minutes in writing. See also section 10.4.

9.3 Compliance

The Contracting Authority shall assess whether any of the grounds for exclusion in referenced in the Suitability Assessment Questionnaire. The Contracting Authority shall assess whether Tenderers meet the qualification criteria in the Suitability Assessment Questionnaire(s).

The Contracting Authority will assess Tenders for compliance with these Instructions, including provision of all the information and documentation required, and the matters covered in section 8 above.

Following the assessments under this section 9.3, the Contracting Authority may proceed according to sections 7 or 10 of these Instructions whichever is appropriate.

9.4 Review⁵

Important Note: Any review procedure available in this Competition (other than legal proceedings under Order 84A of the rules of Superior Courts) set out in the Particulars is not mandatory. Tenderers should obtain legal advice as to the review procedures that may be available to them under law, as well as the timeframes in which such review procedures may be availed of.

9.5 Assessment of comparative cost

The Contracting Authority will assess the Comparative Cost of each Tender using the template in Appendix 4 to these Instructions.

⁵ Note to Contracting Authority: Contracting Authorities may include here a provision for a review procedure whereby a Tenderer who disputes a decision of the Contracting Authority about whether a Tender complies with this ITT may raise the matter with the Contracting Authority. The review procedure should include appropriate timelines for the submission of the query and response times.

For the purpose of assessing the Comparative Cost of Tenders only, the Contracting Authority will assume that there will be Compensation Events involving payment of the amounts stated in Appendix 4 to these Instructions.

The Comparative Cost of Tender will be carried out to each Tender before the adjustment referenced in section 8.4 is carried out for the agreed lump sum fee for the Standing Conciliator (where applicable).

9.6 Assessment of other criteria

See attached Award Criteria marking scheme included in "Award criteria Tenderers Response Document" included in Volume A - Works Requirement - Award Criteria. Tender analysis will be based on a 20/20/60 methodology/programme /Expertise/ price

Tenderers will be marked on their submission to the following 3 criteria:

Tenderers are required to ensure that their tenders provide detailed information on their offers for assessment against the contract award criteria stated above. This will enable the awarding authority to assess all tenders fully and score them appropriately:

Criterion A - The approach and methodology/programme for delivering the services demonstrating a clear understanding of the Requirements (20%).

The proposed approach and methodology/programme for the delivery of this project must be described comprehensively for each stage taking into account the scope and nature of service. Tenderers should describe their methodologies & programme in relation to all aspects of their approach and show a clear understanding of the project requirements.

Criterion B - Expertise (20%)

Tenderers will be required to demonstrate how their relevant recent experience in the delivery of similar projects will inform this project. Particular expertise & experience with Green Roof Installations will be necessary. This will enable the awarding authority to assess all tenders fully and score them appropriately. Tenderers should list any other related projects and examples to supplement their submission. Referees will be checked by Award Committee.

Criterion C – Overall Notional Cost (60%)

Tenderers are required to tender lump sum figure for carrying out all the works described and inferred in the tender documents and drawings.

Methodology for Tender Assessment

(a) Tenders will be checked for compliance with the requirements of the Instructions to Tenderers in respect of procedures and content. Tenders which do not comply with these requirements may be excluded from further consideration.

(b) Tenders will be evaluated against the qualitative award criteria set out above by a nominated committee.

Score	Response	Basis for score
-------	----------	-----------------

Instructions to Tenderers- Open Procedure for Works Contractors

- | | | |
|---|-------------|---|
| 1 | Poor | Fails to understand the specific requirements of the brief |
| 2 | Mediocre | Understands elements of the brief |
| 3 | Acceptable | Generally understands the brief meets the minimum requirements |
| 4 | Good | Has clearly established the full extent/requirements of the brief and submitted responses that provide clear direction and relevance |
| 5 | Exceptional | Exceptional understanding/grasp of the brief, may identify potential deficits, provides responses that fully engage with the process and exceed the requirements of the brief |

Eg. If a candidate gets marked 5 (Exception) for the Methodology/Programme – 5 x 400 is 2000 i.e. full marks

(c) Those Tenderers will then have their tender costs assessed as per (d) below.

(d) The score for Overall Ultimate Cost will be determined by taking the following steps:

i. The lump sum fee quoted under the Form of Tender will be recorded by the Contracting Authority.

ii. The tender containing the lowest overall cost that has not been excluded on quality grounds will be awarded the maximum marks available for Ultimate Cost. Other tenders are then scored by using the following formula:

Number of points = The maximum score available multiplied by the overall cost of the lowest cost valid tender divided by the overall notional cost of the tender in question.

(e) The Quality and Overall Cost scores of tenders which have not been excluded will be added together and the tender receiving the highest overall score will be deemed the most economically advantageous tender

(f) Tenders will be evaluated against the quality criteria set out in the Particulars.

Any Tenderer:

(i) Not passing on a 'pass / fail' criterion, or

(ii) achieving less than 40% of the maximum marks on an individual 'quality' criterion or

(iii) achieving less than 50% of the total available quality marks will be excluded from further consideration.

All documents identified as per instructions to tender & Suitability Assessment Questionnaire & Award criteria Evaluation sheet are mandatory & required as part of tender submittal. Documents will not be accepted after the competition finish date.

9.7 Change in Circumstances

If, as a result of a change in circumstances or otherwise, any information given by a Tenderer to the Contracting Authority, in a Tender or otherwise, including in a SAQ Response (in particular but without limitation, regarding the structure of a Tenderer and/or the members of a Tenderer or any entity being relied upon by the Tenderer), was (when submitted) or has become (by reference to the facts as they then stand) untrue, incomplete or misleading, the Tenderer must so inform the Contracting Authority as soon as it becomes aware of this.

If it comes to the Contracting Authority's attention that:

- there has been a change in circumstances concerning a Tenderer that could affect the Contracting Authority's assessment of that Tenderer's Tender or
- information submitted by a Tenderer was (when submitted) or has become (by reference to the facts as they then stand) untrue, incomplete or misleading

the Contracting Authority may (but is not required to) take such steps as it considers necessary to revise its assessment of the Tenderer's Tender on the basis of the information then available to the Contracting Authority and/or exclude the Tenderer from further participation in the Competition. The Contracting Authority may clarify this with the Tenderer and may seek further information and/or evidence from the Tenderer.

10 Award Process

10.1 Tender validity period

Subject to Section 10.4 of these Instructions, the Contracting Authority may accept a Tender any time within the time stated in the Particulars.

10.2 Notification

As soon as practicable after reaching the award decision, the Contracting Authority will inform all Tenderers of the decision.

If the EU procurement rules apply the notification to the Tenderer to whom the Contracting Authority has decided to make an award should be in the form of Model Letter O.eu6 *Letter to Successful Tenderer*. The notification to the other compliant Tenderers should be in the form of Model Letter O.eu7 *Letter to Unsuccessful Tenderer* and should issue at the same time as the *Letter to Successful Tenderer*. The notification to non-compliant or eliminated Tenderers where a period of 30 days has not elapsed between the letter notifying them of their non-compliance/elimination and the date that letters are sent to Successful and Unsuccessful Tenderers should be in the form of Model Letter O.eu8. *This letter must be sent by the Contracting Authority at the same time as the Letter to Successful Tenderer and the Letter to Unsuccessful Tenderers for the Standstill Period to be valid.*

If the EU procurement rules do not apply the notification to the Tenderer to whom the Contracting Authority has decided to make an award should be in the form of Model Letter O.na6 *Letter to Successful Tenderer*. The notification to the other compliant Tenderers should be in the form of Model Letters O.na7 *Letter to Unsuccessful Tenderer* and should issue at the same time as the *Letter to Successful Tenderer*.

10.3 Letter to Successful Tenderer

Whichever *Letter to Successful Tenderer* issues (O.eu6 or O.na6) it should request the Tenderer to submit to the Contracting Authority any or all of the following:

- the performance bond required under the Contract
- evidence of the insurances required by the Contract
- evidence of tax compliance from the Revenue Commissioners
- any required appointment as project supervisor for the construction stage or the design process and the construction stage
- Evidence in support of 'Suitability Assessment' Declarations lodged and any other information required to be submitted to verify qualification status.
- Shall be obliged to comply with Contracting Authority Safety and Health Requirements and subject to satisfactory completion of Contracting Authority External Safety and Health Prequalification Questionnaire for Project Supervisor Construction Stage (PSCS) will be required to accept the Role of Project Supervisor Construction Stage.
- Evidence in support of 'Suitability Assessment' Declarations lodged and any other information required to be submitted to verify qualification status Shall be obliged to comply with Contracting Authority Safety and Health Requirements and subject to satisfactory completion of Contracting Authority External Safety and Health Prequalification

- Questionnaire for Project Supervisor Construction Stage (PSCS) will be required to accept the Role of Project Supervisor Construction Stage.
- Site Specific Programme of Works
- Site specific Health & Safety Plan.
- Site specific Traffic Management Plan
- BCAR Inspection Plan

If the Tenderer to whom such a *Letter to Successful Tenderer* is addressed does not submit the documents as required within the time allowed, the Contracting Authority may

- Proceed according to the process in section 10.2 above to initiate award to the Tenderer who submitted the next most economically advantageous Tender, or lowest priced, or
- Allow the Tenderer to whom the *Letter to Successful Tenderer* was addressed additional time to provide the documents or

Issue the Letter of Acceptance to the Tenderer to whom the *Letter to Successful Tenderer* was addressed (even though the documents have not yet been provided) ⁶.

10.4 Letter of Acceptance

The Contracting Authority may issue the *Letter of Acceptance* at any time during the Tender validity period referred to in section 10.1 above.

Any written clarifications of a Tender (including minutes of a meeting clarifying the Tender, see section 9.2), will be referred to in any *Letter of Acceptance* of the clarified Tender, and will be included in the Contract.

10.5 Agreement

Following issue of the *Letter of Acceptance*, the Contracting Authority will inform the Contractor of the arrangements for the execution of the Agreement. The Contractor will be required to execute the Agreement as a deed unless the Particulars say that the Contract may be executed under hand.

10.6 Award Notice

The Contracting Authority will, after award, send an award notice (if appropriate) to the Publications Office of the European Union, if so required by law. This notice may include disclosure of the contract price.

⁶ A contract should not be awarded to any firm which cannot provide evidence of tax clearance except as a last resort. In such a case, the advance approval of the Department of Finance must be obtained.

Works Proposals to be submitted with Tender

Any or all of the submitted Technical Merit Information (Qualitative Submission) may form Works Proposals in the Contract at the discretion of, and as deemed appropriate, by the Contracting Authority. Details of the Contractor's initial management arrangements for performing its Contract responsibilities, including systems, methods, planning and other preparations for providing personnel and resources, programming, recording, consultation, co-ordination and co-operation, and for flexibility, as referred to in the Contract. Other specific matters that can be called for include details of the Applicant's project supervisor(s) different from the Applicant (clause 2.4), representative and supervisor (4.2.3), programme (4.9), Specialists (5.4.2), methods, designs. (The list of Works Proposals here should match the list in the Schedule, part 1B.)

Appendix 2: Additional Information

Additional Information to be submitted with Tender

In the light of Russian actions in the Ukraine and as a matter of urgency, the European Council adopted a new regulation – EU Regulation 2022/576, – aimed at restricting participation in economic activity by economic operators from the Russian Federation. The Regulation was adopted on 08 April 2022, with immediate effect.

Article 5k of the Regulation applies to public procurement procedures for the award of contracts under the provisions of Directives 2014/23/EU, 2014/24/EU, 2014/25/EU and 2009/81/EC – above threshold only.

The Regulation prohibits the award or continuation of contracts falling within the scope of the Public Procurement Directives to persons or undertakings related to the Russian Federation. Therefore the Candidate must submit with their Tender confirmation that:

- confirms that it does not come within the category of prohibited economic operators identified in Article 5k of the Regulation;
- confirms that the origin of goods connected to the call for competition are not subject to the prohibitions set out in the Regulation;
- confirms that subcontractors, suppliers and persons on whose capacities the tenderer or candidate relies are not subject to the prohibition in Article 5k of the Regulation where the value of that subcontract exceeds 10% of the contract value; and
- acknowledges that failure to provide the above confirmations shall result in the rejection of the Tender and/or request for participation.

Model Form documents are included as Appendix B to Volume A1 (General Works Requirements & Project Particulars) and the Tenders are required to submit executed Model Forms 1.32 (Declaration Re Regulation 57) and 1.33 (Declaration Oath Still Valid) with their tender return.

Tender Evaluation

For the purpose of tender evaluation (in relation to clause 10.6.4):

- (i) If the tendered percentage addition to costs of labour is negative, blank or less than 35%, the percentage adjustment to the costs of labour that will be used is 35%.
- (ii) If the tendered percentage addition to costs of materials is negative or blank, the percentage adjustment to the costs of materials that will be used will be 0%.

If the tendered percentage deduction to the costs of plant is more than 50% it will be read as a deduction of 50% and so used in the evaluation. If the entry is left blank it will be read as 0% and so used in the evaluation.
