

1. **Verifying Dimensions.**
The contractor shall verify dimensions against such other drawings or site conditions as pertain to this part of the work.
2. **Existing Services.**
Any information concerning the location of existing services indicated on this drawing is intended for general guidance only. It shall be the responsibility of the contractor to determine and verify the exact horizontal and vertical alignment of all cables, pipes, etc. (both underground and overhead) before work commences.
3. **Issue of Drawings.**
Hard copies, dwf and pdf will form a controlled issue of the drawing. All other formats (dwg, dxf etc.) are deemed to be an uncontrolled issue and any work carried out based on these files is at the recipients own risk. TTE will not accept any responsibility for any errors arising from the use of these files, either by human error by the recipient, listing of un-dimensioned measurements, compatibility issues with the recipient's software, and any errors arising when these files are used to aid the recipients drawing production, or setting out on site.
4. **Datum:** Ordnance Datum unless noted otherwise
5. The existing levels shown on this drawing are correct as of 3rd March 2026. However given that the works are being undertaken in a coastal environment these levels are subject to change. Therefore the Employer does not provide any warranty or representation for the level information contained on this drawing. Refer to Appendix 17 for further details.
