Part 1: Introduction

- 1.1 The Minister for Transport (the “Contracting Authority”) invites tenders (“Tenders”) to this request for tenders (“RFT”) from economic operators (“Tenderers”) for the provision of the services as described in Appendix 1 to this RFT (the “Services”).
- 1.2 In summary, the Services comprise the provision of Aviation Consultancy Services to the Irish Coast Guard as described in Appendix 1 to this RFT.
- 1.3 *“Not Used”*
- 1.4 This public procurement competition (the “Competition”) will be conducted in accordance with the open procedure under the European Union (Award of Public Authority Contracts) Regulations 2016 (Statutory Instrument 284 of 2016) (the “Regulations”). Any contract that may result from this Competition (the “Services Contract”) will be issued for a term of Two **(2) Years** (“the Term”).
- 1.5 The Contracting Authority reserves the right to extend the Term for a period or periods of up to **one (1) Year** with a maximum of two **(2)** such extension or extensions on the same terms and conditions, subject to the Contracting Authority’s obligations at law.
- 1.6 The Contracting Authority estimates that the expenditure on the Services to be covered by the proposed **Service Contracts** may amount to some **€400,000 (excl. VAT)** over the Term and any possible extensions. Tenderers must understand that this figure is an estimate only based on current and future expected usage.
- 1.7 Contracting Authority policy seeks to encourage participation on a fair and equal basis by Small and Medium Enterprises (“SME”s) in this Competition. SMEs that believe the scope of this Competition is beyond their technical or business capacity are encouraged, subject to paragraph 2.5, to explore the possibilities of forming relationships with other SMEs or with larger enterprises. Through such relationships they can participate and contribute to the successful implementation of any Services Contract that may result from this Competition and therefore increase their social and economic benefits.
- Larger enterprises are also encouraged, subject to paragraph 2.5, to consider the practical ways that SMEs can be included in their proposals to maximise the social and economic benefits of any Services Contracts that may result from this Competition.

Part 2: Instructions to Tenderers

2.1 IMPORTANT NOTICES

2.1.1 While every effort has been made to provide comprehensive and accurate information in all notices and documents prepared for the purposes of this Competition, the Contracting Authority does not accept any liability or provide any express or implied warranty in respect of any such information. Tenderers must form their own conclusions about the solution needed to meet the requirements set out in this RFT and may wish to consult their legal advisers.

2.1.2 The Contracting Authority does not bind itself to accept the lowest priced or any Tender. This RFT does not constitute an offer or commitment to enter into a Services Contract. No contractual rights in relation to the Contracting Authority will exist unless and until a formal written Services Contract has been executed by or on behalf of the Contracting Authority. Any notification of preferred bidder status by the Contracting Authority shall not give rise to any enforceable rights by the Tenderer. The Contracting Authority may cancel this Competition at any time prior to a formal written Services Contract being executed by or on behalf of the Contracting Authority. The award of a Services Contract does not confer exclusivity on the successful Tenderer.

2.1.3 This RFT supersedes and replaces any and all previous documentation, communications and correspondence between the Contracting Authority and Tenderers, and Tenderers should place no reliance on such previous documentation and correspondence.

2.1.4 In this clause 2.1.4, “Data Protection Laws” means all applicable national and EU data protection laws, regulations and guidelines including but not limited to Regulation (EU) 2016/679 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (the “General Data Protection Regulation”), and any guidelines and codes of practice issued by the Office of the Data Protection Commission or other supervisory authority for data protection in Ireland from time to time.

The Contracting Authority will be a Data Controller (where Data Controller has the meaning given under the Data Protection Laws) in respect of any Personal Data (where Personal Data has the meaning given under the Data Protection Laws) required to be provided by the Tenderer in response to this RFT.

The Tenderer, as Data Controller in respect of any Personal Data provided by it in its Tender, is required to confirm in the statement required under paragraph 2.4 below that all Data Subjects (where Data Subject has the meaning given under the Data Protection Laws) whose Personal Data is provided by the Tenderer have consented to the processing of such Personal Data by the Tenderer, the Contracting Authority, the Evaluation Team and the supplier of the etenders.gov.ie website, for the purposes of the participation of the Tenderer in this Competition or that the Tenderer otherwise has a legal basis for

providing such Personal Data to the Contracting Authority for the purposes of its participation in this Competition.

- 2.1.5 The Contracting Authority would refer Tenderers in particular to the provisions of Regulation (EU) 2022/1031 on the access of third country economic operators, goods and services to the Union's public procurement and concession markets and procedures supporting negotiations on access of Union economic operators, goods and services to the public procurement and concession markets of third countries (International Procurement Instrument – IPI), and to their obligation to comply therewith.

In particular, tenderers and candidates should note in Article 6 of Regulation (EU) 2022/1031, the obligations for a Contracting Authority in the context of a procurement procedure where the EU Commission has adopted an IPI measure.

- 2.1.6 Tenderers are referred to the provisions of Regulation (EU) 2022/2560 of the European Parliament and of the Council on Foreign Subsidies distorting the Internal Market, in addition to Commission Implementing Regulation (EU) 2023/1441, and their obligation to comply therewith. In particular, tenderers and candidates should note the requirements in Articles 28 and 29 of Regulation (EU) 2022/2560 relating to the prior notification or declaration of foreign financial contributions, where the estimated value of the public procurement procedure is equal to or greater than the applicable financial thresholds set out therein. In that regard, Tenderers and Candidates are referred to Appendix 3A of the RFT.

2.2 COMPLIANT TENDERS

- 2.2.1 If a Tenderer fails to comply in any respect with the requirements of this paragraph 2.2.1, the Contracting Authority reserves the right to reject the Tenderer's Tender as non-compliant or, without prejudice to this right and subject to its obligations at law, to take any other action it considers appropriate including but not limited to:

- seeking written clarification from the Tenderer;
- seeking further information from the Tenderer; or
- waiving a requirement, which in the Contracting Authority's view, is non-material or procedural.

Tenderers are required:

- (a) To complete and submit with their Tender the electronic version of the European Single Procurement Document ("[eESPD](#)"). Tenderers may submit an eESPD which has already been used in a previous procurement procedure PROVIDED THAT they confirm that: (i) the information contained in it continues to be correct and (ii) that they satisfy the Selection Criteria for this Competition as set out at part 3.2 below;
- (b). To submit all documentation which this RFT requires to be submitted with their Tender;
- (c) To follow the format of this RFT and respond to each element in the order as set out in this RFT;
- (d) To conform to and comply with all instructions and requirements set out in this RFT;

- (e) To submit the statement required under paragraph 2.4 below; and
- (f) Not to alter or edit this RFT in any way.

2.2.2 Without prejudice to the generality of paragraphs 2.2.1, failure to comply with paragraphs 2.6.1, 2.6.2 or 2.6.3 below will render the Tender non-compliant and it will be rejected.

2.3 SERVICES CONTRACT

- 2.3.1 Tenderers should note the terms and conditions of the Services Contract at Appendix 5 to this RFT.
- 2.3.2 Tenderers are required to confirm their acceptance of the terms and conditions of the Services Contract by signing the Tenderer's Statement at Appendix 3. Tenderers may not amend the Services Contract.

2.4 ACCEPTANCE OF RFT REQUIREMENTS

Each Tenderer is required to accept the provisions of this RFT. ALL TENDERERS MUST RETURN, with their Tender, a scanned signed copy of the Tenderer's Statement, as set out in Appendix 3, printed on the Tenderer's letterhead. The Contracting Authority must be able to read the scanned signature of the Tenderer. If possible, please sign documents using blue ink. If the Contracting Authority cannot read the scanned signature, Tenderers may be requested to re-submit. Tenderers may not amend the Tenderer's Statement.

The Tenderer must provide details of all members of the group of undertakings and their role in the Tender and clearly set out the contact details including name, title, telephone number, postal address, facsimile number and e-mail address of the nominated entity authorised to represent the Tenderer and to whom all communications shall be directed and accepted until this Competition has been completed or terminated. Correspondence from any other person will NOT be accepted, acknowledged, or responded to.

Prior to and as a condition of award of any Services Contract, the successful Tenderer shall be required to designate a single entity who will carry overall responsibility for the Services Contract (the "Prime Contractor"), irrespective of whether or not tasks are to be performed by a subcontractor or other consortium member (the "Subcontractor").

Tenderers should be aware that the "Submit" button will be disabled automatically at the Tender Deadline.

Tenderers should describe:

- i. their capacity to deliver the services, including relevant experience, and
- ii. their proposed approach and methodology for performing and delivering the Services outlined in Appendix 1 (Requirements and Specifications) – (excluding audits as per 1.3 below) including but not limited to discrete / occasional reports, advice on contract management, miscellaneous information, regulatory advice, analysis requests, and sharing of relevant aviation information.

reporting findings and recommendations; and the processes for follow-up, verification of corrective actions, and formal close-out of audits.

The submission should indicate the anticipated allocation of office-based and on-site audit time, including the resources assigned to each stage of the audit process, and demonstrate how the proposed approach will ensure consistency, transparency, independence, and effective audit outcomes.

B. Technical Merit of the Proposal (150 marks)

Tenderers should demonstrate how the particular expertise of the Tenderer could be applied in the performance of the Services. Tenderers should provide the following details in order to demonstrate the suitability of the proposed team;

In addition to information provided under Section 3.2.B tenderers should provide details of the proposed project team, demonstrating how the team's expertise, knowledge and experience will be applied to the delivery of the Services. This should include the proposed team structure, identifying the Project Lead and the role and responsibilities of each team member; biographical summaries outlining the qualifications, experience and relevant expertise of all personnel involved in the delivery and coordination of the Services; and specific details of the Project Lead's knowledge and experience relevant to the requirements of this Request for Tender.

Methodology for Calculating the Cost Score (400 marks)

Tenderers are required to complete the Table 1: Blended daily rate in Pricing Schedule (replicated at Appendix 2 of this RFT), from which the **Total Overall Cost of the evaluation** is calculated.

Evaluation of Costs

Tenderers are required to provide daily rates for each consultant grade specified in the Pricing Schedule

Tenderers should note that the cost evaluation will not be based on the daily rate submitted for any individual consultant grade in isolation. Rather, the evaluation will take account of the rates submitted and the relative level of input required from each consultant grade to deliver the services. Accordingly, the evaluated cost will reflect the overall consultant resource mix proposed for the contract and the anticipated effort associated with each grade.

The Tenderer with the lowest evaluated blended daily rate, calculated using the consultant grade rates submitted in the Pricing Schedule and the estimated level of effort applicable to each consultant grade, and which has met all minimum qualitative requirements, will receive the maximum score available under this criterion, being 400 marks.

The estimated level of effort and resource allocations used to calculate the blended daily rate are provided solely for tender evaluation purposes and do not constitute a commitment by the Contracting Authority regarding the volume, duration or allocation of work during the term of the Contract.

The following formula will be applied to the cost score of the other valid tenders:

Lowest Overall Cost (Blended Daily Rate) from a Bona Fide Tender	A
Cost for the tender being evaluated	B
Maximum Points available for Cost	400
Formula employed	$\frac{400 \times A}{B}$

Please refer to the Tender Response Document and Pricing Schedule attached for further details on the pricing structure and commercial arrangements of this RFT.

1. The Minister for Transport will not be responsible for any errors on the calculation of the costs provided in response to this RFT. It is the responsibility of Tenderers to ensure that the costs quoted are correct and properly calculated .
2. All prices quoted should be inclusive of all costs (excluding T&S), expressed in Euro only, but exclusive of VAT to the point of delivery. Travel and subsistence rates apply at the commensurate level as published by Revenue <https://www.revenue.ie/en/employing-people/employee-expenses/travel-and-subsistence/civil-service-rates.aspx>
Any Travel and Subsistence (T&S) incurred under the Contract shall be payable only at the applicable Civil Service Travel & Subsistence rates. Tenderers must not apply their own T&S rates. T&S will not form part of the pricing evaluation.
3. Tenderers will not derive benefit from any errors or omissions within the RFT but should notify The Minister for Transport immediately upon discovery of any such errors or omissions. The Minister for Transport shall, upon receipt of such notification, notify all tenderers of its ruling in respect of any such ambiguity, discrepancy, error, or omission. Such ruling shall be issued in writing and shall form part of the competition documents.

Overall Scores

Following the application of the evaluation methodologies set out above, each Tenderer's mark for the qualitative (non-cost) award criteria will be added to their mark for Costs to give an overall score out of 1000. Tenderers will then be ranked from highest to lowest based on their overall scores. The award of a Contract will be governed by this ranking.

Tie Break Rule:

In the event that two or more Tenderers have the same total score, the following tie-break approach will be adopted. The Tenderer who has the highest overall “qualitative” (i.e., non-cost related element) shall be deemed to be the Most Economically Advantageous Tender (“MEAT”). In the event that the Tenderers have received the same score for the total Service Quality element of their Tenders, the Tenderer who has been awarded the highest marks for the **A: Service Delivery Methodology** element of their Tender will be deemed to be the preferred MEAT. In the unlikely event of the application of this tie-break rule not resulting in the determination of a preferred MEAT at this stage, the approach will continue to be applied to each of the criteria in the descending order until such time as a preferred MEAT can be determined.

Order of Tie Break Evaluation Criteria

<u>1</u>	A: Service Delivery Methodology
<u>2</u>	B: Technical Merit of the Proposal
<u>3</u>	C: Total Overall Cost

Awarded marks for each Criterion will be added together to provide an overall total cost score.

Award Criteria		Weightings	Maximum Score Available	Minimum Score Required
Qualitative Criteria				
A	Service Delivery Methodology	45%	450	180
B	Technical Merit of the Proposal	15%	150	60
Quantitative Criteria				
C	Total Overall Cost	40%	400	N/A
Total		100%	1,000	N/A

- Tenders will be evaluated using the Award Criteria and sub-criterion outlined in the table above.
- Particular attention is drawn to the Minimum Qualifying Thresholds which applies to the sub-criterion above. The Minimum Qualifying Threshold applies to all award and sub-criteria.
- Tenderers must address each of the award criteria above in the attached Tender Response Document and Pricing Schedule
- This section is concerned with technical ability to fulfil the conditions of the tender. Please note tenderers may only proceed to the Cost Assessment if they obtain 40% or more of the available marks in this section for each of the individual qualitative criteria (A) – (B) inclusive. Failure to achieve any minimum threshold score will result in elimination from the competition and your tender will not be evaluated against the cost criterion, as a result of this no overall score will be assigned.

3.3.2 Subject to paragraphs 2.1 (Important Notices) and 3.5 (Standstill Period) of this RFT, award of the Services Contract to the highest ranked Tenderer (as determined by paragraph 3.3.1) will be conditional upon:

- (a) the Tenderer submitting the following evidence in respect of the Tenderer (including the Prime Contractor and any Subcontractors, as applicable in accordance with paragraph 3.1 above) to the extent not already provided, within seven (7) days of request by the Contracting Authority: (i) a Declaration in the form attached at Appendix 4; (ii) if applicable, evidence to the effect that measures taken by the entity concerned are sufficient to demonstrate its reliability despite the existence of a relevant Exclusion Ground; (iii) all or any of the supporting documents specified at paragraph 3.2; and
- (b) the evidence specified at paragraph 3.3.2(a) above demonstrating that each entity concerned meets the Selection Criteria and the compliance requirements specified at paragraph 3.1(b) and (c) above.

3.4 PRESENTATION OF PROPOSALS

Tenderers may be required to make a presentation of the proposal contained in their Tender. The Contracting Authority will not be responsible for the cost of such presentations (in accordance with paragraph 2.8). Performance at presentations will NOT be evaluated.

3.5 STANDSTILL PERIOD

3.5.1 In circumstances where the European Communities (Public Authorities' Contracts) (Review Procedures) Regulations 2010 (Statutory Instrument 130 of 2010), as amended by the European Communities (Public Authorities' Contracts) (Review Procedures) (Amendment) Regulations 2015 (Statutory Instrument 192 of 2015) and the European Communities (Public Authorities' Contracts (Review Procedures) (Amendment) Regulation 2017 (Statutory Instrument 327 of 2017) apply, no contract can or will be executed or take effect until at least fourteen (14) calendar days after the day on which the Tenderers have been sent a notice informing them of the result of this Competition ("Standstill Period") if such notice is sent by electronic means. The Standstill Period shall be sixteen (16) calendar days if such notice is sent by other means. The preferred bidder will be notified of the decision of the Contracting Authority and of the expiry date of the Standstill Period.

3.5.2 Tenderers should note that the Contracting Authority may, when notifying Tenderers of the results of this Competition, include the scores obtained by the Tenderer concerned and the scores obtained by the preferred bidder in respect of each award criterion assessed by the Contracting Authority.

3.6 RETURN OF SIGNED CONTRACTS

- 3.6.1** The successful Tenderer must sign and return the Services Contract and the Confidentiality Agreement, both in duplicate, to the Contracting Authority no later than seven (7) calendar days from the date of expiry of the Standstill Period unless notified otherwise in writing by the Contracting Authority. A signed Services Contract returned by the successful Tenderer is not binding on the Contracting Authority until the Contracting Authority has signed the Services Contract in accordance with paragraph 2.1.2 above.
- 3.6.2** Where the signed Services Contract and the Confidentiality Agreement have not been received by the Contracting Authority within the period as specified at paragraph 3.6.1 then the Contracting Authority may proceed to award the Services Contract to the next highest-ranked Tenderer in accordance with paragraph 3.6.1 above.

Appendix 1: Requirements and Specifications

Tenderers must address each of the issues and requirements in this part of the RFT and submit a detailed description in each case which demonstrates how these issues and requirements will be dealt with / met and their approach to the proposed delivery of the Services. A mere affirmative statement by the Tenderer that it can/will do so or a reiteration of the tender requirements is NOT sufficient in this regard.

INTRODUCTION

The Minister for Transport is responsible for shaping the safe and sustainable development of transport in Ireland, to support economic growth and social progress. In 2024, the Department has an allocation of €4bn in Exchequer funding to deliver on its objectives.

The Department comprises six business areas supported by a corporate function providing HR, governance, risk, procurement, facilities, finance, and expenditure management services to those business areas.

In the period since 2019 the Exchequer allocation to the Department has increased by 50% and the Department has designed and implemented measures to ensure continued robust governance and oversight of the use of these funds. The Department has a staffing complement of c. 700 staff, and its head office is located at Leeson Lane, Dublin 2, D02 TR60.

Further information on the Department's activities is available at www.transport.gov.ie

The Department is seeking tenders for the provision of aviation consultancy to the Irish Coast Guard on the operation of the Coast Guard Aviation contract across the range of assigned Coast Guard aviation services including SAR, maritime casualty and pollution response and support to the PRA/PES including National Ambulance Service and National Directorate for Fire Emergency Management.

BACKGROUND AND CONTEXT

The Irish Coast Guard (IRCG), including its contracted aviation services, provides a critical national service, delivering maritime and inland search and rescue (SAR), emergency aeromedical support, maritime environmental monitoring, and assistance to other State entities. Aviation capability is a key component of this service, enabling rapid response to incidents in inland, offshore and coastal locations, in varying operational and environmental conditions.

The Coast Guard's Aviation Service operates within a complex and highly regulated environment that requires the integration of operational effectiveness, aviation safety, contractual management, regulatory compliance, value for money, and alignment with evolving national and international best practice. The service responds to changing operational demands, technological developments, environmental considerations, and lessons learned from operational experience.

The Coast Guard Aviation service is provided under contract by Bristow Ireland Limited (BIL). This contract provides for the operation of four day and night helicopter bases and one fixed wing base. BIL operates six AW189 helicopters from four dedicated bases in Shannon, Sligo, Waterford and Dublin (Weston Airport). Two King Air fixed-wing aircraft also located at

Shannon Airport, provide support for Coast Guard search & rescue operations, and maritime environmental monitoring, enabling the 24/7 availability of one Fixed Wing Aircraft at any one time.

Given the strategic importance of aviation capability to the delivery of Coast Guard services, the Department requires access to independent specialist aviation expertise to support the oversight and management of its aviation services. Such expertise is required across a broad range of areas, including operational performance, safety management systems, regulatory compliance, aircraft capabilities, procurement and contract management, technical evaluations, risk assessments, business continuity planning, and aviation industry best practice.

The functions of the IRCG are available on a dedicated webpage on Gov.ie, you can find it here: <https://www.gov.ie/en/policy-information/eda64a-the-irish-coast-guard/>
