It is accepted that, in order to meet the qualification criteria, companies may wish to collaborate, for example by forming a joint venture or consortium which will then apply as a Candidate for qualification. In order to distinguish between the roles, the parties comprising a Candidate are referred to as “Members”.

A company which is a Member of one Candidate may not be a Member of any other Candidates unless it has satisfied IWA that this does not create a risk of conflict of interest or collusion.

Candidates seeking to show compliance based on the experience, resources or financial standing of the Candidate’s group or other affiliated companies will be required to provide sufficient information to demonstrate the group/affiliate’s commitment to the Candidate’s participation and provide details of the group/affiliate’s relevant experience, resources or financial standing. In either case, where such commitment is not shown, neither group nor affiliates’ experience, resources or financial standing shall be considered.

If a RFT is submitted by a group (more than one) of Members, then those Members, if awarded the contract, must assume such legal form by incorporation, partnership, or otherwise as will enable them to contract as a single entity. It may become necessary for the group to state a single addressee responsible for the receipt and processing of documentation and resolving any problems relating to the contract.

IWA reserves the right to request evidence or copies of any agreements between the parties in this respect and to comment upon them and take them into account at any stage in this procurement process.

By submitting a RFQ the Candidate warrants and represents that they can, and irrevocably agree that they will, comply, or procure compliance, as the case may be, with this section on request by IWA.

The failure by the Candidate as Prime Contractor or any member of the joint submission to comply with any such requirement may result in its rejection and elimination from the procurement process.

Candidates are required to comply fully with these Instructions to Candidates when preparing their responses and participating in this procurement process.

Particular attention is drawn to the fact that non-compliance with these Instructions to Candidates may, at the sole discretion of IWA, invalidate a Candidate's submission.
