Part 1B: The Contracting Authority

The Pharmaceutical Society of Ireland (PSI) (hereinafter referred to as the “Contracting Authority”) is the authority responsible for this procurement.

About the PSI – The Pharmacy Regulator

The Pharmaceutical Society of Ireland (PSI), the pharmacy regulator, is a public body established by the Pharmacy Act 2007. The PSI is an aegis body of the Department of Health. Our mission is to assure patient safety and public trust in pharmacy through the effective regulation of pharmacists and pharmacies in Ireland.

The role and responsibilities of the PSI are established in legislation. These include:

- registration of pharmacists, pharmaceutical assistants and pharmacies (retail pharmacy businesses);
- setting standards for pharmacy education and training and ensuring that all registered pharmacists are undertaking appropriate continuing professional development (CPD);
- promoting good professional practice by pharmacists by raising standards and sharing information for the benefit of patients and the wider health system;
- conducting fieldwork to assess how pharmacies comply with pharmacy and medicines law and, where necessary, act to address poor performance and/or unsafe practices.
- consideration of formal complaints made against a pharmacist or a pharmacy, including imposing sanctions;
- providing advice, support and guidance to the public, the pharmacy profession and the Government on pharmacy care, treatment and services in Ireland.

The PSI is governed by a 21-member Council appointed by the Minister for Health. The PSI President is Chair of the Council. The Registrar/Chief Officer leads the executive staff and is responsible for overseeing the operation of the PSI, ensuring that the PSI meets its statutory responsibilities and achieves its strategic objectives.

The PSI President and the Registrar are the nominated spokespeople for the organisation.

The PSI currently registers and regulates approximately 8,000 pharmacists, 130 pharmaceutical assistants and 2,000 pharmacies.

Our communications and engagement approach is considerate of our organisation values:

- **Serve the public:** We put public safety at the heart of everything we do.
- **Everyone counts:** We value and respect everyone with whom we engage.
- **Work together:** We work collaboratively with all our stakeholders.
- **Lead by example:** We lead with integrity and objectivity and uphold the highest standards.

- **Embrace change:** We strive to be innovative and to continuously improve.

The PSI is currently engaged in activities under a four-year [Corporate Strategy](#) for 2025- 2028, underpinned each year by an annual [Service Plan](#). The PSI is involved in, and supporting, national policy initiatives and changes within the health sector, that will bring about advancements and enhancements in the scope of pharmacy practice and change how the public may receive care in their communities. It is the PSI's role to provide regulatory expertise and ensure that the standards for pharmacy underpin and facilitate the expansion of services, that our regulatory efforts are effective and proportionate, and that the maintenance of public and patient safety and trust is at the core of our decisions and actions.

Supporting delivery of the Corporate Strategy, we have an approved Communications Strategy for the same time period.

The Communications Strategy 2025-2028 is focused on three main objectives:

1. Enhance awareness and understanding of our role as an effective and fair regulator. We aim to highlight what we do, the impact of this work, and what is needed to deliver on our remit in support of safe and effective pharmacy services.
2. Implement effective, collaborative engagement methods that ensure we hear from patients and the public so that there is a patient-centred approach to our work, underpinned by our commitment to equality, diversity and inclusion.
3. Work in partnership with our registrants and broader stakeholders in the pharmacy, healthcare, policy and educational environments to support continued patient safety and public trust in pharmacy, including through the implementation of changes for the pharmacy and healthcare system.

Contract & Quality Management (20%) - Communications processes to be used including management reports and escalation issues. - Key Performance Indicators (KPIs) proposed to measure contract performance and customer service. - Approach to risk management in the delivery of services. - Business Continuity arrangements, including details of disaster recovery arrangements and contingency arrangements.	150	90
3. Proposed Resources (25%) - Curriculum Vitae of proposed resources for this contract. - Demonstrable experience of proposed team working together to successfully deliver the requirements of this contract as per Appendix 1.	300	180
4. Overall Cost (30%) <i>To be evaluated through the pricing response document</i>	300	N/A

Qualitative award criteria 1 to 3 will be assessed first.

Only those Tenders that score a mark equal to or in excess of the minimum qualifying threshold (as shown in the table above) for qualitative award criteria 1 to 3 will proceed to be evaluated under award criterion 4 (cost).

Tenderers which fail to achieve the minimum qualifying thresholds will result in the Tenderer being eliminated from the competition and no further evaluation of its Tender will be carried out. Also in such circumstances, the Tenderer's Pricing Schedule will not be evaluated.

Scoring of the qualitative award criteria will be based on an assessment of the information provided by Tenderers and each response element will be awarded marks using the following scoring methodology.

Scoring Methodology (Qualitative)

Weighting	Meaning
91% - 100%	Excellent response with very few or no weaknesses exceeds requirements, and provides comprehensive, detailed, and convincing assurance that the Tenderer will deliver to an excellent standard.
80% - 90%	A very good response that demonstrates real understanding and fully meets the requirements and assurance that the Tenderer will deliver to high standard.
60% - 79%	A satisfactory response which demonstrates a reasonable understanding of requirements and gives reasonable assurance of delivery to an adequate standard but does not provide sufficiently convincing assurance to award a higher mark.
30% - 59%	A response where reservations exist. Lacks full credibility/convincing detail, and there is a significant risk that the response will not be successful.
1% - 29%	A response where serious reservations exist. This may be because, for example, insufficient detail is provided, and the response has fundamental flaws, or is seriously inadequate or seriously lacks credibility with a high risk of non- delivery.
0%	Response completely fails to address the criterion under consideration.

The cost element of the award criteria will be assessed on the basis of lowest total cost.

- Tenderers are required to complete the Pricing Response Document, from which the **Total Cost** is calculated.
- All prices quoted must be inclusive of all costs (excluding travel expenses and subsistence), expressed in Euro only, but exclusive of VAT.
- The lowest Total Cost tendered will receive maximum marks (300 Marks), the formula used will be as follows:

Scoring Methodology (Cost)

$$\text{Cost Score} = \frac{\text{Lowest Total Cost submitted}}{\text{Total Cost under evaluation}} \times \text{Maximum Number of Marks Available}$$

Please refer to the Pricing Schedule (Appendix 2) for more details about the cost criteria

The Standstill Period shall be sixteen (16) calendar days if such notice is sent by other means. The preferred bidder will be notified of the decision of the Contracting Authority and of the expiry date of the Standstill Period.
