

No.	Date of Query Issue	Subject	Query	Response
1	9/16/2026	Lots	There are no lots in this tender. The documents have been updated to reflect this.	A new tender pack has been published.
2	9/16/2026	ESPD	Is an ESPD required	No an ESPD is not required. Declarations should be completed as part of the submission.
3	9/16/2026	Approach	How should we answer the approach	The approach provides 10 pages for tenderers. Part of this tender should focus on the service requirements. The second part should deal with the campaign aspect.
4	9/16/2026	Campaign Value	How much should the notional campaign be worth	The notional campaign should have a project value of €20,000.
5	9/16/2026	Resources	On page 17 you outline the requirement to demonstrate sufficient resources, are there minimum numbers	There is no minimum number being specified. Tenderers are expected to be able to explain how their resourcing proposition can fulfil the requirements of the PSI.
6	9/16/2026	CV	How many examples should be included	You can include up to three examples of relevant experience. Experience can be a mix of similar clients and similar comparable services.
7	9/16/2026	Case studies	What does relevant experience mean	Focus on the services being sought in the first instance. Ensure you focus on the comparability of the services. Where services are delivered to or on behalf of an organisation similar to the PSI, the relevance will be both sectoral and service related.
8		CV	Regarding Page 11 on TRD, is it a max of page per question or all information to fit on one page.	The max is 1 page for the response.
9		Clarification on wording	The question asks for projects, but the template refers to contracts. Can you advise if it's a specific case-study i.e a project?	The response should relate to contracts.
10		Weighting	The values in the RFT do not add up to the overall 100%	This has been updated and a new tender pack has been published.
