3.	Query: Can you please confirm the current proposed location for the Contractor's site compound?
	Reply: Please see under a sketch showing the following:- 1. See under the revised location of the Contractor's compound (shown blue dotted). This has been relocated from that shown in Volume 1 project particulars & Scope and Sequencing of Works document page 15. 2. KWETB now also propose the concurrent construction of a demountable building (shown pink dotted) in upper car park will be a separate project. Its access route is noted. The date for the commencement and completion of this project are not yet advised but it is likely to occur during the course of the roofing works. This needs to be taken into consideration when programming the roofing project and preparing the site specific safety plan. 3. The final location is to be agreed with the Employer's Representative and remains subject to change
