- 1.2 In summary, the Services comprise:
- The development and implementation of an enterprise development programme targeted at early stage entrepreneurial emigrants that have returned to live and work in Ireland.
- 1.3
- Not Used
- 1.4 This public procurement competition (the “Competition”) will be conducted in accordance with the open procedure under the European Union (Award of Public Authority Contracts) Regulations 2016 (Statutory Instrument 284 of 2016) (the “Regulations”). Any contract that may result from this Competition (the “Services Contract”) will be issued for a term of four years (“the Term”).
- 1.5 The Contracting Authority reserves the right to extend the Term for a period or periods of up to one year with a maximum of one such extension or extensions on the same terms and conditions, subject to the Contracting Authority’s obligations at law.
- 1.6 The Contracting Authority estimates that the expenditure on the Services to be covered by the proposed may amount to some €1,015,000 (excl. VAT) over the Term and any possible extensions. Tenderers must understand that this figure is an estimate only based on current and future expected usage.
- 1.7 Contracting Authority policy seeks to encourage participation on a fair and equal basis by Small and Medium Enterprises (“SME”s) in this Competition. SMEs that believe the scope of this Competition is beyond their technical or business capacity are encouraged, subject to paragraph 2.5, to explore the possibilities of forming relationships with other SMEs or with larger enterprises. Through such relationships they can participate and contribute to the successful implementation of any Services Contract that may result from this Competition and therefore increase their social and economic benefits.
- Larger enterprises are also encouraged, subject to paragraph 2.5, to consider the practical ways that SMEs can be included in their proposals to maximise the social and economic benefits of any Services Contracts that may result from this Competition.

Part 2: Instructions to Tenderers

2.1 IMPORTANT NOTICES

2.1.1 While every effort has been made to provide comprehensive and accurate information in all notices and documents prepared for the purposes of this Competition, the Contracting Authority does not accept any liability or provide any express or implied warranty in respect of any such information. Tenderers must form their own conclusions about the solution needed to meet the requirements set out in this RFT and may wish to consult their legal advisers.

2.1.2 The Contracting Authority does not bind itself to accept the lowest priced or any Tender. This RFT does not constitute an offer or commitment to enter into a Services Contract. No contractual rights in relation to the Contracting Authority will exist unless and until a formal written Services Contract has been executed by or on behalf of the Contracting Authority. Any notification of preferred bidder status by the Contracting Authority shall not give rise to any enforceable rights by the Tenderer.

The Contracting Authority may cancel this Competition at any time prior to a formal written Services Contract being executed by or on behalf of the Contracting Authority.

The award of a Services Contract does not confer exclusivity on the successful Tenderer.

2.1.3 This RFT supersedes and replaces any and all previous documentation, communications and correspondence between the Contracting Authority and Tenderers, and Tenderers should place no reliance on such previous documentation and correspondence.

2.1.4 In this clause 2.1.4, “Data Protection Laws” means all applicable national and EU data protection laws, regulations and guidelines including but not limited to Regulation (EU) 2016/679 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (the “General Data Protection Regulation”), and any guidelines and codes of practice issued by the Office of the Data Protection Commission or other supervisory authority for data protection in Ireland from time to time.

The Contracting Authority will be a Data Controller (where Data Controller has the meaning given under the Data Protection Laws) in respect of any Personal Data (where Personal Data has the meaning given under the Data Protection Laws) required to be provided by the Tenderer in response to this RFT.

The Tenderer, as Data Controller in respect of any Personal Data provided by it in its Tender, is required to confirm in the statement required under paragraph 2.4 below that all Data Subjects (where Data Subject has the meaning given under the Data Protection Laws) whose Personal Data is provided by the Tenderer have consented to the processing of such Personal Data by the Tenderer, the Contracting Authority, the Evaluation Team and the supplier of the etenders.gov.ie website, for the purposes of the participation of the Tenderer in this Competition or that the Tenderer otherwise has a legal basis for providing such Personal Data to the Contracting Authority for the purposes of its participation in this Competition .

- 2.1.5 The Contracting Authority would refer Tenderers in particular to the provisions of Regulation (EU) 2022/1031 on the access of third country economic operators, goods and services to the Union's public procurement and concession markets and procedures supporting negotiations on access of Union economic operators, goods and services to the public procurement and concession markets of third countries (International Procurement Instrument – IPI), and to their obligations to comply therewith.

In particular, tenderers and candidates should note Article 6 of the Regulation (EU) 2022/1031, the obligations for a Contracting Authority in the context of a procurement procedure where the EU Commission has adopted an IPI measure.

2.2 COMPLIANT TENDERS

- 2.2.1 If a Tenderer fails to comply in any respect with the requirements of this paragraph 2.2.1, the Contracting Authority reserves the right to reject the Tenderer's Tender as non-compliant or, without prejudice to this right and subject to its obligations at law, to take any other action it considers appropriate including but not limited to:

- seeking written clarification from the Tenderer;
- seeking further information from the Tenderer; or
- waiving a requirement, which in the Contracting Authority's view, is non-material or procedural.

Tenderers are required:

- (a) To complete and submit with their Tender the electronic version of the European Single Procurement Document ("ESPD"). Tenderers may submit an ESPD which has already been used in a previous procurement procedure PROVIDED THAT they confirm that: (i) the information contained in it continues to be correct and (ii) that they satisfy the Selection Criteria for this Competition as set out at part 3.2 below;
 - (b). To submit all documentation which this RFT requires to be submitted with their Tender;
 - (c) To follow the format of this RFT and respond to each element in the order as set out in this RFT;
 - (d) To conform to and comply with all instructions and requirements set out in this RFT;
 - (e) To submit the statement required under paragraph 2.4 below; and
 - (f) Not to alter or edit this RFT in any way.
- 2.2.2 Without prejudice to the generality of paragraphs 2.2.1, failure to comply with paragraph 2.6.1, 2.6.2 or 2.6.3 below will render the Tender non-compliant and it will be rejected.

2.3 SERVICES CONTRACT

- 2.3.1 Tenderers should note the terms and conditions of the Services Contract at Appendix 7 to this RFT.

- 2.3.2 Tenderers are required to confirm their acceptance of the terms and conditions of the Services Contract by signing the Tenderer's Statement at Appendix 3. Tenderers may not amend the Services Contract.

2.4 ACCEPTANCE OF RFT REQUIREMENTS

Each Tenderer is required to accept the provisions of this RFT. ALL TENDERERS MUST RETURN, with their Tender, a scanned signed copy of the Tenderer's Statement, as set out in Appendix 3, printed on the Tenderer's letterhead. The Contracting Authority must be able to read the scanned signature of the Tenderer. If possible, please sign documents using blue ink. If the Contracting Authority cannot read the scanned signature, Tenderers may be requested to re-submit. Tenderers may not amend the Tenderer's Statement.

The Tenderer must provide details of all members of the group of undertakings and their role in the Tender and clearly set out the contact details including name, title, telephone number, postal address, facsimile number and e-mail address of the nominated entity authorised to represent the Tenderer and to whom all communications shall be directed and accepted until this Competition has been completed or terminated. Correspondence from any other person will NOT be accepted, acknowledged or responded to.

Prior to and as a condition of award of any Services Contract, the successful Tenderer shall be required to designate a single entity who will carry overall responsibility for the Services Contract (the "Prime Contractor"), irrespective of whether or not tasks are to be performed by a subcontractor or other consortium member (the "Subcontractor").

2.6 TENDER SUBMISSION REQUIREMENTS

- 2.6.1 Tenders must be submitted via the 'electronic tenderbox' available on www.etenders.gov.ie. Only Tenders submitted to the electronic tenderbox will be accepted. Appendix 1: Requirements and Specifications

Tenderers must address each of the issues and requirements in this part of the RFT and submit a detailed description in each case which demonstrates how these issues and requirements will be dealt with / met and their approach to the proposed delivery of the Services. A mere affirmative statement by the Tenderer that it can/will do so or a reiteration of the tender requirements is NOT sufficient in this regard.

1. Introduction

The Department of Foreign Affairs and Trade (DFAT) is seeking proposals from suitable, experienced service providers who have the capability and vision to develop and implement a tailored work programme to address the skills, enterprise and capability gaps of emigrants who have returned, or plan to return, to live and work in Ireland in order to foster and support entrepreneurial activity amongst that specific group.

The Department is seeking **ONE** single provider of the service which may be a person(s), firm(s), company(ies), partnership(s), corporation(s) or other commercial entity. The programme will run for four years and the Department will have the option to extend by one additional year. Each year from 2022 to 2026, the Department ran a programme 'Back for Business', which sought to address these needs. The Department has decided that there is merit in continuing a programme that meets these aims and is seeking a provider on that basis.

General

The Programme for Government commits to facilitate the easier return to Ireland for emigrants. Our work in this area is underpinned by [Ireland's Diaspora Strategy 2026 – 2030](#), which contains an overarching commitment to work with Ireland's diaspora to ensure our relationship with global Irish communities is a dynamic one that meets their needs and can adapt to evolving circumstances.

The objective of the service sought in this tender is to assist returned and returning emigrants in setting up business in Ireland on their return, by working to address barriers and challenges to starting a business that are unique to this group of people, including addressing the gaps in personal and professional networks, support, and up to date local knowledge which would be crucial to successful establishment of new businesses. The programme would seek to attract applications from returning or recently returned emigrants with entrepreneurial ambition whether starting, partnering, acquiring or investing in existing businesses or playing an entrepreneurial role, advising and supporting innovation within existing businesses.

Model Proposed

It is proposed that the model followed by the service provider would be national in its scope and should provide practical advice and prepare programme participants to surmount various challenges involved in commencing or engaging in a business venture with particular reference to the challenges arising for those who have recently (or will shortly) returned to Ireland. While it is envisaged that the main activity of the project would take place in Ireland after return, it is proposed that the tender could also include the possibility of participants currently overseas in advance of their actual move home.

It is proposed that funding of approximately €203,000 would be allocated to this project per year.

Ahead of the conclusion of the four-year programme, the programme will be reviewed, with a particular emphasis on the measurement of its practical impact on participants and their communities, and where possible, the economic contribution of the programme. This review will inform the decision of the Department on whether to extend the programme for a further year. This review will be in addition to regular ongoing monitoring of the programme by the service provider.

2.2 Definitions and eligibility requirements for participants in the proposed programme

Tenderers should be aware of the following definitions which will be required to be adhered to in any proposed programme to foster and support entrepreneurial development and activity among emigrants who have returned to live in Ireland:

(a) A returning emigrant entrepreneur is a person who has in the 36 months prior to the closing date of this RFT returned to be ordinarily resident in Ireland, or can demonstrate active commitment to return to Ireland, having spent a minimum of 12 months living outside the state; and, who lived in Ireland prior to moving abroad; who has set up a new business or has made an active commitment to setting up a new business or contributing to an existing business in Ireland in the 24 months prior to the closing date of this RFT, which they will own or part own.

(b) Activities such as organising the start-up team, looking for equipment/facilities, money saved for the start-up, or having a developed business plan would all be considered as active commitments to setting up a business or contributing to an existing business.

(c) The applicant means any person(s), firm(s), company(ies), partnership(s), corporation(s) or other commercial entity submitting a response to this Call for tenders.

(d) As this programme has multifaceted objectives, interested service providers may find it beneficial to team up with other applicants with complementary expertise. If the proposal is from a consortium / joint venture, the consortium must appoint a single contact who will assume overall responsibility for delivery, and who is authorised to sign a contract on behalf of all consortia members. The Department will not act as an arbitrator between members of project consortia. (see also Clause 2.5 of RFT)

3. Tender Specification and requirements

3.1 Maximum available Budget and eligible costs

A dedicated fund of up to a maximum of €203,000 annually has been made available towards the operating costs for the delivery of the programme. Tenderers are required to submit the proposed cost in the format provided in the pricing schedule at Appendix 2.

Tenderers must note that those who are eligible must be able to participate in the programme free of charge. They must not be subject to any charge/fee to participate.

3.2 Programme objectives

- Develop a programme on resources and services available for returned emigrant entrepreneurs, ideally this will include a concise information booklet/handout;
- Provide strong modules addressing some or all of the challenges outlined at 2.1 above which can impact on returned emigrant entrepreneurs;

- Select up to 50 returned emigrant entrepreneurs, annually, who best demonstrate their potential to advance business activity;
- Ensure a geographical spread of programme participants across the country and in particular in rural areas, in line with the Government's policy on rural development;
- Deliver an entrepreneurship and mentoring business orientated programme of 1-2 years duration, with further support to participants for a further year to the selected participants;
- Involve successful role models and include strong peer network learning opportunities;
- Be in a position to demonstrate how the selected participants have developed their business or capacity as a result of the programme participation, to measure the economic and community impact and to also provide learning outcomes.

4. Submission Requirements

4.1 Tenders are invited from interested and qualified service providers who have the capacity to develop and implement an entrepreneurial developmental programme to foster and support entrepreneurial activity among returned emigrants.

- Tenderers must have the financial capacity to complete the proposed work programme/activities and have access to adequate funding sources. (see Section 3.2. A (i) of this RFT).

- The indicative budget ceiling for this contract is estimated at a maximum of €203,000 excluding VAT per year, for four years with an option to for one additional year. The contractor must confirm in the tender that they are positioned to provide the services under this RFT for five years if required. The option to extend for a fifth year is at the sole discretion of the Department.

4.2 It is proposed to award any contract arising from this RFT on the basis of the most economically advantageous tender. Eligible proposals and the funding to be provided will be assessed on a competitive basis taking account of the award criteria and the programmes's objectives, principles and definitions as referred to in paragraphs 2 and 3 of this Appendix.

Tenderers should note that DFAT does not bind itself to accept the lowest priced or any Tender and that marks are available for the quality of the proposal as well as price.

Tenderer should also be aware that there is no obligation for them to propose costs up to the maximum budget available of €203,000.

4.3 Tenderers are required to submit a proposed project plan on how the service required by this RFT would be delivered including content, methodology and timelines which will be assessed for awarding marks for quality of the proposal.

4.4 Teams proposed in the tender submission will be assessed for quality. Teams with expertise in working with aspiring entrepreneurs in general and rural business leaders in particular.

4.5 The arrangements for communication, selection, approval and management of participants will be evaluated (see Section 3.3.2 (c) of this RFT).

4.6 Quality of the arrangements for evaluation of the programme and for management of the relationship with the Contracting Authority will be assessed (see Section 3.3.2 (d) of this RFT).

4.7 A breakdown of costs of the services are required. The costs submitted must be used to carry out the specific actions proposed in the work plan for delivery of the specific services required by this RFT.

Tenderers are required to complete Appendix 2 'Pricing Schedule'.

The marks for cost of the proposed service will be evaluated taking into account the following (see also award criterion (f) in the table in Section 3.3.1 of this RFT).

The total marks available for price is 150 marks. Marks for price are as follows:

The financial proposal shall specify a total lump sum amount excluding VAT for year 1, year 2, year 3 and year 4 and the optional year 5.

Contract fees are based upon outputs and the delivery of services as required under the RFT. In order to assist the Department in considering the proposal, the financial proposal will include a full breakdown of the annual lump sum amount inclusive of all expenses for the services as requested in the RFT.

The Evaluation Committee reserves the right not to select any tender if the amounts tendered exceed the budget envisaged for this project.

The Department may reject a tender that it considers to be abnormally low, and any such tender will not form part of the evaluation process. A formal review with the Tenderer involved will take place in advance of an Abnormally Low tender decision.

5. Environment and Sustainability

As part of the All of Government Plan on Climate Action 2024 and giving regard to Circular 17/2025 all Government Departments are required to reduce the environmental impact of the goods and services they procure.

The Department of Foreign Affairs and Trade is committed to sustainability and to working in an environment-friendly way, supporting national and global efforts to reduce carbon emissions and to promote sustainability. The impact to the environment is a key consideration for the Contracting Authority. As such all services must be completed in a sustainable manner with due consideration given to minimizing the environmental impact.

Tenderers should detail within their tender any sustainability measures in place within their organisation that relate to the provision of these services.

The Department may seek additional information from the successful contractor over the duration of the contract to assist in its monitoring, reduction and offsetting of carbon emissions.
