4	28 th September 2026	ATU colour pantones, construction and design specifications, what information will be made available along with updates of changes to design if required.	ATU wish to clarify that the information relating to Academic Dress, including colour specifications based on ATU brand guides, (see response to Question 2) and the approved design specifications for academic dress, will be made available to graduates on the ATU Graduation Page webpage. ATU is currently updating its Academic Dress Code for Graduation. Once this review is complete, the relevant information and specifications relating to the correct academic dress will be published on the Graduation webpage. The information will be reviewed and updated, as appropriate, for each graduation cycle. Any changes to the approved Academic Dress specifications will also be communicated through the Graduation webpage to graduates. https://www.atu.ie/app/uploads/2026/09/atu-academic-dress.pdf. All final decisions regarding branding, logos and related requirements will be communicated to the successful tenderer, as applicable.
5	30 th September 2026	Please confirm the size the woven logo should be and the repeat spacing measures.	The woven logo is intended to be approximately 38mm x 48mm, with repeat spacing of approximately 18mm between logos and 15mm between rows. These dimensions are indicative only at this point in time. The detailed specifications relating to the academic gowns, including colour references, construction and design requirements, and woven logo dimensions and repeat spacing, will be provided to the successful tenderer. Any subsequent changes to these specifications will be communicated as required. Any use or reproduction of ATU's logo must comply with ATU's Brand Guidelines and is subject to ATU's prior authorisation.
