Part 1: Introduction

- 1.1 The Courts Service of Ireland (the “Contracting Authority”) invites tenders (“Tenders”) to this request for tenders (“CfT”) from economic operators (“Tenderers”) for the provision of the services as described in Appendix 1 to this CfT (the “Services”).
- 1.2 In summary, the Services comprise the provision of Certification, Maintenance and Training Services for Security Screening Equipment to the Courts Service of Ireland.
- 1.3 This public procurement competition will be divided into four lots (each a “Lot”) as described below. Each Lot will result in a separate Contract;

- Lot 1: Provision of Certification Services for Security Screening Equipment;
- Lot 2: Provision of Maintenance Services for Security Screening Equipment;
- Lot 3: Provision of Radiation Protection Officer Training.

A Tenderer can submit a Tender for any individual Lot. However, a Tenderer cannot be awarded a Contract for both Lot 1 and Lot 2. If a Tenderer is tendering for both Lot 1 and Lot 2 they must indicate their preference for the order of award of Contracts.

The award of contract will be determined on the basis of the most economically advantageous tenders as assessed by the award criteria for each Lot, (see Section 3).

- 1.4 This public procurement competition (the “Competition”) will be conducted as a National Tender in accordance with the open procedure under the European Union (Award of Public Authority Contracts) Regulations 2016 (Statutory Instrument 284 of 2016) (the “Regulations”). Any contracts that may result from this Competition (the “Services Contracts”) will be issued for a term of three (3) years (“the Term”).
- 1.5 The Contracting Authority reserves the right to extend the Term for a period or periods of up to twelve (12) Months with a maximum of two (2) such extension or extensions on the same terms and conditions, subject to the Contracting Authority’s obligations at law.
- 1.6 The Contracting Authority estimates that the expenditure on the Services to be directly covered by the proposed Services Contracts may amount to some €87,500 (circa €17,500 annually) (excl. VAT) over the Term and any possible extensions. Tenderers must understand that this figure is an estimate only based on current and future expected usage. Tenderers should note that the Courts Service is explicitly allowing for the extension of the scope of services under Lots 1 and 2 to cover additional equipment and locations within the Courts estate and to cover additional staff training under Lot 3.
- 1.7 Contracting Authority policy seeks to encourage participation on a fair and equal basis by Small and Medium Enterprises (“SME”)s in this Competition. SMEs that believe the scope of this Competition is beyond their technical or business capacity are encouraged, subject to paragraph 2.5, to explore the possibilities of forming relationships with other SMEs or with larger enterprises. Through such relationships they can participate and contribute to the successful implementation of any Services Contract that may result from this Competition and therefore increase their social and economic benefits.

Larger enterprises are also encouraged, subject to paragraph 2.5, to consider the practical ways that SMEs can be included in their proposals to maximise the social and economic benefits of any Services Contracts that may result from this Competition.

Part 2: Instructions to Tenderers

2.1 IMPORTANT NOTICES

2.1.1 While every effort has been made to provide comprehensive and accurate information in all notices and documents prepared for the purposes of this Competition, the Contracting Authority does not accept any liability or provide any express or implied warranty in respect of any such information. Tenderers must form their own conclusions about the solution needed to meet the requirements set out in this CfT and may wish to consult their legal advisers.

2.1.2 The Contracting Authority does not bind itself to accept the lowest priced or any Tender. This CfT does not constitute an offer or commitment to enter into a Services Contract or Service Contracts.

No contractual rights in relation to the Contracting Authority will exist unless and until a formal written Services Contract has been executed by or on behalf of the Contracting Authority.

Any notification of preferred bidder status by the Contracting Authority shall not give rise to any enforceable rights by the Tenderer.

The Contracting Authority may cancel this Competition (or, for the avoidance of doubt, any individual Lot), at any time prior to a formal written Services Contract being executed by or on behalf of the Contracting Authority.

The award of a Services Contract does not confer exclusivity on the successful Tenderer.

2.1.3 This CfT supersedes and replaces any and all previous documentation, communications and correspondence between the Contracting Authority and Tenderers, and Tenderers should place no reliance on such previous documentation and correspondence.

2.1.4 In this clause 2.1.4, “Data Protection Laws” means all applicable national and EU data protection laws, regulations and guidelines including but not limited to Regulation (EU) 2016/679 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (the “General Data Protection Regulation”), and any guidelines and codes of practice issued by the Office of the Data Protection Commission or other supervisory authority for data protection in Ireland from time to time.

The Contracting Authority will be a Data Controller (where Data Controller has the meaning given under the Data Protection Laws) in respect of any Personal Data (where Personal Data has the meaning given under the Data Protection Laws) required to be provided by the Tenderer in response to this CfT.

The Tenderer, as Data Controller in respect of any Personal Data provided by it in its Tender, is required to confirm in the statement required under paragraph 2.4 below that all Data Subjects (where Data Subject has the meaning given under the Data Protection Laws) whose Personal Data is provided by the Tenderer have consented to the processing of such Personal Data by the Tenderer, the Contracting Authority, the Evaluation Team and the supplier of the etenders.gov.ie website, for the purposes of the participation of the Tenderer in this Competition or that the Tenderer otherwise has a legal basis for providing such Personal Data to the Contracting Authority for the purposes of its

participation in this Competition

- 2.1.5 The Contracting Authority would refer Tenderers in particular to the provisions of Regulation (EU) 2022/1031 on the access of third country economic operators, goods and services to the Union's public procurement and concession markets and procedures supporting negotiations on access of Union economic operators, goods and services to the public procurement and concession markets of third countries (International Procurement Instrument – IPI), and to their obligation to comply therewith.
- 2.1.6 In particular, tenderers and candidates should note in Article 6 of Regulation (EU) 2022/1031, the obligations for a Contracting Authority in the context of a procurement procedure where the EU Commission has adopted an IPI measure.
- 2.1.7 Tenderers are referred to the provisions of Regulation (EU) 2022/2560 of the European Parliament and of the Council on Foreign Subsidies distorting the Internal Market, in addition to Commission Implementing Regulation (EU) 2023/1441, and their obligation to comply therewith. In particular, tenderers and candidates should note the requirements in Articles 28 and 29 of Regulation (EU) 2022/2560 relating to the prior notification or declaration of foreign financial contributions, where the estimated value of the public procurement procedure is equal to or greater than the applicable financial thresholds set out therein. In that regard, Tenderers and Candidates are referred to Appendix 3A of the CfT.

2.2 COMPLIANT TENDERS

- 2.2.1 If a Tenderer fails to comply in any respect with the requirements of this paragraph 2.2.1, the Contracting Authority reserves the right to reject the Tenderer's Tender as non-compliant or, without prejudice to this right and subject to its obligations at law, to take any other action it considers appropriate including but not limited to:

- seeking written clarification from the Tenderer;
- seeking further information from the Tenderer; or
- waiving a requirement, which in the Contracting Authority's view, is non-material or procedural.

Tenderers are required:

- (a) To complete and submit with their Tender the electronic version of the European Single Procurement Document ("[eESPD](#)"). Tenderers may submit an eESPD which has already been used in a previous procurement procedure PROVIDED THAT they confirm that: (i) the information contained in it continues to be correct and (ii) that they satisfy the Selection Criteria for this Competition as set out at part 3.2 below;

2.3 SERVICES CONTRACT

- 2.3.1** Tenderers should note the terms and conditions of the Services Contract at Appendix 5 to this CfT.
- 2.3.2** Tenderers are required to confirm their acceptance of the terms and conditions of the Services Contract by signing the Tenderer's Statement at Appendix 3. Tenderers may not amend the Services Contract.

3.3.2 Requirements Evaluation

For each of the non-cost criteria stated, the following evaluation methodology will be applied:

Stage 1: The tender evaluation panel will determine into which of the following six bands the Response falls:

Table 3: Scoring Methodology

BAND	SCORE RANGE	MEANING
7	90 – 100%	Excellent response that exceeds the requirements set out in the RFT: the response provides great clarity and gives a comprehensive, detailed, and convincing assurance that the Tenderer will deliver to an excellent standard.
6	80-89%	A very good response that fully meets all the requirements set out in RFT: the response demonstrates a very high level of understanding of the requirements provides comprehensive detail and convincing assurance that the Tenderer will deliver to a very high standard
5	70-79%	A good response with very few minor weaknesses: The response demonstrates a good understanding of the requirements set out in the RFT and gives sufficient detail and assurance that the Tenderer will deliver the requirements to a good standard.
4	60-69%	A satisfactory response with a number of weakness and demonstrates a reasonable understanding of the requirement of the RFT: The response provides reasonable understanding in relation to the requirements set out in the RFT. To achieve a higher score the tender would require to provide much greater specific detail and clarity in relation to the requirements, to give the evaluation team an assurance that the tender could deliver to a higher standard under the terms of the proposed contract
3	30-59%	A response with reservations The response does not provide sufficient convincing detail and there is a risk that the tenderer would not meet the requirements set out in the RFT. To achieve a higher score the tender would require to provide much greater detail and clarity in relation to the requirements set out in the RFT to give the evaluation team an assurance there is not a risk of non-delivery under

		the terms of the proposed contract
2	0-29%	A response where serious reservations exist. Lacks full credibility/convincing detail, and there is a significant risk that the contract will be unsuccessful. This may be because, for example, insufficient detail is provided, and the response has fundamental flaws, or is seriously inadequate or seriously lacks credibility
1	0%	Response completely fails to address the criterion under consideration

Stage 2: The following approach will be used to mark the quality, comprehensiveness and viability of the proposed goods/ services:

Tenderers must provide responses to each and all of the requirements set out in this RFT including the sub-criteria of an Award Criterion. Each response provided by the Tenderer for each Award Criterion including responses to individual sub-criterion will be evaluated and scored in accordance with scoring bands 1 – 7, as detailed in Table 3 above, with each band (1 – 7) corresponding to a specified percentage of the maximum available marks per criterion or sub-criterion.

For example, if the maximum available marks for a particular criterion is 250 a response which meets all the requirement (Band 4 as defined in Table 2 above) will score between 60 and 69 marks depending on the quality of the response in accordance with Table 2 above and a response which meets all the requirements well (Band 5 as defined in the Table above) will score between 70 and 79 marks depending on the quality of the response.

In order to ensure high quality services, the Contracting Authority have specified a minimum score on a number of specific award criteria at 60% and a minimum total mark for all Award Criteria at 60%.

Tenderer's who fail to reach the minimum acceptable marks indicated for each relevant Award Criterion or for the Total Award Criteria will be eliminated from the competition.

3.3.3 Cost Evaluation

Only Tenderers who have achieved the minimum mark required for each Award Criterion and the minimum marks for the Award Criteria in total will be evaluated for cost.

Tenderers are required to propose a total cost for the delivery of the services in each Lot based on the details provided in appendix 1.

Marks for the Cost Award Criteria in each Lot will be allocated using the following formula:

Marks for Cost	=	$\frac{\text{Lowest Total Tendered Cost}}{\text{Total Tendered Cost under evaluation}}$	*	Maximum Marks Available 300 Marks
----------------	---	---	---	--------------------------------------

3.3.4 Total Marks

The total marks for quality and the total marks for cost will be added together to calculate the overall score. The Tender with the highest overall score will be identified as the Most Economically Advantageous Tender.

3.3.5 Tie Break: If the evaluation results in a tie between two or more Tenderers, then the Tender with the highest score for the 'Qualitative' Criterion set out in the order below shall be deemed the Most Economically Advantageous Tender for the relevant Lot:

TABLE 4: CRITERION ORDER FOR TIE BREAK	
A	Quality of Resources Proposed
B	Proposed Approach to Service Delivery
C	Environmental Management

In the event of a tie and there being no difference in the "Qualitative" and "Costs" Criterion scores, the tied Tenderers will be invited to submit their "Best and Final Offer." The Tender with the highest scoring Tender shall be deemed the Most Economically Advantageous Tender. In the event of a tie following the "Best and Final Offer" process, then the successful Tender will be drawn by lottery.

3.3.6 Subject to paragraphs 2.1 (Important Notices) and 3.5 (Standstill Period) of this RFT, award of the Framework Agreement to the highest ranked Tenderer (as determined by paragraph 3.3.1) will be conditional upon:

- (a) the Tenderer submitting the following evidence in respect of the Tenderer (including the Prime Contractor and any Subcontractors, as applicable in accordance with paragraph 3.1 above) to the extent not already provided, within seven (7) days of request by the Contracting Authority: (i) a Declaration in the form attached at Appendix 4; (ii) if applicable, evidence to the effect that measures taken by the entity concerned are sufficient to demonstrate its reliability despite the existence of a relevant Exclusion Ground; (iii) all or any of the supporting documents specified at paragraph 3.2; and
- (b) the evidence specified at paragraph 3.3.2(a) above demonstrating that each entity concerned meets the Selection Criteria and the compliance requirements specified at paragraph 3.1(b) and (c) above.

3.4 PRESENTATION OF PROPOSALS

Tenderers may be required to make a presentation of the proposal contained in their Tender. The Contracting Authority will not be responsible for the cost of such presentations (in accordance with paragraph 2.8). Performance at presentations will NOT be evaluated.

3.5 STANDSTILL PERIOD

3.5.1 In circumstances where the European Communities (Public Authorities' Contracts) (Review Procedures) Regulations 2010 (Statutory Instrument 130 of 2010), as amended by the European Communities (Public Authorities' Contracts) (Review Procedures) (Amendment) Regulations 2015 (Statutory Instrument 192 of 2015) and the European Communities (Public Authorities' Contracts) (Review Procedures) (Amendment) Regulation 2017

(Statutory Instrument 327 of 2017) apply, no contract can or will be executed or take effect until at least fourteen (14) calendar days after the day on which the Tenderers have been sent a notice informing them of the result of this Competition ("Standstill Period") if such notice is sent by electronic means. The Standstill Period shall be sixteen (16) calendar days if such notice is sent by other means. The preferred bidder will be notified of the decision of the Contracting Authority and of the expiry date of the Standstill Period.

- 3.5.2 Tenderers should note that the Contracting Authority may, when notifying Tenderers of the results of this Competition, include the scores obtained by the Tenderer concerned and the scores obtained by the preferred bidder in respect of each award criterion assessed by the Contracting Authority.

3.6 RETURN OF SIGNED CONTRACTS

- 3.6.1 The successful Tenderer must sign and return the Services Contract and the Confidentiality Agreement, both in duplicate, to the Contracting Authority no later than 14 calendar days from the date of expiry of the Standstill Period unless notified otherwise in writing by the Contracting Authority. A signed Services Contract returned by the successful Tenderer is not binding on the Contracting Authority until the Contracting Authority has signed the Services Contract in accordance with paragraph 2.1.2 above.
- 3.6.2 Where the signed Services Contract and the Confidentiality Agreement have not been received by the Contracting Authority within the period as specified at paragraph 3.6.1 then the Contracting Authority may proceed to award the Services Contract to the next highest-ranked Tenderer in accordance with paragraph 3.6.1 above.

Appendix 1: Requirements and Specifications

Tenderers must address each of the issues and requirements in this part of the CfT and submit a detailed description in each case which demonstrates how these issues and requirements will be dealt with / met and their approach to the proposed delivery of the Services. A mere affirmative statement by the Tenderer that it can/will do so or a reiteration of the tender requirements is NOT sufficient in this regard.
