

CLARIFICATION 8

TEN2600167

**CFT for LEO Mentor Programme Panel 2027-2029 for
Cavan County Council**

Query 1

Could you please clarify how tenderers are expected to complete and submit the ESPD for TEN2600167?

I cannot identify an ESPD/eESPD form within the revised tender documentation supplied. Could you therefore confirm whether:

- an ESPD/eESPD is to be completed through the eTenders system; or
- a separate standard ESPD form is to be completed and uploaded with the tender submission.

If a separate form is required, could you please provide or identify the appropriate document/template to be used?

Response Query 1

There is no separate ESPD/eESPD form required to be completed as part of this competition. Tenderers should complete the declarations, exclusion grounds questionnaires and selection criteria sections contained within the Tender Response Document.

The Tender Response Document incorporates the information and declarations required for the assessment of suitability, exclusion grounds and selection criteria and therefore a standalone ESPD is not required.
