Tender Clarification Schedule

Ref	Issue Date	Query / Clarification	Response
1.1	05/11/2026	The Contract B LESC Contract document appears to be missing - I can see the LESC Contract Pricing Schedule, but not the contract itself - can you please upload?	**B6 - TA01** is now available to download from etenders. A description of the changes to previous issued tender documents is included in this zipped folder. Tenderers must ensure that they are using revised documents where applicable.
1.2	05/11/2026	1.2 Schedule of Tender Documents.docx states under 2.1 Suitability Assessment Questionnaire SAQ QW2 Part 1 and 2 – Biomass Contractor that "The above are inclusive of associated Appendices A, B1, B2 and E." The 02 - Suitability Assessment Questionnaire folder does not contain an Appendix A document - can you clarify please?	Tenderers should disregard any mention of Appendix A - Self Declaration under the Suitability Assessment Questionnaire. An ESPD form (included in the previously issued tender pack) must be completed, signed and submitted with the tenderer's submission. Please refer to "1.6 Tender Submission Checklist" previously issued with the tender pack for a full list of tender submission requirements.
1.3	05/11/2026	1.4 Instruction to Tenderers (ITTs).pdf states "Tenderers must visit the sites to familiarise themselves with the schools and the project scope. Two site visits will be pre-arranged with the schools and be shared with the tender[er]s via a site visit schedule." It will take some time to complete all site visits across all six school bundles (35 schools in total) therefore we wish arrange the visits as soon as possible. Can you provide the schedule of pre-arranged site visits please?	A site visit schedule is now available to download from etenders. This shows the dates available for interested tenderers to visit schools during school operating hours. Tenderers do not need to contact schools in advance of their visit on the day, however tenderers must sign in at the school's reception on arrival.
