2.1 Procedure

Title: Qualification System for Electrical Works Contracts in the Republic of Ireland

Description: The Contracting Entity has an ongoing need to enter into electrical works contracts relating to utility scale onshore wind, solar, BESS or similar projects in the Republic of Ireland. The Contracting Entity wishes to establish a qualification system with a pool of qualified parties (i.e. the Qualified Applicants) that can be invited to specific Competitions under the Qualification System in relation to the procurement and execution of such electrical works. The scope of works under a Contract may include (without limitation) the civil and electrical design, construction, commissioning and testing of electrical substation contestable works, associated low voltage (LV) / medium voltage (MV) / high voltage (HV) cabling, and the grid connection route to connect the Project to the transmission or distribution network in accordance with the connection agreement for the Project and to the satisfaction of the Contracting Entity and the Distribution System Operator or Transmission System Operator. The scope may also include the design, supply, delivery, installation, commissioning, and testing of all electrical and Supervisory Control and Data Acquisition (SCADA) equipment for the substation which may or may not include the grid transformer. For the avoidance of doubt, engineering, procurement and/or construction or similar works in connection with any solar farm, wind farm, BESS or similar asset which will connect to the Project substation will be carried out by one or more other parties under one or more separate works contracts outside the scope of this Qualification System

2.1.4 General information

Additional information: Please consult the associated documentation, which contains full instructions regarding the submission of applications and is available to download from www.etenders.gov.ie using eTenders Resource ID – 4047384 Interested parties must associate their organisation with this competition on the eTenders web site (www.etenders.gov.ie) in order to be included on the mailing list for clarifications and to upload tender responses. To do this you must do the following: Log-in to the eTenders portal; Locate the competition using the Advanced Search by searching under the Procuring Entity or Resource ID. Click on the hyperlink for the competition which will bring you to the CfT Workspace. In the Show CfT Menu for the competition click on the “Expression of Interest in the drop-down menu. Complete the Association with the CfT tab. This will then provide you with a link to Tender under the Show CfT Menu where you can prepare your submission. (2) When finalising your submission please upload your final response as a zip file as individual documents will lose their titles if uploaded individually. Also ensure that you receive a message under the status header called Submitted, as the percentage tab does not imply you have successfully submitted your response. (3) There is a maximum upload limit of 250mb per file / 500mb per submission. (4) Suppliers should note the following when making their submission suppliers must ensure that they give themselves sufficient time to upload & submit all required documentation before the submission deadline. Suppliers should consider the fact that upload speeds vary and that the new eTenders system operates in a different manner to the previous platform operated by EU-Supply. The submit button will be disabled automatically upon the expiration of the response deadline. (5) If you experience difficulty when uploading documents, please contact the eTenders Support Desk for technical assistance. Email irish-eproc-helpdesk@eurodym.com or Telephone: +353(0)818 001459 (09:00 – 17:00 hours). (6) Applications submitted by any other means (including but not limited to email or post or hand delivery) will not be accepted. (7) All information relating to attachments, including clarifications and changes, will be published on the Irish Government Procurement Opportunities Portal (www.etenders.gov.ie) only. Registration is free of charge. The contracting authority will not accept responsibility for information relayed (or not relayed) via third parties. (8) All queries regarding this process must be submitted through the Irish Government Procurement Opportunities Portal www.etenders.gov.ie as a specific question. Responses will be circulated to those tenderers that have registered an interest in this notice on www.etenders.gov.ie. The details of the person making a query will not be disclosed when circulating the response (9) The procuring entity will not be responsible for any costs, charges or expenses incurred by candidates or tenderers. Contract award will be subject to the approval of the competent authorities. (10) Without prejudice to the principle of equal treatment, the procuring entity is not obliged to engage in a clarification process in respect of the procurement documents with missing or incomplete information. Therefore, respondents are advised to ensure that they return completed documentation in order to avoid the risk of elimination from the competition. (11) Where applicable, please note in relation to all documents, that where reference is made to a particular standard, make, source, process, trademark, type, or patent, that this is not to be regarded as a de facto requirement. In all such cases it should be understood that such indications are to be treated strictly and solely for reference purposes only, to which the words "or equivalent" will always be appended. (12) At its absolute discretion, the contracting authority may elect to terminate this procurement process at any time.
