Title: AP 06/25 - Civil Balance of Plant and Civil Engineering Works for Renewable Energy Projects Qualification System

Description: The objective of this Qualification System is to qualify interested parties for the provision of Civil Balance of Plant and Civil Engineering Enabling Works for Renewable Energy Projects. The Qualification System is of indefinite duration. However, it is currently anticipated that the Qualification System will apply for a period of 10 years from the date of its establishment with the option to extend at the Contracting Entity's discretion (having regard to the nature, scope and extent of services required to be undertaken). For the purposes of submitting initial Applications, Applicants must complete and return all documentation relating to their Application by the stated Application Deadline. Applicants submitting Applications will be informed at the earliest opportunity of the status of their Application. Applicants may apply for inclusion on the Qualification System at any time over the term of this arrangement. The Contracting Entity will review and evaluate Applications received after the establishment of the Qualification System on a six monthly basis.
