2.1 Procedure

Title: Agency Recruitment Services - Medical / Biomedical Scientists

Description: This competition is intended to result in a multi-supplier framework agreement for the provision of short term/temporary agency placements, specifically Medical / Biomedical Scientists, for Children's Health Ireland (CHI). The framework will consist of up to 5 framework members. For each role required to be filled, CHI will seek a suitable pool of potential candidates from the framework members and select the most suitable resource based on review of CV(s) and, where appropriate and practical, an interview process. CHI expects a proposal(s) from the agency within five working days of a role fulfilment request. The request will be via email and will include a job specification. Urgent cases may dictate a shorter response turnaround from the agency. Successful bidders will sign a Services Contract with CHI that will apply to services drawn down during the lifetime of the multi-supplier framework. The contract will be non-committal in terms of business volume. CHI have the right to remove any framework member at any point due to non-conformance / poor performance or where consistent non-suitability has been demonstrated. In this instance, a suitably qualified lower ranking bidder may be invited on to the framework in their place.
