Title: 9163 Single Supplier Framework Agreement for Design and Build Civil and Structural Contractor for DART+

Description: This is a call to competition by IE for the procurement of a Design and Build Civil and Structural Contractor by way of a single supplier Framework Agreement, one Contractor will be the sole supplier. DART+ is a transformative programme of projects that aims to modernise and improve existing rail services in the Greater Dublin Area (GDA). The DART network will increase from 50 kilometres to 150 kilometres transforming commuter train travel in the Greater Dublin Area. It will provide a sustainable, electrified, reliable and more frequent rail service improving capacity in all rail corridors serving Dublin, bringing DART travel with all its benefits to new and existing communities. The provision of a new electrified fleet will improve capacity and reduce greenhouse gas emissions.

5.1.15 Techniques

Framework agreement:

Framework agreement, without reopening of competition

Justification for the duration of the framework agreement: The proposed framework is intended to support the delivery of multiple projects within the DART+ Programme, each of which progresses on an individual timeline and is subject to its own Railway Order (RO). Railway Orders are valid for 10 years and are granted to specific projects rather than the programme as a whole. As the approval and implementation timelines for each project are staggered, the framework must remain valid across the full lifecycle of all projects it is intended to support. To ensure continuity and efficient delivery without the need for repeated procurement processes, the framework will have a duration of approximately 12 years.

10 Change

Version of the previous notice to be changed: a04d3542-b86e-42b5-a923-42746c168413-01

Main reason for change: Information updated

Description: Key Changes to Note: • Inclusion of works related to the approach to the DART+ Depot • Adjustments to package boundaries and track works in and around Spencer Dock • Provision of additional stations • Uplift in estimated value Provision for Future Civils & Structural Interface with DART+ Depot (Subject to Planning Approval) The appointed Contractor will be required, under a future call-off, to provide for all necessary works to facilitate the connection to the DART+ Depot (location to be confirmed). These works may include, but are not limited to, provision for utilities, structural interfaces, access routes, and service corridors. The exact scope and timing of these works will be subject to planning approvals and further instruction by the Client. The Contractor shall coordinate with relevant stakeholders and ensure that the design and construction do not preclude or hinder the future connections. Adjustments to contract boundaries and track works in and around Spencer Dock Work on the approaches to the proposed Spencer Dock station was previously intended to be procured as part of the Spencer Dock package. These works will now be delivered by the Civils and Structures Contractor, including; additional ballasted track lowers, construction of new pumped track drainage, construction of new sections of slab-track, alterations to an existing lifting bridge, remodelling of permanent way layouts including the design and installation of new Points and Crossings (both on ballasted formation and slab-track), construction of new retaining walls and additional ancillary civil engineering works where required. Provision of additional stations New stations, subject to approvals, may be included as part of this framework agreement. Stations will feature • Two fully accessible platforms (northbound and southbound) • A covered footbridge with lifts and stairs • An entrance plaza with ticket vending machines and bike parking • Connections to local bus routes, cycleways and pedestrian paths • Lighting, CCTV and public realm Uplift in estimated value Following the changes in scope the current estimated value of the framework agreement, previously published as €450m, has increased to €650m. There is no change in annual turnover values required as part of the pre-qualification process.
