Title: Environmental Monitoring System for the National Children's Hospital Ireland

Description: The services comprise implementation of an end-to-end Environmental Monitoring System for the new children's hospital, to be operated by Children's Health Ireland (CHI). As CHI prepares for the opening of the National Children's Hospital Ireland (NCHI), the organisation has identified the need to develop a comprehensive Independent Environmental Monitoring system. This system will serve CHI at the NCHI and potentially the satellite facilities at CHI at Tallaght and CHI at Connolly. The system will be specifically for use in a hospital environment monitoring pharmacies, lab and speciality environments and Temperatures. The system must ensure compliance with suitable ISO accreditation standards and integrate with a centralised monitoring system that meets current environmental and temperature monitoring standards. Any contract award will be subject to funding approval.
