#### 2.1 Procedure

*Title:* 9165 Single Supplier Framework Agreement for Design and Build Signalling and Telecoms Contractor for DART +

*Description:* This is a call to competition by IE for the procurement of a Design and Build Signalling and Telecoms Contractor by way of a single supplier Framework Agreement, one Contractor will be the sole supplier. DART+ is a transformative programme of projects that aims to modernise and improve existing rail services in the Greater Dublin Area (GDA). The DART network will increase from 50 kilometres to 150 kilometres transforming commuter train travel in the Greater Dublin Area. It will provide a sustainable, electrified, reliable and more frequent rail service improving capacity in all rail corridors serving Dublin, bringing DART travel with all its benefits to new and existing communities. The provision of a new electrified fleet will improve capacity and reduce greenhouse gas emissions.

### **5.1.15 Techniques**

Framework agreement:

Framework agreement, without reopening of competition

*Justification for the duration of the framework agreement:* The proposed framework is intended to support the delivery of multiple projects within the DART+ Programme, each of which progresses on an individual timeline and is subject to its own Railway Order (RO). Railway Orders are valid for 10 years and are granted to specific projects rather than the programme as a whole. As the approval and implementation timelines for each project are staggered, the framework must remain valid across the full lifecycle of all projects it is intended to support. To ensure continuity and efficient delivery without the need for repeated procurement processes, the framework will have a duration of approximately 12 years.
