Description: Tenders are sought for the supply of an Oral Fluid Based Preliminary Drug Testing (PDT) System.

Equipment refers to all components required to conduct a drug test on the system. The part of the system which is responsible for the drug test will be referred to as the 'Tester'. The Medical Bureau of Road Safety (MBRS) intends to enter into a Framework Agreement of three (3) years duration, with the option to extend for a further one (1) year with a Single Supplier for the purchase of this system. While Agents for such systems are free to bid, the MBRS intends to enter into an agreement with a Manufacturer only. Any Agents bidding MUST be in a position to provide full representation for the Manufacturer including provision of the Preliminary Drug Test (PDT) System for evaluation purposes. Tenderers MUST be in a position to provide equipment and training as part of the evaluation process to verify the responses submitted, from approximately one (1) month post the deadline for receipt of Tenders.
